STRAIGHTENS OUT THE KINKS

Misunderstanding Exists Over Game Laws of State.

NATIONAL ACT DOES NOT APPLY

State Engineer Asked to Go to Hartington to Investigate Alleged High Charges for Construction in Cedar County.

(From a Staff Correspondent.)
LINCOLN, Aug. 8.—(Special.)—There is a misunderstanding of the new game law and the state warden's office is constantly receiving communications as to provisions. This is due to the fact that the national congress has passed a law which covers certain parts of the United States and prohibits the killing of certain kinds of birds the year round. This law effects what is called certain zones and No. 1, of which Nebraska is a part is not affected. Chickens may be killed in Nebraska from September 1 to December 15 of this year. The national law does not effect the law in Nebraska this year. It is under the jurisdiction, however, of the national agricultural organization which has power to change and enforce national laws regarding certain game.

Dealers Object.
Coal dealers are kicking because they have to take warrants which are not payable until after being registered and a call is made. One dealer who was successful in landing a number of state institution contracts was suggesting to the state treasurer today that the state ought to pay interest on the warrants sufficient to cover the loss to the coal men. He said that if he had known that he would have had to wait for his money he would have made his bids to correspond.

Look Into Bridge Contract.
State Engineer Price of the Irrigation board has been requested to go to Hartington to investigate a complaint made by George W. Kelley and several citizens regarding the letting contracts for bridges in Cedar county. The complaint is in the nature of a petition and sets out that that county has paid out in the last four years \$100,000 for bridges and that the contracts for steel were let at 8 cents per pound when the same company were offering steel to Adams county for 4 cents.

The people up there want Mr. Price to look into the matter and see what can be done. A man will be sent from the office in a few days.

Extradition Papers Made.
Governor Morehead has been asked of Missouri for W. M. Stiles, who is wanted on the charge of selling mortgaged property to the amount of \$364.25 in Howell county in that state. Stiles is being held in Richardson county by the sheriff of that county.

Extradition papers are also asked of the Nebraska governor by the Kansas executive for Charley Ashley, who escaped from custody before being tried. The charge against him is wife abandonment. He is being held by the sheriff of Webster county.

Governor Morehead has made application to the governor of Washington for the return of Herbert E. Cross, wanted in Douglas county for wife abandonment. Cross left Omaha July 27, and is now in the hands of the sheriff at Walla Walla, Wash.

An appeal has been made to the supreme court from the district court of Douglas county in a case wherein Burk Bodwell sued John L. Webster and James A. Stenderland, owners of a building in Omaha, and Sam E. Hanford, superintendent and foreman of a gang which was making some improvements in the building in and around the elevator. Bodwell claimed that while working at the bottom of the elevator shaft in the building the cable became caught and that Hanford tried to loosen it while Bodwell was at the bottom, with the result that the elevator fell, crushing him. He sued for \$2,000 and was given \$700. Hanford appeals.

Edward Lafferty sued the Omaha & Council Bluffs Street Railway company for injuries received while alighting from a car at Twenty-fourth and Lake streets in Omaha by reason of an alleged defective step on the car. He put in his claim for \$5,000 and was awarded \$275. The company appeals.

Old Settlers Hold Reunion

BROKEN BOW, Neb., Aug. 8.—(Special.)—The old settlers' picnic and reunion this week was the most successful in years. The Ravensband furnished music during the entire day and in the afternoon an entertaining musical program was rendered by local talent, while many interesting talks were made by the pioneers of the county. F. M. Curtis was orator of the day.

The officers elected for the ensuing year are: H. H. Andrews, Callaway, president; W. J. Rice, first vice president; F. L. Glover, Comstock, second vice president; E. R. Pursell, Broken Bow, secretary; J. A. Rensau, Broken Bow, treasurer; Mrs. C. L. Gutterason, Broken Bow, historian.

O. H. Mevis, a prominent business man of this city, and well known throughout the state, died Thursday morning at his apartments in Broken Bow. Mr. Mevis has been ailing for some time and his death was momentarily expected. Funeral services were held at St. Joseph's Catholic church Friday, the body being taken to the deceased's old home at St. Paul, Minn.

