BELIEVE GIRL WAS ABDUCTED Evidence to Uphold View Margaret Luks Was Kidnaped. REPORT OF SPEEDING AUTO Green County Trustees Start Fight to Have Railroad Assessments Increased in Proportion to Other State Property.

DES MOINES, Ia., Aug. 29.—(Special Telegram.)—The theory that Margaret Luks, a Des Moines girl, 14 years of age, was abducted from the state fair grounds last week was strengthened today by a report from Collins, forty miles north of here. A big red automobile went speeding through that town containing four men and a young girl who seemed to be in great distress. The parents of the girl insisted from the first she was abducted, but all efforts to trace her have failed.

Want Rail Values Higher. Trustees in certain townships in Green County have recommended to the board of supervisors that they start suit to compel the state executive council to raise the assessment of railroad property or reduce the assessment on real property in that county. They declare there is a discrepancy which works an injustice to them and that railroad property is not sufficiently taxed.

Office Not Satisfactory. The determination of the Wilson administration to retain Dubuque as a revenue office, after abolishing Burlington, is causing some trouble for the friends of the administration in Iowa. In the southern part of the state, especially, there is objection to having the revenue office for the state located where it is so difficult to reach and at several places petitions have been signed up asking the federal authorities to locate the revenue office at the capital of the state. There has also been much dissatisfaction over the abolition of one of the revenue offices, which was done, so it is said, in order that a new revenue office might be created in one of the southern states.

Claim Discrimination. One of the big features of the attack on the constitutionality of the Iowa workmen's compensation law, as made in the federal courts, is that it is rankly discriminating as to classes of persons affected. It is stated that the law will not apply to farmers and some other classes of employers of labor, hence is not of uniform application. The petition in the case is signed by one J. C. Hawkins of Nevada, but the case is in the hands of Des Moines lawyers who represent insurance interests. The attorney general will be asked to defend the law in the courts.

New Supplying Hog Serum. It is announced by the state college authorities that they now supply a quantity of hog cholera serum from the new state laboratory at Ames and that by the first of October they will probably have their permanent buildings completed and will be able to supply all the serum that is needed at that time. They have placed in charge of the state laboratory C. G. Cole, who has been in charge of the federal laboratory at the college where serum has been manufactured for the various government experiment stations.

State Wants to Buy Land. Regarding the contemplated purchase of land for state institutions the State Board of Control has just made public the following statement: "The Board of Control by an act of the thirty-fifth general assembly is authorized to locate a state colony for epileptics, a new location for the reformatory for women and a district custodial farm, and to purchase land for these institutions, and we desire to get in touch with responsible real estate men and others interested in each county, with the view of looking at some of the farms that would be suitable for these purposes. In the opinion of the board the state colony for epileptics should have from 800 to 1,000 acres of good land. The other two institutions would require a smaller amount of land. In the view of the board there are some conditions in the establishment of a state colony for epileptics that are very essential; first, a good supply of pure water; second, good sanitary building sites where the drainage problem can be easily solved and, third, good productive land. Among other conditions would be land so located that switching connections could be had with some leading railroad."

Fine Weather for Fair. The state fair never in all its history experienced such nearly perfect weather for such an event. There was a very heavy rain two days before the fair opened, after which there was not a drop of rain fell on the fair; no wind nor threat of storm and for most of the time it was hot enough to start the crowds going, but not too hot for the comfort of the exhibitors. Horse Sweepsakes. The live stock exhibit at the Iowa state fair was clearly one of the greatest ever made anywhere. Between 200 and 1,000 cattle and an equal number of horses were shown. Many of the classes were very even and there was no poor stuff. In the hog department there was a fair showing only. Below will be found the sweepsakes prize winners in the live stock department: Swiss Sweepsakes. Yorkshire—Grand champion boar, T. I. Many, Guthrie Center; sow, B. F. Kunkle, Redfield. Chester—White—Boar, A. B. Somerville, Monroe; sow, Thomas F. Kent, Walnut. Tamworth—Boar, J. B. Mackey, Farwell; sow, same. The national trophy and \$50 in cash goes to the United States cavalry team as first winner; second prize of \$200 goes to the United States navy team; third prize of \$100 goes to the Oregon team and the fourth prize of \$50 goes to the United States marine corps. These four teams are winners of Class A. By landing in sixteenth place the Washington team takes first money of Class B, which is \$50 and the famous Hilton trophy. Second prize money of \$20 goes to West Virginia, third money of \$10 goes to Indiana, and Florida gets fourth money of \$50. The Bronze Soldier of Marathon and \$50 goes to California as the winner of the first place in Class C, which is thirty-first place in the list of winners. Second money of \$20 goes to Wyoming; third money of \$10 goes to Georgia, while New Mexico wins fourth money of \$10.

The Persistent and Judicious Use of Newspaper Advertising is the Road to Business Success.

