THOUSANDS SEE FIRE RUN

Spectacle Pleases Great Crowds Along the Streets.

AUTO TRUCK IN FIERY DASH

Attendance at Carnival Greater Than Ever Before, While Crowds Have Fine Time in New Location.

Carnival crowds made new attendance records last night, and when the weary ticket takers ceased their labor the greatest number had passed through the gates of any day during the week.

The initial crowds gathered on the streets to see the prearranged run of the fire department, and when the hour arrived, the central portion of the town was packed with people.

And there were plenty of thrills as the fiery procession, led by the 10,000-pound automobile truck, dashed up the street under circumstances where the fallible human element could easily have caused a catastrophe.

The crowd last night were of the same good natured, well dressed and pleasure seeking variety that have marked each evening.

Despite the fact that the water has not been as pellucid and plentiful as desired, Indian creek has provided an attractive carnival feature.

Carnival Location Meets Approval

With the close of the carnival today the members of the Commercial club, the carnival committee and tonight of the Full Moon, who have been busy congratulating themselves upon the success that crowned their efforts.

It is admitted that it was with considerable trepidation that the task was undertaken to stage the big show in the vicinity of the Auditorium, where the largest open space would be the plaza and where only residence streets could be used for a background.

The carnival managers realize the great possibilities that lie in the use of Indian creek and the Auditorium, and there will be some bold engineering done when it comes to the planning of another carnival.

Coroner's Jury of Opinion Shooting Was in Self-Defense

According to the evidence submitted at the coroner's inquest yesterday afternoon, Theros Russell, the young negroes who shot and killed Earl Edwards Stone, nor person, was acting in self-defense. Four witnesses, two of whom were officers who made the arrest, and the young woman herself, gave the evidence. The verdict of the jury was that "Stone came to his death from a pistol shot wound from a weapon fired by the woman and we believe she shot in self-defense."

The girl said the man accused her of infidelity, which she denied, and that a sudden and violent quarrel followed. Edwards, or Stone, had recently purchased a second-hand .22-caliber revolver and this was lying on the bed upon which they were reclining.

The coroner's verdict does not free the woman and she will probably be indicted by the grand jury, with, however, but little prospect of conviction. She was taken back to the city jail and will probably be formally arraigned in police court today.

How long he will remain there and whether he will go to Mexico City for further negotiations, I am not prepared to say. That is something that has not been decided."

WINNER OF THE BIG ROAD RACE AT ELGIN TODAY

WASHINGTON, Aug. 29.-President Wilson left Washington yesterday for the summer capital at Cornish, N. H., still hopeful of favorable culmination of the negotiations undertaken by this country to bring about peace in Mexico.

Nothing in the advice from Mexico City gave the administration officials cause for particular anxiety, and it was the general conviction that a lull in the diplomatic exchanges would be beneficial to all concerned. The president, it is known, feels that good may come from an opportunity for the position of this government, as announced in his message of Wednesday, to "sink in."

Excitement subsiding over the exchange of proposals and replies would, it is believed, lead to further negotiations between the officials of Mexico City and John Lind, the personal representative of the government. Mr. Lind, it was asserted tonight, had been instructed from Washington to continue to act at his own discretion as to whether he should await developments at Vera Cruz, or return to Mexico City.

Secretary Bryan said before leaving for an overnight chautauqua trip in Pennsylvania that he believed the envoy would remain in Vera Cruz tonight. Early in the day Mr. Bryan conferred with the president over the reply of Senor Gamboa, Mexican secretary of foreign affairs, to Mr. Lind's second note.

Mr. Lind, it was reported, probably would make the next move in the negotiations, which the president emphatically asserted in his message had not been closed and in his message resumed on initiative of either nation. The fact that the Mexican City officials in their second note of reply had receded from the demand for an exchange of accredited ambassadors, it was pointed out, left an opening for future moves.

Driving on Harney Street, Car is Run Into by Couple of Joy Riders. THROWN OUT, CUT AND BRUISED

Young Men, Going at Rapid Speed, Keep on Without Stopping to Ascertain the Result of the Collision.

At Twenty-fourth and Harney streets shortly before 6 o'clock last night a couple of joy riders in car No. 12,068, Nebraska, ran into an automobile driven by J. W. Gamble, secretary of the Standard Chemical Manufacturing company.

COOK CURSES SHIP AND IT IS NOW LONG OVERDUE

SAN FRANCISCO, Aug. 29.-"This is a devil ship. I have placed upon it the curse of my ancestors. It will not float many years more."

COURT ASKS DEFENSE IF ATTEMPT MADE TO PROVE HIM TAKEN ALONG

SAN FRANCISCO, Cal., Aug. 29.-The trial of F. Drew Caminetti rolled swiftly forward today in the groove worn for it by the trial immediately preceding of Maury I. Diggs, convicted of the same charge. The witnesses and the evidence of the government were with few exceptions identically the same, the testimony was almost the same, and so far as could be judged, the tactics of the defense were the same.

Martha Warrington had the stand for the greater part of the day, and her testimony went to show that Caminetti was guilty of assisting in transporting her and Lois Norris from Sacramento to Reno, in violation of the Mann white slave traffic act, and that he persuaded, induced and enticed them to go.

LOS ANGELES, Aug. 29.-Initiative petitions toward a state law prohibiting long duration boxing exhibitions or those professionalized, either by gate receipts or prize awards, will be circulated immediately throughout California. This was decided today by a committee of the Los Angeles Church federation, which waved aside protests of those interested in boxing as an athletic sport.

TO START MOVE TO BAR COMMERCIALIZED BOXING

While the boxing enthusiasts and churchmen argued over the question, Jess Willard and eleven others, held in connection with the recent death of John "Bull" Young, were being given a preliminary hearing before Justice Summerfield of Vernon. After numerous witnesses of the fatal Willard-Young bout had testified, the hearing was adjourned until Tuesday.

Assistant District Attorney Ford insisted that the dozen defendants be held on charges of second degree murder instead of simple manslaughter. The projected state law would limit boxing bouts to four rounds and require gloves at least eight ounces in weight.
