## TROOPS SENT SOUTH FOR DUTY

Fourth Field Artillery Will Leave Galveston on Steamships San Marcos—More Will Go Tomorrow.

VERA CRUZ, April 25.—Fighting between the Mexican federal troops and the constitutionalists was in progress at Tampico last night, according to a report received by Admiral Badger from the British war vessels there.

BROWNSVILLE, Tex., April 25.—The following report, signed by General Caballero, rebel commander at Tampico, to constitutionalist headquarters at Matamoros, under date of the 24th, was given out here today:

"I beg to give you notice that the federal troops were offering further insults to Americans. I immediately reopened my attack at 4 o'clock this morning and already have captured the cemetery, where strong federal force resisted. Expect triumph by night."

### Refugees at Galveston.

GALVESTON, April 25.—The vanguard of several thousand refugees from Mexico, headed for Galveston, arrived here today on the United States collier Cyclops from Vera Cruz and Tampico and the steamer Trinidad from Tampico. The majority were Americans. Tomorrow 1,500 refugees are due on the steamer Esperanza, from both Vera Cruz and Tampico.

Major L. L. McGlasson, state quarantine officer, has 600 cots installed in the hospital at the United States immigration station at Pelican Island, where the refugees will be detained for six days, in accordance with quarantine regulations.

### Garrison Speaks in Cryptogram.

WASHINGTON, April 25.—Secretary Garrison said today that the United States troops which have been ordered to Vera Cruz were going there "for duty," when asked as to the purpose of the military movement. He would make no further explanation of the shipment of the Fifth army division from Galveston.

The War department announced later that as many of the troops of the Fourth field artillery as can be taken on the liner San Marcos will leave Galveston late today for Vera Cruz. The troops will take their equipment with them. The remainder of the regiment and the animals will sail later on the liner Sutilia.

Secretary Daniels, at the request of Secretary Bryan today ordered Rear Admiral Howard, commanding the naval forces on the Pacific coast, to give either asylum or passage on his vessels to any American consul desiring to leave Mexico by way of the west coast. Like orders have been given Rear Admiral Badger concerning consuls who may leave through Mexican Gulf ports.

### EMPEROR FRANCIS JOSEPH IS ABOUT THE SAME

VIENNA, Austria, April 25.—Emperor Francis Joseph again passed a night disturbed by fits of coughing, but these were not so violent as they had been during the last two nights. The official report on his condition says:

"His majesty passed a better night inasmuch as during the first few hours his sleep was but little interrupted. In the second part of the night his rest was frequently disturbed by coughing. His strength and general condition this morning are about the same as yesterday."

### Chile Does Not Like War.

VALPARAISO, Chile, April 24.—Public opinion here is bitter against the United States as a result of the Mexican crisis. In an editorial today the Union asks if there is any international morality and continues:

"The war in Mexico is the result of a want of common sense and of the revolutions in Mexico. The proceedings of the United States are not justified. The Mercury says it is astonished at the excessive importance attached to the Monroe doctrine in Europe. It adds that the Latin American republics are in the same condition of perfect equality as other nations and are not subject to and never will accept foreign interference."

### Great Truths Were Decided.

History shows that many discoverers of great truths have been persecuted. They have often been treated as visionaries and dangerous innovators. Harvey, the discoverer of the circulation of blood, lost his practice and was lampooned over the then civilized world. Bartholin, who discovered the lacteals, was treated with contempt and ridicule. Even Harvey, when he became old, never believed in the thoracic duct, but believed the lacteals all terminated in the liver. Horace saw his error because he taught both regarded Bacon as an ungodly speculative genius and as incapable of serving his judgment. Socrates, for teaching the unity of God, was compelled to drink hemlock and die. Pythagoras was banished for his opinion. Democritus was cast into prison for dissecting a human body. Every historian knows that Galileo at 70 years old, was imprisoned for announcing the motion of the earth. Aristotle's books were burned. Descartes was persecuted because he taught the immateness of ideas; his books were burned by order of the University of Paris. It is said the Napoleonian philosopher that "authority scowled upon it; taste was disgusted by it and fashion was ashamed of it." New York Press.

