There is going to be a fight, but it is not expected to be in accord with the minds of the Hoctor charter committee. The Lee bill is fair, and many of the saloon men are in favor of the measure, which makes a special provision that in case of annexation with Omaha the South Omaha saloon keepers will have to pay a pro rata saloon license tax from May. when the South Omaha licenses are issued, to the following January, when the Omaha licenses are granted. The schools and school teachers are taken care of in a supplemental bill. This bill provides that the South Omaha teachers shall be embodied in the Omaha school department on an equal footing with the Omaha school teachers, rating being allowed in accord with the number of years spent in the service in South Omaha. This means an increase of salary for the teachers of the annexed city and a title to the retirement roll for those who have served the required number of years in the same manner as if they had served during the same time in Omaha. The firemen and policemen of South Omaha case of annexation will have a double shift and a rating in Omaha according to their terms of service in South Omaha. WRITES TO BOARD OF EDUCATION

Seward Says His Two Girls Are Healthy, and He Would Be Doing Them Great Injustice to Permit Vaccination.
