AUDITOR PAYS ALL BUT ONE

Stipulation Entered Into for Insurance Board Salaries.

BRIAN DOES NOT GET CASH

Insurance Commissioner is Not Allowed to Receive State Funds Pending Settlement of Litigation Over Code Law.

(From a Staff Correspondent.)

LINCOLN, Sept. 23.—(Special.)—Attorney General Martin this morning called on Auditor Howard and presented a request that a stipulation be made that if the auditor would pay the salaries of the employees of the board it should not in any prejudice his case before the supreme court involving the constitutionality of the new insurance law.

Late this afternoon, after consulting with his attorney, Auditor Howard agreed to sign vouchers for the payment of salaries of all appointees in the insurance department except that of Mr. Brian, the insurance commissioner.

The constitutionality of the Shipley-Fuller telephone law will be tested in the courts, the Nebraska Telephone company having asked for a rehearing in the Hooper-Fremont telephone matter before the railway case which was decided against them by the commission a week ago.

The commission will decline to allow a rehearing and the company will appeal to the courts in an effort to have the law declared unconstitutional.

State Fights the Bills.

Just to show that it costs money to keep up with the progressive times the state will have to pay \$20.00 for envelopes to inform the voter what the referendum propositions he is to vote upon are. There will be 350,000 of them and will have printed in large letters thereon so plainly that a wretched man need not err, the words "Voter Read." Some of the envelopes will have printed thereon where the address is to be used the word "Omaha" while others will have the word "Lincoln."

Food Inspection Report.

A report of the state food inspector shows that there were 1,742 inspections made during the month of August, 354 sanitary orders issued, nineteen prosecutions made and a chemical analysis made in 196 cases. The collections made were \$5,988.45 on oil and gas; \$599.67 on permits; \$247.70 for tax tags; \$450 for seed analysis and mileage redeemed \$9.52, making a total receipts of \$4,721.62.

Notes from Beatrice and Gage County

BEATRICE, Neb., Sept. 23.—(Special.)—George Keever of Adams, who was recently released on bond on the charge of stealing a team near Adams, was arrested at Omaha Monday, charged with forging the name of J. Atterbury to a check for a small amount. Keever was recently married to an Adams girl at Omaha, and it is alleged that he used the money that he secured on the forged paper to pay part of the expenses of his wedding trip. He will be brought back to Beatrice by Sheriff Schiek for trial.

Ernest Kient of Wauweta, Neb., and Miss Fanny of West Beatrice were married Monday at the court by Judge Walden.

A number of elevators in this section of the state have closed down because there is no grain of any kind being marketed. Most of the wheat crop was marketed in Gage county as soon as it was threshed, and as the corn crop is a failure the elevator men figure that there is not much use in operating their plants when there is no grain to handle.

The Gage county fair opened Monday for a run of four days, and the exhibits are better than a year ago. One of the interesting exhibits is that of E. W. Deming, contractor Liebers. Diseases of cattle are shown by means of preserved specimens, which show the effects of the disease upon the animal. The judging of dairy cattle and the points which are to be found in each type are shown. Samples of soil are shown, demonstrating the value of different soils for various kinds of crops.

NEBRASKA CITY PIONEER DECAPITATED BY TRAIN

NEBRASKA CITY, Neb., Sept. 23.—(Special Telegram.)—Charles Sippa, an old resident of this city, was found on the Missouri Pacific tracks in the north-eastern part of the city this morning with his head cut off. It was done by a passing train, but none witnessed the accident. He was 69 years of age and leaves a large family.

THOUSAND PUPILS STRIKE AND ARE SUSPENDED

SYRACUSE, N. Y., Sept. 23.—One thousand pupils of three Syracuse high schools were indefinitely suspended late today following a strike this morning as a protest against new hours of study—2 o'clock in the morning to 2:30 o'clock in the afternoon. The striking pupils, many of whom were girls, escaped through windows and side doors, paraded the business streets and held indignation meetings. At Technical High school one boy attempted to address a crowd of strikers from the top of a barrel, but was pulled down by the police. The pupils demand a return to the old hours, from 8:30 a. m. to 12:30 p. m.

