Announcement of Winners in The Bee's

A Complete Line, \$850 to \$1,050 THIS IS THE CAR

The 1914 Detroiter was chosen as one of prizes in THE BEE'S M. & M. Contest because of its superiority over even the most expensive makes of Fours in appearance and quality.

There is not an ungainly angle in it; graceful as a bird's wing, the crowned-fenders melt away the angularity of guards. With the added horsepower of its expensive ball bearings, the motor is indomitable. For five hundred dollars more one buys not a whit better construction-more honest material, more sterling workmanship.

with Detroiter-Remy Starting and Lighting System.

The fact that we had returned to us

60,135 Labels and Cartons

taken from our Tangier and Hu-Co brands during the M. & M. contest, which has just closed, is evidence conclusive that the consumer appreciated the quality of these popular brands. Our aim has been, and will continue to be, to put out the very highest standard of foods under our Tan-gier and Hu-Co brands.

Ask your grocer for Tan-gier and Hugo foods---there is nothing finer.
