

# THE SOCIETY OF THE BEE-HIVE

By MELLIFLOIA. Monday, January 13, 1912.

NUMEROUS small bridge parties and other social affairs will be given between now and Ash Wednesday, February 5.

Mrs. Harry G. Montgomery issued invitations today for a series of three bridge parties which she will give at her home Tuesday, Wednesday and Thursday of next week.

Thursday afternoon of this week, Mrs. Charles Louis Dundey will entertain informally at two or three tables of auction bridge at her home in honor of Miss Elsie Siemssen, who has recently returned from an extended stay in Europe, where she studied music and languages.

Complimentary to Miss Dorothy Morgan and Miss Dorothy Stevens, two brides-to-be, some informal plans are planned, but the dates are not definite.

Nearly every day some social affair is being given at Fort Crook and Fort Omaha. Each Tuesday afternoon, Mrs. Carl P. Hartmann receives her friends, and this week Mrs. Holland Rubottom, who has recently arrived at the post, will assist Mrs. Hartmann. The military hops at the two army posts will continue through Lent.

Many affairs are being given in honor of Mr. and Mrs. Charles D. Beaton, who recently returned from their wedding trip. Saturday evening Miss Mary Alice Rogers entertained at dinner in their honor, when the guests were Mr. and Mrs. Charles Beaton, Miss Claire Helene Woodard, Miss Mildred Rogers, Mr. Paul Beaton, Mr. Will Schnorr and Mr. Frank Keogh.

Mr. and Mrs. Wilson Austin also entertained at dinner in honor of Mr. and Mrs. Beaton last week, and one of the largest social affairs this week was the ten given this afternoon by Mrs. Alfred J. Beaton and Mrs. Arthur Keeline in honor of Mrs. Charles Beaton. Other affairs have been planned after the return of Mr. and Mrs. Beaton, who leave Tuesday for a brief visit in Milwaukee.

Manager Charles Hamilton of the Glee club will give a luncheon Wednesday in honor of Miss Christine Miller, Creighton Glee club's soloist for the evening. Miss Miller will, after the concert, be guest of honor at a dinner given by Dr. L. B. Bushman.

**Nathanson-Frank Wedding.**  
The wedding of Miss Esther Frank, daughter of Mrs. L. Frank, and Henry E. Nathanson, was celebrated Sunday evening at 5 o'clock at the Metropolitan club. Rabbi Henry Grossinsky officiated. The bride was a wedding gown of white tulle, trimmed with chiffon and pearls. She carried a shower bouquet of roses and sweet peas.

Miss Dees Lohman, maid of honor, wore pink messaline trimmed with rhodolite lace and carried pink roses. Miss Sara Novitsky, bridesmaid, was gowned in light green crepe de chine, draped with cream lace, and carried a deeper shade of pink roses. The matrons of honor were Mrs. P. Friedman of Council Bluffs and Mrs. A. Gillsky. Mrs. Friedman wore black lace and Mrs. Gillsky lavender brocade silk. Samuel C. Smead was best man. Miss Rose Gillsky sang, accompanied on the piano by Miss Gertrude Harris, and Miss Rose Monheit played the violin.

The two little ring bearers were twin brothers, Nestor Maurice and Arthur Friedman of Council Bluffs.

Mr. and Mrs. Nathanson will be at home after February 1, in Council Bluffs.

The out-of-town guests included: Miss Sara and Miss Dorothy Ferguson of Lincoln, Neb.; Mr. and Mrs. Barney Brin and Master Brin of Webster City, Ia., and H. Demarsky of Chicago.

**For January Bride.**  
Mrs. W. H. Griffith, Mrs. Katherine Leary and Miss Katherine Davis entertained Saturday afternoon at the home of Mrs. Leary at a kitchen shower for Miss Emma Egan, a January bride. An informal musical was given, and names were presented. These present were:

**In and Out of the Bee Hive.**  
Mr. and Mrs. D. J. O'Brien left Sunday evening to spend a month in California. They will visit Dr. and Mrs. F. R. Owen at their winter home, The Trail, near Santa Barbara.

**STOCK WINTERING WELL ON THE WESTERN RANGES**  
C. F. Boone, superintendent of the Wyoming division of the Northwest, with headquarters in Casper, is in town. He reports cattle and sheep on the Wyoming ranges in excellent condition, with a prospect of the losses being the lightest in years. So far this winter the weather, generally, has been fine, with little snow. Up to this time animals have been able to pick their living on the range and but little hay and grain has been fed.

