HE new autumn bat was particularly late in appearing this year owing to the torrid heat, but Saturday evening at the Country club quite a number were noticed.

Miss Elizabeth Davis and Miss Menie Davis, who have just returned with their mother, Mrs. F. H. Davis, from a summer in Watch Hill, R. L. Atlantic City and New York, were among the guests at the club. They were dainty net blouses with the pleated collar and white skirts with wide black girdles. Both young women wore new autumn chapeaux of black velvet in Tam O'Shanter style. This Scotch head-dress is rather trying, but was most becoming to the Misses Davis, who are among the most beautiful young women in society.

This new Tam O'Shanter is not at all like the original Scotch bonnet, but is more like the Tams or caps worn by the French artists in Paris, and is more graceful and becoming. The new design gives promise of being especially popular, as it can be worn with different costumes, and is also comfortable for motoring.

One Big Carnival Show is Sure to Be Clean, Says Weaver

"Dad" Weaver, secretary of Ak-Sar-Ben, has engaged at least one clean show for the carnival. That sterilized act is entitled, "Sibley's Diving Girls," who take a bath every half hour. The six beautiful specimens of womankind, who get real pay for bathing, have a special road, thirty by twelve feet long and wide and five and a half feet deep, in which to play. Each of the women hold trophies and are, of course, experts at diving, swimming, floating and attracting attention.

One of the young women weighs 250 pounds, which she tosses into the tank with much enthusiasm every once in a while. The result is what she terms the American splash. As the American splash is especially splashful, the tank must be filled after each demonstration.