Fight for Higher Tax on Big Incomes Won

WASHINGTON, Sept. 23.—The senate conference on the tariff bill late today won their fight for a heavier tax on big incomes, when the house members of the conference committee agreed to accept the senate amendment, increasing the tax rate to a maximum of 7 per cent on incomes of more than \$50,000.

GREETINGS TO M'NAMARAS SENT BY I. W. W. MEETING

CHICAGO, Sept. 23.—Delegates attending the meeting of the Industrial Workers of the World here today telegraphed greetings and messages of comfort to the McNamara brothers, the Los Angeles dynamite; Albert Ryan and Ben Levere, now inmates of San Quentin prison in California, and others in prison.

FRONTIER COUNTY FAIR HAS FINE EXHIBITS

STOCKVILLE, Neb., Sept. 23.—The Frontier County Agricultural society held its twenty-seventh annual fair in Stockville last week. The attendance was not as good as usual, the last day being windy and disagreeable. The running horses were not much in evidence, but the harness races were well contested and the racing spirited and satisfactory.

Ground to Death as Father Pulls String

ST. LOUIS, Sept. 23.—Otto Musso, a 17-year Italian youth, was ground to death in a clay grinder here today, when his father accidentally pulled the cord which set the machines in motion. The two were employed at the plant of a local pressed brick company and the father had sent his son into the grinder to make some repairs. The father then went into another part of the plant and inadvertently pulled the wrong cord. A heavy steel screw, like that of a meat grinder, began to revolve at a rapid rate.

WOMAN IN ATTIRE OF A SOLDIER IS HUNTING MAN

ST. LOUIS, Sept. 23.—A woman giving the name of Mrs. Florence Bradshaw of San Francisco, was arrested here today for wearing male attire. She wore a soldier's khaki suit. She said that she had relatives in Kansas and Arkansas and was seeking a man she called "Jim," who had promised to marry her. "Jim" went to St. Louis, she said. Having little money she said she borrowed the suit and a ticket to St. Louis from a discharged soldier.

CELEBRATE THEIR FREEDOM

Negroes Hold Big Barbecue on Anniversary of Emancipation.

HAS HELPED COUNTRY'S RISE

Colored Man Has Done His Share Towards the Upholding and Development of the United States.

(From a Staff Correspondent.)

Fifty years ago, yesterday, the negroes were freed, in celebration the Omaha negroes attended a big barbecue at Twenty-fourth and Burdette streets, given under the auspices of Knights of Tabor, a negro organization. Speeches were made at night by J. O. Page and Andrew Herold, grand district superintendent of the Knights of Tabor. Judge Estelle was out early in the afternoon, but it was so cold he made no speeches. However, the judge waded into the watermelon and the barbecued meats.

Andrew Herold spoke of the work and the advance of the Knights of Tabor. Page told of the remarkable advance of the negro race since their freedom, fifty years ago.

"The negro, as an inventor has started," said Page. "He has invented many useful articles for the betterment of man. They have sixty-four banks in the United States, aggregating a capital of \$1,600,000. The wealth of the negro race is estimated at between \$20,000,000 and \$30,000,000. There are 200 negro periodicals. There are Young Men's Christian associations for negroes in forty-six cities and in thirty-nine states.

As Heavy Taxpayer.

"The negro pays one-fifth of all the taxes paid in the United States. Patriotically, the negro has taken his part in the development of the country. It was on the firing line in the American Revolutionary war, and helped free this country from England. He fought in the Mexican war, in the civil war and in the Spanish-American war. So we see that the negro has made rapid developments both for himself and for the country since and before the civil war. In fifty years, from the ignorant slave, he now stands educated and enlightened. The average negro is a church member."

