

Nebraska. MILITIA IS STILL WAITING

National Guard Officers Are All Ready for Orders. MESSAGE FROM METCALFE, JR.

From a Staff Correspondent. LINCOLN, April 27.—(Special)—Watching and waiting for some word from the War department which will inform them that mobilization of troops of the National Guard in Nebraska is in order, the military board of the Nebraska National Guard continues to hold forth in the office of the adjutant general.

Today the only news which reached headquarters tending to show that the matter was contained in a message sent by Ted Metcalfe, son of Richard L. Metcalfe, a member of the Lincoln company, but now in Washington. Mr. Metcalfe said that the majority of people around Washington expected that the company would be declared within a very short time and that he would join the Lincoln company as soon as orders were sent out for mobilization of the Nebraska Guard.

Minister Says Spank Mexico. The only sensation around the capital city of Nebraska that occurred yesterday was the sermon of Rev. T. W. Jeffries, pastor of St. Paul's Methodist church, last night. Dr. Jeffries took as the subject of his sermon, "Our Flag in Mexico." He had little use for the peace agitation at the present time as it related to Mexico. The peace proposition, he thought, was all right when entered into between civilized nations, but when the United States had to deal with a nation which was uncivilized and whose so-called head was a murderer, there was only one thing to do. "Mexico needs a thrashing," said he, "and the sooner the United States does its duty and administers it to her, the better it will be for Mexico and the prestige of the United States, which has been rapidly going backward since our handling of the Mexican situation."

Regiment of Cowboys. HASTINGS, Neb., April 27.—(Special)—"Idaho Bill" Pearson, old time frontiersman and wild west showman, has announced his intention of recruiting a regiment of cowboys in Texas and Arizona for service, if additional troops are needed in the Mexican campaign. Pearson will tender the services of the regiment to the state and federal authorities this week.

Nebraska. Notes from Beatrice and Gage County

BEATRICE, Neb., April 27.—(Special)—In the case of Emil Hubka against C. S. Boggs, Edward Wilkinson, J. H. Ramsey and Lloyd Crocker the restraining order recently granted was dissolved and the injunction denied. Hubka had brought suit to recover \$5,000 in notes and cash which he alleged were fraudulently secured. The court, however, denied the application for an injunction to prevent the defendants from disposing of the notes.

Charles Cain, charged with robbing a Union Pacific freight car in the local yards, was bound over to the district court Saturday morning by Judge Ellis. In default of \$500 bond he was remanded to the county jail. Mrs. Mollie Brown slipped and fell down the stairs leading to the offices of the German Savings and Loan association Saturday, breaking the bones in both wrists and cutting her head quite badly.

Ralph and Frank Holmes and Frank Ritchie of Wynmore were arraigned in district court Saturday on the charge of assaulting a party of Beatrice students at Wynmore some weeks ago. Each of the defendants pleaded not guilty, and they were released on bond of \$500 each to appear in court for a trial by jury. This will bring their trial up at the fall term of the district court.

MINDEN LIGHT AND POWER FRANCHISE CANCELLED

MINDEN, Neb., April 27.—(Special)—The Minden Edison Light and Power company last week applied for an injunction from the district judge, enjoining the city council from repealing and revoking the franchise by ordinance. The matter was argued for the city by C. P. Anderson and for the company by J. L. McPhely before Judge Duncan at Hastings. The company had asked for the publication of the ordinance to be enjoined. The court held that the judiciary could not interfere with the legislative department of the government and refused a temporary injunction. So far as the city is concerned, the franchise granted the local electric light company stands revoked and the same is canceled.

Expert to Go to Work for Interstate Commerce Commission. HALL FILES FOR TREASURER

David City Argues Its Claim for a New Burlington Depot Before the State Railway Commission. (From a Staff Correspondent.) LINCOLN, Neb., April 27.—(Special)—Commissioner E. W. The work is under the valuation department of the Interstate Commerce commission.

Requisition for Julian. Governor Morehead has issued a requisition on the governor of Colorado for the return to Omaha of William H. Julian, wanted for forgery by Douglas county authorities. Mabel Saum, Gus A. Saum and A. P. Lillis are the incorporators.

Hall Files for Third Time

George E. Hall evidently believes that the third time is the charm and has filed for the democratic nomination of state treasurer. Mr. Hall has twice tried to defeat the present treasurer, Walter A. George. In the first campaign in 1910 he lacked 1,522 votes of reaching the election mark and in the campaign of 1912 he lacked 15,200 of reaching the goal. Mr. Hall is a brother of Thomas Hall, candidate for railway commissioner on the republican ticket.

