## SERVIA DECIDES TO WITHDRAW ITS ARMY FROM ADRIATIC SEA

This Concession is Regarded in All Quarters as Notable Step in Direction of Peace.

## MAY ACCEPT BRITISH PLAN

Sir Edward Grey Proposes that Turkey Retain Adrianople.

## FORTS ARE TO BE DISMANTLED

Sundry Economic Restrictions Are Included in Scheme.

## BULGARIA ANGRY AT GREECE

Advance of Greek Force Northwest Into Territory Conquered by Bulgarians Causes Intense Irritation.

LONDON, Jan. 8.—The Servian government today decided to withdraw from the Adriatic sea. This action is regarded in all quarters as a notable step in the direction of peace.

Intense irritation has been caused among the Bulgarian peace delegates by a report that Greek troops have been landed in the vicinity of Port Kavala, on the Aegean sea and that a force of Greek soldiers has been sent northward to Drama.

The Bulgarians point out that the Greeks have not the slightest right to interfere in that district, which was conquered solely by the Bulgarians and that to send troops there after the Bulgarians had withdrawn in order to concentrate their entire army at the frontier is considered a gratuitous affront.

## British Plan May Win

CONSTANTINOPLE, Jan. 8.—Sir Edward Grey, the British foreign minister, has submitted to the powers a proposal preserving Adrianople to Turkey, according to a statement made today. The retention of the city will be subject to the dismantling of the fortifications and sundry economic restrictions. It is understood the proposal stands a good chance of acceptance.

## SIoux FALLS CAPITALIST IS SENT TO JAIL

SIoux FALLS, S. D., Jan. 8.—(Special.)—In accordance with a decision of the state supreme court, affirming a decision of the lower court, Warren Alden Lord, a Sioux Falls capitalist and manager of the Temple Court properties near the heart of the business district, will be required to serve a term of thirty days in the county jail and pay a fine of \$100. In November, 1911, the defendant was arrested in a raid of the Temple Court properties, which belong to himself and his mother, the charge against him being that he conducted a disorderly house. He was found guilty in the justice court and fined \$100. He appealed to the state circuit court, where Judge Jones affirmed the fine of \$100 and added thirty days' imprisonment. When the defendant appealed to the state supreme court, which now has affirmed the decision of the lower court. The case cannot be further appealed as a question of constitutionality is not raised. After thirty days the decision of the state supreme court will be sent to the lower court and Lord will commence his term.

## YALE STAR WHO MARRIED CHORUS GIRL IS EXPELLED

NEW HAVEN, Conn., Jan. 8.—Maubrice "Lefty" Flynn, the Yale athletic star, who was married in New York Monday to Irene Learnie, a chorus girl, was barred from the Sheffield Scientific school yesterday, because of the notoriety connected with the wedding.

"There is no rule whereby a student marrying under unusual circumstances should be prevented from returning to college," explained Director Chittenden, "but a marriage that took place under such conditions as that of Flynn will not result in continuance of membership. Flynn stood well in his studies, although he was ill last year and for that reason did not keep up in some of his work." Flynn is one of the most valuable all-around athletes at Yale.

## ALLEGED WHITE SLAVER HIDES IN A SECRET ROOM

SEATTLE, Wash., Jan. 8.—Joseph Miller, held today as an alleged "white slaver," was captured by detectives in a secret room in the basement of his residence, ending a three-year chase. Detectives found where the Miller lives several days ago and raided the place. While arresting Miller's wife, they saw a rug move and under it found a trap door leading into the secret room.

## ARIZONA WOMEN VOTE THE DEMOCRATIC TICKET

PRESCOTT, Ariz., Jan. 8.—In the first election since the enfranchisement of women in this state, the democratic candidates for municipal offices won every contest here yesterday except that for chief of police. W. T. Timmerhoff, was elected mayor. But one republican was in the field. He was the successful candidate for the office of chief of police.

## Judge Root Will Not Register as Plain Lobbyist

(From a Staff Correspondent.)

