MOREHEAD AFTER YOUNG MEN

Makes Campaign for Their Support in First District.

DEM RANKS TORN TO PIECES

Four Hearings to Be Held This Coming Week in Omaha by the State Railway Commission.

(From a Staff Correspondent.) LINCOLN, Neb., May 2.—In a desperate effort to get Lancaster county democrats together the county committee has inaugurated the plan of a democratic noon lunch every Saturday at the Lindell hotel. So far the luncheons have not had the effect of bringing about much peace and the Commoner may be required to bring in mediators. It is said that nothing stronger than soda water and grape juice is indulged in at the luncheons, which may be responsible for the lack of harmony.

It seems to be the general opinion as the campaign progresses that Governor Morehead has the inside track on the congressional nomination on the democratic ticket in this district. The weakness of Congressman Maguire becomes more apparent every day and some of the younger democrats who naturally would be supposed to be with young Maguire are said to be considerably out of patience because he went outside of his own district to select his private secretary, whom they claim, while a university student, was really an Omaha man. In fact a leading young democrat of Lincoln and one who it was supposed without a doubt would be for either Maguire or Fries, called on the governor this morning and assured him of his influence and support, all of which goes to show that the governor can afford to wear a pleasant smile.

Rail Commission Hearings. The State Railway commission will hold four hearings next week at the court house in Omaha. On Monday the cases heard will be the South Omaha Live Stock exchange against the Minneapolis & Omaha railway and the Waterloo Creamery company against the Northwestern railway. On Tuesday two hearings involving a dispute between the Farmers' Clay Products company and the Northwestern and Minneapolis & Omaha railways will be before the commission.

Find Guard Revolvers. Two revolvers belonging to the Nebraska National Guard have been received by General Hall at the state house, which were among the goods found at Auburn which had been stolen by two men of that town, now under arrest, and who confessed to taking the property. Both pistols showed that the government numbers had been filed away from the steel work so that they could not be identified in case the thieves desired to dispose of them.

Suggest Howard for Congress. The Blair Tribune is booming State Auditor W. B. Howard for the republican nomination for congress in the Second district, giving considerable space to showing the reasons why the auditor should be elected. Women Postpone Trip. J. Fluv, the weather man, Providence or something else interposed this morning and kept the woman suffragists of Lincoln from making an automobile tour of Lancaster county, where they expected to tell to the people of the different towns the advantages of having equal suffrage and advertising the cause along the route. A rain last night made the roads in such shape that automobile travel was not to be thought of and it is expected that the trip will be taken later on.

Orthopedic Nurses' Strike Short-Lived

(From a Staff Correspondent.) LINCOLN, Neb., May 2.—(Special.)—Objecting to certain work, which was required of them on Sundays, several nurses at the orthopedic hospital held a conference some time ago, and sent one of their number to the head of the institution to protest.

Considerable secrecy seems to be connected with the matter, but it is understood that the nurses alleged that Dr. Lord of Omaha, chief physician of the institution, had been in the habit of coming down from Omaha on Sundays and compelling the nurses to do planetary case work and that their Sundays were no different than any other days, to which they objected and it is rumored that they threatened to strike.

However, the matter has been fixed up and one or two of the nurses have left the institution, whether by choice or because of their connection with the strikers, is not known. It is understood that no more of the objectionable work will be done on Sunday, and the peace commission will not have to be called in.

A Happy Home (Read What Peruna Did)

Mrs. James F. Summit, 1004 East Eighth St., Muscatine, Iowa, writes: "My health was so miserable for years that I was practically an invalid. We had no family, owing to my ill health. I was induced to give Peruna a trial and found very quickly that it was helping me."

I am now well and happy. We have a baby boy. He is our first and only child.

"I am now well and happy. We have a baby boy, which we believe is the direct consequence of my improved health. He is our first and only child, and if Peruna had not cured me of my ailments we should never have had him. I hope every suffering woman will give Peruna a trial, the same as I have."

Those who object to liquid medicines can now procure Peruna Tablets.

Nebraska Peace Society Commends President's Policy

LINCOLN, Neb., May 2.—(Special.)—The executive committee of the Nebraska Peace society has issued the following statement:

1. We commend the determined attitude of President Woodrow Wilson as commander-in-chief of our army and navy to exhaust every means possible to avert an invasion of Mexico. We commend his position expressed months ago that never again would this nation set foot on foreign soil for purposes of acquisition and his later stand before congress to deal justly and kindly with our sister republic torn and bleeding because of internal strife.

2. We rejoice in the spirit which has characterized for the most part the public utterances at this time of those high in our nation's life. That which adds immeasurably to our rejoicing is the attitude and spirit of our Nebraska citizenship; the utterances of the public press and opinions of citizens expressed in public and private in support of the administration's policy.

3. We earnestly urge at this time all citizens to assist the president in his efforts for peace, by urging every means to develop a sober and sane public sentiment. We urge all citizens to refrain from war talk, from exciting brutal passions and stirring up the spirit of revenge. The Mexicans are our brothers. War brings in its train countless horrors. It is a denial of the teachings of the Prince of Peace.

Meat Cause of Kidney Trouble

Take Salts to flush Kidneys if Back hurts or Bladder bothers. If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid, which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and swollen, you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink.—Advertisement.
