Kearney Folks to Wed Here—William Schramm, retired druggist of Kearney, aged 70 years, will marry Miss Essie B. Traver, aged 25, also of Kearney. Miss Traver secured the marriage license. Rev. Mr. Bittel will perform the ceremony. Luncheon For Dr. Baker—Dr. T. A. Baker of Columbus, O., of the Anti-Social League of America, will be the guest of honor at a luncheon at the University club, to which speakers of Douglas county and a number of laymen have been invited, Monday noon. Drops Furse and Jewels—Mrs. Sarah Slobner dropped a purse containing \$40 and several valuable articles of jewelry last night at Sixteenth and Douglas streets as she was walking home. She reported the loss to the police. Judge Kennedy at Juvenile Court—Former Judge and Mrs. Howard Kennedy visited juvenile court. Mr. Kennedy, who is now a member of the State Board of Control, is arranging to have his household goods stored preparatory to moving them to Lincoln. Burlington Agent Snyder Resigns—Assistant Chief Special Agent Snyder at Burlington headquarters will be succeeded Wednesday by Special Agent German of the Wyoming division. Mr. Snyder goes south in the hope of regaining his health, which has become impaired. Ralph Cressey Convalescent—Ralph Cressey of Fairbury, Neb., who has been at a local hospital the last two weeks, following an operation for appendicitis, was moved yesterday to the home of his parents, Mr. and Mrs. F. A. Cressey of this city. The attending physicians report his condition as satisfactory. Plan Hayrack Ride—The Young People's society of the Westminster Presbyterian church will hold a hayrack party next Saturday night. A hayrack which will hold at least fifty persons has been rented for the occasion. After a long ride the party will return to the church parlors, where lunch will be served. Proper Envelope Address—Postmaster Wharton has mailed Superintendent Graff of the public schools a sample of a properly addressed envelope, and Superintendent Graff has instructed principals in a circular to devote the language and grammar periods October 1 to the lesson of "the proper way to address envelopes." Graff to Talk at Hastings—Superintendent E. U. Graff will address the teachers of Hastings October 2 and 3 on the subjects "High School Problems" and Moral and Religious Teaching in School." On this last subject the speaker will use results obtained by a questionnaire circulated among students of the Omaha High school. De Lor Pleads Not Guilty—Marvin De Lor, who escaped from the county hospital last June, and was recaptured at Pacific Junction, Ia., recently, was arraigned before Judge Sutton of the district court on charges of attempting to rob Jesse W. Severance, 3023 Farnam street, and C. J. Duff, 1220 Eighth avenue, Council Bluffs, last May. He pleaded not guilty. Will Celebrate High Mass—Solemn high mass will be celebrated at 8:30 Tuesday morning at St. John's church, Twenty-fifth and California streets, in commemoration of the death of Mrs. Mary Lucretia Creighton. Rev. M. Bronsgeest, pastor of St. John's parish, will be the celebrant. The entire student body of the Creighton College of Arts will attend. New Savoy Hotel Opened—The New Savoy hotel, Fifteenth and Jackson streets, one of the oldest hostleries in Omaha, was opened last week under the management of H. Weimer, proprietor of the Rex hotel. Mr. Weimer has spent considerable money renovating the building. The rotunda and all the rooms have been redecorated and refurbished, with complete new electric lighting system and hot and cold water service. Omaha and Vicinity Well Represented at W. C. T. U. Meetings

