IOWA STATE TEACHERS ELECT

Steps Taken to Drive Dishonest Practitioners from the State.

NEBRASKA MAN FOR AMES

Announcement is Made that Prof. K. Bliss of Nebraska University Will Head College Extension Work.

DES MOINES, May 2.—(Special Telegram)—The newly organized State Federation of Teachers completed its formation here by the election of officers, as follows: President, Dr. Adele Fuchs, Des Moines; vice-presidents, Fletcher Mead, Iowa City; Emma Fordyce, Cedar Rapids, and Josephine Burt, Burlington; secretary, Mary Lucas, Dubuque; treasurer, Elizabeth Graves, Council Bluffs; directors, Miss A. O. Sheriff, Dubuque; R. K. Corlett, Burlington; J. E. Marshall, Council Bluffs; H. B. Smith, Dubuque; Grace Findley, Ottumwa, and Harriet Solomon, Keokuk.

About fifty teachers in the city schools of the state attended. A legislative committee is at work on a measure to give state aid for teachers' pensions and other matters of special interest to the teachers.

Steps were taken here to secure state regulations for chiropractors at the meeting of the Iowa Federation of Chiropractors. About fifty delegates attended the meeting.

The tentative draft of a measure to drive dishonest practitioners from the state will be started out by the convention and a legislative committee to work for its adoption before the next legislature was appointed. A new state board will be demanded.

It is announced here that probably Prof. K. Bliss of the University of Nebraska will be made head of the college extension work at Ames for next year.

MILITIAMEN OR GUARDS BLAMED FOR DEATH FIRE

(Continued from Page One.)

for all arms and ammunition so delivered. The above applies to individuals, firms, associations and corporations.

The officer in command at each place where troops are stationed is charged to post the proclamation.

Government Assumes Protection. Secretary Garrison's determination to issue the proclamation for the surrender of arms was reached after mature deliberation on reports from Major Holbrook at Trinidad.

It was pointed out that in directing the surrender of arms to the army commanders at the respective stations, the government assumes all responsibility for the protection of the property which individuals, corporations, associations and firms hitherto have been guarding on their own account.

Emphasis was laid on the fact that the sweeping terms of the proclamation calling all "not in military service of the United States" to surrender their arms applies to localities where the United States troops are present.

As the trouble districts are widely scattered throughout Colorado, no army officer will be in supreme command of the military forces sent into the state.

Secretary Garrison will issue his orders directly to the officers in command of the forces in the various localities.

Three Men Burned to Death. DENVER, May 2.—Three men were burned to death early today in a fire that destroyed the Watt's saloon and boarding house at the Oak Creek mine in Rout county, according to reports received at the governor's office.

The dead. ROBERT DOGGETT. JACK SNOW. ONE UNIDENTIFIED MAN.

The governor had been unable to confirm a report that a woman and child, supposed to have been in the back of the boarding house, had lost their lives.

The governor's informant stated that Watts previously had received warning by telephone to close up or he would be burned out. His place was the "hang out" for non-union men.

It was reported to the governor that oil had been poured over the front and back doors of the place and ignited.

The Oak Creek miners did not go to work today, but those at the Morrison mine, a neighboring property, continued operations. Miners are guarding the properties.

An appeal was made to the governor for troops, but owing to the remoteness of the Oak Creek district it was not known how soon protection could be furnished.

Oak Creek is in northwestern Colorado. A few months ago during the outbreaks in that section, citizens formed a protective organization.

Boulder Miner Dies. BOULDER, Col., May 2.—Peter Steinhoff, a miner, shot in the head in Tuesday's battle at the Hecia mine, near Louisville, died at the hospital here today. The coroner will hold an inquest Monday. District Attorney C. A. Carlson is expected to begin a grand jury investigation.

Hold Ludlow. TRINIDAD, Col., May 2.—Troop H, Fifth United States cavalry, under Captain Foerster, today took possession of Ludlow. The troop consisted of about seventy men. The militia force, which has been in occupation of the Ludlow district, moved out.

Troops Occupy Ludlow. Major W. A. Holbrook said that Captain Foerster would have full authority in the Ludlow district. He intimated that the troops, after establishing their camp, might be divided, small details being sent to any point where they were needed. The major was shown an Associated Press dispatch telling of Secretary Garrison's proclamation calling upon all parties to surrender their arms. He declined to make any comment or to discuss the question of disarmament in any way.

SALE OF LONG SILK GLOVES, 75c Long White Silk Gloves, with Paris-point embroidery. Good heavy quality; on sale Monday, pair.....79c

Seth Bullock Soon to Retire from Office

DEADWOOD, S. D., May 2.—United States Marshal Seth Bullock of this city, friend and appointee of Theodore Roosevelt and later reappointed by President Taft, will go out of office this month.

