PHOTO MEN HOLD SESSION
 State Convention is in Progress at the Capital City.
DEMONSTRATIONS BEING HELD
 Leading Men of the Profession Give Examples of Their Methods Before the Assembled Members.

(From a Staff Correspondent.)
 LINCOLN, May 5.—(Special.)—The twenty-fifth convention of the Nebraska Photographers' association convened in Lincoln this morning and will be in session including Thursday.
 The convention is being held at the Lindell hotel and the display of samples of work by the different photographers of the state and also by several firms over the country is especially commendable. The displays by the Pennsylvania Professional Photographers' society and that of the Woman's Federation of Photographers of America draw an army of admirers. The latter display covers work done by women photographers from all parts of the country, and as far east as Berlin, N. H.

An interesting part of the convention work is the demonstrations in photography in charge of Alva C. Townsend of Lincoln. This afternoon Carl Eitner of Omaha, assisted by Floyd Whipple with Miss Lucille Johnson as the subject gave the first demonstration in photographic work.
 Following this Charles Cady of Omaha with Miss Ethel Schmidt as his subject gave another demonstration of work. At 4 o'clock J. T. Wilson of Pawnee City assisted by Nate Corning, demonstrated the art of photography with two subjects, Miss Marjory and Master Kenneth Carr.

The last demonstration of the afternoon was one of flash light work by H. C. Wilson with a flash cabinet. He was assisted in the demonstration by A. W. Allen with Miss Olive Ladd as the subject.
 The business session opened this morning with the usual addresses of welcome from the mayor and president, in which responses were made by Carl Eitner of Omaha and Charles Cady, followed by a lecture by J. C. Abel.
 In the evening a social hop and concert finished the first day's proceedings. Tomorrow the regular program outlined by the committee will be given and the day's work closed with the annual banquet in the hotel dining room.

Board Picks Brick.
 The State Board of Control has been wrestling with the brick problem the last two days and the front office looks like a brick yard, so many samples of different kinds have been brought for their inspection. The board needs 300,000 face brick for three institutions, one at the Orthopedic hospital in Lincoln, one at the deaf school at Omaha and the third at the girls' school at Geneva.

RHEUMASALTS IS FINE FOR TORPID LIVER
 Learn How to Secure Quick Safe Relief
 The liver is the largest gland in the body, weighing nearly four pounds. Its main purpose is to aid digestion and make glycogen for the blood. So it is important to keep it working right.
 If your liver is lazy and your kidneys throbb with dull aches, you need the scientifically blended and chemically pure carbonated lithia drink called Rheumasalts.

Lame back, shooting pains, tired feeling, dizziness and nervousness simply mean that your liver and kidneys are clogged with impurities, and their poisonous uric acid is retarding their work of aiding the digestive functions and filtering the blood. Push your liver and kidneys and set them working right by taking Rheumasalts in water for a few mornings.
 Nearly all rheumatism, headaches, nervousness, constipation, dizziness, sleeplessness and bladder disorders come from torpid liver and sluggish kidneys. Take Rheumasalts. This delightful effervescent lithia drink helps the weakened kidneys and cleans out the stomach, and eliminates toxins and poisons and leaves the intestinal canal clean and sweet.
 It is uric acid solvent as well as a saline laxative. Acts quickly without griping or nausea.
 The next time your liver and kidneys bother you or your back aches, ask your druggist for a bottle of Rheumasalts. It comes in 25c, 50c and \$1.00 bottles. If he hasn't the genuine Rheumasalts send the price to the Rheumasalt Company, Dept. 532, Minneapolis, Minn., for a bottle.

MAHER STIRS HORNET'S NEST
 Announcement of Candidate Makes Sensation Among Democrats.
MAY FORCE DECIDED STAND
 Likely to Cause Party to Come Out Flat Footed on the Leap-
 tions It Has Long Been Dodging.

(From a Staff Correspondent.)
 LINCOLN, May 5.—(Special.)—The manifesto of Colonel John G. Maher published in connection with his filing for governor on the democratic ticket has caused a sensation in democratic circles.
 Generally speaking, it has opened a fight in the democratic party which is liable to cause that party much trouble at its next state convention. It will be compelled to take a stand on the prohibition, woman suffrage and some other important problems either for or against and the wily-waaky platform of that party which have been conspicuous for their meaningless nothingness in the past under the manipulation of Mr. Bryan and his friends, will have to be obliterated if the new Moses of the party can have his way.
 Democratic sentiment seems about evenly divided regarding the opinions as expressed by Colonel Maher.

