# No Wonder the Baby

As most children do, Brower McCague's little girl usually asks for a drink during the night. To save time and trouble and serve the baby quickly it is the parents' habit to have a cup of water standing ready on the dressing table. When the call come for a drink Monday night the cup was passed over, but baby's thirst seemed unquenched and unquenchable, for the young lady continued to ask for another drink every little while. Examination of the cup in the morning disclosed the fact that the water in the cup had frozen solid, and must have been that way from the first call.

It tones up the jaded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequaled remedy for whooping cough and croup.

This recipe for making cough remedy with Pinex and Sugar Syrup (or atrained honey) is a prime favorite in thousands of homes in the United States and Canada. Old Age.

Old age as it comes in the orderly proccas of nature is a beautiful and majestic thing. It stands for experience, knowledge, wisdom, counsel. That is old age as it should be, but old age as it often is means poor digestion, torpid bowels, a sluggish liver and a general feeling of ill health, despondency and misery. This in almost every instance is wholly unnecessary. One of Chamberlain's Tablets taken mmediately after supper will improve the digestion, tone up the liver and regulate the bowels.
