

WILSON TELEGRAPHS AMMONS STATE MUST TAKE CARE OF ITSELF. President Wires Federal Troops Cannot Be Kept in Troubled Zone Much Longer. WANTS LEGISLATURE TO ACT. Disturbed to Hear Adjournment is About to Be Taken. JUST TEMPORARY HELP GIVEN. Cannot Conceive Commonwealth Will Forego Rule. HAS NOT THE RIGHT TO DO SO. Governor Replies as Seen as Bonds Authorized Can Be Issued Colorado Will Control Situation.

WASHINGTON, May 16.—President Wilson has sent to Governor Ammons of Colorado informing him that the federal troops will not be kept in the troubled mine district indefinitely and urging that the legislature now in session take steps to settle the state's difficulties. Wilson's Message. President Wilson's telegram to Governor Ammons was as follows: "Am disturbed to hear of the probability of the adjournment of your legislature and feel bound to remind you that my constitutional obligations with regard to the maintenance of order in Colorado are not to be indefinitely continued by the inaction of the state legislature. The federal forces are there only until the state of Colorado has time and opportunity to resume complete sovereignty and control in the matter. I cannot conceive that the state is willing to forego its sovereignty or to throw itself entirely on the government of the United States and I am quite clear that it is no constitutional right to do so when it is within the power of its legislature to take effective action. (Signed) "WOODROW WILSON."

Denver, Colo., May 16.—Governor Ammons in a reply to the president declared that as soon as bonds authorized by the assembly can be issued to meet military expenses "the state can and will control the situation." Shipments of School Books for California is Lost in Mexico. NEW YORK, May 16.—The taking of Vera Cruz and the general demoralization of shipping in Mexico may result in a shortage of text books for use in the public schools of California. Managers of California book houses are in New York conferring with the publishers in an effort to trace a shipment routed over the Isthmus of Tehuantepec and long overdue on the Pacific coast. As many public schools in California open for the fall term in July and August, it is feared that a duplicate of the shipment may have to be sent over another route if the pupils are to enjoy the advantages of the latest text books. The shipment, valued at about \$300,000, is believed to have been lost between Puerto Mexico and Salina Cruz. The Mexican route was selected because it is about 40 per cent cheaper than other railroad and steamship routes between New York and California.

Forty-Five Charges of Forgery Made Against Himmels. WEBSTER CITY, Ia., May 16.—Justice Meyers of Radcliffe yesterday fixed the bonds of D. H. and J. E. Himmels, president and cashier of the defunct Farmers' bank at Radcliffe, at \$4,000 each. They were arrested on charges made by John Simpson that his signature on a note for \$2,000 was a forgery. Indications today are that the Himmels will raise their bonds. If they do, however, they will be arrested on warrants sworn out at Webster City and now in the hands of Sheriff Nelson. County Attorney Henderson of this city is determined that in order to protect local interests who are alleged to hold about \$85,000 in securities of the Farmers' bank the Himmels must remain in custody at least long enough to permit a thorough investigation of their books and the full extent of the alleged forgeries ascertained. It has developed that forty-five men whose names appear on notes put up as collateral have repudiated their signatures as forged.

The Weather. Temperature at Omaha Yesterday. Hours, Deg. 5 a. m. 51, 6 a. m. 51, 7 a. m. 51, 8 a. m. 51, 9 a. m. 51, 10 a. m. 51, 11 a. m. 51, 12 m. 51, 1 p. m. 51, 2 p. m. 51, 3 p. m. 51, 4 p. m. 51, 5 p. m. 51, 6 p. m. 51, 7 p. m. 51, 8 p. m. 51, 9 p. m. 51, 10 p. m. 51, 11 p. m. 51, 12 m. 51. Comparative Local Records. 1914, 1913, 1912, 1911. Highest yesterday 75, 79, 82, 86. Lowest yesterday 44, 41, 41, 39. Mean temperature 61, 60, 58, 57. Precipitation .00, .00, .00, .00. Temperature and precipitation departures from the normal: Normal temperature 62, Deficiency for the day 1, Total rainfall since March 1.43 inches, Normal precipitation 16 inch, Deficiency for the day .16 inch, Total rainfall since March 1.43 inches, Deficiency since March 1.43 inches, Excess for year period, 1913, 2.34 inches, Deficiency for year period, 1912, 1.54 inches.

