JOHN A. SWANSON, Pres.

WOOD FAILS TO REACH GOAL Money Subscribed for Atlantic Road Aviator Goes After Record in Long

Distance Nonstop Flight.

GETS LOST AMONG THE CLOUDS Inces from New York to Washington

with a Railroad Train and is Forced to Land in an Open Field.

Wood, the American aviator who began a ballton and one at Elkhorn, with instruc-New York to Washington at 4:30 a. m. amount of \$25,000. for the American duration, distance and sped record, lost his way and was forced land at Gattheraburg, Md., at 8 o'clock twenty-three miles from his goal. Ho lost his way while over Baltimore, because of heavy smoke clouds, and finally was forced to land because of engine trouble. He came down from a height of 7,000 feet and made a good landing on the farm of J. B. Diamoud, on the Gaithersburg

Wood got to the nearest telephone and called up Washington to ask that his mechanics be sent to put his engine in ndition to resume his flight to Fort Meyer, where he was to have landed to demonstrate the efficiency of his monoplane for war purposes before a number subrise and sunset.

said Wood, "and then I ran over smoke was fatal. clouds that were so heavy I could not see anything. 1 was flying about 7,000

feet up and was going fast. I could not tind my way, so I came down to about \$.000 feet to see if that would help out any, but it did not and when I got far implements burned yesterday morning on enough down to see clearly, it was evident that I was entirely off my course down and made a good landing, just ing in an alfaits stack. The loss is estibike.

Ahead of the Train.

The train Wood was racing and which had made a non-stop run from New York, with guests, officials of Aero club and newspaper men, did not arrive in Washington until 9:50. Wood's assistants, when they learned

of his mishap, hurried on to Gaithersbury to get his plane in condition to resume the flight.

Wood began his flight from Hemstead, L. I., at 4:36 o'clock this morning and at 4:30 the train started for Washington from Jersey City.

Wood was about ten miles behind the train, railroad officials said, when the flight began. Then Wood got ahead and sustained his lead, passing over Baltimore thirty-five minutes before the train reached there. From Baltimore to Washington his toute was in a southeasterly direction, over a level country, but he flew too far to the west.

Army and navy aviators and other officials assembled at Fort Meyer to see the landing, thought Wood would have difficulty in reaching Washington after passing Baltimore, because he had ton to guide him.

The American records for endurance, sustained flight and non-stop flying all are held by Lieautenant Thomas D. Mill-

ing, United States army, whose official figures are 250 miles, from Texas City to Ban Antonio, Tex., in three hours and ten minutes. He remained in the air fly- thrown into a ditch. ing for one hour and seventeen minutes

after reaching San Antonio, making his endurance figures four hours and twenty-

ATLANTIC, In., Aug. 8.-(Special.)-The sum of \$14,700 was subscribed in first nortgage bonds at the meetings held at Kimbaliton and Elkhorn by the people of the north end of the Atlantic, Northern & Southern railroad who are interested in the continuance of the operation of the roud.

Two committees, composed of five mem-WASHINGTON, Aug. &-C. Murvin bers each, were appointed, one at Kimnon-stop race with a railroad train from tions to complete the subscriptions to the

DIES WHILE PUTTING AWAY HER WEDDING GOWN

MASON CITY, Is., Aug. 8.-While in the act of hanging away her bridal gown in her new home near here last night, Mrs. Paul Sutton dropped dead from heart failure. She had been a bride only a few hours.

Smothered in Cavela.

FORT DODGE, In., Aug. 8 .- (Special Telegram.)-Alphon Winters, laborer, employed by the city digging sewers, was smothered to death in spits of desperate of army officers, and then return to New afforts of fellow workmen when a cavein York in an attempt to capture the record of sand covered him. He leaves a widow for the longest aeroplane flight between and four chlidren. Two others buried in the allde were rescued. Winters' head "I passed Baltimore ahead of the train." was uncovered at once, but a second slid -

But Little Insurance.

LOGAN, Ia., Aug. &--(Special.)-The barn and contents, five head of cattle, one horse and nearly a full set of farming the W. H. McGilton farm, four mlies north of Logan. The fire is thought to and then my engine stopped. So I came have been spontaneous in origin, startsetting over the telephone wires on the mated between \$2,500 and \$3,000 and is covered with but little insurance.

Missouri Valley Notes. MISSOURI VALLEY, Ia., Aug.-(Special.)-Arrangements are now being made for a big picnic to be held here in the city park Saturday, August 16, by the Woodmen of Harrison county, at which John D. Dennison will speak. The blacksmiths of western lowa are

planning to hold the annual meeting here Monday, September 1.

Sever for Grinnell.

GRINNELL, In., Aug. 8.-(Special.)-The city of Grinnell has authorized the purchase of 142 acres of land for the disposal of sewage from the west side sewar, when completed. Surveys have been made for the sewer, but no contracts let. This action of the city council makes it more nearly certain that the sewer will be completed within a reasonable time.

Husband and Wite Both Dead.

WEBSTER CITY, Ia., Aug. 8.-(Special Telegram.)-Henry Gunderson, whose wife died last evening, following a collision between an auto and an Illinois Central and crossing the Potomac to the fort freight train two miles east of Duncombe, died this morning from injuries received the three tail wireless towers at Arling- in the crash. The other four occupants of the car will recover.

Injured by Auto, MARSHALLTOWN, Ia., Aug. 8.-W. E. Frederickson of Cedar Falls, a traveling salesman, was fatally injured today when he lost control of the automobile and was

young woman. For the past two or three rears she has been teaching at Hastings. Work on the drainage ditch along the Nemaha river and tributary streams in this county is progressing slowly. On the Yankce creek lateral ditch, which is twelve feet deep, eight feet wide at the base and thirty-two feet wide at the top, the dry ditching machine has progressed some 3,500 feet up to this time. At Sterling, where a floating dredge is at work on the main ditch, and has been for several weeks, with a three-week shutdown for repairs. the ditch has been completed for a distance of about two and one-half miles. An idea of the size of the main ditch can be secured when it is stated that it is one-tenth larger than the Yankee creek lateral. The de-iay continues on the work with the floating dredge here at Tecumseh. The bogt has been completed and floated west of the city and a crew of seven men is at work mounting the three carloads of machinery meesary to drive the big machine. Quite likely this machine will be operating by September 1. An idea of the size of the city and a crew of an the size of the second seven men is at work mounting the second seven men is at work mounting the three carloads of machinery meesary to drive the big machine. Quite likely this machine will be operating by September 1. An idea of west of the city and a crew of seven men-ls at work mounting the three carloads of machinery necessary to drive the big machine. Quite likely this machine will be operating by September 1. An idea of the size of these machines can be gained when it is known that the main arm, which lifts the dipper, weights ten tons. The boller weights ten tons. The dipper will hold a yard and three-quarters of dirt, or mearly two wagonhonds. Several dippers are dug and lifted each minute. The floating dredges are run night and lay, the men having twelve-hour shifts. Fowerful electric lights run by the ma-chine furnish the light at night. A board-ing boat, two stories high and as large ing boat, two stories high and as large an as many houses, is pulled behind the vis dredge. Here the workmen are fed and