Western Firms Secure Engineering Contracts. (From a Staff Correspondent.) WASHINGTON, May 2.—(Special Telegram)—The secretary of the Interior has authorized the award of a contract to the Owen Construction company of Denver, Colo., for earth work on the north canal extension and lateral, Belle Fourche irrigation project, South Dakota.

The work covers about five miles of the north canal and fourteen miles of lateral, involving the excavation of about 100,000 cubic yards of material. The total contract price is \$29,718.

The Indian commission has approved the contract of the Structural Steel works of Omaha to erect two bridges on the Gila river on San Carlos Indian reservation at \$20,000.

On the recommendation of Democratic Chairman Wade, Dr. M. E. Johnson has been appointed pension surgeon at Cornish, Ia.

Death Record. Mrs. D. K. Williams. REPUBLICAN CITY, Neb., May 2.—(Special)—Mrs. D. K. Williams, aged 72 years, of this city, died yesterday at the

family home after a long illness. She leaves a husband, five sons and one daughter. Funeral services were conducted by Rev. Mr. Lewis at the Methodist church yesterday.

CLARKS, Mo., May 2.—(Special)—The forty-first annual meeting of the Columbus association of Congregational churches met with the Congregational church of Clarksville April 29 and 30, with an attendance of ministers and lay delegates. The Wednesday afternoon service was taken up with a discussion of evangelism and there were several papers on that subject. Friday evening the association was welcomed in a felicitous speech by W. R. Morse of Clarksville. The sermon of the evening was delivered by Rev. Arthur Soudy of Genoa.

The Thursday morning service was given largely to a discussion of Sunday school work and was followed by a banquet served by the ladies of the church. In the afternoon three-minute reports of the work of the churches were given which in several cases revealed decided gains. The church at Silver Creek had doubled its membership during the past year. In the afternoon home missionary work was presented by the state workers and in the evening the sermon was preached by a former pastor of the Clarksville church, Rev. C. J. Rives, now of Kearney, Nebraska.

NEBRASKA AND TWO MORE BATTLESHIPS AT VERA CRUZ. VERA CRUZ, Mexico, May 2.—With the arrival here today of Rear Admiral Frank F. Beatty's squadron, consisting of the battleships Virginia, Nebraska and Georgia, Rear Admiral Chadler has fifteen battleships in his fleet.

Department Orders. WASHINGTON, May 2.—(Special Telegram)—Elias J. Thurston has been appointed postmaster at Tama, Meade county, S. D., vice S. G. Quinn, resigned.

A postoffice has been established at Brookside, Laramie county, Wyo., with Mary McElquhan as postmistress. James N. Kinney has been appointed fiscal letter carrier at Emerson, Ia.

The comptroller of the currency has granted a charter to the Wyoming National bank of Casper, Wyo., capital \$50,000; Bryan B. Brooks, president; R. C. Wyland, cashier (succeeded the Cozgriff and Abbott bank of Casper). The postoffice at Ford, Warren county, Ia., has been discontinued, mail to Swan

some of the battle of Wednesday between mine guards and strikers, in which nine defenders were killed and property damage estimated at \$20,000. The women declined the invitation.

Operators Are Pleasured. DENVER, May 2.—The proclamation of Secretary of War Garrison calling upon all persons in the strike district not in military service of the United States to surrender their arms and ammunition elicited the following statement from J. F. Velhorn, president of the Colorado Fuel and Iron company:

"The order of Secretary Garrison to disarm both sides suits the operators perfectly. We told Major Holbrook the day he arrived we were willing to turn over our arms the minute he said he could control the situation."

When shown Secretary Garrison's proclamation E. L. Doyle, district secretary-treasurer of the United Mine Workers of America, said:

"We understand this order to mean that mine guards, detectives, militia and strikers are to be disarmed and peace maintained by federal troops. This being the case, trouble in the strike zone is at an end, but if the militia are to be allowed arms there is sure to be trouble, since a large percentage of the latter are in the employ of the coal companies."

Colorado Fuel and Iron Official Offers Surrender of Guards' Guns. WASHINGTON, Colo., May 2.—The first move towards actual disarmament in the southern Colorado strike zone was made late today, when it was announced that E. J. Matteson, assistant general manager of the Colorado Fuel and Iron company, had agreed to deliver to the United States regulars all the guns in possession of the guards at Walsenburg and Holsen.

The announcement came at the end of a conference between Mr. Matteson and Captain C. C. Smith. At the close of the conference it was announced that Lieutenant Cunningham, with twenty men, would go to Holsen, one of the largest mines in the country, and that Lieutenant Crowley, with ten men, would go to the Walsenburg mine.

As soon as the regulars reached the mines, Mr. Matteson assured the army officer all the guns in possession of the guards would be turned over.

The agreement was made as a result of negotiations which began soon after the arrival of the federal troops at Walsenburg. These negotiations were independent of the proclamation of Secretary Garrison.

