**The State Bank of Omaha pays 4 per cent on time deposits, 3 per cent on saving accounts.** The only bank in Omaha whose depositors are protected by the depositors' guarantee fund of the state of Nebraska, 17th and Harney streets.

**Banks Elect January 14—The annual election of officers and directors for the Omaha and South Omaha banks will be held January 14.** Polls at the various institutions will be opened on that day for stockholders to cast their ballots.

**Harrison Goes to Pittsburgh—C. F. Harrison as a delegate representing the Omaha Real Estate Exchange will go to Pittsburgh, Pa., to attend the annual meeting of the board of directors of the National Real Estate association.** The meeting will be held January 9.

**Dean Fordyce on Advertising—Dean Fordyce of the Nebraska university will give the first of a series of lectures on the psychology of advertising at the Young Men's Christian Association Friday night.** Other lectures are scheduled for January 17, 24 and 31.

**Special Services at Harford Memorial—Nightly services are being conducted at Harford Memorial church, Nineteenth and Lothrop streets, by Dr. W. O. Jones, presiding elder of the eastern Nebraska conference.** The services are held each evening, except Saturday at 7:45.

**Fined for Hitting Conductor—H. J. Day, son of J. P. Day, selling agents at 1116 Jackson street, was fined \$1 and costs in police court for assaulting H. E. McLaughlin, a conductor on a West Farm car.** Mr. Day said his son boarded a crowded car and attempted to get on through the exit. The conductor objected and Day struck him. J. P. Day was discharged.

**Four Join the Navy—Frank and George Riley, 325 South Twenty-fourth street enlisted in the United States navy at the local recruiting station.** They are to be sent to the west coast where they will be assigned to duty as apprentice seamen. Two other recruits enlisted. They were William Mletzer of Wilcox, Neb., who goes as a coal passer, and George C. Bennett of Mill Town, South Dakota, who goes as a musician.

## CONSTABLE IS SUED ON HIS SURETY CO. BOND

For alleged illegal levying of execution upon his chattels and practically putting him out of business, Henry Bachman, second-hand furniture dealer at 2104 Cuming street, has sued Constable Robert W. Bryant and Henry E. Wilson for \$605 in district court. Bryant's surety, the Lion Bonding and Surety company, is made a co-defendant.

An execution for the judgment was issued, but Bachman filed a bill of exceptions, which defeated the writ. Later a writ of execution was procured, by Wilson's attorney and given Bryant for service. It is alleged that despite the fact all Bachman's property was exempt Bryant served and satisfied the writ and he and Wilson now are holding the property, consisting of household goods.

## WOMAN OVERCOME BY GAS FUMES IN HER BATHROOM

Mrs. M. Hunter, 3024 Davenport street, was found yesterday in the bathroom of her residence in an unconscious state. The gaslet was partly on and it is presumed that in some way it accidentally came upon and she was overpowered by the vapors before she was able to help herself. Medical assistance was called and she will recover.

## CLEANUP SHOE SALE

**Brandeis Stores Offer Winter Footwear for Men, Women and Children at One-Third to One-Half Former Prices.**

Next Thursday we make the final cut on all our odds and ends of high grade winter footwear. This sale takes in every pair of odds and ends, as well as broken sizes in the most popular styles of the season, together with samples and model pairs from the best shoemakers in the country. The final cut on these lots brings prices far below the actual value. Women's smart winter footwear, worth to \$5, at pair—\$1.95.  
 Men's \$5.99 imported English shoes, at pair, \$1.95.  
 Men's \$5 and \$6 high cut shoes, at pair, \$1.50.  
 Boys' serviceable shoes, worth to \$2.50, at pair, \$1.50.  
 Girls' shoes, worth up to \$3, at per pair, \$1.25.  
 And scores of other bargains, equally as great, next Thursday at BRANDIS STORES.

## STORM GENERAL OVER WEST

**Railroads Forced to Abandon Many of Their Freight Trains.**

## SNOW CONTINUES TO FALL

**Extreme Cold at Salt Lake City is Keeping Occupants from the Big Office Buildings, as Water Mains Are Frozen.**

While the area of low temperature in the west may not be as widespread as Monday, according to the railroads, the weather is much more trying and is having a more serious effect upon traffic.

All of the railroads entering Omaha are keeping their passenger trains moving on a fairly regular schedule, but the freight schedules are all broken. West and northwest the running of all freights except those loaded with live stock and perishable goods have been annulled.

Passenger trains are all coming from thirty minutes to three hours late and all over the Missouri valley territory they are having great difficulty in making time owing to the intense snow that has blown and the drifting snow that extends from the Mississippi river well over toward the Pacific coast.

