Peculiar After Effects of Grip This Year

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are very distressing and leave the system in a run down condition, particularly the kidneys which seem to suffer most, as every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to more serious sickness, such as dreaded Bright's Disease. Local druggists report a large sale on Dr. Kilmer's Swamp-Root, a great kidney, liver and bladder remedy, and being an herbal compound, has a gentle healing effect on the kidneys, is almost immediately noticed by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample bottle of Swamp-Root free by mail, to every sufferer who requests it. A trial will convince any one who may be in need of it. The Invalids' Pension Association

Omaha, Nebraska
Through Your Magazine Order or Renewals Sixteen Invalids Will Receive \$10.00 a Month Each

OMAHA, Neb., Feb. 4, 1913.

My Dear Reader:
Have you heard the story of the little boy in the backwoods who saw a wolf and yelled for help at the top of his voice? His comrades rushed to his aid, but the wolf hearing their cries, dashed away before they reached him. This same thing happened a second time, a third time. The fourth time his comrades said: "What's the use of yelling that kind of a cry? He continues to make a big huller about nothing." So they paid no attention to his cries. But the little boy was never seen again, and all the grief of his conscience-stricken friends could not bring him back.
The public has heard one appeal after another from Gordon, the invalid magazine man, each saturated with fear and hope—hope if aid was rendered at that particular time. At first you sent in your magazine orders to him, but now you have grown used to his story. Perhaps you resent it. At any rate, your order goes elsewhere, probably with the inward satisfaction that Gordon will be taken care of anyhow, or perhaps, that the matter is no wolf affair.
Now, I happen to know the circumstances and the struggle involved pretty well, as I have been a laborer in Mr. Gordon's magazine agency for the past three years, and I have seen the magazine man, and he is still at the job, getting bolder each year in proportion as your interest and patronage is growing less.
If only the fate of one individual was involved; if it was at the cost of great inconvenience and additional expense to the public, lack of action MIGHT be excused, but when magazines can be procured so cheaply and so easily, and when EXTERMINATED INVALIDS, WIDOWS AND ORPHANS will be DEPRIVED of obtaining a MONTHLY PENSION through Mr. Gordon's FAILURE, then SILENTLY INDIFFERENT NEGLIGENCE OR PROUDICE IS NOT EXCUSABLE. Mr. Gordon needs 387 subscriptions to the Journal, Post and Country Gentleman by February 24th. Call up Douglas 1123, whenever you want magazines, or contact Gordon, the Magazine Man, respectively.
