4 REXALL DRUG STORES

Modern Drug Stores Make Less Profits Than Old Apothecary

Time was, and not so very many years ago in this city, when "drug store prices" was another name for "high and fancy figures." One hundred per cent profit was not only proverbial, but an actual and everyday fact, not alone on drugs and chemicals, but on such articles other than drugs, which were sold by "ye ancient apothecary."

The Union Pacific railroad has just received from the printers a handsome forty-page folder entitled, "How to see California and Its Expositions in 1915," and containing information concerning the two fairs and giving all the facts about the various attractions possible to obtain at this time.

If you are maintaining a private power plant, you are carrying an unnecessary burden. Your factory is depending upon power and may be laid out for days or weeks because of a broken boiler, coal famine or other cause.

Central Station Will Carry Your Power Burdens

Using Central Station current you are assured of sufficient power at any time of the day or night for running one machine or 100. You avoid the problems of fuel purchase and ash disposal, dirt, vibration, noise and the numberless other vexations attendant upon private power plant operation.

Let us show you what Central Station power will save for you.

It's Cruel to "Rush" a Cleaner

That is, it's cruel to wait until the very EVE of EASTER and then throw your clothes down on Dreshers' counter and say: "There they are Dresher! I MUST have these repaired, altered, cleaned and pressed by TOMORROW, for I am to appear in the EASTER PARADE!"

Of-course, Dreshers have the FACILITIES—but—ANY equipment will clog up if OVERTAXED.

So—in justice to yourself—and to Dreshers—get your EASTER clothes in NOW for a cleaning. Do that and you will get a full-attention-high-grade-classy sort of a job—and you won't give Dreshers a nervous breakdown with "RUSH" work either.
