

FEDS PRY OFF LID TOMORROW

On Tuesday the Majors Follow Suit and Season Will Be On.

YOU NEVER CAN TELL FOR SURE

Revelations in Base Ball During the Last Five Months Have Been One Set of Surprises After Another.

By FRANK G. MENKE. NEW YORK, April 11.—And now that the snows of yester year have melted...

Looking back over the happenings of the last five months one suddenly realizes the truth of the statement that "you never can tell."

When the Signs Fibbed.

But the signs fibbed. So many things "busted" between December and this day and date that it kept one up rather late at night figuring out, not what one could write about, but rather figuring out of which subject one should select out of a score or more subjects.

And then along came Ebbets, care-free and happy, thinking he had Tinker where Tinker's epical column seemed to be rubbing up and down against a blank wall, murmuring, "Ha, ha, jump if you want."

Makes Good News. The leaping stunts of the majors who couldn't resist the bulging Federal barrels...

And then just when things seemed about to resume their normal state, just about the time when the Feds ceased to be a sensation and were voted as among those present...

Once again news and reams of copy were available. Where would Evers go? What would happen to Murphy? Would Evers jump to the Feds? These and a score of other little questions on the same order seemed to call for answers and in a drowsy way the compositors of sporting squibs attempted to answer them.

After Mister Murphy was duly and completely carried from his cub presenting job, the world tourists soured across New York bay and a merry scramble for the services of the unsigned players between the Feds and organized base ball ensued...

Busy Little Season. All in all it was one of the busiest little seasons that the oldest sporting inhabitant ever has known. From the moment that the National League staged their annual battle in the Waldorf on December 3...

It is to be thanked for something else, too. After the National commission, sitting in Cincinnati in January, granted most of the demands of the Base Ball Players' fraternity and it seemed that peace would reign and there'd be nothing left to write about for a week or two...

Of course, this made considerable copy, because Dan's speech came as something of a surprise. In view of the fact that right up to the minute that he climbed Dave's frame it seemed to everybody that he and Dave were awfully good friends.

Usually a base ball scribe looks forward to the summer months, when base ball returns to the land, as a season of hard labor. But this season will be something different. After a winter in which so many things happened, and continued to happen, one after another, and one on top of another; after a winter in which he got no rest but had to labor at double speed, he looks forward to the opening of the base ball season as the beginning of six months of vacation for him.

FANTON MAKES A NEW BOWLING RECORD FOR OMAHA

Frank Fanton, a member of the Wright team, established a record for Omaha bowlers Friday night when he rolled a perfect score of 300, alternating on two alleys. Several times bowlers have registered 200 scores in Omaha, but they always have rolled on the same alley. Fanton alternated every other frame on two alleys. Fanton was rolling a game with Carroll and McMartin when the top score was registered. The record was made on the new Morrissey alleys.

PLANNING CAMPAIGN FOR AN OLYMPIC FUND.

James E. Sullivan, secretary-treasurer of the Amateur Athletic union, principal booster of the campaign for a fund to finance the sending of an American team to Berlin for the 1916 Olympic games.

FRANK CHANCE SAYS Spring Camp is No Place to Teach Trade

(Continued from Page One.)

turn home ready for a campaign they are ready to play. You seldom ever hear of their men complaining of sore arms and other ailments. It's bad business to drive a ball club hard in the spring. If you do, by the time they come north they are stale for the opening of the season.

CLUBS BOOST FOR OPENING

Givio Organizations Line Up for Big Rourke Event. NO RAISE IN THE PRICE Michigan Glee Club is to Sing Some of the Old College Songs to Help Make the Opening a Gala Day Affair.

While other Western league cities have been painstakingly preparing for the opening game of the base ball season by organizing boosters' clubs and adding to the price of admission, the Omaha management has been content to make no elaborations because it was known that the Omaha fans would be on hand with bells when the time comes.

Now Pa Rourke is assured of an opening day crowd that will rival any boosters' club crowd, because four of the leading organizations have called upon their members to be among those present at Rourke park April 23.

The Elks. To all members of Omaha Lodge, No. 29, B. P. O. Elks. This lodge joins with other organizations in observing the opening day of the Western League Base Ball club at Rourke park Tuesday, April 23.

The Retailers. Believing that the national game of base ball is one of the most healthful and beneficial of sports, and believing that the men whose money is lavished, and whose time is being devoted to furnishing Omaha with a first-class ball team, are giving to Omaha the best possible kind of publicity...

At a meeting of the Seymour Lake club held last week it was the unanimous vote of all members present that the entire club attend the opening game of base ball at Rourke park, Tuesday, April 23, in a body.

