Senator Files as Candidate for State Railway Commissioner.

CHARTERS FOR THREE BANKS

Fremont, Chalco and Aurora Are Before Board Seeking to Get Authority for Financial Institutions.

(From a Staff Correspondent.)

LINCOLN, April 22.—(Special.)—Senator J. A. Ollis of Ord will try for the democratic nomination for state railway commissioner.

In his statement accompanying the announcement Senator Ollis says that the public service corporations control the situation. "The common carriers of freight and passengers, telephone messages, gas, electric current and irrigation water should have a fair return upon their legitimate investments, but the consumers, through impartial agents, should determine the true value of the properties and investments and should demand on behalf of the whole people that the service be kept at an efficient standard and that adequate and fair returns be charged."

New Bank in Sight.

The Fremont State bank is a new concern asking to be chartered by the state board. The institution will have a capital stock of \$50,000, and among the incorporators are T. L. Mathews, Louis E. May, W. J. Courtwright and other prominent Fremont citizens.

The Chalco State bank with a capital stock of \$10,000 also files articles of incorporation with the State Banking board. The incorporators are E. M. Westervelt, William Blumer and E. M. Warner.

The Aurora State bank with a capital of \$10,000 is another filing with the State Banking board. The board of directors are R. S. Proudfit, H. K. Burket, E. L. Lovenberg, R. T. Ely and D. D. Corntine.

Bill as Evidence.

Three cigar boxes full of Colorado dirt comprise an exhibit filed in the office of the clerk of the district court this morning in a suit involving the sale or trade of Nebraska land in Hamilton county for Colorado land in Sedgewick county.

The appeal is brought by William C. Wenz and others who made the deal and who were defeated in the Hamilton county district court. The claim was made by the plaintiffs in the case who lived at Aurora that the land in Colorado was represented to them as being good land and worth in total \$25,000. They set out that the land was not as represented and suit was brought to recover damages. The boxes of dirt are supposed to show the quality of the soil.

Fire Escapes for Fontanelle.

R. W. Vierling of the Paxton & Vierling iron works of Omaha was at the office of the labor commissioner this morning looking up the law regarding fire escapes. His company has the contract for the fire escapes on the new Fontanelle hotel in Omaha and he desired to be sure that there would be no hitch in the contract. One portion of the law called for cast iron frames for hotel fire escapes, while another portion of the law recites that the escapes shall be constructed of either steel or wrought iron. Mr. Vierling believed that the steel escapes would be the stronger and more serviceable and desired to use them if the law would permit, which in the opinion of the labor commissioner so provided.

YATES DEBATES RESERVE BANK BEFORE BANKERS

FREMONT, Neb., April 22.—(Special.)—Henry W. Yates spoke this afternoon before group No. 2 of the Nebraska Bankers association. He arraigned the committee which had in charge the investigation upon whose report the banks were located and criticized the "politics" which made such an apparent impression on the committee in recommending the location of regional banks. He finished his address by saying that since Omaha and Nebraska were annexed to Kansas City, there was little probability of extensive loans being secured from the Kansas City banks, since Kansas City is the center of a larger borrowing territory, instead of a district able to loan and borrow at customary rates. Mr. Yates' speech indicated his strong belief that Omaha should be annexed to the Chicago territory instead of the Kansas City district.

Spanish War Vets Ready to Go Again

(From a Staff Correspondent.)

LINCOLN, April 22.—(Special.)—No more auspicious time could have been selected for the meeting of Spanish-American war veterans in their state reunion than at the present time, when war and rumors of war are on every hand and the streets alive with the cry of the newboys in their sale of special editions of the papers.

Many of the veterans, though past the age of military service, are again ready to shoulder the gun and march to uphold the old flag and the safety of Americans in Mexico and should the call for arms come, thousands of the brave boys who faced foreign foes in Cuba and the Philippines will offer their services to again serve their country.

Among those present who are beginning to show the wear and tear of more than fifty years of life is Porter J. Hand of Nebraska City, who had the distinction at one time of being orderly to Colonel William J. Bryan in the war with Spain, and who at the close of the war served the navy on the battleship Albatross. Mr. Hand says he has a lot of service in him and if his country needs him in Mexico he will be willing to shoulder a musket and follow the flag in its mission of civilization.

Sessions of the veterans are being held at the Lincoln hotel. This afternoon tableaux erected in honor of the student soldiers were decorated by the organization and in the evening a camp fire was held at the rooms of the Commercial club.

She also asserts that William is stingy with his money and refuses to provide her with the necessary funds, although having plenty for his own use.

PIERRE, S. D., April 22.—(Special.)—The showing of R. O. Richards as to his expenditures as a candidate for the nomination for governorship in the late primary campaign is \$3,000.54, which is nearly \$1 for each vote received by Mr. Richards. CHICAGO, April 22.—Anti-saloon forces yesterday failed by the narrow margin of 181 votes to drive the saloons out of Danville. This city was the largest of forty in central Illinois where the saloon question was balloted on. In the smaller towns the fees of liquor succeeded in closing ninety-two bars.

Charges Huerta Planned Trouble.

WASHINGTON, April 22.—That General Huerta deliberately planned the arrest of American bluejackets at Tampico and other offenses against the United States, with a view to bringing on armed intervention and uniting all the Mexican factions behind him, was the substance of a letter received by a high government official today from an authoritative source in Mexico City.
