

BRIEF CITY NEWS

Sarcophagus. Will be prepared. Peters Trust Co. Life Ins't Yes. Penn Mutual. Good Lighting Fixtures. Burgess-Grandes Co. Fidelity Storage & Van Co.—Dough 1514. Have Root and Estates Administered. Trust funds and estates administered. Permanency and stability is backed by a capital and surplus of \$400,000. Peters Trust Co. To Organize Bible Class—Rev. Dr. Jenks' business men's Bible class will be organized at the First Presbyterian church this noon; everybody invited. Go After Ducks—Buck Taylor, assistant city gas commissioner, and City Comptroller Charles H. McDonald have gone to Valentine, where they will spend a short vacation hunting. New Teachers' Badge—The badge of the Nebraska State Teachers' association this year will be a little bronze map of the state with a sprig of goldenrod running across it and the letters N. S. T. A. in one corner. Purses Snatched Busy—Purse snatchers seized Miss Emma Jensen's purse containing \$50 last night at Twenty-first and Pierce, as she was on her way to her home at 324 South Twenty-first street. The thief was a negro. Closed on Sunday—At the last meeting of the executive committee of the Commercial club the question of reopening the club rooms on Sunday was taken up, but after much discussion the committee decided to leave the doors closed as in the past. Baldrige Honored at Andover—Malcolm Baldrige, son of H. H. Baldrige attorney, who is a senior at Andover has been elected president of his class. Young Baldrige is also making himself prominent on the football eleven of that college. Baraca Union Meets Monday Evening—The Tri-City Baraca union will hold its quarterly rally at the First Presbyterian church, South Omaha, Monday evening. Frank Anderson, national field secretary

of the World-Wide Baraca-Philathea union, will give the address of the evening. Inspect Court House Friday—The members of the Commercial club have chosen Friday, October 18, as the day for the proposed inspection of the new Douglas county court house. An invitation was recently extended to the members of the club by the county commissioners to visit the building and become acquainted with its facilities and attractions. To Stop the Leaks—The porch on the sixteenth street entrance to the federal building will be repaired. It has leaked long enough, according to Customs Collector Taylor. The contract for the repairing was let to C. J. Shea. The lead roofing to the porch will be replaced by tile. The cost of the change will be \$27. Work will be begun as soon as possible. Miss Huntley Class President—Friday afternoon the sophomore students of the University of Omaha organized and elected the following officers: Miss Grace Huntley, president; Miss Bertie Hoag, vice president; Miss Della Nelson, secretary, and Edwin Reiss treasurer. Finley Jenkins and Miss Effie Cleland were elected as class representatives to the students' assembly. Miss Selma Anderson of the Latin department was chosen as class teacher.

Nervous Dyspepsia, Gas or Indigestion

Each "Pape's Diapepsin" digests 3000 grains food, ending all stomach misery in five minutes. Time! Eat your Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes. If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides there will be no sour food left over in the stomach to poison your breath with nauseous odors. Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is waiting for you at any drug store. These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home. Chambers' Academy of Dancing will open season 1913-14 for lessons and classwork, October 7th, 1913. Applications for enrollment in classes can be made now by calling D-1871. New entrance on 25th Street. Roller Skating will begin October 14th. Entrance on Farnam Street.

of the World-Wide Baraca-Philathea union, will give the address of the evening. Inspect Court House Friday—The members of the Commercial club have chosen Friday, October 18, as the day for the proposed inspection of the new Douglas county court house. An invitation was recently extended to the members of the club by the county commissioners to visit the building and become acquainted with its facilities and attractions. To Stop the Leaks—The porch on the sixteenth street entrance to the federal building will be repaired. It has leaked long enough, according to Customs Collector Taylor. The contract for the repairing was let to C. J. Shea. The lead roofing to the porch will be replaced by tile. The cost of the change will be \$27. Work will be begun as soon as possible. Miss Huntley Class President—Friday afternoon the sophomore students of the University of Omaha organized and elected the following officers: Miss Grace Huntley, president; Miss Bertie Hoag, vice president; Miss Della Nelson, secretary, and Edwin Reiss treasurer. Finley Jenkins and Miss Effie Cleland were elected as class representatives to the students' assembly. Miss Selma Anderson of the Latin department was chosen as class teacher.

