## LEAGUE SCHEDULE ADOPTED

American Season Will Open April Tenth with Boston at Home.

## CHANCE GIVEN WARM WELCOME

New Manager of Highlanders Says He Will Play First Base and That He is in Fine Condition Now.

NEW YORK, Feb. 11.—The American league formally adopted without change, at its meeting yesterday, the schedule of games for 1913, already agreed upon. The National league will meet tomorrow and probably take similar action. The national commission also will meet tomorrow, probably before the league meeting.

The American league was one of three base ball organizations which met today, the other two being the International league and the Eastern association, until recently known as the Connecticut league.

Beyond the ratification of the schedule little was done by the American league. President Johnson was authorized to investigate the case of Fred Perrine, a veteran umpire.

The American league season will open April 10, with the world's champion Boston team crossing bats at home with Philadelphia. Washington, the runner-up to the pennant winner of last year, begins the season in the national capital with the New York team. Cleveland, a home the opening day will have Chicago as an opponent and St. Louis will meet Detroit on the former's grounds. The schedule calls for 154 games.

## Two Trades Made.

Several trades of players were spoken of today, but only two were positively made. Henry Gowdy, first baseman, and chance catcher, goes to Buffalo from the Boston Nationals and Beals Becker, outfielder of the New York Nationals, has been secured by Cincinnati for the waiver price. It was recently reported that "Cy" Seymour, who recently bought his release from Los Angeles, will join the Boston Nationals.

Frank Chance, the new manager of the local American league club, reached here from the Pacific coast a few minutes after the league meeting ended and was accorded a hearty greeting.

One of the first to shake his hand was Manager McGraw of the New York Nationals, who said, "I congratulate you on getting into a good town."

Chance to Play First Base. Jake Stahl and Clark Griffith followed suit. As soon as Chance could catch his breath he said: "I am glad to come to New York and doubly glad that I am with the American league. I like Bermuda for a training place, and there will be no trading of players until the team gets back from there. I intend playing first base myself and hope to be in the opening game. I feel in fine shape and my head does not bother me any more. I am positive I can manage the team better as a player than from the bench. Chase will play second and I feel confident that his speed will overcome the handicap of his being left-handed."

"Smoky" Joe Wood, the premier twirler of the Boston American league team, today signed a contract for the coming season which provides for an advance of salary.

## The Quickest, Simplest Cough Cure

Really and Cheaply Made at Home. Saves You \$2.

This recipe makes a pint of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, croup, sore lungs, asthma, throat troubles, etc.

Mix one pint of granulated sugar with 2 1/2 pints of warm water, and stir for 3 minutes. Put 3/4 ounce of Pinex (50¢ worth) in a pint bottle, and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedial agents for the throat and chest. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in ginseng and all the other natural healing elements. Other preparations will not work in this form.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully. A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

## Overall and Torrey Are Reinstated

NEW YORK, Feb. 11.—The National Baseball commission in session here today adopted a new rule, to be numbered 1, which will set back the drafting season in certain minor leagues to November 1. This rule will be promulgated within a few days. The commission reinstated Pitcher Overall, formerly of the Chicago Nationals, and Player Torrey of the New York Nationals. Overall has been out of his game since 1910. It was stated that he refused to sign a contract in 1911 on the plea of a bad arm. He was reinstated without penalty. The commission allowed the claim of lawyer Johnson against the Dubuque, Ia., club. National club owners were ready to go to a session immediately after the commission meeting.

Manager Stallings of the Boston Nationals is trying to strengthen his club and is angling for infielder Milton Stock of New York. Manager McGraw is said to be willing to pass along Stock and Infielder Groh to Boston, if he can secure pitcher Tyler in return. McGraw wants a left-hander in reserve in case "Rube" Darquard falls to play this year. Manager Frank Chance says he will probably make no deals to strengthen the New York Americans until after he has seen them in action in spring training. Manager Evers is looking about for pitchers and an outfielder for the Chicago Cubs.

## MINOR GAMES FOR ASSOCIATION CITIES

CHICAGO, Feb. 11.—A plan agreed upon by which cities of smaller leagues may play in Minneapolis, St. Paul, Milwaukee and Columbus of the American association was made public here today by President Thomas M. Chivington of the latter organization. The plan was drawn up by President Chivington, M. E. Cantillon and George Tebeau, a committee appointed for the purpose. According to Chivington, it safeguards association territory in every way.

Baseball leagues will not be allowed to grant franchises in larger cities, but may, at the convenience of association members, transfer games to the big cities. Dates must not conflict; American association prices of admission must be charged, and a fixed sum must be paid for the privileges. The agreement automatically lapses at the end of the season. The leagues and cities involved are: Central International league to play at Minneapolis and St. Paul; Wisconsin-Illinois league to play at Milwaukee; and the Interstate league to play at Columbus.

