MAHER'S FILING MAKES STIR

Steps Being Taken to Keep Him Out of State Convention.

DEMOCRATS MUCH EMBARRASSED

Bryan Wing Disturbed and Move is Likely to Cause Rift in Ranks at No Very Remote Date.

(From a Staff Correspondent.)

LINCOLN, May 7.—(Special.)—The filing of Colonel John G. Maher for the democratic nomination for governor, while at first looked upon in the line of a joke, is now considered by democrats interested in the situation it forces upon the party, as anything but a joke, and in the opinion of some is liable to bring about the very climax which the party has been trying to steer clear from for many years.

While the Bryan fellows led by Brother Charlie are trying to appear to take the colonel's candidacy as a real bit of humor, it is evident that they are beginning to see what a serious thing it is going to be to the party when the state convention meets. Already steps are being taken to see that Colonel Maher does not secure a place on the Lancaster delegation and every effort will be made to keep him from getting a chance to mount the platform and tell the delegates where he stands.

Want Square Deal.

There are plenty of people around the capital city who are not backward in declaring that they are for "John" and propose to see that he gets a square deal. They are firm in the belief that the state convention will adopt Maher's platform on the liquor proposition, or if it does not its action in turning it down will react and thereby cause the nomination of Colonel Maher at the primary. With Maher nominated by the democrats they claim there is little doubt of his election and point to the gubernatorial campaign of 1910 when Dahlman came within a little over 15,000 votes of defeating Aldrich, the republican nominee. They claim that the things which brought about the defeat of Mayor Dahlman cannot be used against Colonel Maher and point to the general feeling that was expressed after the election that had the democratic nominee not taken the stump he would have been elected hands down.

Take it all around the Bryanites are not sleeping well and their dreams are rudely disturbed by visions of what may happen if Colonel Maher gets a chance to get his platform into resolutions and put before the democratic state convention.

Notices to Corporations.

Corporation Clerk Walker Smith of the secretary of state's office is sending out today over 2,500 notices to corporations that their tax will be due July 1 and delinquent August 1. In case the tax is delinquent after delinquency, 15 per cent of the tax will be added. This is the first time that corporations have been required to pay under the Potts act, as last year it was a question as to its requirements regarding time of payment.

Loan Man in the Tolls.

A clipping sent to Secretary Rozyko of the State Banking board, taken from a Chicago paper, states that W. E. Whitehead, manager of the Chicago branch of the Standard Home company of Birmingham, Ala., has been bound over to the grand jury of Cook county for obtaining money under false pretense, the amount being placed at \$500.

This company has in the past tried to do business in this state, notwithstanding the banking board had refused to grant a license. It did a sort of building and loan business, guaranteeing the man who made a contract with them that after twelve payments had been made he would be "eligible" to a loan. When it came time for a man to be "eligible" it would be discovered that the word was very elastic and was liable to last an indefinite time and the contract holder generally saw the light and quit.

There were 12 paroled during the month, 3 discharged and 4 furnished making a total of 19 leaving the number the same as the close of the previous month, 363.

The board has refused to grant a license to Nick Aebig, and the establishment of Jacob Wunnenberg is closed on account of a remonstrance being filed against him. The case will be heard Friday of this week.

Louis Schirmer of Home, Kan., and Mrs. Gertrude Rippen of Marysville, Kan., were married Wednesday at the court house by County Judge Walden. A license to wed was issued to Van Inskip of Manhattan, Kan., and Hazel G. Plummer of Blaine, Kan.

Howard Will File in Second District for Congressman

(From a Staff Correspondent.) LINCINN, May 7.—(Special.)—State Auditor W. B. Howard will be a candidate for republican nomination for congress in the Second district comprising the counties of Douglas, Sarpy and Washington. He mailed to County Treasurer Eric of Douglas county the necessary filing fee. Upon the return of the receipt for the same he will immediately file with the secretary of state.

The determination of Mr. Howard not to run for a second term for state auditor will probably mean that Deputy Auditor Walter L. Minor will file for the place. As some indication of Mr. Howard's strength in the Second district, the records of the secretary of state office show that he polled a larger vote in that district when he ran for state auditor than did Congressman Lobeck at the same election.

YORK, Neb., May 7.—(Special.)—Mayor Nelson has put a quietus on the tango dance in this city. He, with an officer, was called to the armory last evening. The mayor said after visiting the hall: "I saw enough. I felt sorry for the girls of good, respectable parents that I saw there. The dancing was coarse, and cannot be permitted to continue. We are not going to tolerate that sort of thing in York. The next time it happens complaints will be filed against anyone violating this order."

Chemical analysis of an ordinary cup of coffee shows that it contains about 2 1/2 grains of the drug caffeine.

By actual test the U. S. Government demonstrated that 5 grains of caffeine (the amount in 2 cups of coffee) were sufficient to kill a rabbit.

Of course, human beings are stronger than rabbits, but there are few people who can drink coffee regularly without sooner or later feeling the effects of caffeine poisoning, commonly shown in headache, indigestion, biliousness, sleeplessness, heart agitation and other ills.

Thousands of people, tired of coffee troubles, have found relief by changing to