LINCOLN, Jan. 8.—(Special.)—Though he represents half a dozen railroads of the state, Judge Jesse L. Root, formerly a member of the supreme court, is not a lobbyist, but is a "legislative counsel." He says so himself and he filed a statement with the secretary of state saying he is a legislative counsel and he declined to sign the lobby book which all lobbyists are required to sign. His statement placed on file is as follows:

"The undersigned has been retained and hereby registers as legislative counsel with respect to all bills, resolutions and claims introduced or filed or to be introduced or filed for the consideration of the house or the senate during the thirty-third session of the legislature of the state of Nebraska, and with respect to any and all of the proceedings of said legislature and its committees insofar as such bills, resolutions and claims and proceedings directly or indirectly affect the following named railroad companies: Chicago, Burlington & Quincy Railroad company, Union Pacific Railroad company, Chicago & Northwestern Railway company, Chicago, Rock Island & Pacific Railway company and Missouri Pacific Railway company. JESSE L. ROOT."

## Greatest Battle for Conservation is Near—Pinchot

(From a Staff Correspondent.)

WASHINGTON, Jan. 8.—"One of the great battles in the fight for conservation is just ahead," declared Gifford Pinchot in an address at the annual meeting here today of the American Forestry association. He attacked a movement which he said was on foot to turn the national forests over to the states.

"Behind the stalking horse of state rights," said Mr. Pinchot, "there is protruding a dangerous attack on the whole policy of conservation. It is an attack in which men of high principles are fighting side by side with men whose principles live in their pockets, and for that reason is doubly to be feared."

"From the beginning it was upon the forest service that the burden of defending the conservation policy chiefly lay," said Mr. Pinchot in conclusion. "It is on the firing line now. Its defeat would mean the defeat of the whole policy of conservation."

The association concluded its session with the election of officers.

## Cruiser Natal is Damaged by Storm

NEW YORK, Jan. 8.—The British vessel, Natal, which brought the body of Whitelaw Reid to America, was so badly damaged by storm in the passage on the Atlantic it will probably remain here two weeks for repairs. Officers of the warship have disclosed the fact that in a ninety mile gale off the British coast on December 21 two guns broke loose, two search lights were smashed, a cutter blown from its davits and both the fore and main topmasts broken off and part of the wireless apparatus carried away and two of the star board bow plates bent badly.

During the storm, which struck the ship at night, the Natal was kept at a list of forty degrees to port and the men were in their hammocks, were tossed violently against the decks above their heads.

## Coach Falls from Chicago Elevated Line

CHICAGO, Jan. 8.—The rear coach of a Chicago and Oak Park elevated road train became derailed and fell from the elevated structure to the street at the Fifth avenue and Van Buren street curve of the Union loop today.

Two men passengers who were in the car when it fell from the rails and bumped over the ties for twenty feet before plunging from the elevated structure, escaped injury by stepping into a forward car. The train had discharged most of its load of several hundred passengers and was returning to the western terminal of the line when the accident occurred.

## ASKED TO SUCCEED MANUEL CLARK OF HARVARD IS

LINCOLN, Neb., Jan. 8.—(Special Telegram.)—Superintendent R. V. Clark of the Harvard city schools has been tendered the position of superintendent of the "Boys" industrial school at Kearney, Mo. Clark was not an applicant for the place, but it is thought that he will accept. He was the democratic candidate for state superintendent during the late campaign.

## ARCHBALD LISTENS TO ARRAIGNMENT OF CONDUCT AS JUDGE

Jurist Hears Own Integrity Questioned in Opening Arguments of Impeachment Trial.

## CALLS UNWORTHY OF SENATE HEARING DEVOTED TO CUTTERS FROM THE HOUSE.

CONSTITUTION, TOO, ON TRIAL

Failure to Convict Would Leave People No Redress.

## NUMEROUS WRONGS ALLEGED

Correspondence with Railroad Attorney and Changing of Commerce Court's Decision Draws Criticism.

WASHINGTON, Jan. 8.—Judge Robert W. Archbald of the United States supreme court, sitting with his attorneys before the bar of the senate today, heard his conduct and his integrity as a judge arraigned in bitter terms at the opening of the arguments that will terminate the impeachment case brought against him by the house of representatives for alleged misconduct in office.

Representative John A. Stirling of Illinois, his interrogator yesterday in the cross-examination before the senate, shaming up today the case against Judge Archbald, declared that it showed him unworthy of public office and convicted him of a "system of conduct which he has carried on with the railroads so rank that it 'smells to heaven.'"

