**Let Us Give You the Biggest "Spring Help" You've Ever Had!**

Yes, Madame! Lean upon us! Depend upon us! We will prove a genuine help to you this Spring. NOT the troublesome, hired-by-the-day help you've been used to enlisting each Spring, but a help you CANNOT secure OUTSIDE of this \$57,000 plant.

We want to help you with your Spring House Cleaning—We want to clean your RUGS as they've NEVER before been cleaned; we want to clean your LACE CURTAINS, your Blankets, your Drapes, your Comforters; we want to clean ALL of your Ladies' and Gentlemen's Winter Clothes and Furs before you finally put 'em away for the summer.

If you only knew how MUCH we can help you and how MUCH you SAVE by LETTING us help you, we would get your phone call this minute. (Our phone number is Tyler 345.)

**OUR "ROUGH DRY" Department** has solved the wash day problem for many households. Why don't you investigate and see what we can do for you?

☞ We take every sort of wearing apparel—under and over—together with your bed and table linen. The cost, by our system, is lower than you can have it done in your home.

☞ We sort every bundle, washing woollens, linens, etc., separately by modern—saving—methods. Flat work is sent home to you ironed—all ready for use. Garments may be finished, or, if you wish, dried, starched and sent home, all ready for sprinkling and ironing.

☞ We give every part of a home laundry bundle better care than it could receive in any household laundry. Send us a trial order.

**Troops of Soldiers and Naval Vessels to Be at Exposition**

More than 50,000 troops, representative of all the great nations of the world, are expected to participate in the greatest military tournament ever held, upon the grounds of the Panama-Pacific exposition at San Francisco in 1915. The invitation extended by the War department of the United States to the foreign nations to send troops to an international military encampment is being heartily received, and for the first time in history the troops of more than three nations will assemble for maneuvers during time of peace. With the exception of the time that the allied armies occupied Peking, this will be the only instance when the troops of more than three nations have been encamped together.

An international fleet of more than 300 vessels, including representative types of battleships from the navies of all the great military nations, will gather at Hampton Roads in January, 1915, and proceed upon a cruise through the Panama canal to San Francisco, reaching their destination early in March, 1915, and shortly after the formal opening of the Panama-Pacific International exposition.

**THIRTY-FIVE NATIONS WILL EXHIBIT AT PANAMA FAIR**

Thirty-five nations have accepted the invitation of the United States to participate in the Panama-Pacific International exposition at San Francisco in 1915. The nations are as follows: Argentine Republic, Australia, Bolivia, Brazil, Canada, Chile, China, Costa Rica, Cuba, Denmark, Dominican Republic, Ecuador, France, Guatemala, Haiti, Holland, Honduras, Italy, Japan, Liberia, Mexico, New Zealand, Nicaragua, Norway, Panama, Persia, Peru, Portugal, Salvador, Siam, Spain, Sweden, Turkey, Uruguay and Venezuela.

**HALF A MILLION PERSONS TO CONVENE AT BIG FAIR**

More than 250 conventions, at which more than 500,000 accredited delegates are expected to assemble, will meet at San Francisco during the Panama-Pacific International exposition in 1915. Among these are twenty-one agricultural societies, twenty business, twenty-two educational, thirty-five fraternal, seven genealogical, twenty-three Greek letter fraternities, fifteen governmental and civic societies, five historical and literary, fifteen industrial, nine labor, thirteen professional, eight religious, nineteen scientific and seven social service.

**Woman's Board Will Protect Young Girls**

The Woman's Board of the Panama-Pacific International exposition is organizing a travelers' aid, by which they hope to make the exposition city absolutely safe for all girls and women visiting it during 1915. The organization will extend its protection to boys as well as girls, and will list hotels, lodging houses and restaurants and establish information stations upon the grounds and in railway stations.

**TO LIGHT 'FRISCO FAIR BY FLOOD LIGHTING SYSTEM**

The illumination of the Panama-Pacific International exposition at San Francisco in 1915 will be a triumph of American engineering. For the first time in the history of exposition building the "flood lighting system" will be used for outdoor illuminations. By the use of thousands of incandescent lamps of a type never before perfected and not to be used elsewhere until the close of the exposition, the 535 acres of exposition grounds will be maintained at night to a height of 125 feet, with a variation of but 5 per cent throughout this height.

**Panama Exposition Notes**

The Canadian pavilion upon the grounds of the Panama-Pacific International exposition at San Francisco, is now in process of construction, and a portion of the Canadian exhibit is already in transit to San Francisco for installation.

The greatest tulip exhibit ever possible anywhere outside Holland, will be part of the national exhibit of the Netherlands at the Panama-Pacific International exposition at San Francisco in 1915. Two acres will be devoted to beds of these gorgeous flowers.

A Woman's Congress of Missions will meet at the Panama-Pacific International exposition at San Francisco from May 31 to June 12, inclusive, devoting one week each to foreign and home missions, and concluding with a magnificent banquet typifying the progress of the nations toward Christ.

The racetrack at the west end of the grounds of the Panama-Pacific International exposition, with a mile course, will be one of the features of the fair. Two hundred and twenty-seven thousand dollars is offered in prizes and awards for the spring and fall race meets to be held on this track.

The exhibit palace of machinery at the Panama-Pacific International exposition has been turned over by the contractors to the exposition management and will shortly be ready for the installation of exhibits. The building covers nearly nine acres. Three other exhibit palaces will be ready by the first of May and all will be completed by July 1.

An International Congress of Authors and Journalists, which some of the most famous thinkers of the age will attend, will convene upon the grounds of the Panama-Pacific International exposition in 1915. Among the questions considered by the congress will be the adoption of uniform international copyright laws, and the arbitration among authors of playground disputes.

An international sports event series will take place upon the grounds of the Panama-Pacific exposition at San Francisco in 1915, at which the International Olympic committee, for the first time outside the regular Olympic games, will award prizes, and at which the winners will be selected as the representatives of their respective countries at the next Olympic games to be held in Berlin in 1916.

With the aid of the ferry freight slips already installed at the grounds of the Panama-Pacific International exposition at San Francisco and the exposition terminal railway, exhibits from all parts of the world can be handled with great facility. Miles of track have been laid over the grounds and spurs have been run into various exhibit palaces, permitting the arriving exhibits directly from the freight slips and from outside the grounds.

For the first time at any great exposition, all monumental sculpture at the Panama-Pacific International exposition at San Francisco in 1915, goes out of doors. This has been impossible at all previous exhibitions because of the disintegration by the elements of the plaster in which the sculpture is presented. The international exhibit of sculpture will be placed in the plaza in front of the crescent-shaped Palace of Fine Arts.

Mrs. William Grant, an expert scientific live stock breeder and owner of a large ranch in California, was recently appointed assistant to Mr. Daniel G. Lively, chief of the department of live stock of the Panama-Pacific International exposition, to be held in San Francisco in 1915.

Six thousand nurses, representatives of fifteen nations, will meet in San Francisco June 1, 1915, upon the grounds of the Panama-Pacific International exposition, to attend an International Congress of Nurses.

**Cuts that print---**

There is often all the difference in the world between a cut that shows up well in the engraver's proof and one that shows up well when it is printed. Cuts made for a newspaper have to be made so that they will give good results under the most adverse conditions. For that reason, a newspaper engraving plant produces cuts that the ordinary printer can use and get good results.

If you have some engraving to be done, send us the work and compare both the results and the prices with that of ordinary engraving plants.
