

DR. PRICE'S CREAM BAKING POWDER

AWARDED

Medal and Diploma for Superiority over all competitors at the great World's Fair and at all fairs and expositions wherever exhibited.

DR. PRICE'S CREAM BAKING POWDER is the one great baking powder, for over half a century known and celebrated for its purity, strength, and keeping quality. Its use assures the food against alum and all forms of unwholesome adulterations that go with imitation, low grade brands.

BRIEF CITY NEWS

Stack-Falconer Co., Undertakers.
Have Book Print It. Now Beacon Press. Lighting Fixtures, Burgess-Graden Co. Halsey the Dentist, City Nat'l. D. 2568. The Saving Habit, once formed leads to independence. Nebraska Savings and Loan Ass'n., organized 1885, 106 Farnam street.

The State Bank of Omaha pays 4 per cent on time deposits, 3 per cent on saving accounts. The only bank in Omaha whose depositors are protected by the depositors' guarantee fund of the state of Nebraska. 15th and Harney streets.

Mayor Confined at Home. Mayor Dahman is ill at his home and for two days has been unable to come to his office. He is reported to be suffering from an affection of the throat. His condition is not serious.

Benefit for New York Strikers. Workingmen's circle, branch No. 172, will give a concert and literary entertainment Sunday evening at New Labor Temple for the benefit of the New York strikers. The speaker of the evening will be John C. Chase, former mayor of Haverhill, Mass.

Licolenum Lairs Long. A piece of licolenum put down in the office of the license inspector in 1912 was removed today and a carpet will take its place. The licolenum was placed at the suggestion of John Mathiesen, first license inspector of the city, now assistant license inspector, after serving continually in the office since 1897.

HAS PERMIT TO HAUL ASHES; CALLS IT PARDON

"You can't sentence me to jail because I have a pardon from Mayor Dahman that is good until the middle of next month," Clarence Stevens, arrested for being a vagrant, told Police Magistrate Foster. He exhibited the pardon to the judge, which proved to be a permit to haul ashes. The judge discharged him.

QUICKLY CURES THE WORST BACKACHE

Makes Kidney Troubles, Bladder Disorders, and Rheumatic Pains Vanish.

It is no longer necessary for any one to suffer with backache, kidney troubles, have disagreeable bladder and urinary disorders to contend with, or be tortured with rheumatism, stiff joints, and its heart-wrenching pains, for the new discovery, Croxone, quickly and surely relieves all such troubles.

Croxone is the most wonderful remedy ever devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. It acts on the principle of cleaning out the poisons and removing the cause.

It soaks right in through the walls, membranes and linings, like water in a sponge, neutralizes, dissolves, and makes the kidneys soft and filter away, all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy and well.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Croxone is such, that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it.

If you suffer with pains in your back, sides, or have any signs of kidney, bladder troubles, or rheumatism, such as puffing swellings under the eyes or in the feet and ankles, if you are nervous, tired and run down, or bothered with urinary disorders, Croxone will quickly relieve you of your misery. You can secure an original package of Croxone at trifling cost from any first class drugist. All drugists are authorized to personally return the purchase price if it fails in a single case.—Advertisement.

UNCLE SAM MAY TAKE A HAND

Car Shortage Situation Called to Attention of Government.

GRAIN NEEDED FOR THE FORTS

Contractors Have Told the War Department Officials It is Up to Them to Get Cars to Move the Grain.

Among Omaha railroad freight men there is a growing opinion that Uncle Sam is about to step in and take a hand at relieving the car shortage, at least so far as Omaha is concerned. Omaha grain men have secured a government contract for the delivery of 30,000 bushels of oats at Fort Des Moines and something like 125,000 bushels to posts along the Texas line. The Rock Island has the contract for hauling the oats to destination. This road is not only short of cars to the extent of more than 500 for handling the current business, but is also unable to secure a single car to haul the government oats.

The upshot of the whole matter is that the car shortage has been called to the attention of the War department at Washington, and the contractors supplying the grain have given the government officials to understand that the oat movement is up to them.