## SENATORS CONTENDING OVER LOCATION OF FEDERAL OFFICE

The United States senators from Ohio and Nebraska are exerting their influence against each other as to whether Major Charles F. Cramer, superintendent of construction of federal buildings, is to be stationed in Ohio or in Nebraska.

Superintendent Cramer has made his headquarters at Council Bluffs for some time. Recently, however, an order was issued for him to take up headquarters in Omaha. But before he reached here he received a countermanding order. Superintendent Cramer is now in Omaha working on specifications for some repair and construction work on the local federal building. "Within two weeks," he says, "I expect to have completed my plans, which call for not more than a \$15,000 expenditure."

Perhaps the largest item will be the air washer which is to be installed, costing something like \$500. This will be a device for washing and cleaning the air that is used for heating purposes throughout the building. Other improvements to be made are painting, dry cleaning, lighting, glass curtain tops for the money order department, new vestibule doors at the east entrance, repainting of the clock oval on the steeple, a new exterior and vestibule lighting system, some new stone steps on the approaches and extra mechanical equipment.

## IOWA POSTAL CLERKS HEADQUARTERS CHANGED

Mr. West is in the city arranging for lodging accommodations for these men and their families. They will come here from Freeport, Dubuque, Waterloo, Sioux City and Council Bluffs.

One of these inspirations runs as follows: THE KIND OF A GIRL FOR ME. Gee I wish I had a girl. Then I'd sure be in the whirl. But I'll have you just the same. That I'm tussy 'bout the brain. My girls got to be a daisy. With blue eyes that set you crazy. Take away your dreamy-eyed ones. I want great big snappy wide ones. Now I've sent you my ideal. Of the girl I'd like to steal. And if it falls to win a prize. Then I'm no judge of pretty eyes. Then there were some several barrels of poetry, and near poetry, about dreamy, droopy, languorous eyes, but what's the use? The artist had his impartial criticism of the eye-drawings. The result was the poetry got less attention than the pictures.

## BURKHART CALLED HOME BY MOTHER'S DEATH

C. A. Burkhardt, new science teacher at the high school, received a telegram from his home at Chelsea, Mich., yesterday, stating that his mother had died. He left for Chelsea last night. Prof. Burkhardt's father is a confirmed invalid, and he believes that it was his father and not his mother who died. If it is his mother he will not return to his school work here, but will remain in Chelsea to care for his father. Burkhardt began teaching in the high school Monday.

## KATSURA CABINET RETIRES

Emperor of Japan Accepts Resignation of the Ministers.

## YAMAMOTO APPOINTED PREMIER

Several Persons Were Killed in Riots at Osaka When Mobs Attacked the Newspaper Offices.

TOKYO, Feb. 11.—Official announcement was made of the resignation of Prince Katsura, the Japanese premier, together with his cabinet. Count Gaimbei Yamamoto is to be installed in the office of premier tomorrow. Baron Takasaki Kato, formerly ambassador to Great Britain, will retain the portfolio of foreign affairs.

Violent political riots broke out in the city of Osaka today. The offices of the newspapers which support Prince Katsura, the premier, were attacked by great mobs. Several deaths are reported. The situation in this city was quietest today. The riot of last night, in which seventy persons were killed or seriously injured, ceased in the early hours of the morning. The severe cold compelled the mobs to seek shelter. There were no further disturbances up to midday and the authorities withdrew the patrols of soldiers from the streets.

## COTTON BULL PLEADS GUILTY

Patten Admits Attempt to Corner Cotton Market.

## HE IS FINED FOUR THOUSAND

Three Other Members of the Pool of Three Years Ago Insist that They Are Not Guilty.

NEW YORK, Feb. 11.—James A. Patten, the cotton and grain speculator, pleaded guilty in the federal court here today to the sixth count in an indictment charging him with restraint of trade. Judge Mayor fined Mr. Patten \$4,000, which was paid immediately.

NEW ORLEANS, Feb. 11.—The three other members of the cotton "bull pool" indicted jointly with James A. Patten in connection with the "bull" campaign of three years ago will not plead guilty to the federal indictment in New York, according to a statement given to the Associated Press today by William H. Brown.

"Hayne, Scales and myself will not plead guilty," said Mr. Brown, "for the reason that we would perjure ourselves if we did so, as we are not guilty of a single one of the charges that have been made against us."

"I expected it," said Brown, when informed that Mr. Patten had pleaded guilty.

Frank B. Haynes said: "We were aware that Mr. Patten intended to plead guilty. I would consider that I had justified myself if I pleaded guilty to a charge that I knew I was not guilty of."

