

CONTESTANTS LOOMING UP

Many Are Getting Ready to Compete for Garden Prizes.

YOUNG PEOPLE INTERESTED

Students and Members of Improvement Clubs Are Showing Much Activity Towards Beautifying Omaha.

Numerous applications have already been received by Secretary Roy N. Towl of the contest committee of the Omaha Civic League for membership in the contest. The young people in the schools and in the various improvement clubs are showing a keen interest in the contest for beautifying Omaha by a systematic system of shrub and flower planting and gardening.

Literature concerning the contest in which numerous cash prizes are to be awarded has been distributed among all improvement clubs in the city as well as to various ward and parochial schools of the city. The idea is to get the provision of the contest quickly before all the children and young people of the city in time so that they can get into the contest and begin work before it is too late in the season.

When application is formally made, the applicant is furnished with a certificate of membership and a slip of credentials that entitles that member to a given amount of garden and flower seed and a given number of shrubs when presented at the Stewart seed store at 113 North Sixteenth street. He gets the material, works his own ground and plants to suit himself.

General clean up work, artistic effect and clever grouping of plants, shrubs and flowers will be taken into consideration along with a lot of other things mentioned in the circulars, in the awarding of the prizes at the end of the season.

Summer School of Missouri Has Good List of Speakers

Arrangements are nearing completion for the fourth annual session of the Summer School of Missions to be held June 22-30 at the University of Omaha, Twenty-fourth and Evans streets, under the auspices of the Woman's Missionary Federation of Omaha. This federation includes forty churches and has for president Mrs. Frank M. Bristol, wife of Bishop Bristol. Other officers of the federation are: Mesdames W. P. Harford, E. A. Van Fleet, James McClair, Florence Stewart, W. O. Saunders, Carrie W. Scott and W. E. Bingham.

The Omaha Summer School of Missions is one of seven similar organizations held in the United States, others being Winona Lake, Ind.; Los Angeles, Cal.; Boulder, Colo., and others. The object is to offer opportunity for study of the solution of the world problems through Christian unity in missions, study of civic and community betterment, child study from the standpoint of the church and clearer understanding of the Bible.

Former sessions of the Summer School of Missions have brought many famous men and women to Omaha, namely: Mrs. D. B. Wells, Edward A. Steiner, Hon. Charles W. Fairbanks, Dr. R. J. Patterson of Belfast, Ireland, originator of the "Catch-My-Pal" movement for temperance; the wonderful Australian family, "The Rawies," and others. Mrs. Edward P. Costigan of Denver comes every season and is one of the most popular workers, an artist with children and methods for their development.

The session of 1914 will bring to Omaha S. D. Gordon, a renowned Young Men's Christian association worker; S. Hall Young, famed for his work in Alaska; Hon. William S. Kenyon of Iowa; author of the Webb-Kenyon abatement bill; Rev. Henry Roe Cloud, native Indian, and other experts in various lines of moral and spiritual work. A new feature will be special work done by young women's societies.

Booster Edition of State Papers Bound by Publicity Bureau

The 24 booster editions of papers from various parts of the state published last September have been bound in cloth bindings by the bureau of publicity of the Commercial club. They are bound in three volumes and are to be kept on file at the bureau office. Those published in foreign languages are bound in one volume and the others are divided into two volumes. There is one copy of each of the 24 papers which published booster editions.

They comprise country weeklies and dailies from various parts of the state. These booster editions of the state papers were published last September at the suggestion of Manager Parrish of the publicity bureau in Omaha. Each paper besides supplying its own subscription list with these editions in the regular way, agreed to send at least 1,000 copies for distribution outside the state of Nebraska. This gave the 24 booster editions a combined circulation of 583,000, and of this, 310,000 copies at least went outside the state. The figure ran above this, however, as each paper sent at least 1,000 copies out of the state, while some of them sent as high as 10,000 to 15,000 out of the state.

