MR. AND MRS. BEACH TESTIFY

Husband Says His Wife Was Attacked by Negro.

SHE TELLS THE SAME STORY

Says She Was Struck from Behind and Was Too Terrified to Scream--Assailant Ran Away.

AIKEN, S. C., Feb. 6.—Frederick O. Beach today related to a jury his story of the assault upon his wife, with which he is charged, then Mrs. Beach took the witness stand and corroborated his story.

Beach did not depart materially from the tale he has told since the attack—that his wife was struck by a negro, when she went outside her cottage with her dog.

He maintained his accustomed calm throughout the grilling cross-examination to which he was subjected by Prosecutor Gunter. He contradicted himself once or twice, but speedily corrected his statements when reminded and apologized for his faulty memory.

Only once during the entire examination did he show any signs of disturbance. That was when the prosecutor asked him if he had not asked his wife to "lay the crime on Pearl Hampton's brother, once when he thought they were alone in the mayor's office."

"That is absolutely false," exclaimed Beach, rising in his seat. Mrs. Beach followed her husband on the stand to tell her story. She wore a brown skirt and a low-necked white shirtwaist. Her plain black hat contrasted strangely with her face, flushed with excitement.

Millionaire Signs Bond of J. H. Barry

ST. LOUIS, Feb. 6.—Colonel Fred D. Gardner, a member of the military staff of Governor Major, and a St. Louis millionaire, today signed the bond of J. H. Barry, one of the labor leaders in the federal prison at Leavenworth, Kan., for alleged complicity in the McNamara dynamite plot.

Mr. Gardner qualified as a bondsman by pledging his home, valued at \$50,000, and four lots. He made a written declaration that he owned unencumbered personal property in the federal district of eastern Missouri worth more than \$100,000.

United States Attorney Houts said today that he would recommend to District Attorney Miller of Indianapolis that the bond be accepted. The real estate back of the bond for P. J. Morrin, another convicted dynamiter, was investigated and found ample.

President Advocates Building Railway Lines in Alaska

WASHINGTON, Feb. 6.—Alaska's vast resources can best be brought within reach of the world, in the opinion of President Taft, by the construction with government assistance of two railway lines from the Alaskan coast to the interior, ownership of which shall be vested in the government, but which shall be operated by private parties under lease.

In a special message transmitting to congress the report of the Alaskan Railway commission, the president today strongly urged legislation along these lines, asking that the government either guarantee the principal and interest of bonds necessary to build the roads or construct them.

"I am very much opposed to government operation, but I believe that government ownership with private operation under lease is the proper solution," wrote the president.

"One road recommended by the commission would connect Cordova, with Fairbanks by way of Chitina and the other would link Seward with Iditarod. The first would open up the Bering river coal fields; the other the Matanuska field. The two roads would have a total mileage, with branches, of 733 miles and would cost about \$35,000,000."

Man Kills Himself in Presence of His Former Sweetheart

SIoux CITY, Ia., Feb. 6.—William Ehler, 35 years old, a wealthy farmer of Cleghorn, Ia., who shot himself last night in the presence of Mrs. Bertha Lang, 44 Jennings street, died at St. Vincent's hospital this morning.

The shooting took place at the Lang home. Mrs. Lang was telephoning when Ehler entered the room.

"My, it is chilly out," Ehler remarked as he opened his coat. "Look here," he continued.

Mrs. Lang turned and saw Ehler pointing a revolver against his chest. Before she could reach for the weapon he pulled the trigger and fell to the floor.

Ehler's unsuccessful courtship of Mrs. Lang is said to have been the cause of the tragedy. She married William Lang about five months ago.

Ad Wogast Asked to Meet Tom Murphy in San Francisco

SAN FRANCISCO, Feb. 6.—Ad Wogast is the man sought to meet Tommy Murphy of New York in place of Joe Mandot of New Orleans, whose sickness compelled last night to cancel his match on February 22.