Singers at Lincoln Seeing the Sights

(From a Staff Correspondent.)
LINCOLN, Aug. 8.—(Special.)—The state songfest closed last night and today many of the delegations are taking in the town and some of the state institutions. Yesterday the Ladies' Concordia Singing society of Omaha, chartered by Mayor Dahlman of that city, called on Governor Morehead. Today the society was escorted over the city by Colonel John G. Maharr.

The society is composed of about forty young women of their singing is of a decidedly high class. They visited the penitentiary and asylum for the insane this morning and will return to Omaha this evening.

The songfest will meet in 1914 in Council Bluffs. Iowa has no state organization, but has two very strong organizations at Council Bluffs and one other city. It was with the idea of giving Iowa a chance to get stronger that the Nebraska people will meet with the lowest three years hence.

In 1915 the Northwest Songbund will meet in Denver, which was one reason why the meeting in Council Bluffs was put off until 1914.

GRAND ISLAND WATER RATES

City Owns Plant and Rates are Fifteen Cents Per 1,000 Gallons.

PROFIT MADE ON THE BUSINESS

Electric Light Current Furnished Consumers as Low as Five Cents Per Watt, with Eleven Cents the Maximum.

GRAND ISLAND, Neb., Aug. 8.—(Special.)—The city council has signed and adopted a recommendation to the people of Grand Island to form an organization for the purpose of increasing the efficiency of the municipal light and water works plant. The improvements are a high pressure automatic pump drawing against a 2,000-gallon supply of water and working fast or slow automatically, as water is drawn from the mains; four new twelve-inch electrically driven pumps adding to the supply of water.

A few days since the water department pumped and delivered 5,000,000 gallons of water and lawn sprinkling is done at all times of the day without restriction, the meter system being applied to consumers of all classes, the maximum rate being 15 cents per 1,000 gallons, with a minimum of 5 cents per 1,000 gallons. The generating capacity of the electrical department has hitherto consisted of a 250-kilowatt generator and a smaller machine for day time loads.

A turbine engine of 500 kilowatt capacity has been purchased in addition and the foundation for the same is being constructed. The city furnishes electric current on a sliding scale from 11 to 5 cents per 1,000 watts; likewise all on the meter system. Recent auditing by Accountant Stone of Beatrice and former Bank Examiner Hanford of this city shows both departments to be maintained with profit to the city.

Good Rains Fall Around Valentine

VALENTINE, Neb., Aug. 8.—(Special.)—This section of the country is assured of a big corn and potato crop, as the rains for the last three nights have put them all in fine shape. The forage will be good and ranchers are looking for cattle to winter, as there will be plenty of range as well as hay for them.

The Valentine Gun club, which has twenty-five or thirty members, is preparing to build a clubhouse at the fair grounds, where there will be blue rock shooting each week.

GRAND ISLAND PEOPLE WALK TO SHOW GROUNDS

GRAND ISLAND, Neb., Aug. 8.—(Special Telegram.)—The circus people applied too late for train accommodations and 10,000 people were compelled to walk a mile to the show grounds with the government thermometer at 108, or take their chance on crowded automobiles, which had a harvest. There were some prostrations from the heat, though these were not serious. The hottest wind of the year prevailed.

Many at Gray Funeral

ALLIANCE, Neb., Aug. 8.—(Special.)—The funeral of James E. Gray was held from Holy Rosary church and attended by a large number of citizens, friends and business associates. The Knights of Columbus and the Holy Name society attended in a body. Requiem high mass was celebrated by Rev. Father Moloney, who also delivered the funeral sermon, paying a tribute to the character and Christian principles possessed by Mr. Gray. Mr. Gray was for the last four years associated with his half-brother, John W. Guthrie, in the insurance business in Alliance. His former home was at Carroll, Ia., where the body was taken for interment.

Fruit Growers Plan for Handling Crop

NEBRASKA CITY, Neb., Aug. 8.—(Special.)—Directors of the Southeastern Fruit Growers' association in this city Tuesday afternoon met to talk over and further perfect the workings of the association and the work to be done here.

During the meeting there were a number of representatives from large houses that handle fruit and they asked for prices on 60,000 barrels of apples to be delivered at this point.