Rock Island officials are on the griddle and are keeping the wires hot between the offices here and Chicago. It is understood that the matter has already reached President Mudge, and he is expected to issue an order to go out and get cars, regardless of where they are or what they are being used for.

In the event the Rock Island cannot secure cars to handle the oat movement—150 to 175 being required—it is expected that the office of the quartermaster will be notified to go into the yards here and at Council Bluffs and confiscate sufficient rolling stock, regardless of what company may be the owner. All railroad men agree that the government can do this very thing. It is contended that if a car of some other road is found, regardless of whether or not it is empty, it can be pressed into the service and turned over to the Rock Island for the movement of the grain.

Railroad men are all hoping that the government will act in the Rock Island case, asserting that if it does it will clear up the situation and release the cars that are now being held down along the Atlantic coast and start them westward, where they can be loaded out with grain, relieving the congestion.

At this time Omaha railroad men say that not less than 50,000 freight cars, all loaded, are lying in the yards of the eastern cities. Most of them are filled with export grain and machinery, and there is not sufficient warehouse capacity to house the stuff until it can be loaded on the steamers, the space on which is sold months in advance.

Should the government exercise its authority, local railroad men say that the effect would be for good. Steamship companies to which the cargoes are consigned, would effect temporary warehouses, where the stuff could be unloaded and the cars sent back into the western sections of the country to again be loaded out with grain.

Publicity Bureau to Help Cleaners and Dyers' Meeting

Definite arrangements for the holding of the convention of the National Association of Cleaners and Dyers of the United States and Canada were completed yesterday, when a committee composed of members of the local association and the national directorate held a meeting with Chairman C. C. Rosewater and Rome Miller of the Commercial club. The publicity committee of the Commercial club gave assurance to the national directors, who are in Omaha, that the club will stand back of the local committee in making the convention this summer one long to be remembered. The only drawback the national directors had to Omaha was the lack of space for meetings where the exhibits could also be shown. None of the hotels had floor

space enough to give over to the convention, and there is no doubt but what the big convention and exhibit will be held at the Auditorium.

Following the meetings of the committee the national directors went into executive session and closed up its business, satisfied that the convention, which will be held in Omaha, will be the largest in the history of the organization.

Molders of Brains Most Poorly Paid, Says Bishop Bristol

In a snappy speech tingling with fire and sarcasm, Bishop P. M. Bristol of Omaha attacked the present system under which the people of brains are competing against tradesmen for pay. He said the iron molders in the foundries of the country are getting from \$6 to \$12 a day while the teachers, the brain molders of the country are drawing from 25 cents to \$1.20 a day.

The lecture was given at the First Methodist church for the benefit of the Methodist union. "Society is divided into two classes," said Bishop Bristol, "the common people and the criminal class. The common people or the middle class are the honest, good and progressive class. The higher stratum is the idle rich and the lower stratum the criminal. The brainless, sluggish and dandish sons of rich families are a greater menace to America than the anarchists and the vagabonds."

"But what can we expect. Many brains capable of great things lie dormant, because of the lack of proper education. But today many educators take up this line of work, when they have failed at others. The pay is the poorest for the class of work performed. "One of the greatest mistakes of the parent is when a professional man declines that his son shall take up the same work as he himself has done. This is the wrong idea as the son should be given every opportunity to take up any kind of work that he is best fitted for. Many boys take up a professional life which they abhor, but stick to it for the sake of their parents and turn out to be either poor or mediocre men."

Spring Vacation Starts April Fourth

Spring vacation in the public schools will begin Monday, April 7, all schools being dismissed April 4, which is Friday. Class day programs are being given in many schools this week, marking the commencement season. Walnut Hill and Lincoln schools will have their class day Friday afternoon. Vinton class day will be celebrated Thursday afternoon. Columbus school will discuss Shakespeare Thursday afternoon at the regular class day exercises.

