### SACKETT FILES FOR GOVERNOR

Petition Hurdled Gotten Together and Put in Hands of Secretary of State—Illian Will Be Candidate in Boone.

(From a Staff Correspondent.) LINCOLN, Neb., May 11.—(Special.)—No selection of a president for the Kearney State Normal school was made by the normal board at its meeting today. Several applications were on file for the place and it was decided to refer the matter to the teachers' committee, consisting of Delsell, Gettys and Caviness, who spent a couple of hours or more trying to arrive at some kind of a report. This was unsuccessful and a motion was made after they had reported that the matter be put over until the next meeting to give the committee more time to investigate applications.

The next meeting will be held at Wayne at the time of the laying of the cornerstone of the new building at the Normal school in that city, June 23. Applications for the presidency of the Kearney school read were as follows: Peter Blason, Colquhoun, Minn.; L. H. Beeler, Rock Hill, S. C.; Robert H. Gould, S. H. Gilmore, Mason City, Ia.; H. M. Martin, Broken Bow, Neb.; J. M. Gilmore, Mason City, Ia.; Grant E. Finch, Dillon, Mont.; W. H. Nye, Billings, Mont.; James H. Greely, Colo.; Andrew D. Wade, Palm Lake, Ia.; Frank Secrist, Worchester, Mass.; Joseph Hill, Boston, Mass.; William Taylor Harris, Norwood, O.; Clyde M. Hill, Springfield, Mo.; Prof. Holton, Manhattan, Kan.

The following sent in no applications, but their names had been recommended to the board as worthy of consideration: E. L. House, Peru; C. M. Barr, Hastings; J. A. Beattie, Lincoln; G. W. A. Lockley, Lincoln; Dean Fordyce, Lincoln; C. M. Walton, Wahoo; J. A. Doremus, Auburn; W. K. Fowler, Lincoln; W. G. Bishop, University Place; E. C. Bishop, Ames, Ia.

### Sackett's Filing Made.

Frequent applications of political hot water bags to the cold feet of Harry E. Sackett of Beatrice resulted this morning in a filing being made with the secretary of state signed by forty-six people, all of whom are from Lincoln except three, making him the candidate for the bill mouse nomination for governor. This virtually completes the state fixed up by the bill mouse steering committee. All of the names on the petition are from Lincoln except two from University Place and one, Frank G. Odell, of Omaha. Evidently this is looked upon as a universal demand by Mr. Sackett, and so he files.

J. C. Harpham of Lincoln has filed as a candidate on the bill mouse ticket for the office of railway commissioner by petition. The names of Nathan Merriam of Omaha and Victor G. Lyford of Falls City, candidates for the bill mouse nomination in the second and first districts for congress, appear on the petition.

### Water Power Expenditures.

Reports of expenses incurred by different water power companies filed with the secretary of the irrigation board show that Charles P. Rowland expended during the past month \$566 on the Elkhorn-Platte proposition. The Nebraska Power company spent \$221 on the Loup; the Kirk filing of the Baker company on the Niobrara shows an expenditure of \$217; while the Buhman filing by the same company shows \$197. John Hoag reports an expenditure of \$99.

### Beckman Gets Busy.

Land Commissioner H. Beckman seized his trusty dandelion extirpator this morning and made a noise like a state officer earning his salary by the sweat of his brow. Four newspaper reporters stood by and are in a position to swear that the land commissioner is some digger and has a grudge against anything of the yellow variety.

### SALOON LICENSES ARE GRANTED IN WEST POINT

WEST POINT, Neb., May 11.—(Special.)—Licenses have been granted at West Point to the usual number of saloons. A remonstrance was filed against one applicant and it was thought that it would be effective and thus reduce the number of drinking places by one, but the objections were subsequently withdrawn and no action was taken. Those receiving licenses were The West Point Breweries association, Melergerd & Nuemann, Julius Iuedke, John Radacker, Frank Cejda, William Radler, Fred Rudiger, Hugh and Johnson and Hans A. Thompson, largely the same parties who were in the business last year.

The historic church of St. Anthony at St. Charles, in this county, was the scene on Tuesday of the marriage of John Wienecke to Miss Justina Grewe, four priests officiating at the nuptial mass—Rev. P. Grobbel, resident pastor; Burger, Travis and Keary. The attendants were Miss Anna Wortman and Frank Grewe. They will reside on their own farm in St. Charles.

### Notes from Beatrice.

BEATRICE, Neb., May 11.—(Special.)—Ed Wills, a farmer living north of the city, had his right leg broken below the knee Saturday by being kicked by a horse which he was leading from a pasture on the W. H. Rowman farm. He was taken to a local hospital for treatment.