This Man's Dreams Are Worth Money

Soothsayers, witches and other prophets of various kinds have predicted the outcome of various wars and famous astronomical events foretold the coming of natural calamities, but Omaha lays claim to the original ball prophet just as Kansas lays claim to the original weather forecaster. William Freedle, who occupies the position of chef in an Omaha restaurant, has frequent dreams that inform him just who is going to win the world series, and for the last six years Freedle has been coming money by backing up his mysterious dreams with all the money he can save, beg, borrow or steal. Freedle had his annual dream a week ago and has ever since been looking for Philadelphia money because the dream predicted that the National league would come into its own this year and beat the younger American league out of the championship it has held for several years. The lady in the dream called for the Giants to grab the championship tag and according to Freedle whatever the lady calls for she gets. Freedle also believes New York will win the first game with the old reliable Mathewson in the box. Freedle had his first hunch seven years ago when a barber bet him Omaha would beat Wichita. Omaha did, but that night Freedle dreamed that Omaha would beat Wichita, again so he dug up the barber and they got together. Omaha did beat Wichita, which made Freedle have faith in his dreams. Therefore when he dreamed on the outcome of the world series he bet his money. He has won every year.

PEDESTRIAN WALKS INTO AUTO TRUCK ON STREET

Dennis Scanlon, a laborer living at 413 South Thirteenth street, was seriously hurt last night when he walked into an auto truck at Thirteenth and Howard streets, being driven by Lee Lytle, proprietor of the Rapid Messenger and Express company at Sixteenth and Davenport streets. Lytle stopped his car and brought the injured man to police headquarters, where Police Surgeons Foltz and Pochtmann gave him attention. His injuries are not thought serious.

Good Reason for His Enthusiasm

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially in the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. For sale by all druggists—Advertisement.

SCHOOL AND COLLEGE WORK

List of Accredited Schools Compiled by National Bureau.

ACTIVITIES OF STATE NORMALS

Prominent Features of Class Work—Methods of Planning Enterprises—Delings in Various Institutions.

Approximately one-third of the 14,000 secondary schools in the United States are on a list of accredited schools just issued by the United States Bureau of Education. The list, which was compiled by Dr. Kendrick C. Babcock, formerly of the bureau of education, now dean of the college of liberal arts at the University of Illinois, is intended mainly as a guide to school and college officers in admitting students from other states to advanced high school standing or to college, but incidentally reveals the marked improvement that has recently taken place in secondary education in the United States. The bureau list has been made up chiefly from the various certification lists maintained by the states, but where the state officials print lists of high schools of first rank are included. The schools of different grades, only the general principles of selection are that the school shall offer the "fourteen or fifteen points" necessary for admission to a standard college or university, each point represents a subject studied for a year; that the curriculum represents four years of thirty-six or more weeks each; that at least three teachers give their whole time to high school work; that courses of science include satisfactory laboratory work, and that the school keeps up an adequate library and laboratory equipment. Both public and private secondary schools are represented on the list, names of private schools being printed in italics to distinguish them from the others. Great care has been taken to see that the names and addresses are accurate. The bureau's list is for free distribution.

