Teachers Will Be Given Excursions Around the City

The publicity bureau is preparing to send out 10,000 welcome folders of Omaha to the teachers of the state, who are expected to attend the meeting of the State Teachers' association here in November. The folders contain some interesting views of Omaha and a lot of concise information about the metropolis. Invitations are constantly being received at the publicity bureau from manufacturers and wholesalers in the city, asking that the teachers visit their plants during their stay in Omaha.

The excursion feature of the association meeting is becoming an important feature and every year the teachers are taken in a body through some of the large manufacturing plants of the city. The list of invitations will be presented to the teachers when they come and a decision will then be made on a list of those to be accepted for excursions that will be entertaining and instructive.

BUILD THEM UP IN STRENGTH New York Playground Expert Shows the Importance of Developing Muscles of Youngsters When They Are Growing.

"We are facing a form of race suicide today that you are not yet familiar with," said Charles Frederick Weller of New York, associate secretary of the Playgrounds and Recreation Association of America, in his talk at the Commercial club at noon yesterday. "It is a suicide of the quality of the race rather than the quantity."

He said he believed in the saying in England that the battle of Waterloo was won on the playfields of England in giving the boys, who were to be the future soldiers, the proper kind of play. "The reason we are all crazy over base ball," he said, "is that it brings into action the motions of stone throwing, of club wielding and of running, which were the very foundations of existence in primitive life. And these activities must be kept alive."

He gave figures from a tabulation made in Richmond, Va., which showed that 1 per cent of the children were on the playgrounds, 4 per cent on the vacant lots, 25 per cent in the yards and 70 per cent on the streets. "This he said is a typical case. A tabulation of the whereabouts of 1,528 children in Kansas City, he said, showed 12 per cent working, 38 per cent playing and 50 per cent doing absolutely nothing."

FILES DAMAGE SUIT FOR VIOLATION OF COPYRIGHT

A petition was filed by William M. Davis of Chicago against Walter L. Cropper of this city in the federal court. The petition states that the plaintiff has been damaged and asks for \$3,000, exclusive of costs and interest. It is alleged that Davis conducts what is called the National Rating league, and that he and Cropper entered into a contract to the effect that the latter would be in the employ of Davis for a term of five years. Davis claims to have copyrighted certain blanks and forms and a system of rating. He also alleges that Cropper disregarded the contract, came to Omaha and started up in the same line of business for himself, using practically the same blanks, forms and rating system. Cropper termed his company the Mutual Adjusting association, and his offices were in the Brandeis Theater building.

AUTO PARTY HAS NARROW ESCAPE ON ELKHORN BRIDGE

Suspended in midair, over a twenty foot abyss on the edge of a bridge at 8 o'clock Wednesday evening, at Elkhorn, was the thrilling experience of an automobile party of five on the way from Norfolk to Omaha, driven by George N. Beels of Norfolk. After breaking off the bridge railing, as the car suddenly became unmanageable, it became lodged on the end of a plank. All of the occupants got out of the car safely. Within a few minutes about fifteen men had assembled and lifted the auto back onto the bridge and the party then proceeded on their journey. Mr. Beels left the car in Omaha and all returned home on the train. The other members of the party were Mrs. Beels, Miss Helen Beels and Mrs. E. Gillette of Norfolk, and Mrs. K. Pheasant of Pierce.

CITES "SHAMELESS DANCING"

Says Country Club and Omaha Club Are Offenders in the Matter of Permitting Dances that Are Tabooed by Some.

"The social service board has decided it is without power to interfere with tangoing, turkey trotting and other shameless exhibitions" at the clubs and Ak-Sar-Ben ball," says T. F. Sturges, who adds, "something ought to be done for some of the clubs, whose members are supposed to know better, have been guilty of most shameless performances."

Sturges, chairman of the social board, says he is not afraid to "mention names" and proceeds to take a rap at the Country club for one and mentions the Omaha club as being a sort of incidental aid to the Country club's "immoral influence."

YOUTH FORGES LETTER TO GET INTO THE NAVY

A young man who appeared capable of passing all the examinations the navy recruiting officers could think of except the age qualification, entered the other day and expressed a desire to become a sailor. He was told that it would be necessary for him to get the written consent of his mother before he could be enlisted, or her statement to the fact that he is of age. The young man appeared again. He had a letter, dated from Galesburg, Ill. The recruiting officers idly wondered how it was possible to write to Illinois and receive a letter the second day, and noticed that the writing was in the same hand as that of the young man. When asked if he had the envelope the letter came in, the young man produced one with all the confidence in the world. It was dated October 4. The young man was confidently advised as to the quickest exit of the Federal building.

DANCING TEACHER SAYS OMAHA IS NOT TANGO MAD

Miss Jewell Simpson, teacher of dancing at the Douglas Auditorium academy, says that though she has advertised for pupils for her tango class, there have been so few responses, that she has decided to abandon that branch, for the present at least.

"Out of 200 students, only two have asked to be taught the tango or its variations," she said. "The rest are satisfied with the simple, old-fashioned waltz and two step."

If you suffer with backache—have pains in the neck or sides—nervous or dizzy spells—a few doses of Croxone will relieve the congestion and you will be surprised how quickly all kidney, bladder and rheumatic troubles will disappear.

Croxone promptly relieves these diseases because it really does reach the real cause. It soothes and heals the delicate linings of the bladder and gives the kidneys renewed strength so they can filter the blood and keep you well.
