

WHY Pay "Regular" Prices for Hardware

While a \$25,000 Stock Is Being Closed Out at True Quitting Business Prices?

If you DOUBT that Hardware of ALL kinds is being offered at a positive GOING-OUT-OF-BUSINESS price; come in here; look around; then say you guess you'll "price around" elsewhere; then come back here a little later and BUY the thing you LOOKED at.

Hundreds have done that very thing since this sale was announced; they sort of doubt at the start; but they come trotting back here after they've been the rounds, and always saying: "Guess I'll take that! Your Sale Price seems to be straight all right."

Remember — EVERYTHING a Carpenter, Mechanic, Contractor or Gardener uses in the way of Tools, and all of the Hardware you'll need in your HOME, at the SMALLEST prices you've EVER paid.

NEW TARIFF WROKS HAVOC
Sugar Beet Growers of Scott's Bluff County Feeling Blue.

MINOR HEARS ALL ABOUT IT
Dweller in Irrigated Section Says Does Not See How Factories Can Continue to Run Under the Changed Conditions.

(From a Staff Correspondent.)
LINCOLN, May 6.—(Special.)—The havoc which the new tariff bill will work on the beet sugar industry of Nebraska is forecasted in a letter received by Deputy State Auditor W. L. Minor, in a letter received by him a few days ago from a friend in Scott's Bluff county who has been much interested in the development of the beet sugar industry in that county and vicinity.

According to this man the reduction already made and which will increase as the tariff gradually goes into effect and results in a total taking off of the tariff three years from the passage of the bill will result in the practical wiping out of the sugar industry by the time the three years is up. It has already reduced prices to be paid for the beets, necessitating the lowering of wages paid laborers in the field and a 10 per cent reduction in wages of the employees of the factory from the superintendent down to the writer says:

You will doubtless remember that when the present tariff act was under discussion in congress, President Wilson made the announcement that any manufacturer who threatened to reduce wages on account of tariff legislation would be charged higher than the market price to be paid for sugar beets in this territory. This year is 10 per cent lower than last season and the contract price for all field labor has been reduced the same per cent and is informed that reductions to be paid operators at the Scott's Bluff sugar factory are reduced 10 per cent, which includes superintendents and all other employees.

The recent tariff act provides that a reduction of 25 per cent on the tariff on sugar should become effective March 1, 1914 and that sugar should be free listed in May, 1914. At the present time practically the only duty paid sugar entering the United States is raw sugar from Cuba, which pays a duty of approximately \$1.00 per hundred pounds. The reduction of tariff which became effective March 1, was a reduction of 25 cents per 100 pounds on raw sugar. This is equivalent to a reduction of 8 cents on the price of a ton of beets and the further reduction which will become effective in May, 1914, is equivalent to a reduction of \$2.50 on a ton of beets. Under the present contract made with beet growers they will receive 10 cents per ton for their beets, but under the further reduction of the tariff act they will receive but 25 cents per ton, which is considerably below the cost of production. I don't know how the beet factory people feel about it, but knowing conditions as well as I do I do not see how our beet sugar factory here can operate after working up the crop this year.

I want to say to you seriously Mr. Minor, that very few people seem to have a true conception of the actual conditions confronting the sugar industry in this part of the country and how much worse those conditions are going to be after the tariff is completely taken off. Just to give you some idea of the trend of public opinion up here, I will say that just the other day I heard a prominent democrat of Scott's Bluff say that he knew of only two men who would vote the democratic ticket today if an election was held, and these two happened to be candidates for the Scott's Bluff postmastership.

Drouth In Wymore Prolonged by Appeal

BEATRICE, Neb., May 6.—(Special.)—The city council of Wymore held a special meeting Tuesday evening and granted license to Clyde Lynch, E. Scheibler, Park H. Cline and Elmer S. Frederick after hearing the remonstrance cases filed against them. C. M. Murdock, attorney for the remonstrators, gave notice of appeal to the district court, and in the meantime the saloons owned by the applicants will remain closed. The saloon of John O. Fisk is the only one in operation at that place.

OMAHA FIRMS WIN CONTRACTS FOR BRICK

(From a Staff Correspondent.)
LINCOLN, Neb., May 6.—(Special.)—After several days spent in looking up the matter of brick for the three new buildings at state institutions, the board of control today awarded contracts as follows:

The contract for the orthopedic hospital building, Lincoln, was awarded to the Sunderland Bros. company of Omaha for \$300 per 1,000. It is estimated that it will take about 20,000 bricks for the building.

For the Omaha Deaf school and the School for Girls at Geneva the contract was let to the Hydraulic Press Brick company of Omaha. The price for the Omaha building per 1,000 is \$21 and it is estimated that the building will take in the neighborhood of 100,000 bricks. The Geneva building will need about 50,000 bricks and the price will be \$19.50 per 1,000.

