Two new county bridges, one costing \$2,500 and the other \$750, have been tacitly ordered by the Board of County Supervisors. The first is a fifty-foot span with concrete floor to be erected across Silver creek, in Silver Creek township, and the second is a fourteen-foot span of reinforced concrete construction in Valley township.

A resolution of necessity, May 7 was set for the date of final hearing.

Lack of property delegated authority has prevented the Board of County Supervisors granting a request that they were most anxious to comply with. A large number of the board members joined in a petition to the board for permission to beautify a public highway leading from the board to the village cemetery. They wanted to plant a row of trees from the Minden church to the cemetery. The board was ordered by a resolution of necessity, May 7 was set for the date of final hearing.

Patrolman Sherman Hardin was considerably flustered by a conspiracy that involved a number of the members of the fire department, several fellow police officers and a number of citizens. Hardin received an emergency call to take care of a mad dog and when he found the animal he immediately shot and killed it. The story was started that the dog was a valuable creature and was not in an abnormal condition, and that his owner was demanding \$500 compensation. All day Hardin received messages from various parts of town, and did not penetrate the source of the joke until late in the day.

Sudden Death of Frank C. Hardin

After an illness of only twenty-four hours, due to acute indigestion, Frank C. Hardin died at Mercy hospital, Council Bluffs, last night at 6:30 o'clock. The attack developed on Wednesday evening while Mr. Hardin was in the American theater.

Mr. Hardin was the brother of W. D. Hardin, who died of pneumonia following a severe cold contracted on the day of the last primary election, when he received his fourth re-nomination as a candidate for city assessor of Council Bluffs. The two sudden deaths of her sons has completely prostrated Mrs. Harriet Hardin, 903 Fifth avenue, with whom Frank had lived all his life.

Mr. Hardin remained unconscious several hours after being taken to the hospital Wednesday night. His condition was thought to be quite favorable yesterday morning, but a turn for the worse followed during the afternoon and he sank steadily.

Mr. Hardin was unmarried. He was born in Council Bluffs forty-two years ago and had lived here all his life. He is survived by his mother, three sisters and one brother. The sisters are Miss Nannie, principal of the Bloomer school; Mrs. William Larson of this city and Mrs. W. L. Thickett of Forsythe, Ia. The brother is Harry M. Hardin of Gretna, Neb. Arrangements for the funeral will not be made until the relatives are communicated with.

Poundmaster Starts On Annual Crusade

Joseph Reeco, the newly appointed poundmaster, will start this morning the annual crusade against unlicensed dogs. The number is unusually large and the poundmaster has equipped himself accordingly. He has employed a number of men and will start out several squads with the intention of making a quick cleanup of the town at the beginning and then prosecute the campaign in a more leisurely manner throughout the summer. People generally have less confidence in the ability of the dog catchers to get their pets or else their lovers for their canine friends has wanted for a very much less number of tags than usual have been called for at the city clerk's office.

"There are 3,000 too many dogs in the city at the present time," said Deputy Marshal Crum yesterday, "and the dog catcher should have no trouble in getting more than the usual number."

A tax tag costs \$1.50, but it will cost the owner \$2 to save his dog from the chloroform case when the dog gets into the city pound.

FACING GARBAGE PROBLEM

City Not Yet Decided Upon What Disposition to Make of Waste.

PROHIBIT DUMPING AT PARK

Board Decried Some Time Ago that It Would Not Let Dodge Park River Front Be Used for Such a Purpose.

The garbage disposal problem has reached an acute stage and will have to be disposed of in the near future. Whether it shall take the form of an incineration plant or another attempt to find some suitable dumping ground is the problem. The city council, in committee of the whole, decided to temporarily continue the use of the present dumping ground near the river bank in the northwest part of the city and will so recommend at the council meeting on Monday night. This plan conflicts with the decision of the Board of Park Commissioners to prohibit any further use for such purposes of the grounds that have now become a part of the Dodge park and boulevard system.

The park board has absolute authority to prevent the use of the property for garbage disposal, and the members say they have not receded from the decision reached last winter which resulted in official notice to the council. The decision has been strengthened by the use of the newly constructed levees on the river bank for dumping grounds. The levees, which are to form part of the boulevard system, afford nice driveways for garbage haulers and hundreds of loads of unsightly material have been dumped over the sides of the embankment in the vicinity of Big lake.

Makes Driveway Unusable. "All of this stuff will have to be covered up or removed as we carry out the purpose to make the embankments attractive driveways," said Park Commissioner Graham. "We can't make much progress in the work of developing and beautifying the park if the principal driveways are to be used as the dumping place for old tin cans and other unsightly stuff. We will stop the practice at any cost. The teamsters who are caught will realize that it is a serious offense and that one conviction will cost them more than they can earn hauling many loads of garbage. It is up to the city to provide a place just as it is up to the park board to protect the parks. If money cannot be found to build an incineration plant it may be possible for the city to buy a few acres somewhere suitable for a garbage graveyard. One thing, however, is sure, the parks are not to be used for garbage disposal purposes."

The question of regulating the hauling of garbage is a less difficult problem and is now being solved in accordance with the plan suggested by former Mayor Maloney during the winter to have all garbage hauled by teams permanently employed by the city and the collection from the citizens requiring the work done of fees sufficient to pay the cost. Alderman Hochman is formulating a feasible plan which he expects to submit to the council at the next meeting. It provides for garbage tickets to be sold at the office of the city clerk. Those requiring garbage services may buy a block of tickets and issue them to teamsters when they call with their wagons. The teamsters will then turn the tickets into the city clerk's office. The plan promises efficient service under the direct administration of the city, as the clerk would receive all calls and would quickly know if they had been responded to.

Churches Will Hold Fellowship Meeting

For the purpose of adding to the mutual strength and increasing the good fellowship of the churches a "fellowship meeting" of the congregational churches of Omaha and vicinity will be held at the First Congregational church in Council Bluffs on the evening of May 6. It is to be one of the most important gatherings of its character that has been held for some time and has been brought about by Dr. J. T. Jones, pastor of the church here. It is expected to attract a large attendance from the surrounding churches, including laymen as well as clergymen. The theme for consideration is "Efficiency."