Notes from Deadwood and the Black Hills

DEADWOOD, S. D., April 27.—(Special)—For assaulting Thomas Manion, an aged man, in a dispute over land, Gus Koalki, a rancher near Spearfish, who was convicted in the circuit court, was sentenced to eight months in the penitentiary to pay \$500. He probably will serve the time. Thomas Garzide of Lead must now serve out his suspended sentence of one year at Sioux Falls for breaking his parole and getting into further trouble. Last summer he was released from a forgery scrape on good behavior, but was rearrested last week on robbery charges and the court ordered him again committed to Sioux Falls. Word of the death by suicide at Battle Creek, Mich., of George H. Holden, who came here in 1877 from Minneapolis and was an early-day resident, was received here. Deadwood won and Rapid City lost both. The negative side of the question won two debates and the affirmative took one. The debates were held simultaneously at the three points.

SALOON MEN MUST PAY UP

Supreme Court of U. S. Declines to Pass on Bonding Case. A FEDERAL QUESTION INVOLVED

Nebraska City Woman's Judgment Allowed by State Supreme Court Holds by Virtue of Decision in Washington. (From a Staff Correspondent.) WASHINGTON, D. C., April 27.—(Special Telegram)—The supreme court today handed down a large damage verdict secured by Mrs. May Bulger of Nebraska city against Louis W. Frenka and Christian W. Schneider, saloonkeepers, and their bondmen, the Bankers' Security company of Cleveland and the Lion Bonding company of Omaha under a Nebraska law permitting wives and children of habitual drunkards to recover damages from saloonkeepers who sell liquor to their husbands and fathers. Mrs. Bulger for herself and for the benefit as next friend of her minor children sued for \$10,000 together with interest and costs of suit as recompense for the damages done her by the above mentioned liquor dealers in having made her husband Charles a habitual drunkard who died December 19, 1908, his death according to the petition of the plaintiff in the court below, "being caused and contributed to on account of the habitual drunkenness of the said Charles Bulger."

It was the contention of the attorneys for Mrs. Bulger, the defendant in error in the supreme court, Messrs. W. T. Thompson, W. R. Comstock and A. P. Moran, that there was no federal constitutional question involved in the cause at bar. That no constitutional question under the constitution of the United States, or other federal question was properly raised in the state supreme court of Nebraska, where the case was tried on appeal from the judgment of the district court of Lancaster county, and that no question under the constitution of the United States or other federal question was raised by the supreme court of the state of Nebraska in said cause. It was further contended by counsel for Mrs. Bulger that the supreme court was without jurisdiction to hear and try the same for the reasons above assigned.

Chief Justice White in handing down the decision of the court held that it was without jurisdiction, and the case was therefore dismissed, leaving the judgment of the court below intact in Mrs. Bulger's favor.

BRANCH BANK FOR OMAHA

Kansas City Figures on Only Two of Them. WANTS NEBRASKAN ON BOARD

Further Development to Wait on Results of Operation of the New Federal Banking System. KANSAS CITY, Mo., April 27.—(Special)—Bankers who have made a study of the probable operation of the new federal reserve system generally agree that the federal reserve bank to be established in Kansas City of district No. 10, will open two branches, one at Omaha and another at Denver, soon after the parent institution is in operation. Oklahoma City, Tulsa and Muskogee, in Oklahoma and Wichita, Kan., are already campaigning for branches, but it is improbable that the federal reserve bank of Kansas City will open any in Kansas or Oklahoma. The opinion prevails that there are not enough points in Kansas, Oklahoma or Missouri which cannot be served overnight by the parent institution to warrant the establishment of more than two branches. But in the event that the southern Oklahoma counties which are endeavoring to be included in the Kansas City district instead of Dallas, Tex., district, succeed in bringing about a transfer of their territory, a branch may be necessary at Oklahoma City. One Director from Nebraska. In choosing the three "Class A" members who will serve on the directorate of the federal reserve bank of Kansas City, it is hoped that one will be from Nebraska, one from Colorado and one from Kansas City. Those urging such a selection point out that the Kansas City member would naturally be thoroughly familiar with the credits of Kansas, Missouri and Oklahoma. The banker chosen for the directorate from Colorado would be familiar with Colorado and New Mexico credits, while the Nebraska banker would have a knowledge of the credits of Wyoming. Thus, the bankers on the directorate would be familiar with the various credits in the great territory of district No. 10, which occupies an area of 609,569 square miles, much of which is undeveloped. The Kansas City district will have a membership of 535 national banks, which will contribute a capital of \$5,594,918. There are, however, nearly 2,500 state banks and trust companies in this district, the combined capital and surplus of which exceed that of the national banks which have joined the system. Of these only about 20 per cent have sufficient capital to entitle them to membership. The stockholders of the Fidelity Trust company with a capital of \$1,000,000 and a surplus of \$1,000,000, and the stockholders of the Commerce Trust company, with a capital of \$1,000,000 and a surplus of \$500,000, two of the largest banking institutions in Kansas City, have authorized their directors to enter the new system. One or two other state institutions in this district have voted to join, but the majority are likely to defer action until the new plan has been tried out.