Send the boy to school right..... (Whatcha mean; Send ng him to school right?) "Sending him right" means that one of our right suits at a right price will be of more genuine worth and wear than half a dozen uncertain suits with a so-called bargain price attached. We have been making boys' clothes and selling them on this corner for 25 years, and many of the boys we dressed for school years ago, we are dressing for business today. Time has but added wisdom and greater efforts of perfecting to excel, and we have spared no pains this fall to give our patrons the best suit values their money ever bought. The new fabrics cut and fashioned as they are will toe right up to the mark of the most critical examination—and as we said before we promise you the best school suit values at \$5.00, \$6.50, \$7.50, \$8.50, \$10.00 and up you ever saw—that's saying a whole lot, but we are right here to make good. Long Pant Suits with a touch of elegance and English origin that can only be found here. \$12.50 up

For Misses and Youths who are going to school we suggest they come in and enjoy our display of new Mackinaws. They are very at active, and don't take up much trunk room—Hats, Caps, and Furnishings to give the right tone to the suit.

WILSON'S MESSAGE GIVES THE REBELS MUCH SATISFACTION

(Continued from Page One.) coming campaign has been in Cuba the latest diplomatic developments and the unbecoming attitude of President Wilson and Secretary of State Bryan have made it certain. A eulogy of Huerta follows and the article continues: "President Wilson has taken it on himself to crystallize the popularity of Huerta until the latter has become the incarnation of national dignity and sovereignty. It falls publishes an editorial along similar lines, declaring that 'President Wilson has not only launched the candidacy of Huerta, but advanced it. She (Huerta) proposed he could find no better argument in his favor than the opinion of a Tenkes president.' It independently under the caption 'Our First Victory' says: 'Mexico scored through the lucid and dignified response, the sound reasoning and the just grounds of Mexican diplomacy.' The newspaper, citing the fact that negotiations have not terminated, does not believe it opportune to attempt to analyze the situation. It counsels tranquility only, 'approving and applauding the course thus far taken by the Mexican chancellery.' References at Vera Cruz. VERA CRUZ, Mex., Aug. 29.—Numbers of American refugees are arriving here in consequence of President Wilson's warning to them to leave Mexico. In need of assistance are appealing to Consul Canada for aid. Some families of means from Mexico City also have arrived and a great influx is expected here during the next few days. Most of the refugees will remain in Vera Cruz watching for developments in the situation. Details of the recent accident to the United States battleship Louisiana which was at target practice show that no damage was done to the vessel. It struck a reef while steaming at four knots and was hoisted again immediately. Key to the Situation—See Advertising.

Oil Steamer Burning in New York Harbor

NEW YORK, Aug. 29.—The steamer Burgermeister Haackman, with 600,000 gallons of crude oil and benzine in its hold, was still a flaming torch in the Battery channel toward noon, fourteen hours after its cargo had been fired by a spark created by lightning when two tin cans struck violently. The 8,500-ton vessel had listed fifteen feet to port at 9 o'clock and the water was then within a few inches of its deck. A battery of three fire boats surrounded the craft and pumped water on it all night, but it burned steadily. Blazing blocks of wood, shodged from its steel frame, floated down the river, mauling other craft. Nine thousand gallons of benzine had not been reached by the flames at 9 o'clock and fire fighters were hopeful that it would sink before this should explode. Thousands of persons lining the water front were swept back by the police reserves of three precincts, who believed they would be imperiled in case of an explosion. The "Butter-milk Channel" lies between the crowded South Brooklyn water front and Governor's island, the latter covered along the shore with army store houses and barracks.

FUNERAL OF FRED DALTON HELD AT PARENTS' HOME

TABOR, Ia., Aug. 29.—(Special Telegram.)—The funeral of Fred Dalton of Macedonia was held here today at the home of his parents, Mr. and Mrs. Harry Dalton. Rev. D. L. Norris, pastor of the Christian church, officiating. The young man was found dead on a rented farm near Macedonia Thursday lying on the floor and across his rifle. It is believed he shot himself in the head. He was a bachelor near 30 years of age and rented his farm for cash the last two years. He was much discouraged by poor crop seasons. He acted in a peculiar manner last week while here attending the base ball tournament. He returned to Macedonia last Sunday. All our regular \$1.00 shirts and Saturday at 9c. Julius Orkin.

CAVALRY TEAM WINS MATCH Skirmish Run Makes Big Change in Scores of Marksmen.

NAVY FINISHES SECOND Oregon is Third, United States Marine Corps Fourth and Iowa Fifth—Captain Crompton in High Man. CAMP PERRY, O., Aug. 29.—The National rifle team match was concluded today, the United States cavalry team winning with a score of 2,575. The victors were led by Captain W. H. Crompton of the Thirteenth cavalry. Other leading scores were: United States navy, second, 2,485; Oregon, third, 2,362; Iowa, fifth, 2,061. The shooting of the skirmish run, the final stage of the match, today, produced many changes in the standing. Before the skirmish run the United States infantry team was in first place, the marine corps team was second, United States cavalry was third, Wisconsin fourth and Iowa fifth. The cavalrymen moved from third to first place, the navy rose from eighth place and the Oregon team came from the middle of the list. The marines dropped from second place and the Iowa team held its own. The infantry team, which had held first place until today, dropped down to eighth. The victory is a signal one for Captain Crompton of the cavalry. He won the president's match and his team won the enlisted men's match. The scores made by the five leaders on the skirmish run were as follows: Cavalry, 1,027; navy, 1,040; Oregon, 1,009; marines, 962; Iowa, 988. Scores in Team Match. The other teams in the national team match finished in the following order: New York.....2.75 Ohio.....2.44 Kansas.....2.17 Maryland.....2.45 La.