Petition for Morehead Filed by Democrats. LINCOLN, Neb., May 16.—(Special Telegram.)—Twenty-eight Lincoln democrats, including that sterling "dry" leader, John E. Miller, this afternoon filed a petition requesting the secretary of state to put Governor Morehead's name on the primary ballot. The governor has five days in which to file an acceptance. He has not said what he will do, but his close friends believe that he will enter the fray against Charles Bryan, John Maher and George Berge. Among those who signed are: W. G. Stamm, C. H. Rudge, J. H. Harley, Oley Palm, Paul Holm, A. J. Sawyer, Samuel Patterson and W. W. Hackney.

BRYAN APPROVES FREE TOLLS. Senator Walsh Tells How Plank Was Put in Platform. SUBCOMMITTEE IS UNANIMOUS. When Plank Was Read Mr. Bryan Added Sentence to It to Bar Railroad-Owned Ships from the Canal.

WASHINGTON, May 16.—The statement that William Jennings Bryan deliberately approved the tolls exemption plank of the democratic platform, as a member of the subcommittee on resolutions, which prepared the platform, was made in the senate today by Senator Walsh on Montana, secretary of the subcommittee. Senator Walsh declared an open repudiation of a solemn covenant by a political party would cause all to recoil from it with horror, were it proposed by any other man than the president of the United States. "For myself, its moral aspect assumes no different hue because he commends it," added the senator. As a substitute for the repeal bill, Senator Walsh urged the adoption of former President Taft's proposal to submit the controversy to the supreme court. The Montana senator took up at length the Baltimore plank because he said it had been inserted surreptitiously and he declared his belief that the subcommittee of eleven elected to draft the platform received the proposed tolls plank from Senator O'Gorman. "There was no debate on it, simply because it was generally approved or acquiesced in," said Senator Walsh. Bryan, adds Amendment. He said Mr. Bryan and Senator O'Gorman were asked to put the plank in appropriate language and that they invited Senator Fomberg and himself to assist. "When the tolls plank was presented," said Senator Walsh, "Mr. Bryan expressed his approval, but he also indicated by another plank defining the admission of railroad-owned ships to the canal. And so the platform reads after the declaration concerning tolls: 'We also—note the slavery-favor legislation forbidding the use of the Panama canal by ships owned or controlled by railroad carriers engaged in transportation competitive with the canal.'"

Senator Walsh said he had no temptation to escape from the trammels of the platform on the puerile suggestion that the plank was contradicted by another against subsidies. "Why, in that view the canal itself is a subsidy to the shipping interests," he declared. "Why did we spend \$400,000,000 to build it, except to aid the shipping interests?" CORNING, Ia., May 16.—The First National bank of Corning failed to open its doors today, following a run yesterday in which about \$60,000 in deposits was withdrawn. The institution was closed on the order of the controller of the currency and W. W. Smith of St. Louis, a bank examiner, is in charge. R. R. Newcomb is the president. B. Newcomb, the cashier. The latter said today that all claims will be paid. The capital stock of the bank was \$100,000, with deposits of \$230,000. Resources not counting capital stock were placed at \$280,000 in the last report. Most of the stock was owned by the Newcomb family.

Intervention Only Solution of Mexican Issue, Says White. ST. LOUIS, Mo., May 16.—American intervention is the only solution of the Mexican trouble, according to Wayne A. White, grand master Mason of Mexico, who arrived here yesterday to attend a conference of Masonic grand masters. "Many of the Mexicans who are allied with Huerta for protection," he said, "are praying that the United States take international offense at Mexico so that they can resume business. The impression that Americans are powerful has become so prevalent that Mexicans do not hesitate to openly insult our citizens. But they respect the flag of Great Britain and of Germany. The citizens of those nations wore the flag of their country on their coat lapels, during the recent crisis and were free to go any place unmolested. It is a wonder that more of us do not meet with hostile violence. On several occasions during the most exciting days large numbers of Americans were lined up to be shot, but were released when the ministers of Brazil and Great Britain intervened."

Iron Workers Go to Prison June Sixth. CHICAGO, May 16.—All defendants in the structural workers' "dynamite conspiracy" cases who are now out on bonds or whose convictions were affirmed recently will either surrender at the government prison in Leavenworth or be taken to the penitentiary three weeks from today, according to a mandate issued by the United States court of appeals last night. The court took under advisement the cases of Olaf Tveitmoen, San Francisco; Richard H. Houlihan, Chicago, and William Eganhardt, Cincinnati. These three were granted new trials, but the government petitioned for a rehearing of that action.

Rioting Resumed at Wakefield, Mass. WAKEFIELD, Mass., May 16.—A large crowd which had gathered today near the furniture factory of the Heywood Brothers and Wakefield company, the scene of rioting last night, was driven from the streets by the police. In the crowd were many women, some of whom resisted and were carried off by officers.