No definite agreement has been made with the strikers in Huerfano county.

At the conference today Mr. Matteson told Captain Smith that the company was willing and even anxious to disarm its guards if assured of protection by federal troops.

Cavalry Leaves Fort Ogilthorpe. CHATTANOOGA, Tenn., May 2.—In accordance with orders from the War department to proceed to the strike zone in Colorado three squadrons, twelve troops of 86 men, of the Eleventh cavalry, under command of Colonel James Lockett, entrained today at Fort Ogilthorpe for Trinidad, Colo. The troops go fully equipped with arms and rations for ten days.

Horses Shipped from Leavenworth. LEAVENWORTH, Kan., May 2.—Three hundred horses, constituting the mounts of the second squadron, Fifth United States cavalry, now on duty at Trinidad, in the Colorado strike zone, were shipped to Trinidad by fast freight today in response to an order from the War department. Major W. A. Holbrook, commanding the federal troops at Trinidad, said it had become necessary to divide his dismounted force, and that the mounts would greatly facilitate the work of the troopers.

White Says Flag is Dishonored. SOAMON, Kan., May 2.—"Our boys in blue have gone to Mexico to compel the Mexicans to salute the Stars and Stripes, while out in Colorado they are tearing the flag out of our hands and shooting men for daring to proclaim what it stands for," John P. White, president of the United Mine Workers of America, declared in an address here today.

"More men have been killed in Colorado in the last two weeks than in Mexico," President White continued. "As to John D. Rockefeller, Jr., he has lost interest in the human value. His life, in spite of his riches, is empty. He has devoted his great brain and intelligence to money making."

Mine Fire Not Incendiary. DENVER, Colo., May 2.—Two men, Robert Doggett and Jack Snow, were burned to death early today in a fire that destroyed a rooming house, Watt's saloon and three other buildings at Oak Creek mining camp in Rout county, according to a report from Sheriff Chivington to Governor Ammons. The sheriff stated he had been unable to discover

the cause of the fire.

RUIZ SUCCEEDS ROJAS IN HUERTA FOREIGN OFFICE

(Continued from Page One.)

the capital. No confirmation of the incident has been received here.

Under the impression that the trains still were running on the intercoastal railroad, the refugees went to the station of that line instead of to the depot of the Mexican railway, over which road all the refugees have left the capital, so that the news of the woman's death was not widely known among Americans and was late in reaching Vera Cruz.

Mrs. Breckmeier was a widow of three months. She wore on her collar a small silk German flag, but the mob regarding this merely as a flimsy disguise of nationality is said to have dragged her through the streets until she died.

Will Be Bull Fighting. Bull fighting will be barred in Vera Cruz. If the suggestion of the native city council is approved by Civil Governor Kerr.

It is not the intention of the civil government to interfere with the customs of the people any more than is necessary and when the aldermen, in session last night, proposed depriving their own people of their most popular form of sport, there was much surprise in the governor's office.

That there will be little, if any, opposition to the aldermen's suggestion is practically certain. Bull fighting is not indulged in so much in this state as in most of the others and for many years it was prohibited. It was not until Francisco Madero's rule that permission to revive it was given.

Restoring Railroads. EL PASO, Tex., May 2.—The departure of constitutionalist officials at the border, accompanied by George C. Carothers, representative of the United States State department, which was expected to take place this morning, has been postponed and the party may not leave until tomorrow.

General Cummings, formerly British vice consul at Torreon, will leave tonight for Chihuahua to look over conditions in that section of Mexico.

Word has been received here of the rapid re-establishment of communication by the constitutionalists along the National Railways of Mexico south of Piedras Negras, opposite Eagle Pass, Tex. Both railroad and telegraph lines which had been cut, have been restored as far south as Allende, forty miles south of the border.

HOW YOU MAY THROW AWAY YOUR GLASSES

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunate ones, then these glasses may be ruining your eyes instead of helping them. Throwing away your glasses may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once: Go to any active drug store and get a bottle of Optonia; fill a two-ounce bottle with warm water and drop in one Optonia tablet. With this harmless liquid solution bathe the eyes two or four times daily, and you are likely to be astonished at the results right from the start. Many who have been told that they have astigmatism, eye-strain, catarrh, sore eyelids, weak eyes, conjunctivitis and other eye disorders, report wonderful benefits from the use of this prescription. The prescription filled and use it; you may so strengthen your eyes that glasses will not be necessary. Thousands who are blind, or nearly so, or who wear glasses would never have required them if they had cared for their eyes in time. Save your eyes before it is too late. Do not become one of these victims of neglect. Eyeglasses are worn by the millions, and fit the ever-increasing weakened condition, so better see if you can, like many others, get clear, healthy, strong, magnetic eyes through the prescription here given.—Advertisement.