SCHOOL AND COLLEGE WORK

Summary of Happenings in Various Nebraska Institutions. FACULTY AND STUDENTS LINE UP Increased Enrollments, Class Activities and Social Diversions—Notes from Educational Field. One hundred and forty-six candidates for senior honors at the Kearney State Normal school have reported to date, while several others will be in a few days later. These seniors represent forty counties of Nebraska. Seventy-seven have had at least one year's teaching experience. Fifty-one should receive life certificates upon graduation. The average teaching experience of the class is two years. Thirty-four have been teachers in graded schools, ten have been students in universities, while two are university graduates. One hundred members of the class are graduates of twelfth grade high schools. The junior class is unusually large and represents a large number of high schools throughout the state. The first reception to the new students occurred on Friday evening, September 13, under the direction of the Young Men's and the Young Women's Christian associations. Five hundred students were present at this reception and spent an enjoyable evening. Earl Cairns, quarterback on the normal football team for the last two years, who won a place on the all-state team last year and year before, and Horace Potts, tackle, are again in school and have donned the molekin. This rounds the team out in good shape and puts it in excellent condition for the season. Scrimmage with the second team has been in progress during the week. PERU NORMAL SCHOOL. Enrollment Promises a Record Class of Graduates. A fine class in military drill has been organized. Prof. Beck, who was in Colonel Bryan's regiment in the Spanish-American war, is the commandant. They practice twice a week, on Tuesdays and Thursdays. Last Saturday night there was a reception given in the chapel to the students. The receiving line was composed of the heads of the various organizations, including the Normal Catholic association, the Episcopal guild, the Young Women's Christian association and the Young Men's Christian association, with President Hayes, Dean Rouse and other members of the faculty. Between 600 and 650 attended. Prof. Hoyt has recently completed a chemistry manual which has been placed on the market by the Macmillan company. Rev. A. J. Hollingsworth of the Christian church recently enrolled in the manual training department. Considerably more pupils are enrolled in advanced mathematics than ever before. The classes in analytics and trigonometry are unusually large. Prof. Howie has been the head of this department for fifteen years. Prof. Jean of the botany department is doing all in his power to aid the fruit growers in handling fruit pests. Prof. Jean has just received a shipment of special plants from Japan. These are to be used in his advanced classes. Prof. Heard of the agriculture department is having a number of field excursions with his pupils. The animal husbandry class has been judging horses and cattle on the neighboring farms. Mrs. Morris, a resident of Peru, has been selected by the State Board of Education to be matron of the dormitory. She fills the position held so long by Miss Stoner. At a recent meeting of the senior class Ellis Fry of Panama, Neb., was elected manager of the Peruvian and Ivan C. Winslow of the Christian association, with editor-in-chief. Only two candidates are in the field for the presidency of the senior class, Robert Vernon and Glenn Stoddard.

Wayne State Normal. Class Elections, Receptions and Other Activities. Prof. J. G. W. Lewis has been invited to address the Northwest Nebraska Teachers' association, which will meet at Emerson on October 11. His subject will be, "Citizenship." Friends at Wayne have received letters from Miss Edith E. Beechel of New York City, where she is a student in Columbus university. Miss Beechel's work as critic teacher in the Wayne state normal school will begin in September, 1914. The board of control, having in charge all student activities of the school, met recently and organized the work of the new school year. The officers of the board are: J. G. Lewis, president; Sara J. Killen, secretary, and I. H. Britell, treasurer. The senior class has organized with the following officers: President, Pearl Hughes, Wayne; vice president, Conrad Jacobson, Pender; secretary, Gladys Elme, Sioux; treasurer, John Rockwell, Hubbard; class adviser, Dean H. H. Hahn. The class starts with forty members, which is nearly double the number of graduates in the class of 1912. The regular annual reception by the faculty was tendered to the students of the school on Tuesday evening of last week. After passing down the receiving line the students were seated in the chapel and permitted to listen to a literary and musical program. Prof. Kockley and Miss Hancock, the two newly elected members of the faculty, were introduced, the former responding with a brief talk on citizenship with two readings in the Scotch dialect. NEBRASKA MILITARY ACADEMY. Fine Batch of Recruits Lined Up on Opening Day. The Academy opened on Wednesday with a fine enrollment, nearly all of the last year's boys returned, and the new recruits are surely a fine bunch. The faculty is unusually strong, coming from the University of Michigan, Columbia, Arkansas, Iowa and Nebraska, and are all experienced teachers and know how to mix with and handle boys. The football team is in full blast. Coaches Sly and Witten hope to have the team in fine form soon. The cadets are being measured for new uniforms and will make a fine showing when they are fitted out. The schedule is made out and the boys all classified, the senior class being the largest in the history of the school. This is due to the fact that a number of boys desire to take their last year of high school work at the military academy. Wednesday was surely a busy day, with autos, hacks, carriages lined up