HUERTA PEACE AGENTS GUESTS AT A DINNER. All Participants in the Conference Met for the First Time. MEET FOR THE FIRST TIME. Event is in Honor of Commissioners Arriving from South. THEY REACH U. S. CAPITAL. Express Warm Appreciation of the Courtesy Shown Them. SIXTEEN MAKE UP THE PARTY. Seven Officials, Three Women and Three Servants Compose Personnel of Body Reaching Washington.

WASHINGTON, May 16.—The three special delegates who will represent interests of General Huerta in the Mexican peace conference at Niagara Falls, Ontario, arrived here today. The party consists of seven officials, six women and three servants. The Mexican delegates expressed warm appreciation of the courtesy shown them in postponing the opening of the conference, but they announced no plans to follow their arrival in Washington. All participants in the mediation conference met for the first time at the dinner given tonight by the Spanish ambassador in honor of the arriving Mexican delegates. The three South American envoys, who tendered the good offices of their respective countries, the two American delegates, Justice Lamar and Mr. Lehmann, and H. Percival Dodge, secretary of the American mission, attended.

Accuse Lawyers and Judges of Conspiracy in Suit for Damages. IOWA CITY, Ia., May 16.—(Special.)—Attorney General George W. Cason of Des Moines, United States District Attorney Frank O'Connor of New Hampton, Judge Martin J. Wade, democratic national commissioner from Iowa, Judge R. P. Howell of the local district court, Mayor George W. Koons of Iowa City, County Attorney W. R. Hart and a number of local notables, including most of the county officials of Johnson county, are joined as defendants in a suit started here today by John J. Koest of this city, in which \$25,000 damages are asked. Koest lost a suit some years ago in which heavy damages were given against him and his property was sold under execution. He alleges in his petition that the defendants conspired against him in awarding the judgment and that they further conspired to convict him of insanity and to place and keep him in the state asylum at Independence for one year. He was recently discharged from there as cured.

Run on Corning Bank Necessitates Closing Its Doors. CORNING, Ia., May 16.—The First National bank of Corning failed to open its doors today, following a run yesterday in which about \$60,000 in deposits was withdrawn. The institution was closed on the order of the controller of the currency and W. W. Smith of St. Louis, a bank examiner, is in charge. R. R. Newcomb is the president. B. Newcomb, the cashier. The latter said today that all claims will be paid. The capital stock of the bank was \$100,000, with deposits of \$230,000. Resources not counting capital stock were placed at \$280,000 in the last report. Most of the stock was owned by the Newcomb family.

'The New Era,' Theme of Secretary Bryan. NEW YORK, May 16.—William Jennings Bryan addressed the Brooklyn league, a civic organization, at its sixteenth annual dinner tonight on "The New Era," referring incidentally to the Mexican situation and the pending mediation proceedings. In the new era which is now being ushered into the world, he said, and which is evidenced by a general advance in popular education, in popular government and a more equitable distribution of the burdens of government in all countries, the governments in power will resort more to reason and less to force. "Mediation is just now being attempted in a question affecting the United States," continued Secretary Bryan. "I think God that we have a president who hopes that mediation will succeed."

CONGREGATION BACKS ITS PASTOR SEEKING DIVORCE. SALEM, Ore., May 16.—Rev. H. E. Marshall, pastor of the First Baptist church here, is seeking a divorce from his wife who has obtained the backing of his congregation. The clergyman recently filed the proceedings, the nature of which was kept secret, except that inhuman treatment was charged. He immediately became the object of criticism, with the result that his congregation met today and adopted a resolution, saying: "We herewith wish to emphasize heartily and unambiguously our endorsement of his conduct."

Korean Who Killed American is Given Capital Sentence. TOKIO, May 16.—Tomitaro Watanabe, a Korean, was sentenced to death today for the murder two months ago of Dr. Edgar De Mott Stryker, formerly of Raritan, N. J., who was head of the hospital near Holok, Korea. The murderer was condemned by the criminal court on May 19 to life imprisonment. He appealed and the superior court not only upheld the decision, but also changed the sentence. On the delivery of the judgment Watanabe recited a poem of his own composition entitled, "Farewell to the World."

PRICE OF REFINED OIL IS REDUCED. NEW YORK, May 16.—The Standard Oil company of New York today announced a fifteen-point reduction in the price of refined petroleum.

BARRY MONUMENT IS UNVEILED AT CAPITAL. Thousands Pay Honor to Memory of Father of the American Navy. PRESIDENT WILSON MAKES TALK. Statue is by John J. Boyle of New York and is Fashioned After Only Portrait of the Commodore in Existence.