# ULSTER NOW READY TO FIGHT

Forty Thousand Rifles Distributed to Volunteers.

# GUNS ARE FROM GERMANY

They Are Landed Friday Night at Remote Points with Half Million Rounds of Ammunition.

BELFAST, Ireland, April 25.—A consignment of about 40,000 rifles and 500,000 rounds of ammunition, from Germany was landed at isolated points on the coast of Ulster during last night and distributed by means of 300 automobiles to the various headquarters of the Ulster "volunteers."

The Ulstermen, who declare themselves determined to offer armed resistance to the introduction of home rule, were mobilized last night and guarded the landing places and the roads until the distribution of arms had been completed. The police were powerless to interfere and all communications were interrupted.

### Stires British Cabinet.

LONDON, April 25.—The sun running exploit of the Ulster "volunteers" stirred the British cabinet into sudden activity today. Premier Asquith, who was on the way to his country residence for the weekend, was stopped by telegram and returned to London immediately. On his arrival he conferred with Augustine Birrell, chief secretary for Ireland, and other colleagues in the cabinet. Major General Sir Cecil Macready of the war office participated in the conference.

# Newly-Born Baby Thrown from Train

ABERDEEN, S. D., April 25.—(Special Telegram).—The body of a new born baby apparently about 2 hours old was found by section men along the Milwaukee westbound track between Halms and Webster this morning. It had been born either on the through coast train or the local passenger westbound. The coast train was searched. The local train which reaches here earlier had left Aberdeen before the baby was found and the baby was searched farther west. The baby had evidently been born on the train and dropped on the track from the toilet room. Officials at Webster are making an effort to discover the perpetrator of the infanticide as the dead was committed in Day county.

# SOUTH DAKOTA TROOPS READY FOR MOBILIZATION

PIERRE, S. D., April 25.—(Special Telegram).—Adjutant General Morris was here today in conference with Governor Hays. They are now so nearly in readiness that they could be mobilized within thirty-six hours in case of need.

# WILSON ACCEPTS SOUTH AMERICAN MEDIATION OFFER

(Continued from Page One.)

The text of the offer made by the three countries was:

"Mr. Secretary of State: "With the purpose of subserving the interest of peace and civilization in all confidence and with the utmost desire to prevent any further bloodshed to the purpose of the cordiality and union which have always surrounded the relations of the governments and the people of America, we, the plenipotentiaries of Brazil, Argentina and Chile, duly authorized hereto, have the honor to tender to your excellency's government our good offices for the peaceful and friendly settlement of the conflict between the United States and Mexico."

"This offer puts in due form the suggestions which we have had occasion to offer heretofore on this subject to the secretary to whom we renew the assurances of our highest and most distinguished consideration."

"D DA GAMA, "R. S. NAON," "EDUARDO SUAREZ MUJICA,"

The president had spent many hours during the day considering the offer with Secretary Bryan and other cabinet officials. They gave particular attention also to the alarming reports sent by American Consul Canada at Vera Cruz about the safety of American in Mexico City and along the railroad to Vera Cruz.

The detention of 133 Americans at Pachuca and Cordoba and nineteen Americans and a British subject at Orizaba worried administration of state, especially communication with Mexico City was subject to frequent interruptions. The president conferred tonight with Chairman Stone, Senators Shively and Lodge of the senate, foreign relations committee and Chairman Flood and Representative Cooper of Wisconsin of the house committee on foreign affairs about the general situation.

