NEW YORK, March M.—The extent to which the speculative situation is bound up in the freight rates case was indicated by the course of the stock market today. The action of the interstate Commerce commission in expediting the rates case foreshadowed an early decision, and, as the financial community expects that the decision will be favorable to the railroads, the news was construed as distinctly bulkan. The market responded strongly.

HOGS-Receipts were moderate for a Tuesday, something like 9,000 head being received. For the two days the total is it.150, being a little over 1,000 larger than last week, but more than 3,500 short of the corresponding days last year.

Aside from a few leads of light hogs bought by shippers early at a nickel deciline the market opened out very dull rackers were offering 150 lower prices, and as the shipping demand was not