WASHINGTON, May 16.—Thousands of patriotic Irish-Americans from all sections of the country gathered in Franklin park here today to witness the dedication and unveiling of a bronze statue of Commodore John Barry, the nation's tribute to the heroic Irish patriot of the American revolution by many called "The Father of the American Navy." To Miss Eliza H. Hepburn of Philadelphia fell the honor of pulling the cord which uncovered the features of the statue, and President Wilson, James J. Ryan, the national president of the Ancient Order of Hibernians, and other prominent men were on the program. William G. Clarke, son of J. I. C. Clarke, president general of the American-Irish Historical society, read a dedicatory poem written for the occasion by his father.

The president referred to the creed of the revolutionary heroes by saying that Washington and Barry were the men who first saw that America must live its own life without "entangling alliances." "We need not," said the president, "and should not form alliances with any nation. Those who are right, those who hold their honor above their advantage, do not need alliances. You need alliances only when you are not strong. You are weak when in the wrong and when afraid to do right."

The monument is a gift of congress through the appropriation in 1896 of \$50,000, and the ceremonies today were under the joint auspices of the government and an executive committee representing Irish-American societies throughout the country. There followed a parade of soldiers, sailors, marines and members of many Irish organizations. Work of John J. Boyle, the author of an Irish-American sculptor, John J. Boyle of New York, and shows the commodore in the naval uniform of the day, when as commander of the Black Prince and director of American naval operations he wrecked havoc on British commerce. The right hand rests on the hilt of a sheathed sword and the left hand amid the folds of a great cloak draped from the shoulders. The head is turned a little to the right. (Continued on Page Two.)

WOMEN VOTE IN OREGON PRIMARY IS VERY LIGHT. PORTLAND, Ore., May 16.—United States Senator George E. Chamberlain, democrat, was renominated at a general state primary election today. To run against him, the republicans picked Robert A. Booth and the progressives, William Hanley. None was opposed. Prohibitionists and socialists did not participate having previously selected their candidates at the convention. Women did not largely avail themselves of their first opportunity to vote at an Oregon state primary. The man vote also was light.

IRON WORKERS' CASES UP. Argument Made in Chicago on Application for Rehearing. ONLY THREE MEN AFFECTED. Former District Attorney Miller Insists that Evidence Against Tveitmoen, Heitman and Bernhardt is Clear.

CHICAGO, May 16.—Charles W. Miller, former United States district attorney for Indiana, who prosecuted the dynamite conspiracy case against a number of labor leaders in 1913, appeared again for the government today in the United States circuit court of appeals when the rehearing on the granting of new trials to Olaf A. Tveitmoen of San Francisco, Richard Houlihan of Chicago and William Eganhardt of Cincinnati came up for oral argument. Originally thirty of the convicted men filed appeals for new trials. The United States circuit court of appeals upheld the conviction of twenty-four and granted new trials for six. As to three of the latter—Tveitmoen, Houlihan and Bernhardt—the government requested a rehearing, which was granted. Miller said the court had properly held that the general conspiracy had been established and that twenty-four of the defendants were directly connected with the conspiracy to transport dynamite and nitroglycerin on passenger trains. The evidence, he said, must be largely circumstantial, but that "every link in the chain of circumstances is present," and that the verdict of the jury "is sustained by substantial evidence on every material point; that a clear prima facie case was established against Tveitmoen, Houlihan and Bernhardt."

The government lawyer next took the cases of the three defendants individually, touching on the evidence brought out in the trial of the case, and argued that the testimony was such that the defendants were not entitled to new trials. Elijah Zolma, for the defense, replied that the three men had not been convincingly connected with the conspiracy at the trial and were entitled to a new hearing.

Soldiers Keep Order in Coal Regions. TRINIDAD, Colo., May 16.—Federal military rule in the southern Colorado coal fields the most orderly period of their history. Records in the local courts show that since the arrival of the United States regulars the record of crime and disorder has been far below the average. Not one homicide has been reported in Las Animas county during the period of military occupation. Las Animas and Huertana counties, with the large foreign element of their population widely scattered in various mining camps, have in the past been fruitful of killings and brawls. Some thirty nationalities are represented in the district. Since the arrival of the federal troops a condition of almost absolute order has prevailed. Every saloon in the district is closed, with no indication that they will be permitted to reopen as long as the regulars are in control. The saloons of Trinidad have been closed by the local authorities during the disorder following the battle of Ludlow, and when Major W. A. Holbrook, with the vanguard of the regulars, reached the district he refused to permit the saloons to be reopened.

