

MOOSERS TO DISCUSS BILLS

Will Meet to Consider Measures Now Before the Legislature. TALK ELECTION COMMISSIONER Arguments Pro and Con Are Presented by the Street Corner Politicians Who Talk Over Dodge's Measure.

The legislative committee of the bull moose county committee of Douglas county is planning a meeting to be held some time during the latter part of the week, at which a number of pending legislative bills affecting Omaha and Douglas county are to be discussed, and are to receive the stamp of approval or disapproval of the local moosers' committee.

One of the bills that is to be discussed at that time is S. F. 128, introduced by Dodge of Douglas, providing for the creation of election commissioner in counties having a population of 100,000 or more. Considerable street discussion has arisen over the merits of this bill.

On the other hand, the enemies of the bill hold "It is a poor rule that won't work both ways," and explain their fears by saying there is nothing to prevent the commissioner from selecting his judges and clerk from wards that are notably crooked and assigning them to duty in wards where elections have previously run smoothly.

Again, friends of the bill hold that crookedness under the proposed system is impossible as the commissioner is responsible for the action of the judges and clerks; that he must appoint a deputy commissioner of a political party other than his own; that he must give bond to the state in the sum of \$10,000, and that his deputy must give bond in the sum of \$5,000.

Children Hate Castor Oil, Ugh!

Delicious "Syrup of Figs" Best for Their Little Stomachs, Liver and Waste-Clogged Bowels.

Look back at your childhood days. Remember the physic that mother insisted on--castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and 20 feet of bowels now; we coax them. We have no dreaded after effects. Mothers who cling to the old form of physic simply don't realize what they do.

Syrup of Figs being composed entirely of luscious figs, senna and aromatic simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels.

At a meeting of the Omaha Water Board yesterday afternoon the lowering of rates to private consumers was not discussed, but after the meeting Member C. R. AK-SAR-BEN KNIGHTS THRIVE

Governors Find All Debts Paid and Balance on Hand. SOON TO ELECT NEW MEMBERS Old Method of Having Annual Meeting in Theater to Be Replaced by Postal Card Votes on Nominations.

Reports made to the board of governors of Ak-Sar-Ben at a meeting last night at the Omaha club revealed the organization in a most flourishing condition. The debt incurred for improvements at the Den and for other endeavors, which amounted to \$15,000 January 1, 1911, has been entirely wiped out and a nice balance remains, full details of which will be made in a statement to the board by Secretary J. D. Weaver at the next meeting.

All items of indebtedness have been paid, including the funds advanced by local banks and other obligations of every description. Instead of the old-time method of having an annual meeting of the knights in a theater for election of members of the board of governors, it was decided to have a postal card vote this year on candidates chosen by a special committee.

New carnival grounds must be chosen for next year and a committee of board members will inspect sites and report a choice at the meeting in two weeks from last night. Three sites south of Farnam street are in prospect so far and one north of it.

The board took steps to cover the floor of the Den with shipboard boarding to protect the dancing floor, finding that at a small expense a removable covering may be provided that will protect the dancing floor for a term of years.

SOCIALISTS DECLARE NAMES USED WITHOUT AUTHORITY Omaha socialists object to the use of names of members of their party on other slates for the office of charter commissioner. They have adopted the following resolutions bearing on the matter:

Whereas, Certain individuals or organizations have taken the liberty of using the names of three of our comrades who have filed for and are candidates for the office of charter commissioners, namely, Peter Mehrens, Charles Rubenstein and J. Shafer, in conjunction with other names forming a slate; Be it Resolved, By the city central committee of the socialist party in regular session assembled that the said individuals or organizations have used the names of our comrades in an unauthorized manner and that the city central committee repudiates any connection whatever with said individuals or organizations and that Charles Rubenstein and J. Shafer declare they have no part nor lot in the matter and hereby repudiate the same.

ECONOMIC CONDITIONS WRONG ASKS FOR NEW BREAD LAW

Commissioner McGovern Introduces Amendment to Law for Bakers, CITY HELD LIABLE FOR INJURY Commissioners Have Been Notified that City Will Be Held Responsible for Mrs. Munson's Fall on Pavement.

Bakers must guard against depreciation in the weight of bread, if an ordinance introduced by City Commissioner McGovern and which has been referred to the committee of the whole, finally passes. This ordinance amends the existing ordinance on bread and provides that each loaf shall weigh sixteen ounces when it comes from the oven and shall weigh not less than fifteen and one-half ounces eight hours thereafter.

It is stipulated that bakers stamp their loaves with their names and the weight," said Mr. McGovern. "This will guard against deception of the consumer and protect the honest bakers. The majority of whom are in favor of this ordinance.