### Want More Aggressive Course.

Many members of congress are clamoring for a more aggressive course, even to a declaration of war. Some cabinet members favor a drastic course to end the anarchical conditions in the southern republic, while others think much can be accomplished by persuading the constitutionalists to remain neutral. Developments of the day centered chiefly in the receipt of meager reports about the American refugees, but important to for a long occupation of Vera Cruz were made. A postal agency is to be established there for the sake of the American ships are being runned to the arriving provisions for sixty days. The most important happened day were:

Consul Canada's report that Americans were being detained in Mexico City because it was believed there that Mexicans were restrained by Americans from leaving Vera Cruz. Immediate steps were taken through the British embassy

here and the British legation in Mexico City to correct the impression prevailing in the Mexican capital.

### Request to Embassy.

Unconfirmed reports of the killing of four Americans in Mexico City were called to the attention of the Brazilian embassy here with a request that its legation in Mexico City now looking after American interests seek verification of them.

Consul Canada at Vera Cruz sent reports of anti-American demonstrations in Mexico City. He heard that 123 Americans were put off a train at Pachuca by the train crew but that another train had gone out from Mexico City to assist them in continuing their journey to Vera Cruz.

Secretary Garrison announced he had issued no orders for any further troop movements and that army officers were to use their own discretion in protecting international bridges on the border.

### Ordered Back to Germany.

The German vessel Ypiranga, whose consignment of war munitions for Huerta caused the United States peremptorily to seize the Vera Cruz customs house, was ordered back to Germany, without its cargo.

The Navy department dispatched vessels up and down the Atlantic and Pacific coasts of Mexico to take away American consuls and refugees generally. Between 3,000 and 3,500 refugees already have been protected or are en route to the United States.

### Secretary Bryan said today Charge O'Shaughnessy probably would leave for the United States on the first ship.

General Nelson Miles, U. S. A., retired, senior officer commanding the army in the Spanish-American war, called on Secretary Garrison and General Wood, and it was understood, offered his services should war be declared. It was announced today that the interests of the Mexican embassy here and its consulates throughout the country would be looked after by the Spanish embassy and consulates.

### Agree to Confer.

The Brazilian ambassador and the Argentine and Chilean ministers, upon receiving information that their offer of good offices had been accepted by the United States, agreed to confer tonight to discuss what their next step in the mediation would be.

### South Dakota Ordered Further South

ON BOARD SOUTH DAKOTA, AT SEA, April 25.—Orders were received this morning for the South Dakota, originally ordered to Mazatlan, to proceed farther south. The collier Jupiter will continue to Mazatlan and join the flagship and torpedo fleet as ordered. On receipt of the orders the South Dakota increased its speed to fifteen knots.

# WILL ENLIST MORE RECRUITS

No Further Efforts to Be Made to Recruit a Company at Benson —To Keep Local Office Open for Some Time.

Companies A, B, C, and D of the Fourth regiment, Nebraska National guard, have recruited up to the full war strength 108 men each. The members of Al Fairbrother's band have enlisted, thus giving the organization a regimental band. At noon at the recruiting office in the Woodmen of the World building, enough men had signed up to complete two companies in the Sixth regiment. The office will be maintained, the intention being to secure at least four more companies in Omaha. A recruiting station has been opened in South Omaha, with Sergeant Risk in charge.

Owing to the failure of the Benson people to get together Friday night no further attempt will be made by the officers to organize a company there. If the men of the town desire to enlist, they will have to come to Omaha to do so.

# Americans Robbed and Fired Upon by Mexicans Near Line

NOGALES, Ariz., April 25.—A band of armed Mexicans started from Nogales, Ariz., twenty-seven miles northwest of here today and while marching southward toward the border have been robbing and firing on Americans.

C. L. Montague, American consular agent at Cananea, a rich copper mining town forty-five miles south of Naco, Ariz., telegraphed to Consul Frederick Simpich that at 5 o'clock this evening a mob of rebels was congregating about the consulate and speeches threatening Americans were being made.

