

BILLS FOR THE LEGISLATURE

Legislative Committee of Federation of Labor Concludes Work.

MANY NEW LAWS ARE PROPOSED

Plan Involved in Majority Report of Employers' Liability and Workmen's Compensation Commission Endorsed.

Tentative bills to be introduced at the coming session of the Nebraska legislature were reviewed, discussed and approved by the legislative committee of the Nebraska Federation of Labor at its session yesterday.

The committee endorsed the plan and principle involved in the majority report of the employers' liability and workmen's compensation commission.

Some Bills Proposed. Among the proposed bills endorsed are: A bill to enlarge the powers of the state labor commissioner on matters of factory inspection in regard to safety appliances, and authorizing him to employ two factory inspectors at a salary of \$1,200 per annum each; a bill prohibiting the blacklisting of employees; a bill providing that injured employees of a transportation company may sue in any county through which the transportation company passes.

This is intended to prevent the ready removal of cases from state to the federal court, as is often done, on the grounds of adverse citizenship; a bill prohibiting the transfer of claims for collection from one state to another in order to escape the provisions of the law in the state of Nebraska; a bill proposing an eight-hour law for female labor, and broadening its application so as to take in all establishments in which women are employed; a mothers' pension bill, an amendment to the present juvenile court law. The amendment gives the court the power to fix the amount to be paid to a parent for the support of dependent children, and ordering the county board to make the payments; a bill providing for the labeling of all prison-made goods on the market with the words "Convict Made Goods," and providing that the label shall not be removed until the goods are sold to the consumer; a bill providing that an employer of labor who seeks to transfer labor from one locality to the other must give such employees notice of labor disputes that may be in progress at the locality into which he seeks to take them; a bill for the protection of employees in exercising their social, financial, fraternal and business rights in connection with any lawful organization or society; a bill providing for a state reformatory into which the first term should be placed in order to segregate him from the hardened criminal, and providing for his salary while employed in the reformatory; a bill providing for an eight-hour day in all state and municipal employment, and in all municipal subdivisions of the state; an amendment to the present factory inspection law, making it apply to all factories employing one or more persons and broadening its scope in regard to safety appliances; a bill requiring the wife to join in the assignment of wages, which is designed to protect the wife and family against the ill management of a reckless husband who might assign his wife unearned wages to a loan shark; a bill providing for the regulation of employment agencies, for placing them under the strict supervision of the deputy labor commissioner.

Board Will Censor All Public Dances; Police to Do Rest

Theatrical managers and directors of dance halls met with the Social Service board at the city hall last night, pledged their cooperation in the reform movement and were told what to expect from the newly created board of censors.

T. F. Sturgess acted as chairman and read the provisions of the new ordinance and explained what the members of the board would do.

"We have decided to pass on no complaint individually but only as a board, a quorum, that is three members, being necessary to action. We will not be hasty. We want to do what is right and we ask your cooperation."

"We believe you know what is wrong and what is right in your business, but you are likely to be mistaken the same as anyone else in any other line of business. We will prohibit obscene and suggestive parts in all shows. That is not very definite, for we may differ as to what is obscene or suggestive, but we will give both sides a hearing."

Mr. Sturgess said the board would do little or no police work, simply recommending what ought to be done and leaving the rest to the police department.

Without exception the men present pledged co-operation. The dance hall proprietors were interviewed by Policewoman Catherine Drummy. They said they were not interested in promoting suggestive dances and would help the board in eliminating them.

DUNDEE CAR CONDUCTOR ROBBED AT TERMINUS

Two highwaymen, masked and armed, held up a Dundee car last night at the Happy Hollow terminus. The conductor, R. G. Nixon, was relieved of between \$5 and \$8, all the money he had in his possession.

The street car had just reached the end of the line and was turning when the robbers boarded it. Only the conductor was searched, although both street car and bus were searched in the meantime. The place where the holdup occurred is outside the city limits and is practically deserted in the winter.

SNOW SPRINGS SURPRISE DURING EARLY EVENING

A heavy, wet snow blanketed Omaha and vicinity early Friday night. As early as 9 o'clock the first flakes began to fall and at midnight the drizzle still kept up. Less than half an inch fell in this period but it made things uncomfortable in the city. Automobiles and other vehicles had difficulty in getting out and theater crowds starting for home were surprised to find the ground covered with snow.

The temperature remained stationary and warm weather prevailed.

Gus Fay and the "Gayety Girls" will make merry for the two last times this afternoon and evening, and tomorrow afternoon the big event of the year, the home-coming of Omaha's own son, Comedian Ed Lee Wroth, will have begun.

Animal acts are always attractive to children and the Hippodrome this week is offering for the special benefit of the youngsters Arthur Browning and his say "Spot." Starting tomorrow, the second week of six-act bills will be presented, comprising six exceptionally clever acts.

Nebraska Legislators Are Hoping for an Increase in Salary

Although members of the Nebraska legislature are assuming an air of confidence that they are to receive a salary of \$500 each for their term of office, in accordance with the provision of a constitutional amendment adopted at the fall election, it is said that many of them are not so sure of this increased pay as they pretend to be.

"Some taxpayer will enjoy them, as sure as fate," said a politician in Omaha yesterday, "and the amendment will go to the supreme court to be interpreted."

The question, it is said, all hinges on the word "after." In the first sentence of the constitutional amendment adopted last fall to cover the matter of salaries of members of the legislature.

Members-elect maintain that the intent of the amendment was that the legislature sitting this winter should be the first to get the benefit of the increase in salaries. Others maintain that both the letter and spirit of the amendment was that members of the legislature elected two years from now are to be the first that are to enjoy the financial fruits of the amendment.

Members of the Omaha delegation, who claim they are entitled to the increased pay during the coming session, say they have the opinion of the attorney general on their side. Others hold, however, that these members were not elected "at the first election of members of the legislature held after the adoption of this amendment," as provided by the amendment, but that they were elected at an election simultaneous with the adoption of the amendment.

Only One Way To Stomach Health

Eat Three Meals a Day and Let Sturt's Dyspepsia Tablets Digest Them. The Stomach Soon Recovers After This Brief Rest.

The very best thing you can do to starve yourself to overcome stomach misery. Make your meals just as comprehensive as possible. Use Sturt's Dyspepsia Tablets freely for awhile and all trace of stomach trouble will be gone. Dieting is a fallacy. The intensive farming and gardening of the present day forces such quick results that our dietary is lacking in the quantity of flesh-forming elements of former days. Thus we get a

Supper of starch; meats are often spoiled of much of their nutritive quality; the soil is depleted of the amount of vegetable salts it ought to have. We do not obtain the natural ripened fruits and vegetables hence the stomach requires assistance to digest an overabundance of fibrous material and take care of fruit acids that Nature had no chance to convert into grape sugar. So we need more pepsin than the system can supply, more diastase, more of the natural tonic and preservative properties which ripened vegetation should give us. This deficiency is made up in Sturt's Dyspepsia Tablets and is the only way to have stomach-health under modern conditions.

Just try one box and you will never want to be without this wonderful remedy for stomach troubles. Sturt's Dyspeps