When discussing the platform of Mr. Maher a leading democrat said today: "It will compel us to take a stand one way or the other. I am heartily in sympathy with Colonel Maher in what he advocates and while it may cause us some trouble within the ranks, it is bound to draw to us those voters who believe in having a principle and sticking to it, and who do not now vote the democratic ticket."
 Charles W. Bryan, who was frequently alluded to in Mr. Maher's platform, though his name was not mentioned, when asked what he thought of the statement of Mr. Maher, laughingly said: "I am a great friend of the colonel's and I hate to take it seriously."
 It is the general opinion of politicians that on account of the indirect charges made against Mr. Bryan, he will be compelled in defense of the position he has taken to file for the democratic nomination for governor without further delay, as his refusal to do so will be tacit acknowledgement of the charges made by Colonel Maher having foundation.

DESIGN FOR WASHINGTON MEMORIAL IS SELECTED
 WASHINGTON, May 5.—With architects from all over the country competing the plants submitted by Tracy & Swartwout of New York City for the proposed George Washington memorial in Washington have been selected as "the most satisfactory." In announcing this today the jury of award of the George Washington Memorial association states that the selected drawing will now be submitted to the National Fine Arts commission for approval.
 The memorial was authorized by congress and is to be located in the Mall. Work of construction must begin before March 4, 1915. This cannot be begun, however, until \$1,000,000 is raised, although a good part of it has been secured, officers of the association say. The first award of \$1,500 goes to Tracy & Swartwout, whose drawing depicts a fine colonial building with pillared front and square ground plan. The main feature is the great auditorium seating 6,000 people, which is arranged in the form of an ellipse, with the stage at one end and a deep balcony encircling the whole.

Woodmen to Wage Warm Fight Today
 HASTINGS, Neb., May 5.—(Special.)—Elaborate preparations have been made for the triennial state convention of the Modern Woodmen of America, which will take place here tomorrow. Although there will be but 25 voting delegates in the convention the nonofficial visitors will swell the attendance to several times that number. Scores arrived today and tonight. The Hastings booster band gave a preliminary concert this afternoon and tonight an entertainment was given for the visitors at the new Kerr opera house by the Ingleside musicians, the Hastings pianomercer and the Hastings College Glee club. An address was delivered by Rev. A. A. Brooks of the Methodist Episcopal church.
 The convention will select twenty delegates to the Toledo head camp. Both the insurgents and administration forces are claiming a majority in the convention. The fight will be a warm one owing to the fact that Dr. J. V. Boghtol, the head of the national insurgent movement, resides here while A. R. Talbot, the head consul of the order, is a Nebraskan and is fighting to secure the state's delegation to the head camp.

Lid Down on Noise at Hastings Sundays
 HASTINGS, Neb., May 5.—(Special.)—The game between Hastings and York last Sunday was the first Sabbath day base ball ever played in Hastings and the attendance, in spite of the inclement weather, wet grounds and the fact that it was a practice contest, exceeded all expectations. Close to 1,500 persons were present.
 The Hastings management has adopted a rule which has done away with most of the objections to Sunday base ball—that of requiring the Sunday crowds to keep the lid hard down on all hysterical noise and loud cheering. President DeWine has decreed that anybody who gets too noisy at the Sunday games will be put off the grounds.
 The grandstand and bleachers have been doubled in size in anticipation of increasing attendance during the summer.

BARR WINS RE-ELECTION FOR SUPERINTENDENT
 HASTINGS, Neb., May 5.—(Special.)—The fight over the election of a superintendent of schools ended last night when the Hastings Board of Education re-elected C. M. Following the formation of plans by the Barr opposition Mr. Barr was endorsed and recommended for re-election by the district mass convention. Later the entire ticket committed to Mr. Barr won out in the district election. All but nine of the teachers petitioned the board in his behalf.

CHALMERS "Porosknit" has many imitations. But who can duplicate "Porosknit's" comfort, durability, quality of yarn, elasticity, lightness, coolness?
 Underwear can be made to look something like Chalmers "Porosknit." But the "look" is all. None may match the genuine in its real features.
 The "Hidden" Quality
 We have been told that the yarn in "Porosknit" is better than it need be. That we could use less costly combed yarn. That we could pocket thousands of extra dollars each year.
 True. We might.
 The same careful workmanship could be employed in finishing such less-good yarn—and

CHALMERS "Porosknit" would still look about the same. Yet—the *wear*—would suffer.