Monument to Mark Oregon Trail to Be Dedicated May 12

The Oregon Trail Memorial commission will hold the travelling exercises and dedication of the monument to mark the Oregon trail on the Kansas-Nebraska state line two miles west of Lanham, Neb., on the afternoon of May 12. The monument was erected by the state of Nebraska and the people of Washington county, Kansas; of Gage and Jefferson counties, Nebraska, and the Elizabeth Montague chapter of the Daughters of

Ak-Sar-Ben Hustling Committee Again Takes Up the War Trail

One of the surest signs of a busy summer in Omaha is again upon us. The membership hustling committee of Ak-Sar-Ben has taken up the war trail under the direction and guidance of John "Dad" Weaver, and with a squad of veterans of many years of service in the ranks of the king's army, the possible member is going to have a hard time escaping. It is understood that Samson has given orders that a little more discrimination is to be shown hereafter, and members will be more carefully picked. This may be interpreted to mean that no available candidate will be initiated, unless he has the magical \$10 bill. The members of the committee got together on Friday and had a photograph taken, just as an evidence of good faith, not knowing what they will look like at the end of the season. Those in the picture are:

Top row, left to right: E. L. Potter, Howard Sobotker, C. E. Black, M. P. Durkee, Edward O'Brien, D. C. Middleton, Randall K. Brown.

Second row: Walter Rosicky, W. H. Crawford, J. J. Pfeifer, M. H. Harris, John Caldwell, Max Mosher, Bob Burns.

Bottom row: J. D. Weaver, H. F. Myers, C. W. Redlin, Julius Rosenzweig, Robert Hayes, Dr. J. D. Wilson, Arthur Lemon.

the American Revolution, Beatrice. Mrs. Warren Perry, state regent, Nebraska Daughters of the Revolution, will unveil the monument and the presentations will be by Robert Harvey, president of the Oregon Trail Memorial commission, and Mrs. Mabel Scott of the Elizabeth Montague chapter of the Daughters of

the American Revolution. Acceptances will be given by Governors George H. Hodges of Kansas and John H. Morehead of Nebraska. William E. Connelley, secretary of the Kansas State Historical society, will deliver the address. The officers of the Oregon Trail Memorial commission are: Robert Harvey, president; Mrs. Warren Perry, vice president; and Clarence S. Paine, secretary-treasurer, while the local committee in charge of the erection of the monument are August Jandicke, chairman, Hanover, Kan.; William Winters, Lanham, Neb.; J. G. Lewis, Hollenberg, Kan.; William

Doebel, Hanover, Kan.; Peter Jansen, Beatrice, Neb.; Captain Charles W. Murdoch, Wymore, Neb.; F. W. Beckwith, Diller, Neb.; George W. Hansen, Fairbury, Neb.; Robert J. Kipatrick, Beatrice, Neb.; Mrs. E. C. Drake, Beatrice, Neb.; and Mrs. Frank N. Prout, Fairbury, Neb.

Doebel, Hanover, Kan.; Peter Jansen, Beatrice, Neb.; Captain Charles W. Murdoch, Wymore, Neb.; F. W. Beckwith, Diller, Neb.; George W. Hansen, Fairbury, Neb.; Robert J. Kipatrick, Beatrice, Neb.; Mrs. E. C. Drake, Beatrice, Neb.; and Mrs. Frank N. Prout, Fairbury, Neb.

Which Light Weight Six Will You Buy?

The Chandler is the only six-cylinder car selling for less than \$2000 which has all the following features found on all the leading high-priced sixes.

- Bosch Magneto for Ignition
- Separate Electric Motor for starting
- Separate Electric Generator
- Imported Annular Ball Bearings
- Large Gasoline Tank—in rear.

Used on the most famous American sixes

- Packard
- Peerless
- Pierce (Tank Under Seat)
- Locomobile
- Lozier

CHANDLER LIGHT WEIGHT SIX \$1785

Other Features In addition to the above features, each of them instantly assuring good service, there are many other features that are characteristic of high-standard design and construction and are found on most of the high-priced sixes.

The Chandler is the only light six selling for less than \$2,000 on which are to be found all of the following features: Mayo Genuine Mercedes Type Honeycomb Radiator. True Steamline Body Design. No dash, no projections. Crowned fenders. Absolutely clean running boards. Single wire electric system, with wire running through armored conduit. No side lamps. Double globes in front lights. Cast aluminum motor base, extending from frame to frame. Oiling system all contained within the motor. No outside piping. 3 Imported Coventry chains, instead of noisy gears, to drive camshaft, pump and generator. These chains run silently in a constant spray of oil. Left-side drive and center control—multiple disc steel and raybestos clutch—Firestone demountable rims—Stromberg Carburetor, with hot air and dash priming attachment—double internal enclosed brake drums—triangle section tor-

sion rod, with forward end fitted with double spring buffer—deep 10 and 12-inch cushions.