In the oil fields, Mr. Boone says, many new wells are being opened and the refineries at Casper are running on full time. In the vicinity of Walsman, fifty miles west of Casper, a new field has been opened and it gives promise of being as productive as the Sand creek country. Several wells have been put down this winter and all of them are producing.

**Forty-Five Days for Robbing Kansas Man**  
"I want Chief Dunn to go down here on Ninth street with me and arrest two negro women who have just robbed me of \$5," stated George Robertson, who gave his address as Kansas Sunday to Desk Sergeant Marshall as he staggered into the station.

"You go in and see the captain," Marshall told Robertson.

"No, I want Chief Dunn to arrest these women. I have been robbed," Robertson shouted.

Robertson's request was refused and he spent the night in jail. Minnie Minns and Florence Ellis were arrested. Each was given forty-five days in jail in police court. Robertson was discharged.

**Afternoon Party.**  
Miss Ethel Byrum gave a party Saturday afternoon at the home of her parents, 422 North Twenty-eighth street, in celebration of her twelfth birthday. Light refreshments were served. Those present were:

Misses—Ruth Peterson, May Valdeau, Adeline McCreech, Cordelia Bitterick, Doris Meyer, Genevieve Edwards, Maury, Floyd Green, Misses—Mildred Edwards, Lucille Edwards, Ursula Carroll, Mabel Swanson, Gladys Porter, Messrs—Clude Hays.

**Annual Dinner Party.**  
Mrs. J. J. Dunn entertained Saturday evening at the fourteenth annual dinner, when her guests were bocheviers, with the exception of her husband and Judge George Shields. Covers were laid for:

James Allen, Otto J. Bauman, E. E. Brande, Frank Crittenden, Herbert Cohn, Frank Gahn, Harry Greenstreet, John A. Hilo, Robert Russell, Robert Shields, Walter Thomas, Frank Woodland, Louis George Shields, J. J. Dunn.

**Personal Gossip.**  
A picture postcard mailed at Khar-toum, December 19, shows a small steamboat which it is to be the home of Mr. and Mrs. C. N. Deitz for twenty-five days for a trip of 1,100 miles up the White Nile from Khartoum to Rejai and return.

**For Mrs. Charles D. Beaton.**  
Mrs. Alfred J. Beaton and Mrs. Arthur Keeline entertained delightfully at a tea this afternoon from 3 to 5 o'clock at the home of the latter in honor of Mrs. Charles De Mars Beaton, a recent bride. The rooms were bright with a profusion of cut flowers. Pink roses and snap dragons were used in the reception room and the living room and also in the dining room where punch was served. Jonquils and magnolias formed a pretty centerpiece for the table in the dining room.

In the receiving line were Mrs. A. J. Beaton, who wore a dainty gown of Hawaiian crepe embroidered in cyanthe-mums; Mrs. Keeline, who wore American Beauty chiffon draped over white satin charmeuse. Mrs. Charles Beaton wore her wedding gown of white satin charmeuse, elaborately trimmed with ducbes and rose point lace on the bodice and skirt, and a court train of Spanish lace over the white satin. They each wore corsage bouquets of orchids.

About 300 guests called during the afternoon. Assisting were: Madames—F. P. Kirgandall, E. B. Nichols, J. S. Brady, O. C. Redick, W. C. Griffin, J. A. Wakefield, George Keeline, Harry Tulley, W. J. Council, Frank Bacon, W. F. Fox, Misses—Ella Mae Brown and Blanche Kinler. Madames—Robert Gilmore, E. S. Anglin, F. L. Haller, Sarson, J. L. Kennedy, G. C. Wharton, Frank Wilhelm, Harry Tulley, George Redick, Ross Towle, John Madden, Misses—Ella Mae Brown and Blanche Kinler.

## BIG TRUNK FACTORY COMING

Branch of Large Concern to Employ Nine Hundred Men.

### WOULD SAVE FREIGHT RATES

Representative of the Company Says that He Has About Decided on Omaha and Now Seeks a Location.

A branch factory of the Belter Trunk and Bag company is to be established in Omaha next spring, according to Joseph Dryfuss, who is in Omaha representing the company. The company has headquarters at Philadelphia, with a branch factory at New York, and a branch office and warehouse at Chicago. Mr. Dryfuss says the company has long planned to build a branch factory either in Omaha or in Kansas City, but that it is now practically certain that the branch will be built here.

