THROW ROCKS AT BUILDINGS

Crowds in Mexico City Make Anti-American Demonstrations.

FOREIGNERS AT THE EMBASSY

Gather There Awaiting Further News When United States Begins Invasion of Country.

WASHINGTON, April 24.—The first story of conditions in Mexico City to reach Washington through official sources was forwarded to Secretary Daniels tonight by Rear Admiral Fletcher, who got statements from American refugees arriving in Vera Cruz today from the Mexican capital. This is the statement: "First news of landing received about noon Tuesday, and there was much alarm followed by extra reports in the El Imparcial. Reports not confirmed until 4 p. m. In the afternoon news was circulated that General Huerta would accede to the demands of the United States. Later General Huerta received the correspondence and stated that he had definitely refused the demand of the United States.

Demonstrations Made. "In spite of this, general opinion was that some time would elapse before any definite break in diplomatic relations would occur. Tuesday afternoon, after the receipt of the news of the landing, demonstrations were made, largely by students and clerks, in the streets, which were hardly passable. Speeches were made. "Upon the receipt of further news of

an alarming character, which was given to the public through additional extras of the papers, the character of the manifestations became rather more boisterous. Rocks were thrown at some of the American buildings notably the American club, and some commercial establishments. It was reported that two Americans, while intoxicated, had been killed on the streets, but not confirmed. The American colony largely gathered around the embassy watching for further news and particulars from Vera Cruz.

Manifestations. "Tuesday night the cable office was still receiving cables subject to censor. Early Wednesday morning the cable office was taken over by the Mexican government. There was a manifestation throughout the night, one of which was an attempt to pull down the statue of Washington.

"The procession proceeded to the American embassy, where speeches were made but apparently of a pacific or patriotic nature. Mr. O'Shaughnessy had an interview with General Huerta Tuesday afternoon, accompanied by Lieutenant Regan. General Huerta promised protection to all foreigners, particularly Americans, and the same evening sent his chief of police to the embassy building.

"At the request of Mr. O'Shaughnessy about twenty federal soldiers guarded the embassy with a force of eight police. The American consulate, which had suffered some damage, was guarded by a corresponding number of federal soldiers. "Wednesday afternoon it was announced that such a train would leave at 8 o'clock, but it was not known until late in the afternoon whether Americans would be allowed to travel on it. How-

over, at the station tickets were sold, apparently to all who presented themselves without question of nationality, the approximate numbers of this train being: Americans, 100; British, under fifty; German, about seventy-five, and Mexicans, 300.

"First day alarm great, but gradually subsided. Americans preferred remaining in the city rather than take chances of coming down on this train. General Masas at Soledad, about forty-three kilometers, with about 5,000 troops.

Women Organizing Protest Against War

NEW YORK, April 24.—A resolution of protest against this nation going to war with Mexico was adopted at a women's mass meeting in Cooper Union last night. President Wilson was called upon "to put the noble words he had uttered in the past into deeds." Women throughout the country were called upon to hold similar meetings of protest. "We ask President Wilson," the resolution read, "immediately to withdraw our troops from Mexico and thus with true courage and the finest sense of honor repair the harm already done."

DEATH RECORD.

Mrs. W. H. Coleman. YORK, Neb., April 24.—(Special).—Mrs. W. H. Coleman died at the family residence Wednesday morning. She was 72 years of age. She, with her husband, homesteaded near Bradshaw in 1871. Funeral services will be held at the residence Friday afternoon.

John F. Gannon died Friday at a local hospital of pneumonia. The body will be taken from the home of his brother, P.

ERUPTIONS ON YOUR FACE OR BODY

Dry, moist, scaly, tetter, all forms of eczema or salt rheum, pimples and other eruptions come from humors, which may be either inherited or acquired through defective digestion and assimilation. To treat these eruptions with drying medicines is dangerous. Ask your druggist for Hood's Sarsaparilla. It helps the system discharge the humors, and improves the digestion and assimilation. It goes to the roots of diseases. Get it today.

Gannon, 217 Willis avenue, to Duncan Neb. Burial services will be at the Duncan, Neb., Catholic church.

Bryan Confers With Attorney for Rebels

WASHINGTON, April 24.—Secretary of State Bryan, after the cabinet meeting today, went into conference with Severo Malet-Prevost, an international lawyer of New York, and Charles A. Douglas, an attorney representing the Mexican constitutionalists in Washington.

