

MILLERS MUST STAND LOSS MOREHEAD NAMES BOARD

Flour Sacks Short in Weight Must Be Made Good.

COMMISSIONER MAKES RULING

Regulations of New Weights and Measures Law Not Stringent and Drying Out Process Not Allowed For.

(From a Staff Correspondent.)

LINCOLN, Sept. 15.—(Special.)—One of the problems which faces the commissioner of weights and measures under the new law is that of weight of flour as sent out by millers. In many instances a sack of flour which when sacked weighs the required forty-eight pounds, in course of time will dry out and fall short of the weight required by law when sold to the consumer.

When sacked at the mill the flour is placed in a sack which in most instances is marked as containing forty-eight pounds and does so contain that amount when it leaves the mill. In due course of time it reaches the consumer and falls short according to the length of time it has taken to go the route between the mill and the consumer. Who then is responsible for the shortage and who will have to make good.

According to the law and the ruling of the commissioner, the manufacturer who brands his goods will have to stand good for the amount shown by the brands even after it has gone out of his possession into the hands of a second, third and possibly a fourth party. The new weights and measures law requires that a barrel of flour must contain 196 pounds, half barrel, ninety-eight pounds, a quarter barrel sack forty-eight pounds, and a sixteen barrel sack twelve pounds.

The net amount of flour in weight must be printed on the main label of the sack or barrel and it must be exclusive of the weight of the container.

The barrel or sack must have printed thereon the name of the manufacturer and the place of manufacture.

If flour is made of more than one kind of wheat it must be stated on the label. The mixing of spring and winter wheat comes under this head.

The law permits the use of nitrogen peroxide in the bleaching of flour and if flour is bleached it need not be branded as bleached if for sale or use in the state.

Nance Treasurer Has Novel Scheme

(From a Staff Correspondent.)

LINCOLN, Sept. 15.—(Special Telegram.)—Secretary Gaddis of the tax commission has received a great many letters suggesting different methods of making laws to govern taxation and secure the best results for the state. The latest comes from Treasurer Richardson of Nance county, who believes the best laws can be secured for the state by a very radical change in the methods of making the laws and the number of members of the legislature elected for that purpose.

Mr. Richardson suggests that the senate be composed of only five members and the house of only ten. These members shall be paid a good salary and be in session the year round. They shall be subject to recall at any time a certain per cent of the voters petition for an election for that purpose.

CHILD CRUSHED TO DEATH UNDER TEETER BOARD

CLUMBUS, Neb., Sept. 15.—(Special Telegram.)—Yesterday evening, Gertrude, the 2-year-old daughter of Mr. and Mrs. Sam Imhoff, living fifteen miles west of this city, was crushed under a teeter board and died a few minutes later. The two little children who were on the board did not notice the little one until after the accident occurred.

HARTINGTON BUILDINGS ARE DAMAGED BY FIRE

HARTINGTON, Neb., Sept. 15.—(Special Telegram.)—What might have proved to be a disastrous fire had it not been for the prompt and efficient work of the fire department was discovered this morning about 2 o'clock at the rear of the office occupied by John J. Goebel and Z. M. Baird and the building occupied by the M. D. Lydick harness shop. The fire, which appears to be of incendiary origin, started in the narrow opening between the two buildings, and worked its way up the sides and over the top of the Goebel office, spreading to the building occupied by the Hartington Herald.

JOHNSON COUNTY TO PAY MONEY FOR KEEPING INSANE

(From a Staff Correspondent.) LINCOLN, Sept. 15.—(Special.)—Johnson county has seen the light and will come across with the amount that county owes the state for taking care of its insane prior to 1891, when the new law went into effect. County Commissioner Fink and County Clerk Kelley of Johnson county called on State Auditor Howard today and after a conference announced that the county would pay the \$12,000 due the state, but would have to pay it in two installments, part this year and the balance next year, under a special levy which would be made for the purpose.

TECUMSEH SCHOOL TEACHES FARMING

TECUMSEH, Neb., Sept. 15.—(Special.)—The enrollment the first of the week of the Tecumseh schools is fully up to what it usually is at this early a date. The total enrollment is now 676. The Tecumseh schools now have a teacher in agriculture and an acre of land for practical work. This may enhance the enrollment of farmer boys in the winter. In addition to this the school is teaching domestic science, with practical work for the girls and has a workshop with benches for twenty-five boys, who are taking the second year in manual training.

MISS CLARICE STONE TO MODEL AT ORKINS' THIS WEEK

Miss Clarice Stone, the professional model and her two assistants, who captured the admiration and applause of the thousands who witnessed the style exhibitions at Orkins' the past week, will be at our store this week to model for the pleasure of our customers.

Miss Stone and her assistants were trained in the fashion shops of New York and the East and are not only clever but artistic in their posing. If you care to learn what's new and see how it looks when worn, Miss Stone and her assistants will be pleased to model for you.

