Heroes.

CHICAGO, Aug. 8.-Philadelphia buried Chicago today under an avalanche of hits, which included home runs, triples and doubles, and won, 16 to 3. Manager Doin's men started their bombardment at the beginning of the game and stopped only mementarily. Lavender started to pitch for Chicago and was hit to all corners of the field for a total of four runs. He was replaced in the next inning by Earl Moore, the former Philadelphia twirler, and, although he worked nicely for a few innings, he, too, was met with a fusiliade of hits which, with a base on balls, netted three more runs. He finally gave way to Stewart, a pinch hftter recently purchased from Indianapolis by the locals. Stewart made his debut by striking out. Ritchie then went to the mound for Manager Evers' men and the cannonading commenced afresh, the isitors making seven hits, which, with four bases on balls and a wild throw by Needham, netted nine runs. Alexander was almost invincible, the locals making only three hits off his delivery up to the eighth inning, when he eased up. Only one of the first three was clean. Philadelphia's lone error paved the way for the locals to score their first two runs, while Alexander really handed them their third run by forcing a man across the plate. Score:

Pittsburgh, Aug. 8.—Bunched hits off Rudolph gave Pittsburgh the victory over Boston this afternoon, 4 to 2. Hub Ferdue, who has beaten Pittsburgh three times this year, might have done it again, but in the first inning he lost his temper in an argument with Umpire Eason over a decision on Butler at first base and gave the umpire a violent above. He was ordered off the field and Rudolph went in. Adams pitched steady ball for Pittsburgh. Wilson singled and stole in the second, and Mitchell singled and took second on the play at the plate. Gibson sacrificed and Adams scored Milchell with a long fly. Wilson's home run into the bleachers gave Pittsburgh another in the fourth and bunched hits in the eighth brought in the fourth run. A sensational catch of Lord's drive by Mitchell in the fourth was a feature. Score:

The Rate-Reduction Franchise Will NOT Tie Up the City To \$1.00 Gas for 25 Years

We have tried to carry out our side of spirit of truthfulness, fairness and decency.

We are more interested in having the true terms and conditions of the proposed franchise thoroughly understood by the people than in replying to attacks by the objectors.

It is our belief that the proposed franchise is a middle ground upon which the gas company and the people can meet with a reasonable degree of mutual satisfaction.

We need a franchise extension if we are to continue giving the best kind of gas service and make the necessary enlargements and extensions into growing districts.

A compromise agreement was reached between the mayor and city council and the gas company which will give the people \$1.00 gas at once and settle a longdrawn out, costly rate-war, which is undesirable from the viewpoint of all concerned.

No one has so far questioned the good faith of the mayor and city council in unanimously making the agreement to be voted upon August 19th.

But the motives of the gas company have been attacked in a wholesale waypresumably merely because we happen to be a public service corporation.

Certain provisions of the rate-reduction franchise have been tortured into the most monstrous and impossible misinterpretations.

A deliberate and painstaking attempt the rate-reduction franchise campaign in a has been made to make YOU believe that the rate-reduction franchise will "tie up" the city to \$1.00 gas for 25 years, when there is absolutely nothing in the franchise to lead to such an opinion or conclusion.

The fact is that the franchise provides for the regulation of rates by the city by short-term contracts.

If a fair price 5 or 6 years from now is less than \$1.00, there is no reason to believe that the people will not get it. But, under no circumstances, can the rate be more than \$1.00 during the life of the franchise.

Public measures, such as the proposed gas franchise, are properly subject to

In common fairness, however, there is no excuse for those who, in attempting to instruct the public, ignore plain English and plain facts.

Every so-called argument against the rate-reduction franchise is based upon the ground that the men you elect to public office cannot be trusted, even though you have the power of recall.

No regulation of public utilities is possible unless regulatory powers are lodged with some one or more public officials.

Do you believe in suspicion?

All that the gas company asks is a fair consideration of the gas franchise and fair treatment by the press and public.

Saturday, August 9th, is the last day you can register for the franchise