Notes of the War

Thoughtful Europe Approves. PARIS, April 24.—Sir Edward Grey, the British foreign secretary, on several occasions during his visit to Paris has said in the course of private conversations that he believed the United States is undertaking a work in Mexico of which thoughtful opinion in Europe approves.

Awaits Effect of Moving Troops. WASHINGTON, April 24.—What effect the movement of land troops to Vera Cruz and to the Mexican border, coupled with the removal of the embargo on the shipment of munitions of war into Mexico will have on the attitude of the constitutionalists was one of the chief questions which confronted the Washington administration today.

The answer to this question was awaited with the keenest interest in official circles. It was realized that the attitude of the constitutionalist leader, General Carranza, to a great extent hinged the extent of American military operations in Mexico. In the meantime, officials were also apparently without any definite information regarding the plans of General Masas, the federal commander who evacuated Vera Cruz to attack that city.

Villa is Affectionate. WASHINGTON, April 24.—"Just had an interview with Villa. He wishes to salute you affectionately and say you need have no anxiety." This message was delivered today to General Hugh Scott, assistant chief of staff of the army, from Dr. Carlos E. Rusk of El Paso. General Scott has known Villa for some time, the two having faced each other across the Rio Grande for many weeks at El Paso and Juarez.

Texas Guard Ordered to Border. AUSTIN, Tex., April 24.—An entire regiment of the Texas National guard was today ordered to mobilize at Brownsville for border patrol duty. Governor Coakley, it also became known, will order the other two regiments in the border unless a request to Secretary of War Garrison for additional troop protection for Texas border points is granted.

General Bell on Way Home. TOKIO, April 24.—Major General J. Franklin Bell, who retired recently as commander of the Philippine division of the United States army, sailed today on his return to the United States on board the steamer Asia, instead of waiting for the United States transport Guthrie. The Asia will land General Bell at Vancouver.

MILITIA COMPANIES FILLING

Sixty Enroll During Afternoon at Fourth Headquarters.

MOOSE COMPANY IS NOW FULL

Big Meeting to Be Held at Reason This Evening When Company There Will Be Mustered Into Service.

The war spirit in Omaha is rampant, and "On to Mexico" is rapidly becoming the cry with the young men who are anxious to fight under the Stars and Stripes in the event their services should be needed. The new Nebraska regiment, the Sixth, is rapidly filling up, and so far as the Omaha companies of the Fourth and Fifth are concerned, they are now recruited up to 268 men each, the full war strength. Lieutenant Anderson of the Fourth regiment, Nebraska National Guards, Thursday afternoon opened recruiting offices in the vacant room on the ground floor of the Woodmen of the World building, and before 9 o'clock at night he had enrolled sixty men. Assisted by Lieutenant McPherson, the regimental surgeon of the Fourth, he was at the station early this morning and enlistments commenced before breakfast. Martin L. Jensen, an Omaha boy, was the first to enlist, signing up before 7 o'clock.

At the regular army recruiting station ten men enlisted during the morning and more were in line waiting to be examined. Most of the men enlisted there were those who had seen service. They were men who had served in Cuba and the Philippines and who had been discharged on account of expiration of the term for which they had formerly enlisted.

Mr. Root Resents Charge He is Tool of Shipping Trust

WASHINGTON, April 24.—A storm of protest was aroused in the senate today after Senator Poindeexter had read into the record a letter from the American Society for the Prevention of American Rights on the Panama Canal, protesting against repeal of the tolls exemption for American coastwise steamers. It referred to Senator Root as the "leader of the forces of monopoly to wrest the benefits of the canal from the people."

The New York senator said that he never had any communication with railroad men directly or indirectly about the tolls question. His previous reply, he said, was based on the firm conviction that the United States had committed itself in the exemption provision to a course of action that would dishonor its name. "I spoke the convictions of my lifetime," declared Senator Root, "when I spoke in the senate advocating repeal of toll exemption and the senator from Washington cannot by any side approach or devious way of condemnation, drive me off the field of my right as an American citizen and as an American senator of the United States, to say what I believe to be for the honor and the good name of the country we love."

Senator Poindeexter said that he had no desire to put in the record anything reflecting on any senator. "But," he said, "I assert the right to assume any position or to make any criticism not only on my own behalf, but on behalf of every free citizen of the republic."