CASE AGAINST DR. VAN FLEET IS DISMISSED

Dr. E. A. Van Fleet, arrested on complaint of City Health Commissioner Dr. Connell for failure to report small pox in the home of E. W. Day, was discharged in police court. He stated he had not been in regular attendance at the Day residence and that he thought it was chicken pox. When told by Dr. Connell that it was compulsory to report chicken pox cases, he replied that he knew it was, but that it was a falling among all the men of his profession not to do so.

WEAD MEETS WITH BACKFIRE

Asks Realty Men for Endorsement of Limit Extension Bill.

CITY EXTRAVAGANCE CHARGED

Public Service Committee of Exchange Reports Waste and the Report of the Committee is Adopted.

P. D. Wead may or may not have gotten the water board into more fire when he asked the Real Estate exchange, at noon to endorse the bill extending the jurisdiction of the board to South Omaha, Benson, Florence and Dundee, for, after he had asked the endorsement it was moved that a committee be appointed to investigate the bill with special instructions to look into the board's system of charging 20 cents a front foot for the laying of water mains.

Harry Wolf moved the amendment to the motion for an endorsement after denouncing the water board's system of charging for the "building of extensions, which mean more income to the water works."

H. A. Tukey, E. M. Slater and H. M. Christie were appointed as the committee to report on whether or not the exchange should endorse the bill giving the water board greater jurisdiction.

In asking the endorsement, Wead said the water board ought to have the same rights outside the city limits, as it does within them when water is supplied these suburbs by the Omaha plant. He said the only possible objection to the proposed bill is the clause allowing the treasurer \$500 a year salary. W. G. U're, the treasurer, he said, really should receive \$1,000 a year for his services to the board.

Another bomb was thrown into the city hall by the public service committee of the exchange in a report which was submitted and adopted after much discussion. The report denounced the "extravagance, if not real waste," in the administration of the affairs of the county, city and school district. It was very general and during the discussion members of the committee defended it on the ground, saying that in instances where officials' salaries were unjustly raised the exchange could feel that such were excepted in the report and therefore immune from the attack which the adoption of the report would mean.

Several members expressed their regrets at the departure from the city's service of Engineer George Craig. C. C. Carlberg, in expressing his sentiment, said Craig's resignation was not the result of securing an offer of more salary in Canada, but was "a question of limiting George Craig's usefulness by a man who never will know as much as George Craig has forgotten."

The exchange adopted the resolution recently passed by the Omaha Retailers association endorsing a move for a new union depot to be built in Omaha before 1915.

Eva Lang Takes On the Boyd Theater

A telegram has been received from Manager C. W. Turner of the Brandeis, who is now in New York, that he has leased the Boyd theater to Miss Eva Lang, who will take charge for a limited engagement, beginning on Sunday, February 9. The Vaughan Glaser company will close its engagement at the theater on Saturday evening of this week, and the following week will be devoted to making some minor repairs and changes about the stage. Miss Lang will present her new play, "Making a Man of Him" and a round of well known modern pieces.

Dr. Burkhart Says

The Lord May Forgive You, But I Will Not If You Don't Go To Your Drug Store and Get a 30-Day Treatment of My Vegetable Compound.

Dr. W. S. Burkhart As He Is Today. Owes His Robust Health and Gain of 90 Pounds to Taking His Own Medicine, As Needed, for the Past 25 Years.

It only costs you 25 cents to get rid of that bad, sick, sour, bloated stomach, that mean, bilious liver, kidney trouble, constipation, and that sick, despondent feeling from headache. I give you more for 25 cents than any one else could give you for \$5.00, and what is more, you simply deposit the 25 cents with any drugist, and if you are not satisfied, he will return your money. Take me at my word. You take no chance and you will always feel grateful towards me for this offer.

Shake off the burden of sickness, my friend. Do it today. 25 cents will put you on your feet. Remember, the drugist knows that for twenty-five years, I have kept my word, to let you be the judge. No cure, your money back for the mere asking. Get the treatment today. Be sure to ask for and see that you get Dr. Burkhart's Vegetable Compound.—Advertisement.
