TO GATHER STATISTICS OF JEWISH POPULATION

Plans have been completed by representatives of several Jewish organizations of the city to compile a statistical report of the Jewish population of this city.

This movement was inaugurated by the Jewish Publication society of Philadelphia, which annually issues a year book with information of this nature regarding different cities in the union for the purpose of securing accurate figures, and in line with similar movements in other cities. It is anticipated that these statistics, when compiled, will prove of inestimable value in facilitating Jewish communal undertakings and to the Associated Jewish Charities.

Over 100 young men and women have volunteered to assist in the active work, which will be sponsored by every Jewish organization in the city. Miss Marion Alpersen is chairman and Mr. Arthur Rosenblum secretary of the committee which is forwarding the movement.

BLIND CHILDREN WILL ATTEND OPERA NEXT WEEK

The blind children at the Nebraska School for the Blind at Nebraska City are happy with the anticipation that they are to hear real grand opera. The children listen to the operatic selections on the superintendent's phonograph with delight and have become appreciative critics of the opera without ever having heard one. They have decided preferences as to artists, and there is considerable rivalry between the Italian, French and German schools of the opera.

Judge McHugh, the chairman of the Omaha grand opera committee, has arranged to have the children come to Omaha next Tuesday and hear Mary Garden in "Thais." Forty of the children will come in the party, and it is possible that this number will be raised to sixty.

No evidence of drinking was presented. Mrs. Allen was also charged as a keeper with her husband, but the judge discharged her.

Mrs. Dollie Foster, 710 North Sixteenth street, who resides next door and in whose home evidence of drinking was found, was fined \$20 and costs.

How To Grow Long Beautiful Hair

By a Hair Specialist.

It is not hard to stop the hair from falling out and promote its growth if the right means are used. There is no hope for the scalp where the hair roots are dead and the scalp is shiny. However, to those who have not reached this condition, immediate steps should be taken to stop it before it is too late. Here is a simple recipe which you can make at home, that will stop the hair from falling out, promote its growth and eradicate scalp eruptions and scalp humors. I know of cases where the hair has grown from four to five inches in a few months after using this simple recipe: To a half pint of water add 1 oz. bay rum, a small box of Barbo Compound and 1/2 oz. of castor oil, and apply to the hair, rubbing with the finger tips two or three times a week. These ingredients can be obtained at any drug store at very little cost and mixed at home. This recipe not only promotes the growth of the hair, but darkens streaked, faded gray hair and makes it soft and glossy.—Advertisement.

SPANISH PRIESTS IN OMAHA

Three Come from South America to Take Up Work in Nebraska.

LIKELY TO ESTABLISH ORDERS

All Belong to Augustine Recoleto Fathers and Plan to Build Monasteries in Various Parts of the Country.

From South America to Nebraska is the long jump made by three Spanish Catholic priests now in Omaha, enroute to meet Bishop Duffy, at Kearney and serve in his diocese temporarily, while learning the language and customs of this country. They are Father Manuel Fernandez, Father Samuel Ballesteros and Father Leonardo Aycoia, and are stopping at the Henshaw hotel as guests of Harry E. O'Neill.

Father Fernandez is the oldest of the party and the only one who tries to speak English. He is superior for the United States of the order of Augustine Recoleto, to which the other two are also attached, and which has not yet been introduced in this country. After attending the international meeting of the order in Spain this summer, Father Fernandez expects to found an Augustine chapter at Washington.

Yesterday the three priests called on Right Rev. Richard Scannell, bishop of Nebraska, and also on Mrs. Frank Hamilton and her sister, who speak Spanish fluently. Before coming to the United States, the priests had churches in Colombia, South America. They are taking advantage of the shortage of priests in this country to secure parishes here while learning the language in preparation for the spread of their order in the United States.

The Newbury Heating company of Chicago and St. Louis has been awarded the subcontract by Selden-Breck Construction company to install the heating plant of the new Fontenelle hotel. The figure is given as approximately \$5,000. This included the installation of a complete heating system, a vacuum system and a garbage destructor. The garbage destructor is a plant in which the fats and oils are extracted from the garbage and the residue is dried and burned.