Anna Keogh Saturday instituted divorce proceedings against her husband, Patrick Keogh, on the grounds of desertion. Petitions are being circulated at Cortland asking the school board to call a special election for the purpose of submitting a proposition to the voters of the school district of Cortland, authorizing the school board to issue bonds in the sum of \$5,000 for remodeling and equipping the present school building.

### Railroad Values to Be Left Same by State Board

(From a Staff Correspondent.)

LINCOLN, May 11.—(Special.)—Valuation of Nebraska railroads this year will remain the same as found by the state board of assessment in 1913. The only difference will be an additional mileage made to the Union Pacific, made by taking over the Hastings & Northwestern line and some other additions.

The valuations last year were as follows and with that exception will remain the same:

Miles, Av. Per MI.	Value
Burlington	2,541
Union Pacific	1,177
Northwestern	1,005
M. & O.	304
Rock Island	245
Missouri Pacific	211
St. Joseph & G. I.	112

### Part of Boy's Cheek Torn Away by Dog

TECUMSEH, Neb., May 11.—(Special.)—Maater Homer Taylor, the young son of Mr. and Mrs. William Taylor, who live south of the city, is suffering the effects of being bitten in the face by a dog. The wound was a bad one, a portion of the lad's cheek being torn away. Dr. M. Stewart gave the required surgical care and is inclined to think the child's face will not be scarred.

The seniors of the Tecumseh High school will give their class play at the People's theater on Friday evening. The play is "The Valley Farm."

George Hindenach, a young farmer living near here, rode a horse under a clothesline which he did not see. He was severely injured by being dragged off the horse and his nose was badly lacerated. Harry E. Abbott, son of Mr. and Mrs. W. H. Abbott, and Miss Lydia Belle Critton, daughter of Mr. and Mrs. George F. Critton, the families living east of Tecumseh, were married by County Judge James Livingston Wednesday.

### JOHNSON COUNTY WILL BUY HEAVY TRACTOR

TECUMSEH, Neb., May 11.—(Special.)—The Board of County Commissioners of Johnson county decided to buy a heavy tractor engine with which to pull their heavy grading machine. The markets were visited by the gentlemen, but they did not decide upon a machine. Accordingly arrangements were made for a try-out between two of the leading makes. The machines were shipped to this city and the board selected a strip of the very worst road in the county. Commissioners and road men from other counties were here to watch the demonstrations. The machines were put to their very severest test and a decision was made.

### MAN FATALLY HURT IN AUTO UPSET AT ULYSSES

SEWARD, Neb., May 11.—(Special Telegram.)—Clyde Scott of Ulysses had his leg broken in an automobile upset near Ulysses late Sunday afternoon. Mr. Scott, in company with John Smith, who owns a bank at Ulysses, and a son of Mr. Smith, were giving a new car a workout, when the driver lost control of it and ran into an embankment, causing the car to upset. Mr. Smith had two ribs broken and was badly bruised. Youse Smith was unconscious from the shock for a few minutes, but was not seriously hurt. Mr. Scott cannot recover.

### Class Sermon at Oxford.

OXFORD, Neb., May 11.—(Special.)—Dr. E. K. Bailey of the Presbyterian church, preached the class sermon to the graduating class at a union service here Sunday night to an audience that entirely filled the opera house. Special music was furnished by the choir of the different churches and a high school quartet. The graduating class this year consists of ten boys and eight girls, the largest in the history of the school. The class address will be given by former President A. G. Thomas of the Kearney normal, on May 11.

### OMAHA PRESBYTERY WILL MEET THIS AFTERNOON

An adjourned meeting of the Presbytery of Omaha will be held Tuesday afternoon at the Young Men's Christian association. Reports will be made on a number of Presbyterian evangelistic meetings that have been held in this part of the state during the winter and spring.

### LAMAR AND LEHMANN NAMED United States Delegates to Niagara Falls Conference Chosen

WAR CORRESPONDENTS FREED

Four Newspaper Men Reported Held Prisoners by Dictator in Mexico—City Have Been Given Release.

WASHINGTON, May 11.—President Wilson received yesterday at the White House Ambassador Da Gama de Braganca, the ranking member of the South American mediators who are trying to complete the Mexican trouble.

The receipt of a dispatch from Mexico City stating that Foreign Minister Albuiz had protested to the mediators that great United States troops with a transport and tender had landed a party on Lobos island, eight miles off the coast, and taken the lighthouse was believed to have been the purpose of the ambassador's unusual visit to the White House on Sunday.

The mediators had held an early conference previous to the ambassador's call at the White House and this meeting on Sunday indicated developments of more than ordinary importance.

Operations Not Stated Public. The Navy department had not made public anything concerning the operations of vessels about Lobos island. Admiral Howland Smith, of the Navy department, had ordered the lighthouses on the Pacific coast extinguished so as to impede navigation by American ships. The same order by Huerta is reported to have been made as to lighthouses on the Atlantic side, so that the reported seizure of the lighthouse on Lobos island might be held to be a precaution to the lights burning and thus protect all shipping along the east coast, where many British, French, Spanish and other foreign vessels ply.

