### TO PLANT TREES ALONG ROAD

Nebraskans Urged to Set Out Plenty Along Lincoln Highway.

ARBOR DAY IS THE TIME SET Official Circular of Association Plends that All Clubs and Organizations in State Get Busy April 22.

Trees are to be planted along the Lincoln highway throughout the entire length of the state of Nebraska April II, Arbor day. This is announced in an official circular of the Lincoln Highway association. Women's clubs, Commercial clubs, county commissioners and other official organizations along the road are being asked to co-operate in the work. The object is to beautify the highway through Nebraska. The little folder points out that while in foreign countries the progress of civilization has been marked by splendid public highways with planting of splendid shrubs and trees cultivated for many years, in America people have been too busy with commercial affairs to do these things.

Now we are standing on the threshold of a new era," says the pamphlet, "and we have adopted the slogan, 'See America. First.' In choosing this stogan we realtze that our neglect of the public highways is in a measure a check on further development and the effectiveness of our invitation."

Makes Appeal to All.

The pamphlet continues:

Today is not vesterday, and the present with all its possibilities is not the past. To make good, we must keep time with the progress of the age in which we now live. The motor age is here, and the motor car is a strong factor in the rapid development of this age. When the motor car first appeared it was used only by the joy rider; now it is a commercial necessity and has found a welcome place in an kinds of business. To get the greatest efficiency out of the motor car, we must have good roads—better still, concrete roads. To make our slogan "See America First" effective we must give the thousands who tour in motor cars something beautiful to see and a good road to travel.

The name of Lincoln appeals to the heart of every true American citizen and instills in him the spirit of patriotism. The Lincoln highway, named in memory of our martyred president, is already established from New York to San Francisco, and the organization now plans to make it a perfect and beautiful boule-The pamphlet continues:

catablished from New York to San Fran-cisco, and the organization now plans to make it a perfect and beautiful boule-vard from coast to coast. To do this we must have co-operation and concerted ef-fort, and we will be amply repaid by the further development this effort will bring to our great state of Nebraska. The Lincoln highway enters Nebraska at Omaha on the east and the village of Smeed on the west, passing through fif-teen counties and fifty-three towns and follows closely the line of the Union Pa-

citic railroad across the state.

Civic pride for our state should lead all citizens to join in the work of developing and beautifying this highway, not only as a memorial to our martyred president, but to those sturdy ploneers who made our state possible and also making it a monument to those who have part their lives in building the state. making it a monument to those who have spent their lives in building the state and to those now interested in advancing the plan of the Lincoin Highway association. Civic pride should lead us not only to beautify this roadway through Nebraska for ourselves, but to give comfort and pleasure to the thousands who will travel across the state in years to come. It gives me pleasure to tell you that Nebraska stands in a class by itself in the topography of its roadway and that no other state in the union has so many miles of level road as the Lincoin highway traverses across our state. Nebraska leads all other states in the Lincoin highway traverses across our state. Ne-braska leads all other states in the Lincoin highway movement and our organi-sation is complete and working in har-

mony.

While Nebraska is short in years of history, its people are live, busy men and women who give time, affort and means to all matters of public interest,

to correct such ills as Poor Appetite, Sick Headache, Bloating, Heartburn, Indigestion or Nausea if you act promptly and at the first sign of trouble

and we feel that every man, woman and child living on or near this highway should secure, plant and care for at least one tree or shrub along the road. And the fact that they are fortunate enough to own property or live near the high way should make it casy to do this, and will amply repay them in the future.

the comptroller of the currency to connect with the First National bank of Midland. with the First National bank of Midland. The abstract of the conditions of the National bank of Iowa, exclusive of reserve cities at the close of business on March 4 as reported to the comptrollar of the currency shows the average reserve held at 14.40 per cent as compared with 15.83 per cent on January 15: leans and discounts increase from \$117.192,613 to \$122,422,000; lawful money reserve and decrease from \$2,31,827 to \$170,834; individual deposits from \$114,363,233 to \$128,882,322.

Washington Affairs

Wade H. Cooper, a Washington bank president, who recently lodged charges at the White House against Justice Daniel T. Wright of the district supreme court, was indicted yesterday by the grand jury on charges of criminal libel. The charges were referred to the house judiciary committee and dismissed.

The senate confirmed yesterday the nominations of the two new State department officials, Robert Lansing of New York, counsellor, and Cone Johnson of Texas, solicitor. The appointments of John L. De Saulles, to be minister to Urugusy, and E. N. Spence, to be United States attorney for Alaska, also were confirmed.

Confirmed.

Trust legislation was again considered yesterday by the senate committee on interstate commerce and it was announced later that regulations of holding companies was the only feature of which agreement had not been reached. Senators Robinson of Arkansas and Cummins of Iowa were named as a subcommittee to draft a section of the proposed anti-trust bill relating to this phase of big business.