According to Mr. Dryfuss, the factory to be built in the west will employ about 900 men. "Most of the labor will be hired here in Omaha," said Mr. Dryfuss, "but the skilled workers, such as the leather cutters, etc., will be brought from the other factories in the east. We figure on having about twenty-five men to travel out of Omaha, after the plant is established. In hiring the traveling men we are going to give preference to U. S. T. men and the I. C. M. A. men.

"We want a factory out here in the west," said Mr. Dryfuss, "as we want to save some of the freight on our coats. It has been left largely to me to decide on which location to choose, and I believe, from the railroad facilities and other considerations, that I shall recommend Omaha. There is going to be a lot of business in the trunk and bag line when the tourists begin to go to the coast for the 1915 exposition in San Francisco, and we want to get the factory in running order as soon as possible. We expect to begin building in the spring and have the plant running by September. I have looked over a number of possible locations in Omaha and believe it will not be hard to get the desired ground here."

## OMAHANS RETURN FROM NATIONAL WOOL MEETING

Omaha railroad, live stock and commission men are back from the convention of the National Wool Growers' association, held at Cheyenne last week. They report a fairly large attendance, delegates from most of the local associations in Wyoming and adjoining states being present. From states more distant the attendance was not quite up to expectations.

"One thing of importance that the convention did was to remove the headquarters from Cheyenne to Salt Lake City, where future conventions will be held. This was not done on account of any feeling against Cheyenne, but on account of Salt Lake City being much nearer the center of the wool growing areas of the west. The Wyoming state convention was held at the same time as the national and both conventions adopted resolutions that were practically identical.

In the resolutions the railroads were commended on account of the manner in which they expedited the shipment of hay and grain into the sheep country during the severe weather of last winter, thus saving thousands of sheep from starvation. A protest was filed against the pardon of four men convicted of the murder of three shepherds in the Big Horn basin. The convicted men are now serving terms in the Wyoming penitentiary.

Relative to tariff, both conventions adopted strong resolutions asking congress not to reduce the 15-cent duty on wool to a figure that will make it impossible to compete with foreign wool, grown with the aid of cheap labor.

Willis L. Moore, chief of the weather bureau service, was endorsed for the position of secretary of agriculture, vice James Wilson, whose term of office is soon to expire.

## OMAHA WOMEN MAY HOLD A "HOUSE SHOW"

Following the success attending similar exhibits in eastern cities, Omaha women have been urged by prominent business men here to plan a "house show" for Omaha.

Accordingly Mrs. C. W. Hayes, president of the Women's club, has called a special meeting for Tuesday at 2 p. m., at which the undertaking will be discussed, pro and con. The meeting will be held in the club's rooms at 321 Harney street.

## WOULD DO AWAY WITH FEE SYSTEM HANDLING ESTATES

Abolition of the fee system in administration of estates and substitution therefore of a flat rate system is the purpose of a bill to be introduced in the state legislature. Clyde Sumbald, clerk of the Douglas county court, has gone to Lincoln for a day to urge the passage of the bill. The measure proposes a sliding scale for administration, determined by the value of the estate.

## POOR WOMAN IN NEED OF NEW SET OF TEETH

A poor woman suffering from diseases of the stomach incident to decay of her teeth has applied to the Associated Charities for help. She wants money enough to pay a dentist to have her teeth repaired. Her name is Violet Landis and she is 40 years old. The charities are seeking some dentist who will do the work as a charity or an individual who will pay for having it done. The woman needs a whole new set of teeth.

## BIRTHDAY PARTY FOR YOUNG AMATEUR ENTERTAINERS.

CYRO SLANGERLAND.

## Venner is Out With Vicious Circular

Another vicious onslaught on city of Omaha, bonds, and the city's credit is being made by C. H. Venner & Co. in a circular they are distributing, under the caption "Fourth Notice." The Venner company is the bond concern that has been having trouble with the city over the forfeiture of a certified check put up as earnest money for a bid from which the bond house backed down. This circular declares that Omaha city bonds are being sold on the market because of official misrepresentations and misconduct specifying false statements put out concerning the assessed valuation and debt limits. The circular refers to a coming \$500,000 issue of renewal bonds and shows its venal purpose by warning intended bidders against them.

## Are You FAT? I Was ONCE I Reduced MYSELF

I was Fat, Uncomfortable, Looked Old, Felt Miserable, suffered with Rheumatism, Asthma, Neuralgia. When I worked or walked, I suffered like a Porcupine. I took every advertised medicine I could find. I fasted, I starved, I exercised, I changed climates but I raised my weight. I felt like an invalid but steadily gained weight. There was not a single plan or drug that I heard of that I did not try. I failed to reduce my weight. I dropped society, as I did not care to be the butt of all the jokes. I was embarrassing to have my friends tell me I was getting stout, as no one knew it better than myself.

