This Washer Must Pay for Itself

A MAN tried to sell m
it was a fine here
matter with it. I w
it didn't know the man
very well either.
Be I told him I waste
ed to try the horse for
a month. He said "All
right, but pay me first
and I'll give you hack
your money it the borse
isn't all right."
Well. I didn't like
that. I was arreid the
horse wasn't "all right
to whistis for my money
if I once parted with it.
So I didn't hay the
horse, atthough I wanted
it hadly. Now this set
me thinking.

Machines by mail. I have soid over hait a million that way.

So, thought I, it is only fair enough to let be sold by my Washing Machines for a month, before they pay for them, just as I wanted to try the new horse.

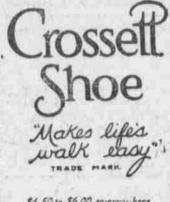

Now, I know what our "1900 Gravity" Washer will do. I know it will wash the slothes without wearing or tearing them, in rese than haif the time they can be washed by hand or by any other machine.

Gilder is Convalencent—R. F. G.

The looke in six minutes. I have no other machine ever invented can do that without wearing out to receive invented can do that without wearing out to receive any that a child can run it almost as well as a strong woran, and it don't wear the cleiches, and it out on the street nearly ever and is out on the