"The days proceedings were devoted entirely to the opponents of Judge Archbald. It probably will be late tomorrow before his attorneys take the floor to answer the charges and to sum up the defense which has been made by witnesses before the senate. Two days more of argument remain, the closing speeches to be made by the house manager.

Representatives Webb of North Carolina, Howland of Ohio and Floyd of Arkansas, following Mr. Stirling today, took up individual counts against Judge Archbald, dissected the evidence presented by the witnesses and reiterated in strong terms the opening charges of Mr. Stirling that the accused jurist had been proven unfit for further service upon the bench or further positions of public trust.

Deplores Effect on Public Mind. "The evil of the course of conduct that has been pursued by Judge Archbald is the effect it has on the public mind," declared Representative Stirling. "The times are now pregnant with the sentiment that there is corruption in high places, justified in some instances, and not justified in others. But in the case of Judge Archbald, from the conduct which we have proven against him, it seems to me that it puts on trial that part of the constitution relating to impeachments.

"If Judge Archbald is not convicted of these offenses and removed from office, the verdict will be that the constitution is at fault and that when a man commits offenses of the character he has committed."

## Omaha, Lincoln & Beatrice Interurban Railroad Bonds

(From a Staff Correspondent.)

LINCOLN, Jan. 8.—(Special Telegram.)—The Nebraska State Railway commission is sending out notices of a hearing which will be had January 15, for the purpose of granting to the Omaha, Lincoln & Beatrice interurban railway the right to issue and sell bonds to the amount of \$2,500,000 and common stock to the amount of \$5,000 to be used in the extension of the line from Lincoln to Omaha. It is represented that the Northern Construction company has made an offer in writing to build and equip the line in consideration of the delivery of the bonds to it.

## Kentucky Towns Are Under Water

(From a Staff Correspondent.)

CINCINNATI, Jan. 8.—The Cumberland river is reported out of its banks today at several points in Kentucky. At Harbesville and Burnside, all business has been suspended and steamboats are rescuing imperiled inhabitants. Many manufacturing and business places are under water in Burnside. The water, already at the highest point in its history, still is rising. Thousands of acres of farmlands are under water and hundreds of small buildings have been swept away. At Cumberland Falls the water is seventy-five feet deep.

PITTSBURGH, Jan. 8.—The Monongahela and Allegheny rivers rose so rapidly during last night that they were at flood height today and it was expected that when the crest of the rise reaches here tomorrow afternoon there will be thirty-two feet of water in the Ohio river, the most serious flood since 1907. Scarcely a family already has been compelled to leave their homes and many men are temporarily out of employment because of the flooding of mills.

## EBERHART FAVORS DIRECT PRIMARIES

(From a Staff Correspondent.)

ST. PAUL, Jan. 8.—Governor A. O. Eberhart, in his biennial message to the state legislature today, laid special emphasis on the initiative and referendum, urging legislation along that line. Other reforms advocated include presidential preference primaries, of which he said:

"There is no principle to which I stand more strongly committed than that the people shall nominate their officers by a direct primary election."

The governor also urged the creation of a public utilities commission, state control of securities and reform in judicial procedure.

WHAT! OVER THE SEVEN POUND LIMIT? YOUR POSTAL LAWS ARE RIDICULOUS, SIR, AND YOU CAN HAVE NONE OF MY PONAGE, SIR, WHATEVER.

## The First "Kick"

## SHIP TRUST CONTROLS OCEAN

Witness Says Men in London Dominate Sea Trade.

## PROPOSES NEW TRIBUNAL

Suggests that Ships Using American Ports Be Required to Pay Rates and Give Shippers Choice of Routes.

WASHINGTON, Jan. 8.—Further testimony about the so-called shipping trust between the United States and South America was given today to the house merchant marine committee. William Lowery, South American agent for the Pan-American Mail, which it is claimed was driven out of business by the "trust," testified that large shippers declined to use the new line for fear of losing their rebates from European lines. He suggested a statute excluding from American ports European ships giving such rebates as a remedy for the situation.

"We have built the Panama canal for the benefit of British shippers unless this government aids an American marine," he said.