BROKEN BOW POOL HALL WILL FIGHT CLOSING ORDER

BROKEN BOW, Neb., May 6.—(Special.)—Although voted out at the last city election by a close margin the pool halls here, evidently intend putting up a strenuous fight for existence. They have engaged some of the best legal talent in town to look after their interests, and if the case comes to trial there promises to be a lively scrap. Mayor Drew at the beginning of the week personally visited each hall and notified the managers to close their places for good at 11 o'clock that night. The order was complied with, but according to the pool hall people the doors will remain closed only a few days, and they will be thrown open after the next meeting of the council, which occurs on Tuesday of next week, at which time the fight will probably be started.

STEPHENS ENTERS THE RACE
Congressman Sends His Filing to the Secretary of State.

HANSON FILES FOR AUDITOR
State Photographers Continue in Session, for Most Part Giving Public Demonstrations of Their Art.

(From a Staff Correspondent.)
LINCOLN, May 6.—(Special.)—Any feelings which may have existed that Congressman Dan Stephens had contracted cold feet because of the fight made upon him and his method of selecting postmasters up in the Third congressional district may now rest, as Congressman Dan today sent his filing to the secretary of state with the information that he would again make a try for the nomination on the democratic ticket.

J. F. Hanson of Fremont, selected by the bullmoose steering committee as a sacrifice upon the altar of political affairs, filed today as a candidate for state auditor.

Earl C. Carstensen of Curtis, also filed for the republican nomination for state representative from the Sixty-sixth district, comprising the counties of Frontier and Gosper. This district was represented in the last session by James Pearson, a democrat.

Charter for Oxford Bank.
The Security State bank, which takes the place of the First National bank of Oxford, has been granted a charter by the state banking board. The capital stock of the institution is \$50,000 and the officers are W. C. Springer, president; T. Fred Mackprang, vice president, and Avon Armsberger, cashier.

Photos in the Making.
The state photographers' convention continues to be a busy place in its second day's session. The attendance is good and the interest is strong. Demonstrations in the art of photography are the most interesting part of the meeting and a large crowd surrounds the demonstrators.

Herman Hoyt of Omaha, who was down for the first demonstration today, was not able to be present and it is C. Nelson of Hastings, conducted the demonstration with Miss Ester Lautenschlager as his subject. L. Boston of David City and President Leschinsky of Grand Island, conducted the next demonstration with Mrs. S. D. Amspoker as the subject. The last demonstration was made by C. J. Fennel of Columbus and J. W. Beattie of Lincoln with the beautiful Miss Genevieve Reed of this city as their subject.

New Firms Incorporated.
The Axel H. Andersen company, incorporated, was a new company filling articles of incorporation with the secretary of state today. The company is located at Omaha and has a capital of \$10,000 with Axel H. Andersen, Helen A. Andersen, J. Dreyer, Fred Brodegaard, Peter Brodegaard, Sophus S. Nehoi, Mafdie L. Fredrickson and Anna M. Fredrickson as incorporators.

The Murdock Mercantile company of Murdock, Cass county, with a capital of \$25,000 has incorporated, with Henry A. Tool, H. A. Guthman, Henry Schroeder and several others as incorporators.

Hide Shippers Object.
The James C. Smith Hide company of St. Joseph with a branch at Grand Island made complaint to the railway commission a short time ago against the railway companies because of a ruling that they would not accept green hides for shipment at any day of the week. They complain that the carriers have one day in the week in which they run a car which takes on these hides and that hides become much damaged while lying around the depots awaiting the car. The railroads claim on the other hand that the nature of the hides is such that it is impossible to ship them with other freight or express without the latter being contaminated by the green hides. The hearing was on today.

CATS, DOGS, PIPES, CIGARS NOW BARRED FROM BAKERIES

(From a Staff Correspondent.)
LINCOLN, Neb., May 6.—(Special.)—State Food Commissioner Harnan has issued an order prohibiting cats from becoming a part of the kitchen cabinet. This more particularly applies to kitchens which provide food for public places and the order was put into effect May 1. It also applies to dogs. He also issued an order that no meat market, bakery, kitchen or other food producing establishment shall allow smoking of pipes, cigars or cigarettes within the place.

Bank Changed at Broken Bow.
BROKEN BOW, Neb., May 6.—(Special.)—An important change was made in the Security State bank this week when at a meeting of the board of directors Julia Haunton resigned as vice president of the bank and L. W. Wilson of Merina was elected to take his place. L. H. Jewett resigned as cashier and was succeeded by Assistant Cashier Ross Pickett. Mr. Jewett resigns his position on account of ill health and the active management of the bank will hereafter be assumed upon Vice President Wilson and Cashier Pickett. State Treasurer W. A. George still remains president of the institution, along with the same board of directors.