## SOMETHING HAD TO BE DONE

I began to study the cause of FAT. What I discovered amazed me. I found the remedy. The French Method gave me an insight. I improved so that I removed the objectionable features, added more pleasure, ease, and then I tried my plan so myself for a week. It worked like Magic. I could have sworn!

## SCREAMED WITH JOY

at the end of the first week when the scales told me I had lost ten pounds by my simple, easy, harmless, Drugless Method. It was a pleasure then to continue until I regained my normal weight in size. I feel fifteen years younger. I look fifteen years younger. My double chin has entirely disappeared. I can walk or work now, I can climb, I am content, I am normal in size. I can weigh just what I want to weigh. I am master of my own body now. I did not starve, but eat all I wanted to. I did not take sweat baths I did not drug. I used no electricity, no harmful medicines, but I found the Simple, Safe, and Common sense WAY of reducing my weight and I applied it. I have tried it on others. My Doctor says I am the perfect picture of health now. I am no longer ailing. I am now a happy, healthy woman. Now I am going to help others to be happy. I have written a book on the subject. If you are fat, I want you to have it. It will tell you all about my Harmless, Drugless Method. To all who send me their name and address I mail it FREE, as long as the present supply lasts. It will save you money. Save your money from Harmful Drugs. Save you from Starvation Diets. Harmful Exercises, possibly save YOUR LIFE. It is yours for the asking without a penny. Just send your name and address. A Postal Card will do and I'll be glad to send it so that you can quickly learn how to reduce yourself and be as happy as I am. Write today as this advertisement may not appear again in this paper.

## BEGIN RIGHT YOU CAN WIN

This is the Advice of a College Professor to Young Men.

This is my advice to every man, woman and child. Not only begin the New Year right, but begin every day, hour and minute right. The present you have. The future largely depends on your present actions. If you are a failure, had out the cause. If you are unloved you will find it is because you do not love. If you are disgruntled, peevish, nervous and melancholy, you can trace the cause nine times out of ten to indigestion or constipation. Thousands of business men fail every year because they are dyspeptic, not only dyspeptic in their stomachs but dyspeptic in their ideas. They are not only constipated in the bowels, but constipated in their brain. They harden up. They have sour stomachs and sour dispositions. They belch wind and belch complaints.

In hiring help employers could not do better than to ask the applicants "How is your stomach and bowels?" I would not advise any woman to marry a dyspeptic any sooner than I would advise a young man to marry a woman who is suffering from some liver or bowel trouble. When the stomach, liver and bowels are out of order the nerves are jangled, the ideas are jangled, homes are jangled and life is a jangle. Get rid of dyspepsia, indigestion, constipation and liver ailments by taking my Pile Paw Pills. Take one or two each night. You can then eat all you like; you will make good rich, red blood; your nerves will be strengthened; you will sleep like a baby; you will be healthy instead of despondent; you will be strong instead of weak. Buy a bottle with the distinct understanding that your money will be refunded if you are not perfectly satisfied.

## Great January Plume Sale

### BEGINS WEDNESDAY

NEVER SO MUCH IN DEMAND ALWAYS SO GRACEFUL

Ostrich is used in great quantities, and there are rumors predicting even greater prominence in this popular garniture. The French plumes are still in very great favor with exclusive trade, being used in numerous different ways, for the trimming of large and small, high and low crowns, as well as for the embellishment of both upper and under brim.

Willow plumes seem to have given way to single tips. When it is said that willow plumes have given way it merely meant as regards the most expensive hats, as plenty of them are being worn and seem likely to retain their popularity except with the most exclusive trade. This decrease in the demand for willows has caused the price to depreciate until now you can purchase one of these feathers at almost half former price.

## Alamito delivery system still not perfect—Be patient, please

The fire Friday night, which destroyed our wagons, has been a more serious problem to face than at first supposed. Instead of purchasing wagons on the open market, it is necessary that we have them rebuilt by the wagonmiths of Omaha. This keeps the work in Omaha, and we are sure of satisfactory wagons. This, however takes time. Meanwhile, we are still pressing into service the makeshift wagons we were able to secure after the fire. Below zero weather makes it a serious problem keeping frost from the milk where open wagons are used. We ask you then, to be patient a few days longer, and should our present service be not up to our usual standard, we assure you this will be adjusted and within a few days the delivery system will again be above reproach.