"The idea that the ocean is free is about as big a fallacy as exists in America," testified William H. Douglas, a large New York exporter to South America and Europe. "The steamship lines, German and English, in combination having the ocean under steeper control than any combination ever had any trade between the states," he added.

## Dog Saves Lives of Two Boys Who Were Attacked by Coyotes

(From a Staff Correspondent.)

TRINIDAD, Colo., Jan. 8.—A Scotch collie dog saved the lives of his two masters, Louis and Samuel Salverino, 10 and 12 years old respectively, who were attacked by three hungry-coyotes on the snow covered plain ten miles from here yesterday. The boys were badly bitten by the infuriated beasts and their clothing was practically torn to ribbons. The dog was badly lacerated. The children had been sent to an uncle's ranch to get provisions. Half way over the trail they were attacked by coyotes. The collie charged the beasts, killing two of them.

## Goat Upsets Admiral and is Banished

(From a Staff Correspondent.)

NORFOLK, Va., Jan. 8.—A belligerent billy goat's lack of respect for the uniform, it was said today, was the cause for an order of Rear Admiral R. M. Boyle banishing all of the sailors' pets and mascots from battleships, cruisers and receiving ships at this station. Admiral Boyle is supposed to have been inside the uniform when the goat, a mascot aboard the New Hampshire, butted it so vigorously that it toppled over on the deck.

The goat is now an exile and with him went a long train of cats, dogs, parrots, bears and other goats.

## Eastern Roads Offer to Arbitrate Scales

(From a Staff Correspondent.)

NEW YORK, Jan. 8.—The conference committee of managers of the fifty eastern railroads that have been considering the demands of their locomotive firemen proposed today to submit the controversy to a committee consisting of not less than seven members. Representatives of the firemen will meet tomorrow morning to consider this proposition.

## DEATH LIST FROM BIG AQUEDUCT IS HEAVY

NEW YORK, Jan. 8.—A death list as long as it is recorded in some of the country's worst mine disasters has been recorded in the building of the new aqueduct from the Catskills to New York, according to figures published here. Since the first pick was struck on the aqueduct 20 men have been killed and 2,800 injured, most of the accidents having resulted from explosions of dynamite.

The work is said to be second only to that of the Panama canal, where 1,600 deaths from violence have occurred in the eight years the canal has been building. At present there are about 1,600 men employed on the aqueduct.

## Attempt Made to Drown Inspectors Hunting for Opium

(From a Staff Correspondent.)

SAu FRANCISCO, Jan. 8.—While two customs inspectors were searching for opium last night in a water tank on the Pacific mail line China, some one turned on the water. The men escaped only after a hard struggle, and declared that a deliberate attempt to murder them was made by some member of the crew involved in an opium smuggling plot. This belief was strengthened by the fact that they finally discovered 35 lbs of opium, valued at \$4,400. Under the law a fine of that amount may be imposed on Captain Roger Altman, master of the China.

## Three Alleged Auto Bandits Are Booked

(From a Staff Correspondent.)

CHICAGO, Jan. 8.—Three of the four alleged "automobile bandits" were formally charged with various crimes today. Hubert Saucier, alias Cattillit, was "booked" for robbery. James Mitchell was charged with assault with intent to kill on complaint of Patrolman Fred Stueben. Albert Charest was "booked" on a similar charge. Fred K. C. Miller today identified Charest as one of two men who robbed him on the platform of a west side elevator road station October 2 of 1910.

Apparently on the verge of collapse, Hubert Saucier, alias Cattillit, leader of the three alleged automobile bandits, who are said to have confessed to three hold-ups and twenty burglaries, was closely guarded today at the detective bureau.

A threat of suicide said to have been made by Saucier yesterday led Police Captain Halpin to double the guard over the prisoner.

## MAN KILLED BY EXPLOSION OF TANK ON MOTORCYCLE

(From a Staff Correspondent.)

SIoux FALLS, S. D., Jan. 8.—Cornelius P. Becker, a bachelor farmer living near Marion, was blown to pieces while fixing the gasoline tank on his motorcycle last night.

## Eastern Roads Offer to Arbitrate Scales

(From a Staff Correspondent.)