Commercial Clubs Hold Annual Meet at Grand Island

GRAND ISLAND, Neb., May 6.—(Special Telegram.)—Following addresses of welcome to the delegates to the eleventh annual convention of the Nebraska Association of Commercial Clubs by Mayor Ryan and President Ashton of the local club and the response by President Ross Hammond of the association, Purcell, Platteau, Kinger, Lincoln, and Stewart, Pawnee City, were appointed as a resolutions committee and Thompson, Albion; Harms, Deahler, and Lawrence, Chadron, an auditing committee.

The annual report of Secretary Bailey of Kearney reviewed the work of the year, complimented the association and the newspapers of the state on the 200 booster editions published last fall and urged the employment of a secretary special for the state association, declaring himself free to make this suggestion, not being a candidate for re-election. Water rights, permanent roads, revenue, etc., he said, were questions which through the state at large should engage the attention of such a secretary and would be found beneficial just as individual clubs found it paid to invest from \$200 to \$500 annually for a secretary.

A paper by Commissioner Manley of Omaha brought out the subject of commercial club efficiency, the discussion being led by Senator Wool of Fremont.

Lieutenant Governor McKelvie reported on the trip of the Nebraska temporary commission to San Francisco and pleaded for representation of this state at the exposition. No definite plan for funds was suggested. Opposition was voiced by Editor Bushnell of the Lincoln Trade Review and Editor C. Wright of the Lincoln Star, who seemed to voice the sentiments of a large number of the members in the convention, though no action on the matter was taken. This evening the Condra industrial pictures were the feature of an entertainment.

Mothers Tell of Mother's Friend

Experience is or should be our best teacher. Women who have obeyed the highest and noblest of all sacrifices, the struggle for the life of others, should have a better idea of helpful influence than those who theorize from observation.

At any rate when a prospective grandmother urges her daughter to do as she did—to use "Mother's Friend," there is reason to believe it the right advice.

"Mother's Friend" is an external application for expectant mothers. Its purpose is to furnish pliancy to the muscles, to take away the strain on the colon and ligaments, to relieve the tension of nerves and tendons so apt to provoke or aggravate nausea, morning sickness, twitches of the limbs and so on.

Although it is a matter of things, a woman would use "Mother's Friend" but rarely, yet so effective has it been found that this splendid remedy is on sale in most drug stores throughout the United States. It has been prepared by Bradford Regulator Co., 406 Lamar Bldg., Atlanta, Ga., and advertised by us for over forty years. This is a fine record for such a special remedy and the grateful letters received to-day are just as appreciative as were those of years ago notwithstanding that methods are supposed to have greatly advanced. Ask at the drug store for a bottle of "Mother's Friend." It is worth while.

Rheumatism

Remarkable Home Cure Given by One Who Had It—He Wants Every Sufferer to Benefit.

Send No Money—Just Your Address.

"I had sharp pains like lightning flashes shooting through my joints." "In the spring of 1913 I was attacked by rheumatism and inflammatory rheumatism. I suffered so much that I was unable to move for some time. I tried every remedy for over a year, but each time as I received some relief it was only to be followed by a relapse. I was cured completely, and it has never returned since. I am now in the best of health and I want every rheumatic victim to know how he can be cured. Load what he says."

"I want every sufferer from any form of rheumatism to try this marvelous healing power. I have tried it for four years and my address and I will send it free to try. After you have used it and it has proven itself to be that long looked-for means of curing rheumatism, you may send the price of it, one dollar, and I will send you a bottle. I have cured many who are perfectly satisfied to send it. If you suffer any longer when positive relief is thus offered, you free! Don't delay. Write today."

Is \$1 a big price to pay for having this wonderful Hoosier Cabinet in your home?

The past three days, when you postponed coming to examine this Hoosier Cabinet, it wasn't because you doubted the wisdom of spending a dollar to have it put in your home—

You waited because you thought there still was time to make up your mind. But now that time approaches an end. What important consideration can possibly weigh against the fact that

You now take miles of steps a Hoosier will save?

If you were to delay decision until this great opportunity closed, could you possibly justify your neglect of your own valuable time and health? In five minutes after you examine this Hoosier you can decide—

(1) Whether you want it now on this liberal Hoosier plan, or (2) Whether you will wait until the opportunity is gone and regular terms prevail.

But five minutes after the plan closes, you cannot decide. The opportunity will be ended for you.

Therefore read this Hoosier Plan carefully:

- One dollar puts any Hoosier you select in your home.
- One dollar weekly does quickly pay for it.
- The low cash price, fixed by the factory, prevails absolutely.
- The sale is under direct supervision of the Hoosier Company.
- When this allotment is taken, the sale closes.
- If you are not delighted with your cabinet, we will gladly refund your money.