Besides the meats, there was a vast quantity of watermelons and ice cream. Negroes straggled in and out the enclosure all day long. At night, there was a large gathering to attend the speaking.

Rebels Dynamite a Train; Thirty Dead

MEXICO CITY, Sept. 23.—A north-bound train on the Mexican National railway has been dynamited by the rebels near Vanegas in the northern part of the state of San Luis Potosi. From the meager reports received here it is believed that thirty were killed. The train left here Saturday night, but turned back at Vanegas on account of blown up bridges further north.

The locomotive passed safely over the dynamite charges, but the baggage car and two coaches were destroyed. The passengers killed were in the second class coach. The telegraph lines have been cut both north and south of the scene.

Troops were sent from San Luis Potosi to round up the rebels. SANTANDER, Spain, Sept. 23.—General Porfirio Diaz, former president of Mexico, came here today to say farewell to his daughter, who is leaving for Mexico on a Spanish steamer.

ROAD ASSOCIATION FORMED

(Continued from Page One.)

W. H. Ellison, Salt Lake City; J. M. Whitman, Elgin. In addition to the above officers and directors, each state through which the road passed will be entitled to a vice president.

Subscriptions to Fund.

At the close of the election it was announced that the following organizations had made subscriptions to the coast-to-coast fund: Lincoln Commercial club, \$50. Thompson Hotel company, (Lincoln hotel), \$100. Plattesmouth Bridge company, \$100. Standard Bridge company, Omaha, \$100. Lincoln Automobile club, \$100.

The morning session closed with an address by Lieutenant Governor MacKellie who talked for a few moments on good roads from the standpoint of one who had attended a national convention. Among those in attendance who seemed greatly interested in the movement from a Nebraska standpoint, besides those mentioned were Senator John H. Cordeau of McCook; Representative Gustafson of Saunders county; Representative Richardson of Lancaster; Representative McKisick of Gage; Honorable S. A. Searle of Omaha, ex-Secretary of State Galusha of McCook.

Auto loads of delegates and those interested arrived this morning from several towns out in the state, among others being loads from Exeter, Harvard,

Sutton, Friend and Milford. The delegation from Friend was an exceedingly live one and made their presence known by wearing badges with the name of their town thereon in big letters. Last night twenty-five autos arrived from different points in Iowa loaded with good roads boosters and swelled the attendance.

Addresses to Convention. The afternoon session was devoted to perfecting the organization and listening

to addresses by J. W. Holden and H. C. Beard of the Iowa highway commission, the latter being a very forcible speaker and drove sledges hammer home into the minds of the audience in telling style.

He said this country had outstripped every other country in road building. Two kinds of roads had been of interest to our people, railroads and highways. Now we are looking forward to wonderful things in the building of highways after accomplishing great things in the build-

ing of railroads. He said that if we continue the work begun we will spend many times what has been spent in the building of the Panama canal and the work done will mean much more to the country. He wanted the association to go ahead and do things and the people would follow.

Among the visitors today were Bert N. Mills of the Des Moines Central and Hal R. Wells, both of Des Moines and directors in the River to River organization

in Iowa. They have been "logging" the road from Chicago to Glenwood Springs Colo., getting the distances from town to town along the route, and have traveled 2,280 miles. The longest day's run was from Sterling, Colo., to Hastings, Neb., 111 miles. They were nine days making the trip. A telegram was received by Secretary Parison this afternoon from E. D. Burt, president of a bank at Walnut, Ia., subscribing \$50 to the association.

War against fuel waste The Balkan war with all its waste and destructiveness does not equal in cost the annual expense bill to the people from the wastes of old-fashioned heating. The one best way to rout this army—the army of excessive coal-bills, repair bills, redecorating and refurnishing bills, which are always found in the camps of old-fashioned heating, is to install an outfit of IDEAL Boilers and AMERICAN Radiators.