Both Mr. Brown and Mr. Haynes are residents of New Orleans. Eugene O. Scales, the fourth member of the pool under indictment, lives at Waco, Tex.

## Flaw in Indictment.

WASHINGTON, Feb. 11.—The remaining defendants in the cotton corner case probably will be reindicted in the Department of Justice to cure what is regarded as a flaw in the pending indictment. Patten's plea of guilty was by agreement with the government. Attorney General Wickereham consented to the arrangement of the supposed error in the indictment which, while charging a conspiracy to buy up cotton, omitted the allegation of withholding it from sale. Solicitor General Bullitt admitted in the supreme court that the indictment was probably faulty. Three justices of the supreme court in dissenting opinion and the lower court justice also had declared the indictments faulty.

The sixth count charges that Patten and his associates, Colonel Robert M. Thompson, William P. Brown, F. B. Haynes and Eugene Scales, agreed, under a contract to buy practically the entire raw cotton crop of 1909 in order to hold it out of the market until November 1, 1911.

To the seven other counts in the indictment Patten pleaded not guilty and they were nolleed by the court.

Patten, Eugene Scales of Texas and others were indicted by a federal grand jury here more than a year ago for manipulation of the cotton market. The government charges that their acts constituted restraint of trade. The defendants demurred and carried their case to the supreme court, which recently ruled against them.

George W. Merrick, Patten's attorney, issued a statement saying that his client had entered in plea "without any consciousness of being guilty of any moral turpitude or of offending in the slightest

## degree against any law or proper rule of conduct.

Regarded Contract as Legal.

"The contract charged in the sixth count of this indictment is one that has heretofore always been deemed commercially proper and lawful," said the lawyer. "Indeed, this contract was not signed by him, and he only knew of it as having been entered into by others and as one entirely proper. This contract, moreover, was drawn by counsel learned in the law and stated by them to be in every way lawful."

"Although the Sherman act has been in force for more than twenty years it has never before supposed that a contract of the kind in question offended against it. This long litigation has been a source of great expense and care to my client, and he is now, while unafraid, unwilling further to litigate, and so he makes this plea for the purpose of concluding a litigation that if continued would entail still greater expense, trouble and annoyance, both to himself and to the government."

United States District Attorney Wise said that in view of the fact Patten had pleaded guilty and that an indictment charging a cotton corner raised a novel question on which there was a difference of opinion among judges, the government would be satisfied with the imposition of a fine.

## 1 Full Quart Whiskey FREE

### Try It At Our Expense

There are all sorts of claims for superiority among distillers and Mail Order Whiskey buyers, and while we feel sure that our Fels 2 Star Whiskey can't be best, or even equalled in quality, or price, still we are not going to ask anyone to risk their money on our judgment. Therefore, we are going to give absolutely free, one full quart bottle to test. We want you to prove by drinking it, that Fels 2 Star Whiskey is pure, wholesome, fully aged, mellow as can be and above all has real whiskey strength. We want you to add half water to it if you like, and we say that you will still have stronger and better whiskey than most Mail Order distillers sell at our price. Anyone can easily understand that should we just send out bottles of whiskey free that we would be flooded with requests by some unscrupulous people and dealers and lay ourselves open to a fearful onslaught. This we cannot do, but nevertheless, the bottle is free to honest people.

Now here is our proposition:

We will send you one full quart bottle of Fels 2 Star Whiskey, absolutely free, along with your first order for 8 full quart bottles of Fels 2 Star Whiskey for \$2.45 and we pay the express charges. After you receive the 8 full quart bottles, one of them is sent to you as a gift. If you are not entirely satisfied, you have the privilege of returning to us the remaining 7 bottles and the one extra bottle you may keep free and we will immediately return your \$2.45. Or send us \$2.45 for 8 full quart bottles of Fels 2 Star Whiskey, express prepaid, and we will include one test bottle free. Test the free bottle and if not absolutely satisfied return to us the bottle and keep the free bottle and we will refund you \$2.45 without question or argument. With each order we give a free Glass Tipped Glass and Patent Corkscrew. Remember, we say we pay the express charges; look close before you purchase some of those cheap Mail Order bottles to get your order and make you pay the express charges.

We mean to prove superiority in the whiskey business; we mean to prove it at our expense. Our 8 quart bottles are full 16-ounce quarts and not short quarts. We guarantee every statement we make and back them with our name and the name of Fels Distilling Co. If you want real whiskey and not weak water concoctions, send us your remittance on our free loan proposition. The taste is the test. Use will, not more than we can give. Address orders and letters and make remittance payable to A. Fels, Inc., Fels Distilling Co., 155 Fels Bldg., Kansas City, Mo.
