

HELLO GIRLS TO HAVE PICNIC

Patrons Must Be Patient While Subs Handle the Plugs.

MANY CONTESTS ARE PLANNED

If You Find the Owner of the Nose Pictured on the Program You Will Be Given a Good Cash Prize.

If you take down your telephone receiver today and, instead of a silvery inquiry for "Number, please," you hear an equally silvery voice say "Krug park—Dancing 7:30 to 11," don't get angry. Just laugh a silvery laugh...

Special cars will leave Fifteenth and Capitol avenue at 1:30 for the park, where a grand program will begin at 2 o'clock. There'll be the ladies' candle lighting contest, mixed couples' relay race, ladies' ball game...

Then there will be other sporting events somewhat related to the telephone business—the pole-setting contest, the pole-climbing contest and the "centipede race." What is a centipede race? Well, a tent pole is placed on the shoulders of six men and fastened by ropes around their respective and several necks. Then they run.

On the program the picture of a human nose is printed. To the picnicer who first discovers the owner of this nose in the crowd a prize of \$5 will accrue.

Tuesday he went into the Omaha National Bank 'holding' to deposit a sum of money, and laid down a pair of gold-rimmed glasses, fitted with lenses made especially for his own eyes. He turned his back for a moment, and when he reached for his glasses they were gone.

Police Commissioner J. J. Ryder, who gave \$500 expense money he had drawn for a trip to Winnipeg to the convention of the League of American Municipalities to two newspapers for distribution for charitable purposes, has decided to appropriate \$100 which was returned among four institutions—The Child Saving Institute, the City Mission, the Orphan and St. James Orphanage—unless he is ordered by the court to return the money to the city treasurer.

AUTOS TO FEATURE PARADE

MOTORCYCLES TO JOIN IN, TOO

Ak-Sar-Ben Will See to it that There Are Plenty of Flowers for All Who Wish to Decorate Machines.

Automobile dealers are to see to it that the cars they handle are represented in groups in the automobile floral parade to be held September 20 in connection with the Ak-Sar-Ben festivities. At a meeting of the parade committee at the Commercial club at noon it was decided that the thirty-eight automobile dealers of Omaha would be asked to use their influence to get at least three or four owners of their kind of cars into the floral parade.

Over 100 motorcycles have already signed up to enter the parade, as there are liberal prizes offered for the best decorated motorcycle this year. Also, there are prizes for the best decorated bicycles to be ridden by boys. Names of others who desire to enter motorcycles can be left at the office of any motorcycle dealer. The names will be reported to the proper parties.

Ex-President Taft was the chief speaker this morning at a joint session of the section of legal education and the Association of American Law Schools.

Papers were read at the bar association symposium by William C. Hook of Kansas, judge of the federal circuit court of appeals; Judge N. Charles Burke of the Maryland court of appeals and William A. Blount of Pensacola, Fla. Judge Hook urged brevity and simplicity, and said:

"It is a common remark that the ablest lawyers draft the most concise pleadings, submit the briefest briefs and make the shortest arguments."

POSTAL RECEIPTS SHOW GAIN

Good Increase for August Over the Same Month Last Year.

PARCEL POST RECEIPTS LESS

Otherwise Gain at the Local Postoffice Would Have Been Enormous—August Usually the Lightest Month of Year.

An increase of \$3,784 is shown in the postal receipts for the month of August over the corresponding month in 1912. The gross receipts for the month just closed were \$100,833.22, as against \$97,049.28 in August, 1912.

Considering that August is the lightest month of the year for postal receipts, the increase of 3 7/8 per cent over the corresponding month last year is considered to be nothing short of marvelous. During the month of August very little advertising is done by jobbers.

The increase in gross postal receipts for the last three months in comparison with the corresponding three months last year is \$3,676. During June, July and August of 1912 the postal receipts were \$274,777, as against \$267,947 during the last three months.