KEARNEY STATE NORMAL

Single Tax a Factor in the Year's Entertainments. On Tuesday morning the students held a mass meeting in the chapel for the purpose of taking up the single tax for the ensuing year. Speeches were made by Coach Van Buren and Captain Bob Randolph, for athletics; Prof. O. W. Neale, for the lecture and entertainment committee; Prof. Porter, for the debaters; Philip Pearson for "The Antelope"; Glenn Chadroner spoke in favor of the single tax. Mr. Lobb, secretary of the Community club, who was present, was called for and made some interesting and valuable suggestions. Over 400 signatures were secured for the single tax before noon. It is estimated that the single tax sales for the year will reach 700 tickets. The fee is \$5, and entitles the holder to entrance to all games—foot ball, basket ball, base ball and track; to the five numbers on the lecture and entertainment course, to the intercollegiate debates, gives them a year's subscription to The Antelope, and admission to the commencement concert. The single tax was in vogue last year and was very popular. F. J. Swits of the city was a caller at chapel Thursday and gave a very brief and interesting talk, admonishing the students to make use of their opportunities. At the regular meeting of the Young Women's Christian association the plans for mission study formed the chief topic of discussion. Miss Stanley, Miss Jennings, Miss Hoic, Miss Bothwell, Miss Langdon and Mr. Anderson of the faculty, who conduct Bible study classes for the year, gave brief addresses outlining the work. Several of the members of the faculty will assist in the city institute the present week. President Thomas will speak on "Measure of Efficiency in Teaching"; Prof. Neale on "Art" in the schools; Miss O'Connell on "The Dillard"; Dr. Richardson on "Adolescence"; Miss Cald-

well on "What Children Should See, Hear and Play."

FREMONT COLLEGE.

Brief Mention of Various Happenings of the Week.

Miss Eva Mixer, supervisor of the training department has a place on the state teachers' program at Omaha, November 5, 6 and 7. She has been asked to write on the Montessori system, which she will there explain and illustrate. Mrs. Emma Barstow, West hall matron, entertained the large number of young people, who reside there with a very pretty party one evening last week. D. L. Bartling, a classic of the college, entered Ann Arbor last week with a view to pursuing a medical course; also Messrs. F. C. Grant, Earl May and Perry of the bureau of education, now dean of the college of liberal arts at the University of Illinois, is intended mainly as a guide to school and college officers in admitting students from other states to advanced high school standing or to college, but incidentally reveals the marked improvement that has recently taken place in secondary education in the United States.

The bureau list has been made up chiefly from the various certification lists maintained by the states, but where the state officials print lists of high schools of first rank are included. CHADRON NORMAL SCHOOL.

Board Selects Site for New Dormitory for Women. Miss Mabel Harris, new librarian of the Chadron State Normal school, comes from the Wisconsin library school. She has been a teacher in the high schools of Nebraska and is a graduate of the State university. She is collaborating and cataloguing the last large requisition of books, some of which have just arrived. President Viele of Norfolk and State Superintendent Delsell, representing the Normal board, came to Chadron Monday to select the site for the new dormitory. They gave interesting and inspiring talks to the students and visited some of the departments. The site for the dormitory is just east of the main building, with adequate allowance for a new wing on the space intervenient. Contractor Mullholen has already begun work preliminary to the erection of a building of such proportions and beauty as will make a suitable and attractive home for the young women who come from out of town. Miss Swedberg, head of the piano department, gave a short recital at chapel time on last Thursday, in which she delighted her listeners with an attractive program and gave evidence of her versatility as a player by the beauty of her playing and the nice execution of brilliant passages. Miss Copeland, director of the voice department, has given clubs of men and women hard at work preparing choruses to be given at public programs. She and Miss Swedberg will give a recital in a few weeks. There will be student recitals at frequent intervals as the work of the year progresses.

PIRU STATE NORMAL.

Budget System of Financing School Activities. Rev. W. H. Gardner of Brownville recently enrolled in the normal. The students have adopted the budget system for handling twenty-five events in school activities. These include: One debate, one hand concert, one glee club concert, eight college basket ball games, four college foot ball games, five college base ball games and the five numbers of the lecture course. In addition to the Normalite, the college paper, is given to those subscribing to the budget at a total cost of \$3 per ticket. Inside of a half hour \$22 subscribed. The seniors have elected Robert Vernon of Trenton president. This is one of the best offices of the school and justly falls on the shoulders of a self-made man. He has entirely worked his way through school thus far through dint of hard labor. An uncommonly large number of young men have enrolled. While only sixteen people were demanded to organize a class in military drill, nearly fifty have responded. The Caesar class has built a bridge on the athletic field. It is built entirely of hewn timbers in the same way that Caesar constructed his bridge across the Rhine.

NEBRASKA WESLEYAN.