Governor Appoints Members of School Law Body.

WILL REVISE THE OLD CODE

SENATE JOURNAL OF THE LAST SESSION COMES FROM THE PUBLISHER AND IS ONE OF LARGEST VOLUMES ISSUED.

(From a Staff Correspondent.)

LINCOLN, Sept. 15.—(Special.)—Governor Morehead this morning appointed the members of the new school law revision committee which is supposed to revise the school laws of the state and prepare them for submission to the next legislature. The members of the committee are: James E. DeLiss, state superintendent, William Ritchie, Lincoln, First district, N. M. Graham, South Omaha, Second district, Charles Arnett, Schuyler, Third district, Earl Cline, Geneva, Fourth district, Edith Lathrop, Clay Center, Fifth district, P. M. Whitehead, Gothenburg, Sixth district.

The first 100 copies of the senate journal have been received by Secretary Lull of the printing board. The volume contains about 1,275 pages. It contains a cut of the state house, a picture of the governor and lieutenant governor, secretary of the senate and the members of that body. It is well printed and makes one of the largest, and probably the largest senate journal ever gotten out by the state.

RAIL BOARD BUSY

Railway Commissioners Clarke and Taylor went to Fremont this morning to attend a hearing in the Hooper-Fremont telephone controversy. They will also take testimony in the Blair telephone matter. Commissioner Hall left this afternoon for Leigh to preside at a hearing in the application of the people of that town to have the Northwestern railroad company build a new depot.

KILGORE WANTS DEPT.

The people of Kilgore, a small town on the Northwestern, not given on the map, have made complaint to the railway commission that the depot at that town is entirely inadequate to do the business which the company does in that city and ask for a new depot. They set forth that the business of the railway company runs all the way from \$1,000 to \$10,000 per month and is sufficient to give them thrift to a modern structure.

SHELTON WANTS NEW TRIAL

Henry L. Shelton, sent up from Hayes county for manslaughter, is petitioning the supreme court to give him another trial, claiming that his sentence of two to seven years was not warranted under the law which defines the penalty for manslaughter at from one to ten years. He claims that under that sentence he could go before the pardon board and apply for pardon. Shelton was convicted of shooting Ludvik Osmers.

MURDERER ARRESTED IN CALIFORNIA FOR CRIME IN AUBURN

VALLEJO, Cal., Sept. 15.—Wanted for the murder of Julian Bahard of Julian, Neb. 14 years ago, Charles Korf, formerly an employe of the Mat's Island navy yard here, and for nine years a respected resident of Vallejo, was arrested today. Sheriff Jones of Nemaha county, Nebraska, arrived here a week ago to make the arrest and on the same day Korf disappeared. He returned today to visit his family, he said, and was arrested.

Better Values Than These in Fall Goods of Desirable Quality Cannot Be Offered Anywhere

KEARNEY PEOPLE TAKE STEPS FOR A YOUNG MEN'S ASS'N.

KEARNEY, Neb., Sept. 15.—(Special.)—As a result of the initial move which was taken by the women of this city last spring toward perfecting an organization which would lead up to a permanent Young Men's Christian association, a sufficient sum of money has been raised to employ Earl M. Lobb of Lincoln as a community worker in this city. Mr. Lobb is a young man of experience in community and Young Men's Christian association work and is a graduate of the Wesleyan university of Lincoln.

Rooms were opened here today and the new man will enter upon his duties at once. The rooms will be fitted up as a gymnasium, reading rooms and offices, and everything possible will be done for the comfort of the boys joining the club. The work will proceed under the direction of Mr. Lobb, and it is believed that a permanent association can be formed within a short time, the matter already having been taken up by the Commercial club and other organizations of the city.

Train Raiders to Lincoln. DORCHESTER, Neb., Sept. 15.—(Special.)—The train that broke into the freight train while taking water here Saturday and stole merchandise which they attempted to sell about town were placed in care of W. C. Heaton, the Burlington's special agent, today and taken to Lincoln for safe keeping.

Stamped and Tinted Sofa Pillows—Top and back—new designs, at 35c

CERTIFIED HARD COAL FROM SUNDERLAND

The purchase of Hard Coal for the winter is a serious matter and involves a large expenditure which is, in most cases, a difficult one to provide for. It seems necessary, however, to use Coal and we want you to feel that it would be good judgment to buy

Sunderland's Certified Hard Coal

REASON NO. 1 Our Coal is inspected before shipment to Omaha and again upon arrival at our yards. It must be of highest grade or rejected. If it's good enough for us to unload, it is suitable for most exacting coal buyers.

REASON NO. 2 You cannot afford to take any chances on coal quality, and you don't have to if you buy from Sunderland. Winter heat depends on the quality of the coal you burn and costs too much to lose any of it because of slaty, stony, dirty coal.

ORDER NOW FOR DELIVERY LATER IF DESIRED