The directors took all of the afternoon in discussing the matter and finally named a price, which they refuse to make public. Three of the representatives of the large firms accepted the price. This left the directors in a quandary how to divide this number among them, or whether they would sell that number to each of the men. They finally deferred giving an answer until they look over the field and consult the growers.

"It is more than likely," said one of the directors, "that we will enter into a contract for 18,000 barrels of apples to be packed and delivered here. The apple crop looks fine up to this time in all orchards where they have been sprayed and cared for and the crop promises to be the largest ever known in this section, under conditions such as have existed this season.

Director Christy said he had inspected over 100 orchards within the last week and found the fruit in the best of condition, and despite the extreme dry weather the trees seem to be able to get all the moisture required to mature the fruit as it should be.

Treasurer George Signs the Warrants

(From a Staff Correspondent.)
LINCOLN, Aug. 8.—(Special.)—The state warrants payable to Actuary John Gilchrist and others which were for services previous to the time that the new insurance board took charge of the insurance department have been signed by State Treasurer George and are ready for payment.

There has been considerable controversy over the matter and after due consideration State Treasurer George came to the conclusion that Auditor Howard had a right to issue vouchers to them in his employ up to July 24, when the department was placed in charge of Mr. Brian.

This morning Mr. Brian stated that if he was not to have jurisdiction over the payment of the funds of the department, whether earned before he took control or afterwards he did not care about receiving fees due the department.

Beatrice News Notes

BEATRICE, Neb., Aug. 8.—(Special.)—The remains of John Kautz of Tarkio, Mo., who committed suicide here Wednesday evening, were taken to Topeka, Kan., for interment. Mrs. Kautz and children have gone from Tarkio to Topeka to attend the funeral. Mr. Kautz was at one time engaged in the hardware business at Cincinnati. Some years ago he served as a member of the Kansas legislature. He was 58 years of age and carried a paid up policy of \$3,000 in the Modern Woodman lodge. He had been traveling on the road for ten years and the fact that he could not support his family like he thought should, is believed by the son to have worried him to such an extent that he became demented and decided to end his life.

Earl Marshall Deming and Miss Rebecca M. Taylor, both of Cortland, were

Seeks to Stop All Gambling in Stocks

WASHINGTON, Aug. 8.—A bill designed to stop gambling in stocks, bonds and warehouse receipts of all commodities, introduced today by Representative Jennings, progressive of Pennsylvania, would compel all those dealing in securities or acceptances representing commodities to effect a delivery of the material bought and sold at the close of each transaction, executing a bill of sale, with government international revenue stamps.

Hotel Stewards to Boston Next Year.
ST. LOUIS, Aug. 7.—Boston was chosen as the place for the 1914 convention and San Francisco for the 1915 meeting by the National Hotel Stewards' association in its session here last night. William L. Men, sole representative of Los Angeles, made a strong fight for that city with the argument that San Francisco hotels would be too busy with the crowds to tend to the needs of their fellow workers.

Drowned at Atlantic City

ATLANTIC CITY, N. J., Aug. 8.—Miss Edith Hockey of Quarryville, Pa., was drowned while surf bathing last night before the life guards were on duty. It was the girl's first ocean plunge. Miss Hockey went down in sight of 500 people, nearly all of whom were men. Locals of the rough sea they were afraid to venture into the breakers.

Hartman Breaks Out of Quarantine

ST. LOUIS, Aug. 8.—George O. Hartman, the leper, who was taken to the isolation cottage at quarantine, several miles south of St. Louis yesterday, escaped early today. He returned to his wife's home in the heart of the city, secured some money and departed.

Garrison at Walla Walla

BOISE, Idaho, Aug. 8.—Secretary of War Garrison and Major General Leonard Wood arrived here today from Walla Walla, Wash. The morning was spent in inspecting the Boise barracks, which were recently abandoned. At noon the visitors were guests at a luncheon tendered by the Commercial club.

GIRL SERIOUSLY BURNED IN GASOLINE EXPLOSION

FALLS CITY, Neb., Aug. 8.—(Special Telegram.)—Muriel Naylor, daughter of a local blacksmith, was seriously burned by a gasoline stove explosion at noon today. The mother heard the explosion while in a neighbor's home and rushing over seized the blazing stove and threw it from the door. The gasoline tank exploded, throwing burning oil over the 16-year-old daughter, who was approaching.