Carothers Heads Union of Musicians. DES MOINES, Ia., May 16.—Frank Carothers of Kansas City was elected president of the American Federation of Musicians and San Francisco was chosen for the 1915 convention.

FIRE IN GALVESTON CAUSES NEARLY MILLION DAMAGE. GALVESTON, Tex., May 16.—Nearly \$1,000,000 loss was caused by a fire raging for hours in the warehouse of the Merchants and Planters' Compress company here tonight. The flames were not under control until shortly before midnight.

Dictator Orders Inquiry into Fate of Orderly Parks. Bryan's Sharp Note Regarding Disappearance of American Brings a Prompt Response. SILLIMAN IS ON WAY TO CITY. Further Assurances Are Received that Consul is Safe. REBELS TAKE PORT OF TUXPAM. City Midway Between Vera Cruz and Tampico is Occupied. MAZATLAN MUST FALL SOON. Water Supply is Cut Off and Sickness and Death Rate is Increasing—Governor Demands the Police.

WASHINGTON, May 16.—Spanish Ambassador Riano today received a dispatch from the Mexican minister of foreign affairs stating that vigorous investigation of the disappearance of Orderly Samuel Parks immediately would be made by the Huerta authorities. The dispatch was in reply to a note sent by Mr. Riano, calling attention to the anxiety of the United States government as to Parks. Silliman on Way to Capital. Further assurances were received from the State department today from the Brazilian minister in Mexico City that American Consul John R. Silliman, who was imprisoned at Saltillo, is en route to Mexico City, but that his arrival has been delayed by interrupted railroad conditions. Latest reports state that he should have reached the Mexican capital last night or early today, but that transportation operations were very uncertain. Silliman was arrested by federal officials, and although he was reported to have been on his way to Mexico City several days ago, nothing definite had been heard of him until late last night. The news was a material element in clearing the atmosphere for the Niagara Falls conference. Dispatches received from Rear Admiral Badger early today stated that the constitutionalists had renewed their assurance of protection for American lives and property at Tampico. Rebels Occupy Tuxpam. Tuxpam, on the east coast, between Vera Cruz and Tampico, is in the hands of the constitutionalists, according to a report to the State department today from Consul Canada at Vera Cruz. Consul Canada said a party of Spanish refugees, arriving in Vera Cruz from Tuxpam in a launch, informed him that constitutionalists under General Aguilla had occupied the city. Mexican constitutionalist forces under General Gonzalez, now occupying Tampico, have assured United States Consul Miller there that Americans and other foreigners may return to the city and that every consideration will be shown them. Consul Miller reports everything quiet and that the city has been in perfect order since its occupation by General Gonzalez. A report from American Consul Bonney, now on his way home from San Luis Potosi, states that so far as he could learn, no Americans were killed in his district before the time he left, but that all the railroads were paralyzed, chiefly from lack of fuel. He left the consulate in charge of the British vice consul. Admiral Badger has reported the arrival today at Puerto Mexico from Tampico, Tarazona and the tug Tampico. The cruiser Tacoma and two destroyers are with them. Mazatlan Without Water. MAZATLAN, Mexico, May 16.—(Via Wire.)—Mazatlan's water supply is still cut off by the besieging rebels and sickness and death rate are increasing with alarming rapidity. An outbreak of pestilence is feared. The governor of Mazatlan disarmed the police today on the plea of lack of ammunition for the defense of the city. His real motive it is believed was fear of internal revolt. General Oregon, commander of the constitutionalists, is apparently working southward for the purpose of cutting the railroad from Mazatlan to Guadaluera and Mexico City before attempting other operations. It is successfully cutting the railroad, thereby shutting off ammunition. (Continued on Page Two.)

A Force Like That Of Gravitation Pulls For Newspaper Advertisers. The force that draws readers to newspapers is one of the most powerful and fundamental forces that moves human beings to action. Wherever there is a living creature, there you will find intense and unremitting interest in what is happening roundabout. For man, the circle of interest widens and intensifies enormously. Only the newspaper satisfies this desire for news; for it alone accurately mirrors each day's events. Its consequent attractive force brings the multitude's eager attention to the very pages and columns where the advertisers' announcements appear. Here is a pull exerted by newspaper publicity, powerful as that of gravitation itself. The Bureau of Advertising, American Newspaper Publishers' Association, World Building, New York, wants to help general advertisers to use newspaper advertising to better advantage. Correspondence is solicited. Booklet on request.
