

Hotel Greeters to Assemble in Omaha Early Part of June

Omaha is to be made a gathering point for the eastern and northern hotel greeters en route to their convention in Los Angeles during the early part of June. The greeters from the far east will arrive over the Milwaukee at 7:30 the morning of June 3. During the day other delegations will come in over the Omaha, the Great Western, the Burlington, Rock Island and Northwestern. They will all spend the day here and at 4:30 in the afternoon, a special train over the Union Pacific will carry them to the consolidated delegation west.

An Embarrassing Moment.
There are moments when a man would sooner be anywhere than where he is. Take the case of the young man who was talking with an heiress who can write checks with five figures. "Which do you consider the most conducive to happiness, Mr. Gladstone, money or beauty?" she asked. "What could he say?" The heiress is as plain as the law permits heiresses to be. "If the young man would be offended, if he said 'money' she might consider it a proposal. "Then he replied. "Having neither," he said. "I'd rather not be quoted."—Cleveland Plain Dealer.

Hendrix Class of League.
Chilled fans are loud in their praise of Claude Hendrix. They claim that in the Florida jumper and Arthur Wilson they have the best battery in the Federal league.

Brodegaard Company to Enlarge Quarters On Douglas Street

The Fred Brodegaard Jewelry company will in the near future enlarge its present quarters at Sixteenth and Douglas streets. The space formerly occupied by the State Savings & Loan association, has been secured on a long lease and display windows will be built in the store front around the corner of the Horn building so that the store will face Douglas street as well as Sixteenth street. A large electric sign representing the Crown, will be erected on Douglas street and the interior of the new space will be fitted with fixtures exactly like the present store. The partition will, however, remain between the store rooms, and it is the purpose of Mr. Brodegaard to utilize the newly acquired space as a selling room for such articles as may be sought at special prices and call for quick realization. Workmen are now busy on the premises and it is expected that the new annex will be opened in June.

WARNING!

This Weather Destroys Furs

WE SAFE-KEEP THEM—hundreds of thousands of dollars' worth each year—in the most scientific of fur storage vaults, in our own store building, under the care of expert furriers.

Furs Stored Here Are Safe
When you entrust your furs to us, you may put them quite out of your mind. We examine them carefully; clean them thoroughly; place each piece on its own hanger in the refrigerator; no packing, no oiling on labels; the air about them is cold—below the freezing point—and dry; no brine pipes enter the vault to spread dampness and mildew; the air circulates constantly, keeping the furs sweet-smelling, retaining the glossiness, preserving the natural oils.

Draperies, Rugs and Clothing also Stored
Repairs and alterations will be done as the owner desires, reasonably and in the best manner, by expert furriers.

Phone us and we will promptly send for your furs, draperies, rugs or clothing for storage.