WASHINGTON, Jan. 8.—Democratic Leader Underwood indicated today that the house ways and means committee would stand for retaining the tariff of 55 and 60 per cent on pottery.

William Burgess of Trenton, N. J., discussing the pottery industry before the committee, insisted that there was no combination in the industry and that pottery peculiarly needed protection. He testified that labor in American pottery plants costs 26 per cent more than in Austria.

## Democrats Will Not Cut Duty on Pottery

## PHIL HALL FIXES THE ORDER

Incoming Adjutant General Places Social Status on Attendants.

## LEGISLATURE HAS QUIET DAY

Canvasses Vote Cast at Last Election, Declares Result and Takes Up Some Minor Routine Matters.

(From a Staff Correspondent.)

LINCOLN, Neb., Jan. 8.—(Special.)—The reception to be given Thursday night to the incoming and outgoing governors is going to be a democratic affair throughout, with Governor Aldrich in all probability missing, and with the other incoming and outgoing officers, if present, toward the tail end of the receiving line they will not be noticed.

Governor Aldrich has received an invitation to be present at the reception, and if it comes now it will not give the governor sufficient time to get ready to go. Heretofore the incoming governor has always invited the outgoing governor and his wife to attend the reception and be in the receiving line, but Governor Aldrich has received no invitation from Governor-elect Morehead.

## Democrats Come First

In the list of names of persons who are to form the receiving line given out by Phil Hall, who becomes adjutant general tomorrow, the name of Mrs. Aldrich does not appear. The governor, naturally, would not appear in the line without the present mistress of the executive mansion. The names of the wives of the other state officers appear as members of the receiving line, and the supreme court members and railway commissioners and other state officers are way down the line, while up in the high places are democrats who have done service for the party. These democratic party workers and their wives even appear in the list given out ahead of the republican lieutenant-governor-elect.

## Day's Work of Legislature

(From a Staff Correspondent.)

The receiving line, as announced by Governor Morehead, Governor Aldrich, Mr. and Mrs. C. W. Bryan, Mr. and Mrs. R. L. McCallie, Mr. and Mrs. L. B. Tobin, Mr. and Mrs. H. T. Dobbins, Mr. and Mrs. P. L. Hall, Mr. and Mrs. P. C. Kelley, Mr. and Mrs. W. T. Fenton, Mr. and Mrs. J. H. Kemp, Mr. and Mrs. F. Woodward, Mr. and Mrs. S. R. McKelvie, Mr. and Mrs. W. B. Howard, W. A. George, Mr. and Mrs. G. G. Martin, John Kuhl, Mr. and Mrs. Addison Watt, Mr. and Mrs. James DeLoach, Mr. and Mrs. Fred Beckman, E. B. Cowles, Mr. and Mrs. Manah R. Reese, Mr. and Mrs. J. B. Barnes, Mr. and Mrs. C. B. Letton, Mr. and Mrs. F. G. Hamer, Mr. and Mrs. W. B. Rose, Mr. and Mrs. H. Sedwick, Mr. and Mrs. H. J. Winnett, Mr. and Mrs. H. T. Clark, Jr., H. G. Taylor and Thomas L. Hall.

## Will Never Speak Again

(From a Staff Correspondent.)

NEW YORK, Jan. 8.—William Rockefeller will probably never be able to appear as a witness in the finance inquiry being conducted by the Pujo committee at Washington in the opinion of Dr. Walter F. Chappelle, his physician. The only way he could answer questions on the witness stand would be in writing, for speech might result in strangulation, so serious is the condition of Mr. Rockefeller's throat, according to the physician's statements published here today.

Dr. Chappelle practically said Mr. Rockefeller must be silent for the remainder of his life. In the Bahamas where Mr. Rockefeller is now resting, he is keeping very quiet and it is declared that his every little whim has to be written for every effort to speak involves the hazard of a laryngeal spasm.

"I have come to the conclusion that Mr. Rockefeller's throat trouble is chronic," said Dr. Chappelle, "and that he must subject himself to silent treatment for the remainder of his days. This is not a new treatment, but simply means a real cure for the disease. It must be remembered that Mr. Rockefeller is past 50 years old and in my opinion he will never be physically able to appear on a witness stand, in fact probably not even for a written examination as his hands tremble so that it is difficult for him to write legibly."