While Omaha was experiencing a zero temperature, Denver had 18 degrees below. At Torrington, Wyo., it was 29 and at Scott's Bluff 23 below, that being the coldest place in Nebraska. All up through the Alliance country it was from 18 to 22 below, and in the Black Hills from 22 to 26.

Besides being cold out in the state, it was stormy. It snowed all night, with the exception of in the extreme northwest, where it cleared into Monday afternoon. However, in this section the high wind continued, drifting the snow badly.

**Snowfall Heavy.**—A snowfall from Omaha across the state to Sidney and from Omaha southwest into Kansas, there was a heavy fall of snow, many localities reporting to the railroad offices a continuation of snow yesterday morning.

Along the Union Pacific from Omaha to beyond North Platte from one to six inches of fresh snow fell Monday night on the Burlington, from Omaha to McCook, one to eight inches and all over the Missouri Pacific territory in southeast Nebraska, from two to ten inches. In this portion of the state the snow did not drift to any extent.

Reports from Utah received by the Union Pacific are to the effect that out there the coldest weather in forty years is being experienced, it being 25 to 28 degrees below zero in many localities. In Salt Lake City, where real winter weather is not expected and where water mains are laid very shallow, the situation is critical. Many of the water mains are frozen solid and the water supply of the city is practically shut off. The result of this is that buildings that are heated by steam or hot water are out of commission.

The big stores, office buildings and hotels are as cold as refrigerating rooms and people are suffering. The headquarters of the Oregon Short Line has been deserted and the clerks sent home. The only people who are on duty are the telegraph operators and they are at work, clad in overcoats and mittens.

Reports received at the offices of the Pacific Fruit Express company indicate that the cold wave has been so severe that it is doubtful if there will be any tree fruit raised in Utah, Idaho, Nevada and California next season. All through southern California, as far down the coast as San Diego the temperature has been considerable below freezing. It has

been so cold that not only has the fruit frozen, but it is feared that many of the orchards have been destroyed.

## Cripple Seeks to Return to His Old Home in New York

Scarcely clad, friendless, without work, hungry and a blizzard blowing, that was William Reynolds' plight when he wandered into the industrial department of the Salvation army and met Captain Kline. "Fit," as Reynolds is known to the other unemployed at Salvation army industrial headquarters, came limping into the warm room, for one leg is a little shorter than the other.

He told his story and now he is waiting and hoping—waiting for work which he cannot do and hoping that some Good Samaritan will send him to Marlborough, N. Y., where his father is, for his father is an old man and cannot afford to send "Fit" the transportation. "Fit" is himself crossing the middle-age mark.

"I haven't been in Marlborough for fifteen years," said the stranded man. "I was working for the Northern Pacific shortly after I left the Pacific coast. My foot caught in a slide and my leg was broken. That was in May. It was near Whitish, Mont. I was in the hospital until the middle of September. After two months of suffering the physicians found they had made a mistake. My leg was broken and the shattered bones taken out.

"When I got well I was turned loose, not a cent of money in my pockets. I will get back to Marlborough."

Reynolds is unable to do heavy work, but industriously applies himself to such odd jobs as Captain Kline supplies him with. He is subject to epileptic fits and at times his broken leg causes him intense pain, but through it all he is hopeful—hopeful, although he has neither money, a home, health or work.

Captain Kline will try to secure enough money to pay the man's transportation to his home town, where he has not been for fifteen years.

### Fit His Case Exactly.

"When father was sick about six years ago he read an advertisement of Chamberlain's Tablets in the papers that fit his case exactly," writes Miss Margaret Campbell of Fort Smith, Ark. "He purchased a box of them and he has not been sick since. My sister had stomach trouble and was also benefited by them." For sale by all dealers.—Advertisement.

### How to Shed a Rough, Blotchy, or Faded Skin

(From Beauty's Mirror.)  
 This is what you should do to shed a bad complexion. Spread evenly over the face, covering every inch of skin, a thin layer of ordinary mercurized wash. Let this stay on over night, washing it off next morning. Repeat daily until your complexion is as clear, soft and beautiful as a young girl's. This result is inevitable, no matter how soiled or withered the complexion. The wax literally absorbs the filthy surface skin, exposing the lovely young skin beneath. The process is entirely harmless, so little of the skin coming off at a time. Mercurized wash is obtainable at any drug store; one ounce usually suffices. It's a veritable wonder-worker for rough, chapped, reddened, blotchy, pimpled, freckled or sallow skin.

Pure powdered maxilite is excellent for a wrinkled skin. An ounce of it dissolved in a half-pint witch ham makes a refreshing wash-lotion. This renders the skin quite firm and smooth; indeed, the very first application erases the finer lines the deeper ones soon follow.—Advertisement.

