paid in some of the big institutions in Douglas county amounted to \$1 a week and up. Therefore he wanted a committee appointed to take testimony and report on the conditions existing in the state regarding female labor. McAllester introduced the resolution and it was adopted unanimously. Fuller of Seward was named chairman and the other members of the committee will be named later.

UNIVERSITY AFFAIRS IN SENATE

Committee Appointed to Make Inspection of the University.

(From a Staff Correspondent.) LINCOLN, Neb., Jan. 28.—(Special.)—Twenty-one new bills were introduced in the senate today to add to the number already in, which runs the list up to 35. Senator Wol of Dodge county would provide for a barbers' registration and examining board which shall constitute the governor, attorney general and superintendent of public instruction, with a board of deputies, who will draw \$1 a day for all time actually employed. No person can follow the barber trade unless he first obtains a certificate of registration from the board. Sixty days after the approval of the bill the board shall appoint three examiners at the above salary, one for one year, one for two years and the third for three years. Four examinations shall be held at least once a year, at Lincoln, Omaha, Alliance and McCook, Nebraska, which shall be given in at least two papers. Any person practicing the trade without first securing a certificate shall be liable to a fine of not more than \$100 nor less than \$50 or imprisonment in the county jail.

Marshall of Lancaster believes that all justices of the peace in Lancaster and Douglas counties should pay all fees received by them into the office of the county treasurer and in return should receive a salary of \$1,500 per year. Saving on Amendments. Smith of Seward introduced senate file No. 202, which, if it becomes a law, will take from the governor the prestige of the \$25,000 fund, which so much political capital was made of last fall in the printing of the constitutional amendments. Had Mr. Smith's bill been in effect last year the state would only have had to pay about \$17,000 instead of the amount it did pay. He would cut down the time for printing the amendments from three months to one month, the time usually used for the printing of legal notices.

Keichel of Newman would save the state some money by repealing certain portions of the state aid bridge law and would cut out the aid on bridges less than 175 feet long. Grace of Harlan comes to the support of the newspaper man by introducing a bill to repeal the law passed at a previous session which provides that no person shall be compelled to pay for a paper he has not ordered or keeps on coming after his subscription has expired.

Hummel of Webster sent up a protest against the passage of Bartling's Sunday base ball bill in behalf of 29,000 Methodists of the state.

University Resolution

Robertson of Holt sent a lengthy communication to the secretary's desk, in which he called the attention of the senate to a visit of a committee from the legislature to view the university. The first two assessments of the bank guaranty fund shall equal 1 per cent of the average daily deposits.

NORTON FOR STATE PUBLICITY

Polk County Member Introduces Bill to This End.

(From a Staff Correspondent.) LINCOLN, Jan. 28.—(Special.)—If Norton of Polk secures favorable action on his measure, Nebraska will shortly be published to the world as it really is. The Norton bill creates a public welfare commission and appropriates \$25,000 to be used in carrying out the plans of the commission. Its duty will be to collect and publish statistics of the production of the state and keep Nebraska favorably before the country. Allen of Gage has a measure for the relief of the former, who improves his place. His bill amends the state constitution to relieve improvements on lands outside of cities and towns from taxation. Jerry Howard got his resolution adopted in the house this morning. The next mayor of South Omaha, provided in his resolution that a girl could not

C. V. Higbee Re-Elected President of State Association—National Directors are Guests at Banquet.

LOS ANGELES, Jan. 28.—Carl Riedelbach of Salt Lake City, the man who terrorized the central police station November 19, last with an infernal machine, was sentenced today to twenty years in the penitentiary. The sentence was imposed after Riedelbach had declared he believed dynamite was a good means of righting some social wrongs. "If I thought your allegiance to dynamite was an unalterable principle I would sentence you to life imprisonment," said the court, "but I think twenty years in the penitentiary will give you plenty of time to change your mind." Riedelbach's good humor withstood even this shock and he smiled and winked at Detectives Browne, Hoack and Fitzgerald, the men who ended his short tenure as sole master of the police station by knocking him unconscious and demolishing his infernal machine after the fuse had been lighted. The three officers were officially decorated with medals for their bravery and Riedelbach joked with them about it. He was taken back to jail after a motion for a third trial had been denied.

ANOTHER SHARP RISE IN PRICE OF CRUDE OIL

PITTSBURGH, Pa., Jan. 28.—For the second time this week several grades of crude oil in this market were advanced 7 cents a barrel today. The quotations are now: Pennsylvania crude, \$2.19; Motor black, New Castle and Corning, \$1.72; Caball, \$1.70; Somerset, \$1.30. There was no change in Ragland at 68 cents. Not since the days when oil was a favorite speculation and fortunes were made overnight has there been such a radical change in so short a time. The impression prevailed among oil men that the market would not altogether free from manipulation, although drastic conditions of supply and demand were recognized. It was hinted that as the price of crude advanced the profitable operation of small independent refineries became more difficult.

Has Fullest Confidence in Great Kidney Medicine

I was seriously ill for three months or more, which finally terminated in such a weakened and painful condition that I was confined to my bed a great part of the time and unable to perform my ordinary household duties. Suffered with severe pains in my head, continuous pains in my back and shoulders, and unable to eat the lightest food. Treated with a local physician without receiving any beneficial results or noticing any improvement. Was advised by a friend to take Dr. Kilmer's Swamp-Root and after giving it a fair trial I found my health was restored and can cheerfully and sincerely recommend Swamp-Root to any one suffering with kidney trouble, as I have the fullest confidence in its merits if given a fair trial. I shall be very glad if my few words of appreciation can encourage other sufferers in taking the same treatment which has done so much for me.