As such a precautionary measure, the taking of the lighthouse, it is contended, would be without significance as an occupation or territorial acquisition of the United States.

Representatives Named. Associate Justice J. P. Lamar of the United States supreme court and Frederick Lehman of St. Louis, former solicitor general, will be the representatives of the United States to confer with the mediators. This became known from an authoritative source tonight. A development of the day that served to relieve anxiety was news of the release of the four newspaper correspondents arrested at Mexico City—Walter Whiffen of the Associated Press, Richard Harding Davis of the New York Tribune, Merrill McCormick of Chicago, representing the London Times, and J. S. Sinton of the Washington Post.

The dispatches to the ambassador stated that McCormick and Davis had left by refugee train for Vera Cruz yesterday and Whiffen and Sinton would depart today. It was said that the correspondents had asked for permits to enter the Mexican federal lines, but without waiting to receive the permits had taken the chance of going to Mexico City.

The mediators were much gratified that the American correspondents had been promptly released, being anxious to prevent an incident from hindering their mediation plans.

The War and Navy departments showed more than their wonted Sunday activity, but no orders of a notable character were issued. Secretary Garrison and Major General Wetherpoon, chief of staff, were at their desks for several hours.

The adjutant general's office of the War department has sent out an order to retired enlisted men which includes noncommissioned officers, to report their availability in case of emergency, and many seasoned soldiers may thus be added to the active list.

Why Information Desired. "This information," the order concluded, "is desired with reference for possible use in recruiting or other duties in case of emergency."

Much apprehension is felt in diplomatic quarters as to the fate of foreigners at Mexico City in case a sudden revolt should overthrow Huerta and permit the entry of the lawless hordes of Zapata and other undisciplined rebel bands. These foreigners are said to number 5,000, not counting the Americans, most of whom have left.

Word has reached some of the legations here of savage threats Zapata has sent to leading citizens and their wives and daughters in towns near where he was operating. One message is said to have notified a prominent citizen that when the town was captured Zapata would cut off his ears and "eat them fried."

Another from Zapata to the daughter of a merchant is said to have informed her in revolting language to prepare to become his wife on his taking the town. The chief fear in diplomatic quarters is as to the city being over-run and looted by people of this fierce and undisciplined type.

### Reported Arrested as Spy.

The War department had not been informed of the arrest of Lieutenant Charles M. Maigne, a retired officer of the army, acting as a correspondent of a Washington newspaper, and said to be under detention as a spy at Salsada, near Vera Cruz. General Funston reported today that Lieutenant Maigne had gone through the Mexican federal lines, but nothing was reported of his arrest.

Whatever may be Maigne's fate he will be asked to explain his conduct to the War department. Officials express dissatisfaction that Lieutenant Maigne went to the front in a private capacity and Secretary Garrison said today Maigne had gone out of the country without obtaining the permission required under the regulations. The secretary of war had previously ordered army officers to cease writing for newspapers.

"I will not for one moment tolerate army officers reporting military operations," said Secretary Garrison. "The duke of Connaught, governor general of Canada, is taking steps to give suitable attention and courtesies extended to the South American mediators and the delegates from the United States and Mexico when they assemble at Niagara Falls, Ontario, May 18.

### LIGHT CONTRACT UP FRIDAY

City Council to Hear Arguments on the Proposed Arrangement.

### PUBLIC HEARING IS TO FOLLOW

City Legal Department to Report on the Adviseability of Entering into New Agreement on Electric Lights.

The five year contract proposed by the electric lighting company for city lights for the next five years will be discussed at an executive session of the city commissioners, the city legal department and representatives of the lighting company on Friday afternoon at 2 o'clock at the city hall.

Following this conference a date will be set for a public hearing and the public will be invited to appear before the commission and discuss the proposed contract.

F. A. Nash of the electric light company appeared at the meeting of the council in committee of the whole to discuss the merits of the contract, but the commissioners decided to take the matter up exclusively Friday.

The city legal department will report to the council at this meeting Friday on the adviseability of entering into the proposed agreement, which reduces light rates, provides for a new lamp and abolishes the royalty of 3 per cent on the gross receipts of the company, which is paid the city annually.

### REFUSED TO "TRADE" WIFE

Raymond Kirk Objected to an Exchange of Spouses, but Lost Out.

One of the reasons why Raymond Kirk, son of a wealthy commission merchant in Washington market, New York, and his wife, Jessie, quarreled, the husband told Justice Donnelly in the supreme court yesterday, was because he refused temporarily to trade wives, at her suggestion, with a friend who was staying at their home in Weehawken, N. J., where they lived last summer.

