NEW YORK STOCK MARKET

Firm Tone of Previous Days Disappears Under Pressure. OFFERINGS ARE NOT HEAVY. Small Cash Gains for Banks in Week Indicated by Known Movements of Currency Time Moments.

NEW YORK, Oct. 3.—Stocks were under steady pressure today. The firm tone of the previous two days disappeared, and the market was not heavy.

On the eve of a fundamental change in the country's tariff laws, traders thought it best to conserve. Steel was once more the most conspicuous stock.

A small cash gain for the banks in the week was indicated by known movements of currency. The week takes in the quarterly payment of coupon and interest on the bank's notes.

YORKER THREATENS JUDGE

Rochester Man Writes Letter Speaking of Impachment. WANTS ORDER FOR MONEY. Court Says He Will Consider Application for Restraining Order Threat of Impachment Does Not Get Very Far.

(From a Staff Correspondent.) DES MOINES, Oct. 3.—(Special Telegram)—Judge Smith's impachment is threatened by a letter from a lawyer in New York, and today Clerk McArthur made public some correspondence in relation to the matter.

The threat is in a letter from Hugh O'Brien of Rochester, that E. L. Loomis of Ottumwa, receiver for a bankrupt company, pay \$275 claimed, O'Brien's claim in Rochester. Incidentally he declares that unless McPherson orders this, O'Brien will bring the matter to the attention of the judiciary committee of congress with a view to impeachment proceedings.

McPherson has written her secretary an application in court for an order for the money, but that the statement as to impachment is not persuasive. Fee for Receiving Gun Reports. It is reported in state official circles that some of the county recorders of the state in the rural communities are trying to make a charge for receiving reports of sales of firearms and there is trouble over the same.

The attorney general ruled that county recorders can charge 10 cents for recording each gun license or license to sell weapons, but has not ruled as to the charge for recording reports of sales by dealers. It is believed there is no warrant of law for making this charge, as the sale reports may be merely filed and not entered of record.

Dealings of Lakes Investigation. The members of the state executive council returned Wednesday from visiting several lakes and ponds in Northern Iowa, where drainage work is in operation. At Wall Lake, in Wright county, where a previous executive council authorized drainage, it was found that but a very small part of the old lake remains and the party walked about over land that was shown by the surveyors' notes to be a part of the lake.

Councilman Says He Will. Councilman James H. Myerly today brought suit for \$10,000 damages for alleged libelous statements against C. W. Johnston, a local attorney, who has been investigating municipal affairs and has written several articles for the papers attacking the council members. Myerly was former postmaster and has had charge of the street work in the city under the present administration.

He had been living with a sister on a farm near Des Moines pending the appeals, and this week placed himself in the hands of officers, to be taken to prison to serve his time.