The increase for August of this year would have been greater, but for the fact that the parcel post rates were reduced in the first zone. Postmaster Wharton said this item in itself caused a big slump in the receipts.

Will Refuse Street Car Company Permit to Make Extension

City commissioners sitting as a committee of the whole yesterday decided unanimously to ask the street railway company to build the proposed car line extension into the western part of the city on Center street instead of on Forty-eighth, Poppleton and Fifty-first, the route chosen by the street railway company.

City Commissioner McGovern, following up this action of the city council, will refuse to grant the street railway company a permit to tear up the street and lay the track on the Forty-eighth street route, notwithstanding a rule of the city legal department that the council has no power over the street railway company insofar as extensions are concerned.

"The Forty-eighth street route is not graded," said McGovern, "from Forty-eighth street to Poppleton avenue and from Poppleton avenue to Fifty-first street, and the company therefore cannot build a line there. Property owners along the street have petitioned for the grading but no work has been done."

McGovern said he would refuse to issue the permit if the street car company insisted on building along Forty-eighth street to Poppleton avenue instead of on Center street from Thirty-second to Fifty-ninth street, where the street is all boulevarded. He said he would put the matter before the other city commissioners.

LIBRARY WILL RESUME REGULAR SCHEDULE MONDAY

After following the rule of early closing during the summer months the Omaha public library will return to its regular hours on Monday. The doors will open at 9 a. m. and close at 10 p. m., thus giving to readers sufficient time to take advantage of the many sources for pleasure and profit offered by this public institution. Although the building will be open for readers for thirteen hours, the children's room will close at 7 p. m. and the circulation department at 8:30 p. m., making it impossible to draw books after the time mentioned.

This extension is given in the reading and reference rooms for the accommodation of those people who cannot come to the library early in the evening and the 10 o'clock closing allows at least two hours for reading and study. The Sunday opening will be the same as formerly, from 2 until 6 p. m.

In spite of the extreme hot weather, the patronage of the library has increased over that of previous summers, and the circulation of books for this year promises to be a record breaker. Although the demands are many and varied, the library is able to keep up the supply of books reasonably well, although making no attempt to specialize in any subject. Most of the study organizations of the city have made known their wants for the coming year to the reference librarian and early preparation has been made for this work.

A large patronage is expected as soon as the weather is cooler, and new books are now being added in order to meet this demand.

AFTER SCHOOL BOARD JUNKET

Judge English Issues Temporary Restraining Order in Case.

SIMILAR TO THE CITY CASE

School Board Had Agreed to Pay the Expenses of Dr. Holovitchner and Superintendent Graff to Buffalo.

Elias Holovitchner, president of the school board, and Ellis U. Graff, superintendent of the Omaha schools, who attended the International Congress of Hygiene in Buffalo, during the last week in August, will be unable to collect from the school board money paid out by them for expenses, if the district court takes the view that their case is like that of City Commissioners Ryder and Kugel, who were Tuesday enjoined from receiving money expended in a trip to Winnipeg.

E. A. Smith, the attorney who was plaintiff in the Ryder-Kugel suit, has asked the court to enjoin Holovitchner and Graff from putting in claims for their expense money for their eastern junket. By a resolution passed August 13 the school board agreed to pay the expenses of the trip. The two men also visited several technical schools in the east.

Temporary Restraining Order. A temporary restraining order as asked was signed by Judge English and September 11 was set as the date for a hearing. This case is on Judge English's docket, while the Ryder-Kugel suit was heard by Judge Troup, who said that "so far as he was concerned" squandering of public money in trips by officials must stop.

Allegations made by Mr. Smith in the second case are similar to those made in the first. He bases the right to bring suit on the ground that he is a taxpayer and that the city's money is about to be squandered unless the court interferes. He charges that unless interfered with Mr. Holovitchner, as president of the school board, will take steps to have the money paid over to himself and Mr. Graff.