WILL RAISE REQUIREMENTS

Creighton Medical School to Ask Higher Entrance Credits. TO BE EFFECTIVE NEXT YEAR Beginning with Next September One Year's Work in an Accredited College Will Be Necessary to Admittance. Beginning September 1, 1914, the entrance requirements for the Creighton Medical college will be raised to one year college work. Heretofore a night school diploma has been necessary for entrance to the college, but henceforth only those who can show one year's study in an accredited college, will be admitted. Requirements for admission to the pharmacy department were raised this year to one year's high work. All four professional departments of Creighton are now on the accredited list of the New York Board of Regents. Creighton Notes. The day freshman law class has an enrollment of fifty-four, compared with twenty-two, last year. The sophomore class of the dental department has begun its dissecting work at the Medical college. Patrick O'Hearn, medicine '16, was sick during the last week with an acute attack of appendicitis. He is considering an operation and may be forced to leave school in the near future. The Courier, bi-monthly publication of Creighton university, will be issued Monday. The circulation of this little paper, which contains the current news of the university, has now reached well above the 17,000 mark, each issue. The model house, another law department organization, was organized during the last week. The purpose of this organization is to acquaint the students with parliamentary procedure for entrance to the medical departments. The class is composed mostly of students from the arts department. The Glee club will practice at the arts college this afternoon. The class was organized the last week with thirty-five members chosen from the five departments. Most of these are new men and many are possessed of good voices. A special class in biology has been organized at the Medical college, and is made up of those who wish to gain credits in that subject for entrance to the medical departments. The class is composed mostly of students from the arts department. The first session of the moot court at the law department will be held October 10, with I. J. Teffel in charge. The seniors will act as attorneys, the juniors as witnesses, and the freshmen as jurors. The students will be graded on their work. Joseph R. Egan, arts '16, now a Bostonian, will publish his first book entitled "Little People of the Dust" October 15. Two others, "The Marrow of Reurrection," and "The Heaten Path" will be published in the near future, while several plays by Mr. Egan are in the hands of New York critics.

Woman Defendant in First Nine-Hour Law Prosecution City Prosecutor Fred W. Anheuser, in filing a complaint against Mrs. Estella E. Pead, a caterer at 706 South Sixteenth street, for violating the nine-hour woman's labor law, has fired the opening gun of a statewide campaign which will take in every establishment where female labor is used. Miss Tina Sittler, a waitress in the Pead establishment, which furishes business men's lunches, is the complainant. Anheuser says he will push the case to the limit and then set about investigating other places on his own responsibility. "The big department stores and corporations, contrary to the general belief, are not the violators of the labor law," said Anheuser. "It is in the smaller establishments. In many cases prosecution will come hard, but, nevertheless, plenty of warning has been given. Nine hours constitutes a day plenty long enough for any woman. The law says so, and it is up to me to file complaints, which I am going to do at once." The state labor commissioner's office began its crusade along similar lines simultaneously with Anheuser's action. Avoid Sedative Cough Medicines. If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codine, morphine, heroin and other sedatives when you use a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. This is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all druggists.—Advertisement.

Children Hate Oil, Calomel and Pills. "California Syrup of Figs" best for tender stomach, liver, bowels—tastes delicious. Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them. With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them. If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here—see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

Nemo Corsets at \$5.00. Be A Wise Woman! Use your own good judgment in the selection of your corsets. Who can know your needs better than yourself? Why do you wear a corset—for health, or style—or both? Style demands straight lines. Does your corset give you the straight-line effect—with comfort? If not, why not? Do you select corsets to improve your figure, or do you buy WITHOUT USING JUDGMENT as to their adaptability? Buy Your Corsets for a PURPOSE! If you are stout, where is the excessive flesh? Why did the fat accumulate at that particular point? If upon the upper limbs or thighs, is your corset long enough to cover the flesh? If it is upon the back of the figure, does your corset cover and control the flesh below the waist-line? If upon the abdomen, is your corset long enough to support the abdominal walls in the groin section? The abdominal walls support the internal organs; and, in turn, the abdominal walls must be supported. If your corset is too short, and the flesh drops below the bottom of the corset, you lose all style and YOUR HEALTH at the same time. BE A WISE WOMAN! Study yourself, your figure, your health, and select that particular Nemo model which takes care of the flesh in that part of your body where control is needed. For example, here is a new Nemo that gives marvelous hygienic figure-reduction: No. 512 THE NEWEST LASTIKOP'S CORSET, for tall or average full figures; produces extreme reduction, all around, below the waist-line. Extremely long skirt; broad bands of semi-elastic Lastikops Webbing across thighs and lower hips; the new Lasticurve-Back. This triple reduction also gives a triple expansion when you are seated—splendid style and perfect ease. Of very fine white coutil, sizes 20 to 30. \$5.00. Nemo \$5.00 No 512 LASTICURVE-BACK LIMSHAPING. Millions of women have long enjoyed Nemo style and comfort. Other millions are just beginning to learn that perfect corset-service comes only from a Nemo Corset correctly chosen, accurately adjusted and properly worn. To become "corset-wise," you must read the Nemo Hygienic-Fashion Magazine—just out and sent free on request. THE NEMO HYGIENIC-FASHION INSTITUTE, N. Y.