R. M. Vitquian is Elected President of Students' Council. The organization of Nebraska Wesleyan university, having general advisory functions in problems of student government, has been organized with R. M. Vitquian as president and Robert Fawell as vice president. Unusual interest has been shown this year in the glee clubs. Sixty-two women and eighty men tried out for the two clubs, but as most of the members of last year's organizations are back in school only a few of the newcomers could be given a place. Secretary Simonds of the Young Men's Christian association has been chosen as state student secretary and will give part of his time to this work. W. J. Muntz has been appointed assistant secretary and will look after the work in the absence of Mr. Simonds. Registrar W. G. Bishop has given out the following figures showing the scholarship of Wesleyan's eight literary societies: Aelloilans, 89; Dialectica, 86; Everetts, 84; Orophilian, men, 78; Orophilian, women, 83; Theophanian, men, 80; Theophanian, women, 80; Willards, 92. The repairs on the heating plant have been practically completed and the ma-

chinery has been in operation during the last week. A saving in fuel and more effective heating will result from the changes made. The work has all been done by university men, Prof. Rose supervising construction and Prof. Jensen acting in an advisory capacity on technical phases of the work.

Grand Island College Notes.

The athletic board for Grand Island college has been appointed for the coming year. Profs. Loeffler and Robinson will represent the faculty, Elias F. Starr the alumni and Guy Carlson and Blise Springer the student body. At a recent meeting of the Student association Herbert L. Cushing was elected secretary. The annual reception given to the students by the Young People's society of the First Baptist church was a great success. There were over 300 in attendance. After the program the time was spent in various social amusements.

Notes from Doane College.

Miss Fern Venom is a visitor at Gaylord this week. Miss Florence Allen made a visit home over Sunday. Misses Phillips are enjoying a visit to their sister Gerden. Ashton Leve has been chosen as yell leader for the ensuing year. The root-able spirit with Ash at his head, team on to the most successful year ever experienced. A new custom has been introduced at Doane college in the way of class chapters instead of the class choosing one and woman in the college and academy

is now an active member of one of the other of these organizations. Every Thursday the usual chapel period is given over to these organizations. The women in Cargone library and science hall. The enrollment has continued to increase the last week. There are now eleven sons and daughters of ministers among our students. Saturday morning Charles P. Russell of Assout, Egypt, class of 1903, led the devotional services at chapel. Mr. Russell has been spending the last seven years in the Mission school at Assout and is on leave of absence. A Fortunate Texan. E. W. Goodloe, Dallas, Texas, found a sure relief for malaria and biliousness in Dr. King's New Life Pills. Only 25.—For sale by your druggist.—Advertisement.

Wayne State Normal Notes.

President Conn has returned from a combined business and pleasure trip to Detroit. A good audience listened to the program given by the Crescent Literary society in the chapel Friday. The band held its first practice for the year and Prof. Coleman reports that indications are favorable for the best band organization the school has ever had. New registrations this week are: Martha Sukup of Vardigre, Laura Fitch of Thurston, Charles J. Moates of Springfield and Pearl L. Schinkel of Ewing. The normal will play its first foot ball game of the season on Saturday, October 11, at which time the boys will meet Sioux City High school on the Wayne field. On September 29 the members of the senior class met with their advisor, Dean H. H. Hahn, and discussed plans for the issuance of a senior annual at the close of the year. The normal music quartet has been reorganized this year, a change being made necessary by the withdrawal of Willis Fleetwood from school. E. J. Rogers takes Mr. Fleetwood's place.

Hastings College Notes.

The Normal Training school, which lapsed for a time, has been revived. Rev. teach next year. The Young Men's Christian association and the Young Women's Christian association of Hastings college are the most active in their history. Nearly every man and woman in the college and academy

is now an active member of one of the other of these organizations. Every Thursday the usual chapel period is given over to these organizations. The women in Cargone library and science hall. The enrollment has continued to increase the last week. There are now eleven sons and daughters of ministers among our students. Saturday morning Charles P. Russell of Assout, Egypt, class of 1903, led the devotional services at chapel. Mr. Russell has been spending the last seven years in the Mission school at Assout and is on leave of absence. A Fortunate Texan. E. W. Goodloe, Dallas, Texas, found a sure relief for malaria and biliousness in Dr. King's New Life Pills. Only 25.—For sale by your druggist.—Advertisement.