ALIMONY DECISION BY JUDGE REDICK REVERSED

The opinion of the state supreme court reversing the famous decision of former District Judge Redick that Leonard Winter by marrying a second time might, as the head of a family, claim exemption from payment of alimony to his first wife who had divorced him, has arrived in district court.

Judge Hamer, who wrote the opinion, declares there is no justice in permitting the defendant to deny support to his first wife and little daughter and that if he could create a condition with which to defend himself against the decree the court order would be of little value.

The right of exemption belongs to the law branch of jurisprudence, the high court says, while the granting of alimony grows out of equity, the other division.

MRS. MARY A. ELLIOTT OMAHA PIONEER IS DEAD

Mrs. Mary A. Elliott, a pioneer of Omaha, died at the home of Murray Hill in Fremont Monday.

She was for many years a member of the Knights Memorial church and an active worker in the Women's Christian Temperance union and City mission.

About twelve years ago she was injured in an accident, which caused her to retire from charitable work. She has spent much time at the home of her granddaughter, Mrs. Hill, who died last August, leaving several small children, and it was there that she died.

She is survived by her husband, two daughters and two sons, also a brother, Mr. Daurshull. The body will be brought to Omaha and interred in the family lot at Prospect Hill.

BRONZE LIGHTING FIXTURES FOR POSTOFFICE READY

After waiting for a year and a month, Custodian Taylor of the federal building has been informed that bronze lighting fixtures for the approaches to the federal building have finally been completed and shipped. The ornamental fixtures were part of the scheme for beautifying the eastern entrance to the building, and the huge bronze brackets were ordered and contracted for more than a year ago. The fixtures will be placed in position as soon as they arrive here, and it is believed that the work will be completed by May 1. The new swinging doors on the sixteenth street entrance to the federal building are being installed to replace the revolving door formerly used there.

WAS THE MAN THOUGHTFUL OR WAS HE THOUGHTLESS?

Few people are as thoughtful as a Chicago man, who sends the information bureau at the Omaha postoffice a few days ago, asking that a package addressed to a woman at the general delivery here be returned, as it was impossible to deliver the package. The mail following that in which this letter was received contained another note from the same man, asking that his former letter be disregarded. In view of the fact that his parcel post package had been sent to the woman at another city instead of Omaha, L. H. Mole, clerk at the information window, is keeping the two letters to illustrate the thoughtfulness or thoughtlessness of the man.

RAY NELSON ARRESTED FOR THIRD TIME IN A WEEK

Otto Beindorff Seeks to Break Will of His Father

Action to break the will of the late Charles Beindorff, pioneer Omaha business man, who died last month, leaving the greater part of his \$100,000 estate to his daughter, Mrs. Minnie Burnett, has been begun in county court by Otto L. Beindorff, a son.

The will provides that if any heir attempts to overthrow it in court he shall not share in the estate. Mr. Beindorff received a bequest of \$10,000.

Durand and undue influence are alleged to have been exerted on the late Mr. Beindorff in a protest against probate of the will filed in county court. It is charged that he was improperly and unduly persuaded to make and sign the document by Mrs. Burnett and persons representing her.

It is said the contest probably will be carried into the district court following hearing in probate court.

NEBRASKAN CREATES SENSATION AT CAPITOL

Harry O'Neill of Oconto, formerly an Omaha attorney, is in Omaha on his way home from a five months' trip through Europe.

"In Washington I caused quite a sensation," explained Mr. O'Neill to a group of friends. "I called on the distinguished secretary of state, and when he found that I asked for nothing for myself, and did not even have a favor to ask for a friend, the temperature rose perceptibly, and as the general frigidity of the atmosphere began to disappear, the visit became more pleasant."

Salts Fine for Aching Kidneys

We eat too much meat which clogs kidneys, then the Back hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only a trouble.—Advertisement.