Health and Beauty Hints

Mary: I have found that face powder close the pores and causes that rough, scaly condition of your skin. Make up and use this inexpensive lotion and you will be delighted with the results: Dissolve 4 ounces spurmax (which you get at the druggist's) in half pint hot water or witch haxel. After cleansing and drying the skin, apply the spurmax lotion, robbing lightly, until it vanishes. This lotton imparts a cleanness and velvety softness to the skin and restores the rose-tint of healthy maidenhood. The spurmax lotion is especially nice for sallow, "muddy," oily skins and is superior to powder, as it is invisible when on and will not rub off in patches.

Applied L. Powdered deletions is the stand beautiful gloss. Canthrox shampoos stimulate a healthy condition in the scalp stimulate a health

Annie L.: Powdered delatone is the most effective thing of which I know for removing stubborn halry growths. Get an original package and mix enough powder with water to cover the hairs not wanted. Apply and in 2 or 3 minutes remove, wash the skin and the hairs are gone. This is a quick, harmless method and seldom needs repeating. Be sure it is delatone you get.

Belle S.: Tour pain in the small of the back constant headaches and loss of weight is the result of poison-laden blood. Here is my formula for an old-fashloned system-tonic which, if taken regularly for a while, will restore you to perfect health: To ½ pint alcohol (never use whisky) add i cunce kardene (get from your druggist), then ½ cupful sugar and hot water to make a full quart. The dose is a tablespoonful three times ad ay. This is gentle in action, cleanses the blood of all impurities and is unsurpassed for clearing the skin of discolerations and restoring the healthy glow of youth to the complexion.

N. O.: Your dull, streaky hair indicates an impoverished condition of the scalp and hair-roots. I am giving you a simple recipe, which if you make up and use, will banish your scalp-troubles and make your hair grow thick, sliky and furfy. Get from your druggist! ounce day in the scalp and hair-roots in a healthy. The dose is a tablespoonful three times ad ay. This is gentle in action, cleanses the blood of all impurities and is unsurpassed for clearing the skin of discolerations and restoring the healthy glow of youth to the complexion.

Dora M.: For banishing your wrinkles you will find a plain almozoin jelly-cream quick and certain in its angle of the scalp and hair-roots. I am giving you a scalp and hair-roots if you make up and use, will banish your scalp-troubles and make your hair grow thick, sliky and furfy. Get from your druggist! ounce kardene iget form your druggist! ounce will be an impurities and tablespoonful three times ad ay.

This is gentle in action. cleanses the blood of all impurities and is unsurpassed for clearing the skin of discolerations and restoring the healthy glow of youth and hair-roots. I am giving you a scalp and hair-roots in a healthy ounce will be all the part of the scalp and hair-roots in a bealthy vigorous condition.

itimulate a Realizable for the paractise for the paractise from your excess fat will soon yanish after a short course of the paractise from the form your druggist and dissolving in the firm and the fat and when your weight is sufficiently reduced your skin will be firm and free from wrinkies. No diet or exercise is necessary, as it cannot possibly do any injury.

To make your eves sparkie

with is inexpensive and easily prepared, Just dissolve I ounce crystos in a pint cold water and it is ready. Putting a few drops in each eye frequently soon relieves the smart and ache and will give to them a sparkle and expressiveness truly charming. This is excellent for weak eyes.

AFFAIRS AT SOUTH OMAHA POLITICAL TALK AT SCHOOL

Exchange Puts Ban on Mistreatment Water Boss Howell Boosts Legislaof Live Stock.

PUNISHMENT FOR OFFENDERS ZIMMAN IS FOR REGULATION Representatives of Packers and Yards Attend Meeting and

Approve the New

Policy.

Humane treatment of stock shipped to and from the South Omaha yards is to prohibiting the use of the schools for be exacted by the Live Stock exchange under heavy penalties. This was determined on resterday at a meeting of the Monmouth Park Improvement club at board of directors of the exchange. Rep- Monmouth Park school last night, adresentatives of the passers and the stock vised his audience that one of the ways sare's attended the meeting and approved the new pelicy. An order was at once issued and posted by Secretary A. F. Stryker of the exchange.

The complaints of mistreatment of during the week that Howell had taken cattle have been heard for a long time advantage of an invitation to address and the loss entailed by such mistreat- an improvement club in a school building ment has compelled the packers to seek by campaigning for his political pals. some relief. Bruises, whip marks and even broken bones result in much loss to plant as an adjunct of the city water the packers. These bruises and whip plant, saying it would be one of the marks are often the result of bad hand- means of forcing lower electric light ling at the yards, it is claimed. A rule rates. In this connection he said that he of the exchange forbids mistreatment of secured some information while in the animals kept at the yards by any em- east on business for the water district ploye or commission man, and a fine which tended to show that the city could imposed for infraction of the rule, As a result of yesterday's meeting the cheaply as any private corporation and tills will be enforced against yard em- he proceeded to impart this information.

ployes and men who work for the packers, employes of the different comnitaled firms and commission men themselves. It was agreed that where a case of mistreating stock came to the plan, but W. J. Histop, a member of the notice of the exchange members the offense should be reported to the yard company, the packers, the commission men or the Live Stock exchange directly. An employer offending, would be fined \$10 for each offense, and dented work by any member of the exchange for thirty days. A member of the exchange found guilty will be fined too.