All of the Americans, except Montague, however, had reached the border safely. Montague had remained to pack up the consulate archives. His dispatch read: "Am now in office attempting to pack up archives. Very large mob now congregating on all side of the consulate. Strong speeches being made against Americans. Some advocate breaking into consulate to take down the American flag. I have decided not to take down the flag until 5:30, the usual time, so as not to create excitement. Do not know what the result will be."

Consul Simpich immediately wired a vigorous note to rebel authorities at Cananea advising that American interests must be protected and deprecating any show of violence against the American consular agent.

# WILSON'S PLAN TO SIT TIGHT IS NOT POPULAR

(Continued from Page One.)

Fort for the protection of the American consuls and their families and all foreigners on the Pacific coast of Mexico. The last line of Admiral Howard's directions reads:

"Consider these instructions first duty of your feet at this time. Admiral Howard was directed first to make such arrangements as would be advisable to assemble at some safe place all American consuls and their families and other Americans until transportation to the United States can be provided. He has been authorized to charter merchant craft to bring Americans out to the United States warships and his attention was called to the successful use of this method at Tampico through the courtesy of foreign men of war. As soon as he has gathered refugees together he is authorized to charter a vessel to transport them to the United States."

# PEACE TALK IN COLORADO

(Continued from Page One.)

graphed the Colorado congressional delegation to learn if the federal authorities would approve his appointing three of the highest United States army officers now in Colorado to investigate certain phases of the strike situation, particularly the military operations. At noon no reply had been received.

That the call for the special session of the legislature May 4, would be issued late today, was probable unless the urgency of other matters prevented its being prepared.

A meeting of women was held at the state house today to discuss the strike situation and later a special committee called upon the governor.

### Governor Sends Commission.

DENVER, Colo., April 25.—Chief Justice George W. Mueser of the state supreme court, A. R. King, associate justice, and three other persons to be appointed by the governor will leave late today for Trinidad to investigate certain phases of the strike situation. This announcement was made by Governor E. M. Ammons.

### From other sources it was learned that their inquiry would be in the interest of peace.

### BRISK SKIRMISH IN PROGRESS IN COLORADO

DENVER, April 25.—A brisk skirmish between strikers and mine guards has been in progress at Chandler in Fremont county since early today, according to advice received here, at the Victoria-American Fuel company headquarters. So far as known there has been no casualties.

Representatives of the United Mine Workers and the sheriff of Fremont county are reported to be at Chandler to prevail upon the strikers to cease firing.

### Funeral of Dean Edwards.

TECUMSEH, Neb., April 25.—(Special).—The body of Dean Edwards will be brought from Spokane, Wash., and buried in the Tecumseh cemetery, the burial to be Sunday afternoon. # Big Event of Year at North Platte to Be Engineers' Ball

Friday evening, May 1, division No. 28 Brotherhood of Locomotive Engineers of North Platte, Neb., will give their annual May party and ball in the spacious rooms of Lloyd's opera house in that city.

For thirty-two years, a part of a century, the Brotherhood of Locomotive Engineers of North Platte have been giving these annual functions and, like the horse show to New York or grand opera to Chicago and Omaha and other large cities, the engineers' May party has always been looked upon as the one supreme social event of the season in North Platte society. Though always informally given, these affairs are arranged with an elaborateness and wealth of detail that would give credit to a much larger town and have rightfully earned a widely known reputation for division No. 28 as a prince of entertainers.

# NEBRASKA DELEGATION PROTESTS BANK PLAN

WASHINGTON, April 25.—Plans for a protest against the inclusion of the Nebraska in the federal reserve banking district of which Kansas City is the center, were made today at a meeting of the Nebraska delegation. Senator Hitchcock, who called the meeting, said that if an appeal to the organization committee failed, the fight would be carried to the federal board when it is appointed. The Wyoming delegation is expected to join in the protest. Nebraska bankers, Senator Hitchcock said, prefer Chicago to Kansas City, if a bank cannot be located in Omaha.