Senator Poindeexter referred to the attitude of the Carnegie Endowment on the tolls question and of the wealth which he declared was "sucked from the American people on a watered market."

"As I understood it," he continued, "Andrew Carnegie is more of a British subject than he is an American in his sympathies. I don't regard Mr. Carnegie as a typical citizen or as actuated by American ideals. Mr. Carnegie has spent a great deal of money for peace, but his endowment has done more to put the arms of Americans against foreign interference with their sovereignty than any other influence. Instead of bringing harmony between states and other nations, it has laid the ground for future differences of even greater consequence."

Corning Presbytery Meets in Sidney

SIDNEY, Ia., April 24.—(Special).—The spring meeting of the presbytery, Corning district, was held in Sidney, Wednesday evening and concluding on Wednesday night. The Women's Society of Home and Foreign Missions of the Presbyterian church also held its annual meeting in Sidney on the same dates. There was a good attendance and much interest was manifested in the meetings.

Rev. J. K. Ewing of Villisca was elected moderator and the regular routine of business was transacted. The commissioners elected to the general assembly which meets in Chicago, May 2, are: Ministerial commissioner, Rev. F. W. Thomas, Diagonal; lay commissioner, David Kilpatrick, Malvern; alternate, Rev. J. K. Driver, Red Oak, and Mr. Overmeyer of Lenox.

At the closing meeting Wednesday night the Women's Missionary society had charge of the public services, and Mrs. W. W. Hale of Des Moines, synodical president of the society, delivered a very able address on "The Changing Orient." The Women's Missionary society by vote divorced itself from the presbyterial meeting and will hereafter meet separately in a different town. Thursday night installation services were held, when Rev. H. C. Duckett of Belleville, Kan., was installed as pastor of the Sidney Presbyterian church.

Big Coat Sale Saturday. Julius Orkin, 1510 Douglas.

ALL AVAILABLE WARSHIPS ARE ON WAY TO MEXICO

(Continued from Page One.)

of Mexico was carefully studied by the War department. Secretary Daniels of the Navy department said that no attack on American forces by the constitutionalists in northern Mexico was feared, and it was decided that no offensive operations should be begun in the constitutionalist territory.

Senate Passes Volunteer Bill. The senate today, without debate, passed the volunteer army bill as agreed to by the conferees of the house and senate.

The house passed the volunteer army bill this afternoon, and it now goes to the president for signature.

President Wilson today told Chairman Fitzgerald of the house committee on appropriations, who had come to the White House to learn if \$27,000,000 war funds were needed, that no appropriation was required "for the present."

In discussing the general situation with callers the president explained no aggressive act to aggravate the status of affairs would be taken by the American government.

Orders to hold up all shipments of arms across the Mexican border were sent today by the Treasury department to all collectors of customs. The orders are in co-operation with the War department's efforts to enforce the embargo. Collectors were notified to "hold all shipments of arms until further notice."

Torpedo Boats for Escorts. Admiral Badger has ordered the first torpedo division now at Galveston to escort the army transports from Galveston to Vera Cruz. The Louisiana was to have left Vera Cruz last night to meet the transports and complete the convoy.

The destroyers Cassin and Cummings will escort the Morro Castle from Hampton Roads to the eastern coast of Mexico. The Morro Castle is conveying a brigade of marines. A dispatch just received from Admiral Fletcher states that Vera Cruz was quiet during the night. There were no new developments. Collectors were notified to "hold all shipments of arms until further notice."

A cessation of the April showers is promised in Omaha tomorrow by Colonel Welch of the local weather bureau. Omaha shoppers may leave umbrellas at home and the fair weather will be welcome for the biggest shopping day of the week.

State Troops at Calexico. CALEXICO, Cal., April 24.—Four companies of the Seventh regiment, California National Guard, arrived today and pitched a camp on a site selected by Captain Pollen, commanding the detachment of United States cavalry.

The arrival of the state soldiers, numbering 200 men, created a feeling of relief among the people of the Imperial valley, whose fears had been enhanced by the knowledge that the Mexican federal garrison at Mexicali, just across the line, had been busy all night throwing up breastworks. The activity of the Mexicans ceased at daybreak. Mexican officers spent the night making observations with the aid of a searchlight. The Mexicans have 50,000 rounds of ammunition, 40,000 rounds having passed through the United States customs house here six weeks ago. None has gone through since.