Me unuil" Offerefa Commissioner Kugel's statement that he would provide a barbeous on lows side of the river for Kelley's army if he had a "bull" brought no offers from the Union Stock yards.

Merchandise Stoles. Approximately \$300 worth of merchandise was stolen from Missouri Pacific freight cars in South Omaha Wednesday night. The goods taken included dresses, shoes and clothing generally. Special Agent Jim McCarry of the Missouri Pacific was here yesterday working with the local police on the matter.

South Omaha High Girls Win. The South Omaha High school girl basket ball team scored its last victory of this season by defeating the Oakland High school girl team, 16 to 7, last evening in the high school gymnasium. The game was marked by rough play, especially on the part of the local team. Maude Brooker and Bertha Hoden played the best game for South Omaha and the team work of the locals was excellent. The Oakland team played a splendid game. The lineup:

Church Services.

Christian Church, Twenty-third and I, Rev J. G. Albers, Pastor—A go-to-church movement is being made. The morning sermon will be on "The American Home." The subject for the evening sermon, "The Impregnable Fortress." A number of young people have recently expressed their desire to become members of the church and will be baptized after the Evening services. Tireless efforts are being made to make the attendance the greatest in the history of the church. First Methodist Church, Corner Twenty-fifth and E. Rev. J. W. Kirkpatrick, Pastor—Sunday school at 3:46. Preaching by the pastor at Il. Morning subject, "What is God?" Epworth League at 6:30. Evening service at 7:30, subject, "What is Success?"
United Presbyterian Church, Twenty-third and H.—Public service at 11 and 7:30. Rev. J. H. White, superintendent of missions for Nebraska and lows, will preach. Sabbath school at 2:46, R. J. ## **High-Priced Tires** Since Our Reductions, 16 Makes Cost You More Than Goodyears

The facts are these:

No-Rim-Cut tires, because of costly features, used to cost onefifth more than other standard

Yet they excelled so far that they soon outsold any other tire in the world, as they do today.

With mammoth output came lower factory cost. Our overhead cost dropped 24 per cent. New factories, new machinery, new efficiency brought costs down and down.

And we dropped our profits until last year they averaged 6½ per cent.

During 1913 No-Rim-Cut prices dropped 28 per cent. Largely, of course, because of rubber reductions. They reached a point which other makers of good tires do not care to reach.

Now 16 makes sell higher than Goodyear prices - some almost one-half higher. And every tire user wants to know what justifies these prices.

Our answer is this:

Those higher prices can't be justified in any way whatever.

We have had scores of experts working for years to find ways to better No-Rim-Cut tires. And they all agree that better tires are impossible.

Then No-Rim-Cut tires have four costly features found in no other tire. One makes rim-cutting impossible. One saves countless blow-outs, and it adds to our tire cost \$1,500 daily.

One lessens by 60 per cent the danger of loose treads. And one is our double-thick All-Weather tread. Mark this. Not another

tire at any price has one of these costly features.

Lower prices are easily explained. Higher prices lack a single shred of basis, save smaller output or a larger profit.

nothing else.

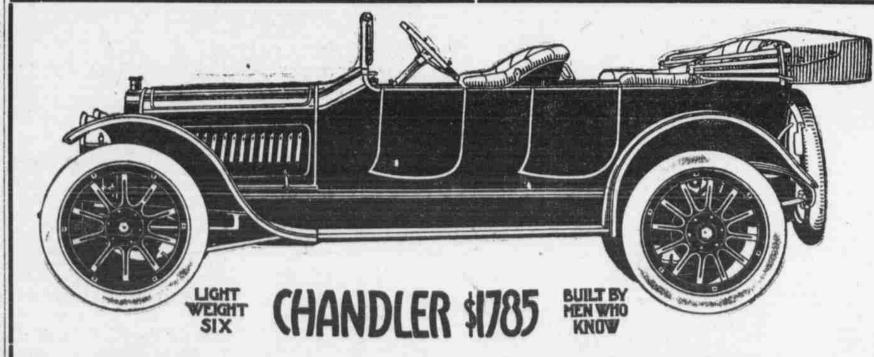

Those are the facts You don't care to pay for chimerical advantage, and extra price buys

THE GOODYEAR TIRE & RUBBER COMPANY, AKRON, OHIO

No-Rim-Cut Tires

With All-Weather Treads or Smooth

Any Dealer can supply you Goodyear Tires. If the wanted size is not in stock he will telephone our Local Branch.

This Car Will Absolutely Dominate the Trade in the Light Weight Six-Cylinder Class

We Stake Our Reputation as Successful Automobile Men on the Above Prediction

The reason the Chandler will be master of the Light Six situation is because it stands today as the only Light Six on the market that coincides in every detail of construction, except weight and size, with the highest priced Six-Cylinder cars built in America. If you will choose any other Light Six that you believe competes with the Chandler, we will by comparison and demonstration show you better performance, better design, better material, higher priced equipment, and far more power. Just remember that the Chandler has been made for a longer time and has seen more road service than any other Light Six sold in Omaha.

These are not merely claims—these are facts that we can prove easily.