Mrs. Kirk alleged her husband was abusive, refused to get up when the alarm clock struck and did not provide her with sufficient money.

"I worked for my father," the husband replied, "and I gave her all my salary every week. In return she handed 90 cents each day to me. Out of this amount I was supposed to pay 30 cents carfare and buy two meals on the remaining 60 cents."

Mrs. Kirk accused Mrs. Kirk of spending too much time at her mother's flirting with men, becoming intoxicated on one bottle of beer and wanting to be a "real sport instead of only a half one."

Mrs. Kirk, a small woman of brunette prettiness, blushed when she heard her husband's accusations.

"My husband was so mean," she said, "that once he refused to buy any food for Sunday, and then went out and locked baby and me in the apartment all day Sunday with nothing to eat."

Justice Donnelly granted the application for separation to the wife and said he would arrange alimony.—New York Herald.

### MAUD TERRIS DISAPPEARS Leaves Note Saying that She is Going to Commit Suicide.

POLICE ARE STILL IN DOUBT

Not So Sure About Queen of Local "District" Having Taken Poison and Think It May Be Ruse to Avoid Creditors.

Good-bye everybody. This is the end of Maud Terris. I'm so heavily in debt that I'll never be able to get even, so the muddy old Missouri might just as well take my poor, ill-used body today as any time. When they find my body have them bury it and let them kill my two dogs.

The note written by Maud Terris, at one time one of the wealthiest and most influential landladies in Omaha's old restricted district, was found by Ed Maloney, a close friend yesterday at her home in Council Bluffs.

The Council Bluffs police think that on Friday she sold property worth in the neighborhood of \$20,000, and she spent the greater part of today on this side hunting clues of Maudie, whom they believe is merely taking herself from the reach of persistent creditors. She is also believed to be in possession of several thousand dollars worth of diamonds belonging to some of her "girls," as well as large sums of money with which she was entrusted.

The note was found Sunday afternoon and as far as can be learned the last time Maud was seen was Friday afternoon, in Omaha. She is known to possess the key to safety deposit vaults in two banks and both the Omaha and Council Bluffs police think that she emptied these before disappearing.

### SUFFRAGETTE BOMB IS EXPLODED IN TABERNACLE

LONDON, May 11.—A bomb placed by suffragettes exploded this afternoon in the gallery of the Metropolitan tabernacle in south London, an edifice made famous by the late Charles H. Spurgeon.

Little damage was done. It is believed that the bomb was placed in the gallery during the morning service, which ended at 12.30 o'clock. An hour later the explosion occurred.

### SEARCH FOR BURIED DEAD

Many Victims of Sicilian Quake Are Believed Under Houses.

RESCUERS WORK AMONG RUINS

Surgeons Perform Operations in Open by Torchlight—Many of Victims Interred at Sunrise Today.

CATANIA, Sicily, May 11.—Throughout the night rescue parties, surgeons, Red Cross attendants, soldiers and priests worked among the ruins of the villages on the eastern slope of Mount Etna which were devastated by the earthquake. The list of known dead and injured remains the same as yesterday, but it is believed that many are still under the wreck of houses. Surgeons performed operations in the open by torchlight.

Bodies lined the road and effort was made to identify the victims, as many of them will be interred at sunrise tomorrow. Cardinal Francis-Nava, archbishop, gathered the survivors at Boniguardo today around an altar erected on the lava and celebrated mass. The parish priest at Lusera wept over the ruins of his church, but utilized the bells as an altar celebrating. Cardinal Francis-Nava ordered all churches that had been damaged by the earthquake to be closed, fearing further disaster, as slight shocks occurred throughout the day.

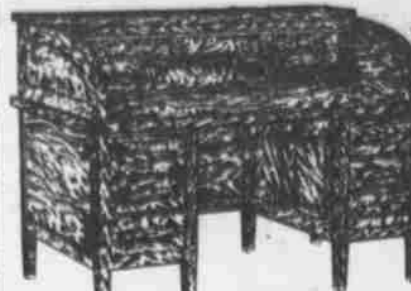

Worse Than in 1908. Prof. Paul of Mount Etna observatory says that the intensity of this earthquake was greater than that at Mount Messina in 1908.

Some of the railways here have been repaired and aid is arriving. Bread is still urgently needed and there is much suffering from lack of water.

The surviving of injured and homeless is rendered more difficult by the large number of rescuers, who are also in need of nourishment and the refusal of the peasants to leave the ruins where their people are buried adds to the confusion.

Queen Helena has sent clothing and medicines to the afflicted districts and has set to work again, as at the time of the Messina earthquake, preparing bandages and making garments. The government has forwarded all available tents and cities have poured into the district foods and other necessities.

The monasteries and convents have opened their doors to the orphans and homeless women and men.
