

# Society

By MELLIFICIA. Tuesday, March 31, 1914.

It is curious how fashions and fads return. During the last few seasons society has played bridge morning, afternoon and evening, and sometimes the game would last until the wee small hours, but quite recently nearly all of the bridge clubs have changed to sewing clubs.

During Lent it is mostly for charity that milady sews, but at other times it is making dainty boudoir caps or embroidering linens or making dainty crepe de chine lingerie.

I asked a social butterfly, one of the prettiest girls in the younger set and one of the best dancers, so it goes without saying she is one of the most popular, "What are you doing socially this week?"

"Just sewing," she replied. The Altar guild of Trinity cathedral are meeting each Friday afternoon and sewing for the Easter sale, which will be held the Wednesday preceding Easter. Miss Daisy Doane is president of the Altar guild and some of the members are Mrs. George Voss, Mrs. Isaac Coles, Mrs. Walter Roberts, Mrs. Thomas Brown, Mrs. Ralph Peters, Mrs. E. H. Packard, Mrs. James A. Tancock, Mrs. Clarke Powell, Miss Stella Thummell, Miss Janet Hall, Miss Carolyn Barkalow, Miss Elizabeth Congdon, Miss Carolyn Congdon, Miss Beatrice Tancock and Miss Daisy Doane.

A number of young women debutantes of the last two seasons are meeting each Thursday with Misses Elizabeth and Menie Davis and sewing for the children of the Clarkson hospital.

Members of the Original Monday Bridge club met this week at the home of Mrs. W. R. McKeen, and spent the time sewing for the Visiting Nurse association. Following luncheon the members sewed until 3:30 o'clock, when they went to the lecture given by Prof. Fling at the High school.

Mrs. Wilson Austin will be hostess Wednesday at one of the bridge clubs, but the afternoon will be spent with sewing instead of the bridge game.

Mrs. John Redick was hostess at another bridge club meeting this afternoon and the time was spent sewing for the Visiting Nurse association.

The Vassar club, which is a social club, is sewing at its meetings for the children of the Child Saving Institute.

## Insurgent Woodmen Will Be in Force at the State Camp Meet

A full-blooded insurgent delegation of Modern Woodmen of America will beyond question go from Douglas county to the state meeting. This seems now assured, as the county convention of the Modern Woodmen is to be held in South Omaha this afternoon at 2 o'clock in Odd Fellows' hall, and the vast majority of the delegates to attend the county convention are anti-Talbot, anti-Chicago rates insurgents. The business of this convention is to select delegates to the state camp and recommend two delegates from the county to attend the head camp meeting at Toledo in June.

Out of 117 delegates that are to attend the convention this afternoon, all but twenty-three are insurgents. The convention is to choose nine delegates to the state camp.

**Whooping Cough.** "About a year ago my three boys had whooping cough and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping spells. I continued this treatment and was surprised to find that it cured the disease in a very short time," writes Mrs. Archie Dalrymple, Crooksville, Ohio. All dealers.—Advertisement.

## MRS. ELLIOTT ARRIVES HERE

Noted Worker Different Than Popular Picture of Suffragist.

### DENOUNCES THE ANTI CAMP

Characterizes Them as Innocent Tools and Toys of the Brothel Keeper, Gambler and Brewer.

A most charming personage is Mrs. Maude Howe Elliott, daughter of Julia Ward Howe, who is in Omaha to address a meeting at the American theater this evening under the auspices of the progressive party. Wife-wake, blue eyes flash from a dainty countenance framed with beautiful white hair, her femininity utterly destroying the current impression of "the suffragette," for Mrs. Elliott is a zealous worker in the cause and is to be tendered a luncheon by the Omaha suffragists Wednesday noon.

Mrs. Elliott was very emphatic in her denunciation of the anti-suffrage movement. "It is too bad," she said, "that the anti-suffrage women do not realize that they are the tools and the toys of the trinity of evil, the brothel keeper, the gambler and the brewer, all of whom oppose the suffrage movement."

"Suffrage is coming. It is coming with seven-league boots, but my principal concern now is to prepare the women for an intelligent and beneficial use of the ballot."

Mrs. Elliott is very fond of moving pictures and chose to see the Buffalo Bill historical pictures first of all during her stay in Omaha. She was also desirous of viewing the reconstructed tornado district and will be taken through this afternoon.

Mrs. Elliott was very complimentary to The Bee, stating that it was well and favorably known all over the country.

## RUNAWAY INDIAN BOYS TAKEN BACK TO SCHOOL

John O. Milligan, military director at the Haskell institute at Lawrence, Kan., came to Omaha Tuesday morning and took back to the school with him three Sioux students, John Younghawk, John Prettyboy and Tom Blackbird, together with Charles Severe, a Winnebago youth, all of whom ran away from the school several weeks ago and were arrested in Omaha Saturday.

**Unquestioned Evidence**

Shows that Alamito is selling the best milk, far above the city standard and averaging in quality above the average of all other milkmen.

	Alamito Milk			Competitor's Milk Sampled		
	Samples taken	Butter-fat	Total Solids	Samples taken	Butter-fat	Total Solids
Average of city tests taken from Grocers to March 16.	40	3.6%	12.52	48	3.3%	12.27
Average of city tests taken from Restaurants to March 16.	31	3.7%	12.80	37	3.6%	12.70
Average of city tests taken from Wagons and all sources to March 16.	78	3.6%	12.60	252	3.4%	12.30

Please Note—Not only is Alamito milk the richest but it is the cleanest, the only milk put into sterilized bottles, the only milk free from pathogenic bacteria, because pasteurized, and the only milk automatically capped with a machine. (That is, caps are not put on with the fingers.)

The above averages do not include tests from our certified or Special Brands, which would make our averages still higher.

These figures speak for themselves and may be verified at the city hall.

**Be safe, buy the best milk. Grocers! Insist on having the best milk for your trade.**

**Do Not Blame the Operator**

Sometimes in the Telephone Central Office several calls come in to one operator's position at practically the same time, and when such a congestion occurs you may feel that "Central" is slow in answering.

If you will hold a watch on the operator for a dozen calls, you will find that on the average she answers very quickly.

**Delays Occur Anywhere**

Sometimes you may have to wait for "Central," just as you might be delayed in depositing money at a bank, or be slow in getting a pound of tea at a grocery store, but the operator usually answers very quickly and handles calls with wonderful accuracy.
