VENTILATION FOR THEATERS

Withnell Has New Ordinance, to Which Commissioners Agree.

MANY OTHER REQUIREMENTS Exits Must Be Lighted and Operat

ing Boxes in the Movies Must He Absolutely Fireproof in the Future.

Theaters and moving picture houses are to be rigidly regulated under an ordinance introduced by City Commissioner C. H. Withnell and recommended by the city commission in committee of the whole for passage. Lighted exits, wide aisles, seats set wide apart, fireproof curtains and operating boxes absolutely fireproof are some of the provisions of the ordinance.

Commissioner Withnell has been working on this ordinance for several weeks. Among other things he has decided each person who patronizes a theater or moving picture show needs 1,200 cubic feet of

of all other ordinances relating to park.

nances. The council recommended it for passage by unanimous vote. It may be passed at the meeting Tuesday.

Winter Season is On at Yellowstone

So far as this year is concerned, the tourist season is over in Yellowstone National park. There is not a railroad office in town where a ticket into the park is on sale. The last train into the park reached there yesterday. Already the exodus from the park is on and the last frain to leave there will be Saturday, September 20. Tourists who are in the park after that date will have to get to civilization the best way they can.

Local railroad offices have received word that winter is on in the Yellowstone park. Snow has commenced to fall and the mercury is moving down toward zero. It is expected that there will be some more warm days, but blizzards are likely

Travel into Yellowstone park during the on has been n last year. In fact, it has been one of This ordinance embodies the provisions the best seasons in the history of the
