COMPARE METHODS EMPLOYED

State Superintendent DeBell's Urge Them to Have Uniform School Orders—Examiners Talk of Their Work.

(From a Staff Correspondent.)
LINCOLN, Jan. 3.—(Special.)—The county treasurers of Nebraska are holding their annual meeting at the Lindell hotel in this city. Yesterday most of the time was taken up in a discussion of taxation matters, but today the business turned to other things and the discussions to other matters.

E. J. Robinson, state treasurer examiner for several years, gave an interesting talk on the treasurer's office from the standpoint of a county treasurer examiner. His paper was quite generally discussed by those present.

GRAND ISLAND CLUB IS AGAINST THE TRAIN BILL

GRAND ISLAND, Neb., Jan. 3.—(Special Telegram.)—The Commercial club at a well attended meeting adopted resolutions requesting the two representatives and senators from this county to vote against the fifty-car freight train bill at all stages and to vote to refer all matters of railway regulation to the State Railway commission.

CHASE COUNTY FARMS ARE IN GOOD CONDITION

(From a Staff Correspondent.)
LINCOLN, Jan. 3.—(Special.)—Secretary Piper of the state board of charities has received a communication from O. E. McCullum, county clerk of Chase county, in which he says that he has made a full investigation of the matter in which a man by the name of Endsley sent out an appeal for help to the public and finds that Endsley is in good circumstances.

NEWS FROM FAIRBURY AND JEFFERSON COUNTY

FAIRBURY, Neb., Jan. 3.—(Special.)—Phil Dawson and W. E. Wiley sold forty-two head of pure-bred Poland-China sows at St. Joseph at public auction at an average of \$40 per head. The top sow in the sale brought \$71 and a registered boar topped at \$65.

SENATE DOESN'T RAP AVERY

(Continued from Page One.)
such lack of economy and said that the present files would last for "a balance of the session and that was long enough. He made such a strong appeal for economy that the old files will have to do for the senate.

Water Main Extension

In committee of the whole, with Oil's of Valley in the chair, the senate took up consideration of S. F. 17, by Saunders, but as Grossman of Douglas said he did not understand what the bill was and there seemed to be a misunderstanding of some of its provisions, the bill was passed over to allow the Douglas county members to get together on the bill without having to take up the time of the senate. The bill provides for the extension of the water mains of the city of Omaha to take in South Omaha, Dundee and Florence and provides certain powers to be vested in the board.

Relative to Pardons

S. F. 22, by Krumbach of Polk, which provides that where a convict in the state penitentiary makes application for a hearing for pardon before the State Pardon board the board shall notify the county attorney of the county from which the convict came and also the district judge before whom the trial was held of the time the hearing shall take place, was ordered enroled for third reading.

INCREASES STATE BANK LOANS

Marshall Has Bill Following Recommendation of Secretary Roze.
(From a Staff Correspondent.)
LINCOLN, Jan. 3.—(Special.)—Marshall of Lancaster introduced several bills in the senate today which relate to the banking laws, the most important of which was No. 22, which provides that a bank may make loans to ten times the amount of its capital and surplus, instead of eight times as the law now requires.

"Cascarets" for Sick Headache

Bilious, throbbing headache means bowels are clogged and liver stagnant—you need Cascarets.

You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and intestines can be quickly cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean, stomach sweet and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

the borrower, who many times has to be refused a loan because the law will not allow the banker to accommodate him, even should he have the funds to do so.

Another provides that when the initial payment to the guaranty fund of a new bank does not meet the amount of the average daily deposits according to the first two annual statements, provisions shall be made for making up the amount.

Seventy-five per cent of the guaranty fund may be retained by banks which liquidate, the balance to be retained by the State Banking board for payment of losses where the banks fail to do so.

The banking board may decline to issue state charters to banks where it is found that the community is well enough supplied with banking institutions.

Method for Teaching Deaf

Kemp of Nance introduced S. F. 23, which provides that any method known to the teaching profession used in teaching the deaf may be used in the state school for the deaf at Omaha. The superintendent shall see that the method fits the child, rather than the child the method.

Haarmann of Daugler introduced a bill which compels county clerk to keep a record of all bonds issued by his county after they have been registered by the state auditor and a certificate has been returned to him. He shall receive a fee of 25 cents for doing so. Heretofore county clerks have not been compelled to keep a record and the present bill makes the keeping of the record compulsory.

Blow at the Guard

Robertson of Holt would do away with the National Guard. He has introduced a bill, which, if it becomes a law, will virtually abolish the guard and mean a disbandment of all companies. In the place of every citizen of military age to be a soldier when he is called upon, but does not provide that he shall have any military drill to equip him for war.

SICKLES RESOLUTION GOES OVER

House Hesitates to Take Too Strong Action in Case.
(From a Staff Correspondent.)
LINCOLN, Jan. 3.—(Special.)—The house has an opportunity to tell the officials of New York what to do in the matter of the prosecution of General Sikes and it may do it. O'Malley introduced a resolution this morning requesting the New York prosecutors not to push the case against the war veterans, but several members objected to butting in and asking an official to violate his oath of office, so the matter went over until tomorrow.