"There are four lightweights whom the public regards as contenders for Willie Ritchie's title," said James Coffroth today, who planned to put on the bout, including Wogast, Mandot, Rivers and Murphy.

"Rivers already is matched to fight Knockout Brown of New York on the 22d," he added. "That leaves only Wogast available."

Steve Ketchel of Chicago and Bud Anderson of Vancouver, Wash., both of whom have been mentioned, may be good boys, but they aren't high enough on the ladder yet to climb into a match of this class."

Coffroth telegraphed his offer to Wogast today.

CHICAGO, Feb. 6.—Barney Lichtenstein today telegraphed James Coffroth, San Francisco, that he will be glad to send Steve Ketchel against Tommy Murphy in the western city February 22 to take the place of Joe Mandot, the southern champion, who has been taken ill. Ketchel's claims to recognition are based on his defeats of Patry Drouillard, Hal Brown and Art Stewart. Ketchel is a challenger for the lightweight championship.

Brown is still pegging away for the Singers. He rolled a good 56 total Tuesday night. The machinists took two from Bonaldi's Mixers.

Only three 500 scores were rolled by the Gate City bunch Tuesday night, out of the twenty totals chalked up. Poor rolling for this bunch of coming sharks.

That was a lively contest the Mutt and Jeff's pulled off at the Morrison leg. Nulley team is satisfied with the outcome and so will play another game.

Mordecai Brown Has Knee in Plaster Cast

CHICAGO, Feb. 6.—Mordecai Brown former star pitcher of the Chicago National League club and now a member of the Cincinnati team, will have his right knee placed in a plaster cast today in the hope of curing an injury sustained last summer in slidgip to second base in a game at the west side park.

Examinations of X-ray photographs of the joint showed that there is a gathering of water in the point under the knee cap. The surgeon, who has charge of the case hopes that by use of the cast, to force the water to pass away through the pressure on the part it this fails the knife will be resorted to.

It is said that this will not be a serious operation and that the pitcher has been assured that the joint will be put to shape before the season begins.

Eight Big Gambling Houses in New York Are Raided by Police

NEW YORK, Feb. 6.—The higher-up circles of the gambling fraternity were upset today by the raids which were made simultaneously last night upon eight big alleged gambling establishments in the Fifth avenue and other theatrical districts.

Several features of the raids were spectacular and novel. For the first time in the history of the police, firemen were used. As the police in eight taxicab parties, under command of Inspector John F. Sawyer, swooped down upon the suspected places, firemen gained entrance by either pretending to be inspecting the buildings or by shouting "fire." If successful in getting in, the police squads followed, if not, axes and crowbars forced entrance.

But in all of the eight places there was no one to arrest. In some mysterious manner the alleged proprietors had all been "kipped off" and savvy butlers left in charge. The collection of gambling instruments and furnishings, however, was one of the finest the police ever laid hands on. The seven van loads carried to station houses were valued at \$25,000, some of which was from the place formerly occupied by Richard A. Canfield. Relics of his deluxe parlors, including rare paintings and tapestries and other art treasures were found to still adorn the walls.

Florida Fruit Men Threaten to Leave Democratic Party

TAMPA, Fla., Feb. 6.—Members of the Florida Citrus exchange will repudiate the democratic party if the democratic congress reduces the tariff on citrus fruits to a point that is not "competent," according to a resolution adopted by the directors of the exchange today. The Florida growers are angered over treatment accorded their representatives by the house ways and means committee at the recent tariff investigations.

The resolution as adopted declared Florida citrus fruit growers would work to prevent the re-election of any senator or congressman from Florida who votes for a bill reducing the present tariff on citrus fruits, and if such reduction is made "will repudiate the action of the democratic party and pledge ourselves to support a party that will protect our

homes, industries and lives from the disastrous influence of imported products, which products are largely dependent in their production on pauper labor of foreign lands."