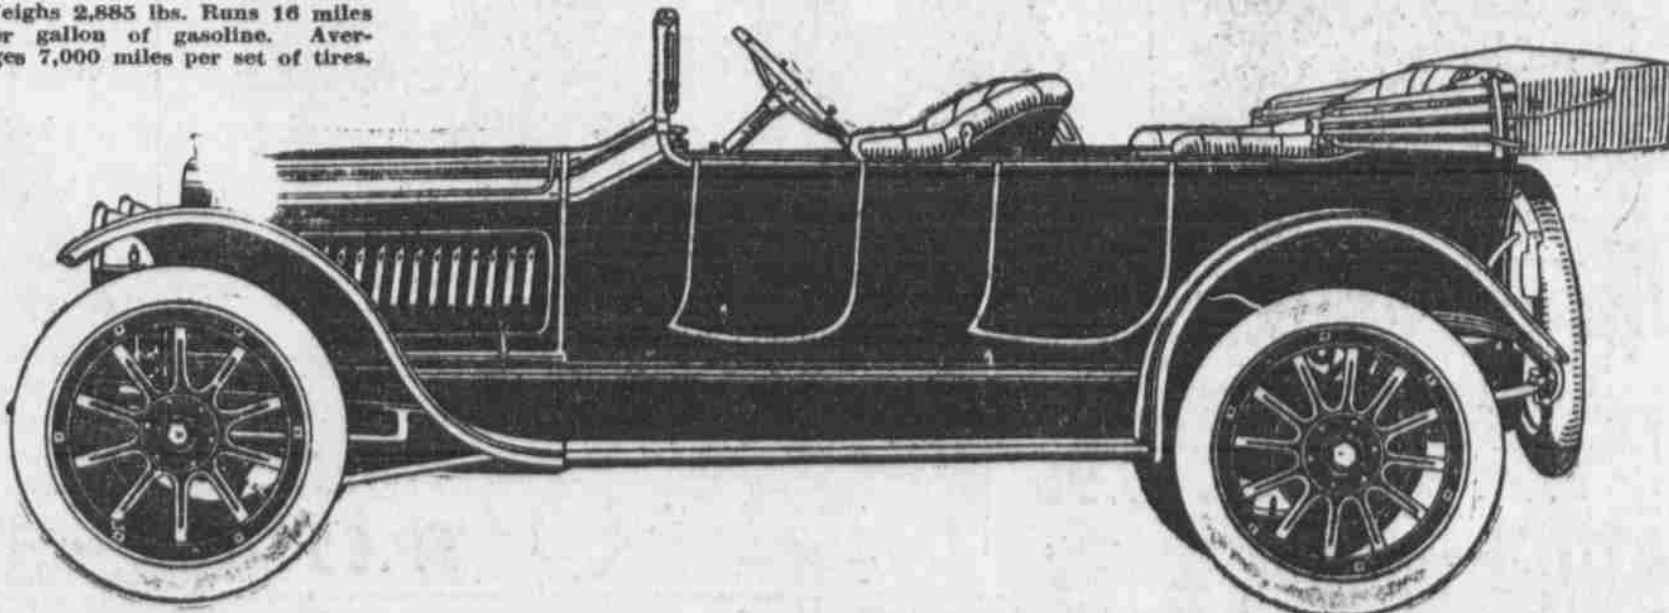

The Chandler has all these features, and more. Regular equipment includes, in addition to equipment items already named, Jiffy Curtains, New Haven 8-day clock, Jones speedometer, rain-vision clear-vision ventilating windshield, Bair patent top holders, instantly adjustable tire carrier in rear of tonneau, carrying tire without straps.

Consider carefully the Chandler and the three or four other well-known light sixes. Compare values in detail. Consider the six-cylinder experience of the builders.

A full season's service in the hands of hundreds of owners all over America has not developed a single mechanical weakness in the Chandler. We know of no way to improve the Chandler chassis. The new body design is the ultimate in graceful beauty. Four types of body: Five-passenger touring, \$1,785; a handsome runabout, \$1,785; four-passenger coupe, \$2,485; limousine, \$2,985.

Come and see the Chandler. If you drive, come drive the Chandler. Then you will know the car.

Weights 2,885 lbs. Runs 16 miles per gallon of gasoline. Averages 7,000 miles per set of tires.