Rourke to Play Storz Team Today

The Omaha base ball team will clash with the Storz semi-pro team at Rourke park Sunday afternoon. The Storz have a fast organization this year and promise to hold the league to a tight score. George Graham will discard his Omaha uniform and play in a Storz uniform in the battle. The game will be called at 3 o'clock. The lineup:

YOUTHFUL GOLFER MAKES GOOD ABROAD

Frances Outmet, the open golf champion of this country, is making all the cracks of Great Britain sit up and take notice, as he has been consistently winning since landing in England.

collegiate competition. Stiehm believes that more interest can be aroused in base ball by making it purely departmental than in games with other colleges, and he is working along these lines.

Stiehm will present his plans for inter-departmental base ball to the senior society of innocents for its approval and to the student body in general at a convocation. He will call upon each department to elect a representative to meet with him and draft a schedule.

CHESS

A pleasant way to spend your noon hour, especially during rainy weather, is to play chess or checkers at the Omaha Chess and Checker club. The monthly dues are but a trifle, the pastime is a clean one and will benefit you mentally and morally; and the location is convenient, being on the third floor of the Continental block, Fifteenth and Douglas streets. The best players in the club will be delighted to teach you the game of chess if you are not an expert, or to beat you at it if you are.

The following game between A. M. Furr and F. C. Swearingen decided the championship of the 1912 correspondence tourney of the Nebraska State Chess association. Swearingen, who succeeded in getting a draw after the game had been twice lost, won the title with a score of thirteen wins and five draws.

WATCHING COLLEGE PLAYERS

Big League Scouts Often Find Stars on School Teams.

BECOMING QUITE A FACTOR

Connie Mack Was First to Discover Worth of Exploiting Them and Now Other Managers Are Following Suit.

NEW YORK, April 11.—During the next three months the college base ball player will hold a prominent position in the spring sporting program. His record will be followed closely by university alumni and with even closer scrutiny by the professional scout, for major league club managers are fully aware that occasionally a star may be plucked from the variety diamond. Players of the caliber of Eddie Collins and Christy Mathewson are found but infrequently. There always exists, however, the possibility of securing players who, if not capable of major league speed at the outset of their professional careers, can quickly be coached and trained to the point where they are a decided acquisition to a big circuit club.

Under professional coaching the standard of play in college base ball has risen rapidly during the last few years. Veteran big leaguers have aided the natural player by advice and instruction. Little hints on how to bat; take the ball for a quick throw and other points of technique in the game quickly bring players with natural qualifications within the range of major league possibilities. All those connected with the professional game today realize that the college base ball team offers one of the best recruiting grounds at the disposal of the big league magnates. Billy Evans, the American league umpire, a college graduate and close observer of every angle of base ball, said recently in discussing this phase of the game:

YORKERS AGAINST WOMEN COMPETING IN OLYMPIC

NEW YORK, April 11.—The American Olympic committee at a recent meeting at the New York Athletic club went on record against women competing in the Olympic games except in class work of gymnastic exhibitions. In other words the committee was opposed to women taking part in any event in which they could not wear long skirts.

ENGLISH AND AUSTRALIAN TO PLAY SOCCER AT EXPO

SAN FRANCISCO, April 11.—England and Australia have accepted invitations to participate in the international soccer games to be held here next year in connection with the Panama-Pacific exposition, according to an announcement made by the exposition's athletic department.

It's Great to Find Just What You Need

Blood-sick People Everywhere Welcome the Greatest Blood Purifier Known.

If you are down with any blood trouble, call it rheumatism, malaria, eczema, boils, carbuncles or any eruptive condition plus your faith in S. S. S. It is really the most searching, the most effective, the most cleansing blood remedy known.

SOCCER FOOT BALL AT THE STATE UNI

(Continued from Page One.)

Stiehm will present his plans for inter-departmental base ball to the senior society of innocents for its approval and to the student body in general at a convocation. He will call upon each department to elect a representative to meet with him and draft a schedule.

There is plenty of material in the university to provide nine teams. Stiehm believes, and he thinks the rivalry will lend enough interest to make the sport self supporting. Under the old system base ball always ate a nice hole in university finances.

The spring foot ball squad of forty

comes out of the clouds of doubt and let S. S. S. fill your blood with health. It is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of rich, red, pure arterial blood for the diseased venous blood is marvelous.

Out through every skin pore acids, germs and other blood impurities are forced in the form of invisible vapor. The lungs breathe it out, the liver is stimulated to consume a great proportion of impurities, the stomach and intestines cease to convey into the blood streams the catarrhal, malarial germs; the bowels, kidneys, bladder and all excretories of the body are marshaled into a fighting force to expel every vestige of eruptive disease.

And best of all, this remarkable remedy is welcome to the weakest stomach. If you have drugged yourself until your stomach is nearly paralyzed, you will be astonished to find that S. S. S. gives us sensation because it is a pure vegetable infusion. It taken naturally into your blood just as pure air is inhaled naturally into your lungs.

You can get it at any drug store, but be careful not to accept a substitute. If yours is a peculiar case and you desire expert advice, write to The Swift Specific Co., 601 Swift Bldg., Atlanta, Ga.