## Get Booth Oysters

And you get the finest oysters in the world. Every oyster guaranteed.

They come to you with all that delicious natural salt sea flavor, protected from contamination by hermetically sealed, sterilized cans.

Only the best oysters are selected and every precaution is taken to protect them from contact with impurities. Canned oysters do not take on foreign odors.

There is a distinct advantage to you in buying

# Booth's Guaranteed Oysters

in cans. You know what you are getting. Have them served raw next time. That's the supreme test of the fine flavor of an oyster. Every can is backed by the biggest and oldest oyster house in the world.

# I Will Stake This Medicine Against Your Time

A Few Days Will Be Sufficient to Prove You Are Curable

A few minutes of your time for a few days and I will demonstrate to you, without expense to yourself, that I have a medicine that drives Uric Acid poison from the system and by so doing cures kidney trouble, bladder trouble and rheumatism. I don't ask you to take my word for it, but simply want you to let me send you some of this medicine so that you can use it personally.

I am trying to convince sufferers from these diseases that I have something far better than the usual run of remedies, treatments and such things, and the only way I can demonstrate that fact is to go to the expense of compounding the medicine and sending it out free of charge. This I am glad to do for any sufferer who will take the time to write me. Understand, I will not send you a so-called "sample, proof or test treatment," nor will I send you a package of medicine and say that you can use some of it and pay for the rest, but I will send you a supply free of charge and you will not be asked to pay for this gift nor will you be under any obligations.

All I want to know is that you have a disease for which my medicine is intended, as it is not a "cure-all," and I give herewith some of the leading symptoms of kidney, bladder and rheumatic troubles. If you notice one or more of these symptoms you need this medicine, and I will be glad to send you some of it if you will write me the number of the largest book of the kind ever written for free distribution, and a new edition is just being printed. I will also write you a letter of diagnosis and medical advice that should be of great help to you; but in order to do this I must know that you need my medicine. Write me the numbers of the symptoms that trouble you, and your age, and I will promptly carry out my promises. Show an inclination to be cured and you will be.

**DR. FRANK J. LYNOTT** who will send medicine to anyone free of charge.

- These Are the Symptoms:**
- 1.—Pain in the back.
  - 2.—Too frequent desire to urinate.
  - 3.—Burning or obstruction of urine.
  - 4.—Pain or soreness in the bladder.
  - 5.—Prostatic trouble.
  - 6.—Gass or pain in the stomach.
  - 7.—General debility, weakness, dizziness.
  - 8.—Pain or soreness under right rib.
  - 9.—Swelling in any part of the body.
  - 10.—Constipation or liver trouble.
  - 11.—Palpitation or pain under the heart.
  - 12.—Pain in the hip joint.
  - 13.—Pain in the neck or head.
  - 14.—Pain or soreness in the kidneys.
  - 15.—Pain or swelling of the joints.
  - 16.—Pain or swelling of the muscles.
  - 17.—Pain and soreness in nerves.
  - 18.—Acute or chronic rheumatism.

## Young Men

# RUPTURE

I have a certain cure for rupture without resorting to a painful and uncertain surgical operation. I am the only reputable physician in this line who will take such cases for treatment upon a guarantee to cure, or make no charge. You may deposit the money in a bank in your own name, and when you are satisfied a cure has been made you then instruct the bank to pay the money to me. By doing this you are absolutely certain of a cure, or it will cost you nothing. If I was not perfectly sure of my remedy I could not do business in this way very long, but instead, have been doing business so for 20 years, and adopted this plan because so many have been straddled by quacks and fakers. Not one of them will permit a patient to deposit his money until a cure has been made.

When taking my treatment, patients must come to my office each week for four weeks, and if they live nearby can return home and work during the interval. I do not use the Faradaic Wet treatment, as it is dangerous. Call or write for literature.

**A FEW OF MY CURED PATIENTS**  
 A. F. Horn, Norfolk, Neb.; W. H. Nolte, postmaster, Holstein, Ia.; Dan Murphy, 1524 No. 15th St., Omaha; C. S. Judd, Moorhead, Ia.; John H. Deaver, Blair, Neb.; Orrin Reed, Ogallala, Neb.; Rev. J. G. Stanger, Beaver Crossing, Neb.; John E. Hoehn, Wisner, Neb.; William Ross, Sr., Lawrence, Neb.; H. E. Reiger, Lehigh, Neb.; John Coe, Sioux City, Ia.; J. H. Hitch, 412 So. 24th St., St. Joseph, Mo.; J. E. Bennett, Virginia, Ia.; HUNDREDS of others could be added to this list.  
**FRANK H. WATZ, M. D., Suite 306 Bee Bldg., Omaha, Neb.**