IMPORTANT CHANGE IN TIME on the NORTHWESTERN LINE.

Effective Sunday, October 6, the Los Angeles Limited will leave Omaha at 9:35 p. m. instead of 11:15 p. m., arriving Chicago at 11:30 a. m. instead of 12:30 p. m. The Denver Special will leave Omaha at 2:45 a. m. instead of 1 a. m., arriving Chicago at 4 p. m. instead of 2:15 a. m. The Sioux City-Minneapolis train, which has been leaving Omaha at 7 p. m. has been changed to leave Omaha at 6:45 p. m. Deficiency Bill Passed. WASHINGTON, Oct. 5.—With a voting quorum present by a narrow margin, the senate today passed the urgent deficiency appropriation bill carrying the house provision abolishing the commerce court. An amendment retaining the five commerce court judges on the circuit court bench until they resign or retire was added to the provision, however, following a filibuster by supporters of the amendment.

Wanted! Perfectly healthy men and women who will voluntarily submit to an experiment which may lead to temporary or permanent impairment of health, or possible death. This experiment to be conducted with the coffee drug, "caffeine."

Would You Apply for the Job?

Thousands are trying the experiment every day in spite of the fact that physicians and government experts have proven:

- That the average cup of coffee contains about 2 1/2 grs. of caffeine;
That caffeine is attributed to be one of the principal causes of headache, biliousness, heart disease, indigestion and kidney, liver and bowel trouble;
That caffeine in doses as small as that contained in two average cups of coffee has killed rabbits, guinea pigs and other animals at the laboratories of the Gov't in Washington and elsewhere.

To be sure a guinea pig or a rabbit may weigh but a pound or two, while the average human may weigh 100 times as much.

A few cups of coffee or a single cup (according to the resistance of the individual) will not kill, but the poison is there and can be added to day by day. That's why so many coffee drinkers suffer from headache, dizziness, indigestion and other symptoms referable to the poison effect on heart, liver, nerves, kidneys and stomach.

If you know coffee has no bad effect in your particular case and you like it, why, bless your heart, stick to it, but if coffee drinking leaves its tell-tale marks by some symptoms of physical discomfort or peace of mind, it's a good idea to stop and use

POSTUM

This pure food-beverage, made of prime wheat and the juice of southern sugarcane, makes a rich, seal-brown blend turning to golden-brown when cream is added, which tastes much like real Oriental Java but is absolutely free from the drug, "caffeine." Postum comes in two forms. One, called Regular Postum, must be boiled full 15 minutes. The other, Instant Postum, is in powder form and a level teaspoonful in a cup of hot water makes the beverage instantly. Grocers keep both kinds.

"There's a Reason" for POSTUM

Nemo TRIPLE-STRIP CORSETS at \$5.00. This Nemo Also Has a Purpose. The purpose of No. 510 is to meet the demand for an effective figure-reducing corset of the lightest weight consistent with needed strength; a very long reducing corset that is perfectly comfortable in any position; fine and dainty in material—in short, a corset to please fastidious women, of full figure, who would willingly pay \$10 or \$15 for a reducing and supporting corset of satisfactory quality—if they couldn't get this SUPERIOR Nemo at \$5.00! No. 510 SELF-REDUCING, for average full and plump figures. Low bust. Extra-long skirt, with the very effective Lasticurve-Back—deep gorges of semi-elastic Lasticurve Cloth, forming an extension of the long back, and laced down to the end. Straight-line effect, with "corsetless" silhouette. Corset-edges can't show through, corset can't ride up. Of very fine white French coutil, sizes 20 to 36. \$5.00. No. 510, like all other Nemo Corsets, has the Nemo "bridge" construction—no undue pressure over the stomach region. All seams are sewed by the Nemo method—impossible for them to stretch. The elastics are the patented Nemo semi-elastic fabric, guaranteed to outwear the corset. Double wear—double value.
